Vision Statement

Cal Poly will be the nation's premier comprehensive polytechnic university, an innovative institution that develops and inspires whole-system thinkers to serve California and help solve global challenges.

Cal Poly's Mission Statement

Cal Poly fosters teaching, scholarship, and service in a learn-by-doing environment in which students, staff, and faculty are partners in discovery. As a polytechnic university, Cal Poly promotes the application of theory to practice. As a comprehensive institution, Cal Poly provides a balanced education in the arts, sciences, and technology, while encouraging cross-disciplinary and cocurricular experiences. As an academic community, Cal Poly values free inquiry, cultural and intellectual diversity, mutual respect, civic engagement, and social and environmental responsibility.

Statement of Purpose

When the legislature established Cal Poly in 1901, it acknowledged the need for varied educational opportunities and outlined special goals for this institution. Those special goals were reaffirmed by the Trustees of the California State University and Colleges and the Legislature in 1961 when Cal Poly's enabling act was revised and reenacted.

Certain functions of the California Polytechnic State University are held in common with all California State University campuses, while others are unique to Cal Poly. "The primary function is the provision of undergraduate instruction and graduate instruction through the master's degree (Education Code 66608). In addition to the functions provided by Section 66608, the California Polytechnic State University shall be authorized to emphasize the applied fields of agriculture, engineering, business, home economics, and other occupational and professional fields" (Education Code 90404).

Cal Poly's primary focus is helping students succeed, defined as an expectation that students admitted to Cal Poly should make timely progress to earning their degrees. Cal Poly's faculty and staff are focused on helping students complete their degrees through active advising of students and through the nurturing of student-faculty interactions in the classroom, laboratories, and cocurricular activities.

In addition, Cal Poly is committed to student success and excellence in all areas of education. Cal Poly emphasizes a complete education that teaches students to think logically, evaluate critically, and communicate clearly. Instruction incorporates the ideals of a good work ethic, honesty, and the acceptance of individual differences. The university promotes an effective education that will be a foundation for lifelong learning.

Cal Poly undergraduate students identify their majors from the beginning of their Cal Poly career. Students select majors at the time they apply for admission, and they take courses in their majors starting in their first year. This affords students the opportunity to decide early if they have chosen a field that is appropriate to their interests and abilities. It also helps students associate with faculty and other students in their field, share common interests, and learn in a supportive atmosphere.

Learn by Doing

Learn by Doing has been the cornerstone of Cal Poly's educational methodology since its inception. Over the past century, Cal Poly has evolved from a vocational school into a premier comprehensive polytechnic university, with its special hands-on teaching approach at the core of the curriculum. Classes emphasize active-learning methods and include a high proportion of laboratory and field work. Activities both on and off campus provide opportunities to apply classroom theory to real-world situations.

University Plans

The Cal Poly Strategic Plan (Approved 2011)

President Armstrong, in his 2011 Fall Conference address, endorsed the Cal Poly Strategic Plan and Vision and Mission statements and articulated the foundations for the current Strategic Plan. Specifically, the plan is based on the following key principles: student success, learn by doing, excellence, and being a comprehensive polytechnic university. In addition, the plan has the following strategic imperatives: to develop and inspire whole-system thinkers; embrace the teacher-scholar model; foster diversity and cultural competency in a global context; promote a culture of support, philanthropy, and community engagement; achieve sustainable growth and support world-class facilities and equipment; and ensure our financial future. The selection of key effectiveness indicators and development of detailed action plans are currently in process, with implementation to begin Fall 2012. The current Strategic Plan is available at <http://www.academicaffairs.calpoly.edu/StrategicPlan/>. Cal Poly's Strategic Plan received final campus approval in 2011.

Cal Poly Master Plan (March 21, 2001)

Looking toward the 21st century and the growing demand for higher education in the state of California, Cal Poly has applied the results of strategic planning efforts at the divisional and college levels to inform its long-term enrollment planning. The campus completed a physical master plan update based on these academic plans and enrollment scenarios. The Campus Planning Committee, consisting of campus and community representatives, oversees implementation of the plan. The California State University Board of Trustees approved the Master Plan and Environmental Impact Report (EIR) on March 21, 2001, after intensive comment from the campus and community. The Master Plan and the details about instructional facilities, student housing, and other projects involved can be accessed through the website: http://www.afd.calpoly.edu/facilities/project_masterplan.asp?pid=2.

The Cal Poly Plan

During the 1995-96 academic year, a steering committee representing organized campus constituency groups prepared the Cal Poly Plan. According to a set of principles including broad consultation, modest enrollment growth, and accountability for investments and outcomes, the Cal Poly Plan (a focused implementation of the Strategic Plan) seeks ways to enhance student learning, decrease student time to degree, enhance the productivity of faculty and staff, promote the more effective use of fixed resources, and implement comprehensive assessment and accountability procedures. The plan is funded through a partnership of the state, the university, patrons, and students and their families. By matching a campus-based academic fee with external sources, Cal Poly has sponsored educational initiatives to consolidate curricula, introduce technology-mediated instruction, and add 16 faculty positions. Additional information, the history and background of the Cal Poly Plan, and a listing and description of outcomes attributable to the Cal Poly Plan can be found on the Cal Poly website at http://www.president.calpoly.edu/plans/cp_plan_0709.pdf.

University Accreditation

Since 1951, Cal Poly has been fully accredited by the Western Association of Schools and Colleges (WASC, 985 Atlantic Avenue, Suite 100, Alameda, California 94501, telephone 510-748-9001). To reaffirm its accreditation, the university has conducted a self-study entitled "Our Polytechnic Identity in the 21st Century," which focuses on the themes of Learn by Doing, the Teacher-Scholar Model, and Integration and Student Learning. The university has completed the first, proposal-oriented phase of the self-study and the second, resource-oriented phase known as Capacity and Preparatory Review; the latter included a site visit in February 2010. The university is in the last phase of the self-study known as Educational Effectiveness Review, which will include a site visit in April 2012. For more information, please see <http://wasc.calpoly.edu/>.

Administrative Organization

Four Administrative Divisions

The university is organized administratively into four divisions: Academic Affairs, Student Affairs, Administration and Finance, and University Advancement. The academic division is organized into six colleges, each with its own dean. Academic Affairs also includes the Library, Research and Graduate Programs, and Information Technology Services. University organizational charts are available at <http://president.calpoly.edu/>.

Other Special Programs that Support the University Mission

The Alumni Association keeps in touch with many of the 150,000 students who have attended Cal Poly through a variety of alumni functions, both educational and social, on and off campus, throughout California, and across the nation (<http://www.alumni.calpoly.edu/>).

Associated Students, Inc., (ASI) is a 501(c)(3) nonprofit corporation owned and operated by Cal Poly student leaders. ASI has an annual operating budget of more than \$12 million. ASI provides cocurricular experiences for students, faculty, and staff, including events, speakers, concerts, intramural sports, fitness programs, aquatics, outdoor adventure trips, craft center enrichment courses, and child development. ASI manages the University Union, Recreation Center, Sports Complex, and Children's Center, totaling more than 450,000 square feet of campus facilities (<http://www.asi.calpoly.edu/>).

Cal Poly Continuing Education provides access to degree, certificate, and professional development programs and university services to residents of San Luis Obispo, Santa Barbara, and Monterey Counties, as well as distance learning technologies to students across the country (<http://www.continuing-ed.calpoly.edu/>).

Cal Poly Corporation is a public-benefit, nonprofit corporation and university auxiliary. It provides commercial services, fiscal services, and key support services to assist and promote the educational mission of Cal Poly and the California State University System (CSU). The Corporation engages only in those activities ancillary to state operation that are requested by Cal Poly's President and approved by the CSU (<http://www.calpolycorporation.org/>).

The Cal Poly Foundation is an auxiliary organization and IRC 501(c)(3) public charity that accepts and administers tax-deductible gifts to the university. The Cal Poly Foundation leads campus philanthropic activity by supporting fundraising activities and investing and managing the campus endowments. For information on the new foundation, contact the office of the Vice President for University Advancement at 805-756-1445 or tsouza@calpoly.edu.

Admissions Profile

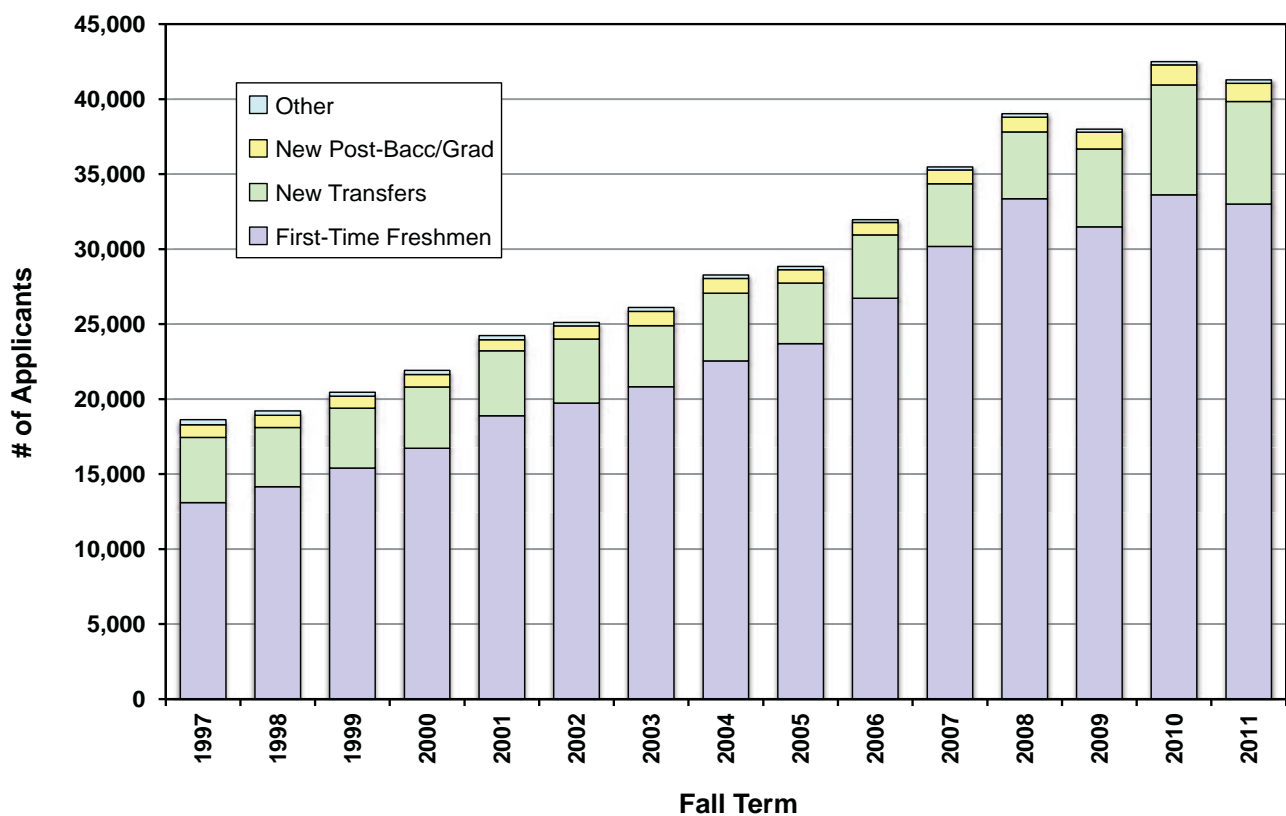

There were 41,279 total applications in Fall 2011, which is a decrease of 2.9% from last year. The number of total applications had increased from a low of 13,441 in Fall 1993 to an all-time high of 42,495 in Fall 2010.

Fall 2011 first-time freshmen (FTF) applications decreased by 626 (1.9%) from last year's all-time high.

Fall 2011 new transfer applications have been up and down over the years. New transfer applications are down 6.5% from last year's all-time high of 7,313.

Fall 2011 new post-baccalaureate/graduate applications decreased 8.8% from last year, which had also been an all-time high.

Enrollment Profile

Cal Poly's enrollment increased in Fall 2011. This is primarily due to a higher-than-expected yield of our incoming first-time-freshman class. Cal Poly's 18,762 total students enrolled in Fall 2011 is a 2.2% increase from Fall 2010.

Undergraduate headcount enrollment increased 2.3% from Fall 2010.

Post-baccalaureate headcount, which is comprised mostly of credential students, decreased 1.7% from Fall 2010.

Graduate enrollment rose to 919 students in Fall 2011, an increase of 1.2% from Fall 2010.

Notes: Post-baccalaureate category consists of credential and non-degree-seeking students. Graduate category consists of students who are pursuing master's degrees.

AVERAGE STUDENT CREDIT UNIT LOAD

The Fall 2011 undergraduate average unit load of 14.34 is a 1.3% decrease from last year's average of 14.53.

The unexpected increase in first-time-freshman yield, which contributed to an increased enrollment, along with a decrease in state funding resulting in limited course availability are the main factors that contributed to the drop in average unit loads. However, this drop is mitigated by Cal Poly's improvements in efficiency and student throughput.

The Fall 2011 graduate student average unit load of 11.58 is a 2.8% increase from last year's average of 11.26.

Degrees Awarded Profile

The number of degrees awarded has fluctuated from year to year. Cal Poly had a low of 3,109 degrees awarded in college year 1990-1991 and a high of 4,593 degrees awarded two years in a row in college years 2009-10 and 2010-11. College year 1996-1997 also showed a low point in the trends, while the most recent six college years are higher than any of the previous years.

Cal Poly awarded 4,081 bachelor's degrees in college year 2010-2011. This is a 1% decrease from college year 2009-10.

Cal Poly awarded 512 master's degrees in college year 2010-11. This is a 9.2% increase from college year 2009-10.

Notes:

- A college year consists of all four academic quarters, with the Summer quarter as a lead quarter (e.g., Summer 2010 is part of college year 2010-2011).
- Institutional Planning & Analysis now reports degrees awarded based on the students' actual term of completion rather than the date the degree was posted, as was done in earlier publications. While this allows for more accurate reporting of actual completion as well as more appropriate graduation rate reporting, these figures may change in future publications because degrees can be posted for students retroactively.
- Degrees awarded is not an unduplicated headcount. Students who receive more than one degree are counted for each degree they receive.

* Cohort is based on the federal Student Right-to-Know Act, which defines an entering cohort as first-time freshmen who entered in Fall term or the immediately preceding Summer term who were enrolled full-time in the Fall term. In addition, students who died or left for military service are allowable exclusions; therefore, persistence rates are calculated on a revised cohort that may be slightly lower than the original cohort.

New Student Enrollment Trends - CENG

Notes: New transfer applied, selected, and enrolled numbers include second baccalaureates.
 New enrolled students include students who were selected for Fall but chose to begin in the Summer.

*Graduate students are defined as only those students who are pursuing master's degrees.

New Student Enrollment Trends - CLA

Notes: New transfer applied, selected, and enrolled numbers include second baccalaureates.
 New enrolled students include students who were selected for Fall but chose to begin in the Summer.
 The College of Liberal Arts profile reflects the move of the Liberal Studies program into the College of Science and Mathematics in Fall 2009.

*Graduate students are defined as only those students who are pursuing master's degrees.

Employee Profile

In Fall 2011 Cal Poly had a total of 2,613 employees, generating 2,143.6 paid FTE (full-time equivalent). There were 1,235 staff, 168 management, and 1,210 faculty. Fall 2011 faculty generated 912.9 instructional FTE.

Faculty and staff make up 93.6% of Cal Poly employees (46.3% and 47.3% respectively).

Academic Affairs is the division with the majority of employees, with 70.8% of total employees.

The average age of Cal Poly employees is 47.1 years, and the median years of service is 7.0 years.

Of tenured and tenure-track faculty, 96.0% have a doctorate or the terminal degree in their field.

Notes:

- Employees can have multiple appointments. For headcounts, employees are only counted once in each employee type and once in the total employees profile according to their primary appointment.
- Whereas headcounts are according to primary appointments, FTE (full-time equivalent) is a summation of each individual appointment.
- "Paid" FTE is the amount of FTE the employee is paid for. In the faculty profile, "instructional" FTE is the portion of "paid" FTE devoted to instructional activities, including release time.
- Faculty FTE figures may differ slightly from previous Fact Books, because some inconsistencies were found and corrected.

Financial Aid Awards Profile — Aid Year 2010-11

Cal Poly disbursed a total of \$121,107,533 of financial aid in aid year 2010-11. Of this aid, 72.6% was from federal sources and 60.5% was in the form of loans. The overall average award was \$3,922. The average loan was \$5,254, while the average scholarship was \$1,974.

A total of 10,003 students received aid in aid year 2010-11. The overall average total aid package per student was \$12,107. Total aid disbursed increased 4.8% (\$5.6 million) from the previous year and 26.0% (\$25.0 million) from two years ago.

Notes:

- A financial-aid year consists of a trailing Summer term (e.g., Fall 2010, Winter 2011, Spring 2011, Summer 2011).
- Student data for categorization is based on the first term enrolled within the aid year. However, all aid received during the aid year is counted.
