## ACKNOWLEDGEMENT

The author wishes to express her sincere appreciation to Dr. Bruce Golden for his valuable guidance, enthusiasm and technical assistance given during the project. His supervision was greatly valued when overlooking the results of the survey and pinpointing consumer characteristics for organic yogurt. Appreciation is also extended to those who helped distribute the online survey, as well as all those who participated in the survey.

The author also wishes to thank Bob Camozzi for the suggestion of determining where the dairy industry could improve marketing of organic yogurt and perhaps finding another target area for milk to be marketed to. He is also accredited for the funding of the authors schooling at California Polytechnic State University and the opportunity to pursue a bachelors of Science degree in Dairy Science with a minor in Agriculture Business.

## LIST OF TABLES

Table	Page
1. United States increase of certified farmland to corresponding certified organic milk cows.....	12
2. Household incomes that consumer organic food.....	17
3. Age of organic shoppers.....	17
4. Counties and number of responses from each.....	34
5. Characteristics of organic yogurt consumers.....	36

## LIST OF FIGURES

Figure	Page
1. Graph of organic products demand 2005 to estimated 2007.....	11
2. United States amount of certified organic crop, pasture and range land.....	12
3. Male respondents compared to females.....	29
4. Age comparison.....	29
5. Highest level of education completed.....	30
6. Annual household income.....	31
7. Marital status of those surveyed.....	32
8. Percent of respondents who have children.....	32
9. Grocery stores that the consumers usually shop at.....	33
10. Types of yogurt preferred .....	35
11. Purchasing of organic yogurt.....	36
