With the theme "A Tribute to Cal Poly," this year's El Rodeo is focusing attention on the student aspect of college. I find this most appropriate because at Cal Poly the student is the college. All else is secondary to the student's educational preparation.

Some institutions of learning seem to have reasons for placing the student second to other things but at Cal Poly the student is the heart and soul of the college.

This is not a new concept at Cal Poly for in my 28 years at the helm of this occupationally-oriented college I have never wavered from the belief that all elements of a college organization should exist for only one purpose: the student. The Cal Poly record of success should convince others that this belief is now a proved working philosophy that guides the college.

When I pay tribute to the college's men and women who have helped to formulate this proved concept and who have diligently translated the college's offerings to young minds, I do so with earnest hope that the Cal Poly of the future will not dilute or divert our mainstream of learning.

In the years ahead, Cal Poly can succeed only if it has been provided a permanent foundation. I feel confident that whatever greatness we can now proclaim, its future will be even greater.

Religion in Life Week is sponsored by the Inter-Faith Council of Cal Poly. Thirteen college religious organizations comprise this group which is dedicated to promoting spiritual life among Cal Poly students. RILW is the principal effort of these clubs. Speakers, representing the various faiths, take part in assemblies, conduct seminars and dorm bull sessions.
RELIGION IN ASSEMBLIES, AN DORM BULL
LIFE WEEK
SEMINARS,
D
SESSIONS
The honky-tonk atmosphere of Nevada's gambling casinos was shared by many students during the annual Las Vegas Night. The Prohibition Era was the theme of this year's big gambling event. Flirting flappers lured the slick gamblers to the tables to try their luck at breaking the house. A surprise raid by Security Officers netted the faculty's big gambler, Philip Bromley, and several of the curvaceous dancing girls.
Poly's annual Frosh-Soph Brawl, probably our oldest tradition, was again a highlight of fall-quarter activities. Ten events featured special competition for men, women, and couples. The sophomores exhibited quality of performance and the freshmen showed strength of numbers. The juniors organized it, the seniors judged it, the freshmen won it and the sophomores pointed the "P."
POLITICAL SPEAKERS

TED KENNEDY

SENATOR FONG

GOVERNOR "PAT" BROWN
CAMPUS CONSTRUCTION
The California Association of Health, Physical Education, and Recreation (CAPHER) is a statewide professional organization. Membership is open to instructors and Physical Education majors. Mr. William R. Hicks is the group's advisor.

Members of CAPHER hold picnics, work closely with the Physical Education Wives Club, usher for events held in the Gymnasium, and sponsor "Playnights" (volleyball, swimming, etcetera). Officers of the group attend annual CAPHER conferences. The club also holds a potluck dinner each year.
The Women's Athletic Association provides opportunities for all college women to participate in a number of recreational activities throughout the school year. These include volleyball, basketball, softball, archery, swimming, and tennis. The club has tournaments in each of these sports, and, following each tournament trophies are awarded. This year, an intercollegiate sports day was sponsored by the Women's Athletic Association.
PHYSICAL SCIENCE CLUB

The Physical Science Club was founded in 1957. It has as its main objective, the promotion of interest in the physical sciences.

The club’s activities include field trips to laboratories and military installations engaged in scientific research and the sponsoring of guest speakers.
The name of the California Student Teachers' Association has been changed this year to the Student California Teacher's Association. The club is professional in nature for all teaching majors, including elementary and general secondary majors and education minors. The organization is a subsidiary of the California Teachers Association.

Meetings held by the club include talks by teachers, psychologists, and students who have completed their student teaching.

The club sponsored a dance for the student body as an outside activity. President of the club this year is Joan Soares and the advisor is J. Barron Wiley.
KAPPA MU EPSILON

OFFICERS: Loren D. Evans, Pres.; Larry Goforth, Vice Pres.; Jacquelyn Paul, Secretary.

ADVISORS: Mr. William Judd, Dr. Milo E. Whitson.

Kappa Mu Epsilon is a national honorary mathematics fraternity. Cal Poly's chapter, California Gamma, was organized and chartered in 1957. Membership is available only to math majors and to double majors whose scholastic achievement indicates a mature and genuine interest in the field of math.

The group meets two or three times each quarter to hear a mathematics presentation by a guest speaker. In conjunction with the Mathematical Association of America, Kappa Mu Epsilon presented a series of four lectures by Dr. Leo Moser of the University of Alberta, international authority in the math field.

WRITER'S FORUM

OFFICERS—First row, left to right: Derek Maitland Mills, President; Josephine Hiner, Recording Secretary; Ramon Arquelles, Vice President; Art Vinsel, Poly Syllables, Editor, Second row; Richard Sullivan, Business Manager; Howard Grisham, Treasurer.
PRESS CLUB

A get-acquainted barbecue for new Technical Journalism majors was the first event on the Press Association's calendar this year. In addition to weekly meetings with interesting discussions on journalism and allied subjects, social activities were enjoyed by the organization.

Highlight of the year was the ninth annual Press Association banquet which was well attended by alumni, majors, faculty members, and special guests.

OFFICERS—First row, left to right: Mary Keil, Treasurer; Ralph Hinds, President; Penny Gardner, Program Chairman. Second row: Bette Betz, Secretary; Carol Thompson, Historian.
HOME ECONOMICS CLUB

The members of the Home Economics Club of Cal Poly participate in many service, social, and fund-raising activities which afford the women of the Home Economics department an opportunity to become acquainted with their fellow students and prominent people in the field. The club is affiliated with the American Home Economics Association and the California Home Economics Association.

Group projects include selling candy at Christmas, a Christmas social, and an annual College Hour fashion show in February.

AG. ED. CLUB

Beta Beta Beta (Tri Beta for short) is an honor society for the students of the biological sciences and related fields. With membership based on grade point average, the group exists to stimulate sound scholarship, to promote the dissemination of scientific truths, and to encourage the investigation of life sciences.

Tri Beta has a wide range of activities which include: the maintenance of Poly Canyon, including coring for the trails, and the marking of trees, shrubs and plants; an annual banquet; an outing to the Botanical Gardens; and various lectures from faculty members and guests in the biological fields.

The Agriculture Education Club is designed to help develop good agriculture teachers, good FFA advisors, and to provide fellowship for Ag Ed majors.

The club meets monthly and carries out a full and varied schedule of activities. It assists the State Bureau of Agriculture Education in conducting the state-wide FFA judging contests and cooperates with the Cal Poly young farmers in carrying out the Adult Livestock Judging Contest during Poly Royal. The Ag Ed Club also sponsors a Degree Ceremony Team, an Exhibits Banquet, and an Alumni Barbecue.
The objectives of Alpha Zeta are four-fold: to foster high standards of scholarship, character, leadership, and a spirit of fellowship among all its members; to strive for breadth of vision, unity of action, and the accomplishment of ideals; to render service to the students, the agricultural division, the staff of Cal Poly; and to promote the profession of agriculture.

The members of Alpha Zeta strive to obtain these objectives through their yearly program which includes publication of the Herd Book, sorting the alumni newsletter in preparation for mailing, and other activities.

After graduation, the members of Alpha Zeta continue their objectives but on a larger scale. They strive to improve the agricultural standards of the nation and the world by promoting the profession of agriculture.

Officers for the year were: James Peterson, Censor; Frank Dickson, Chancellor; Gary Taylor, Treasurer; Natale Dellavalle, Scribe; John Kellner, Herd Book Editor; Ray Wildung, Herd Book Sales.

OFFICERS—First row, left to right: Leonard De Ruiter, Ag. Council Representative; Tony Silva, President; John Lilles, Public Relations Chairman. Second row: Jim Chances, Vice President; John Kelner, H. C. Chairman.

FARM MANAGEMENT CLUB

Advisor: Mr. Rogalla
Advisor: Dr. Edward Hyer
The Young Farmers Club fills the gap between high school and adult farm organizations. It is a service organization of the Future Farmers of America. The Cal Poly branch was the first chapter organized in the United States. The club holds a scholarship drive for a worthwhile future farmer, hosts the Future Farmer Field Day, sponsors a parliamentary procedure contest, an adult judging contest during Poly Royal, an annual barbecue, and sends representatives to the State Convention of Young Farmers.

OFFICERS—William R. Henley, Vice President; Leonard De Ruiter, President; George Kleiner, Treasurer. Standing: Bob LaBelle, Ag. Council Representative; Gaylord McCool, Secretary.
CROPS CLUB

To bring students of the Crops department together and to give them an opportunity to keep in close contact with the field are the main purposes of the Crops Club.

This year, the group participated in many extra-curricular activities. Members published a brochure and started a college agronomy judging contest. The organization also had a Christmas party. The club utilized its two money-raising projects to defray expenses for the brochure and judging contest. Members participated in intramural sports, an FFA crop judging contest, and other activities. Climaxing the club's year were the annual spring banquet and an exhibit at Poly Royal.

OFFICERS—First row, left to right: Norman Campbell, Vice President; Tom Thompson, President; Paul Orsetti, Vice President. Second row: Michael Butler, Treasurer; Jim Fultz, Secretary. Advisors: Mr. Arnold Scheer, Mr. William Troutner.
The Cutting and Reining Club was started in 1955 to satisfy the increased interest in activities other than the rodeo.

Besides promoting the Poly Royal horseshow, the group sponsors the girls' rodeo team. Members of the club receive instruction in show ring techniques, halter class fittings, hackamore and cutting classes.

Cutting and Reining's open classes last year drew top horses. Among prominent speakers last year was Mr. Paul Newton, president of the Pacific Coast Cutting Horse Association.
Boots and Spurs is an organization established to bring animal husbandry majors together in fellowship, and friendship. And to prove just how effective the club is, almost all of the majors in the Animal Husbandry Department are active in it.

Almost all the activities of the Animal Husbandry department are sponsored by Boots and Spurs. The club also participates in many social activities and sponsors the livestock judging team.
RODEO CLUB

The Rodeo Club is one of the oldest and most active clubs on campus. Its many activities include rodeos, dances and barbecues. The aim of the club is to promote interest in rodeos and to give students a better understanding of the sport.

The Cal Poly Rodeo Club is fortunate in having an arena on campus for the use of the students. Each year during Poly Royal the club sponsors an intercollegiate rodeo. The college rodeo team travels to different schools during the year for competition.
The Ornamental Horticulture Club was organized to help students of ornamental horticulture widen their knowledge of the field and the opportunities it presents.

At its meetings, members of the group hear speakers from the fields of ornamental horticulture, landscape architecture, and related subjects.

The club helps with garden shows by furnishing plants and helping with floral arrangements. This service is performed for many local groups.
The Agriculture Business Club is made up of students who are preparing primarily for careers in the many farm-related businesses and government agencies serving the farmer. The Ag Business Club has as its primary purposes the development of fellowship, scholarship and occupation opportunities in the field of Ag Business Management.

The group was organized to meet changing and expanding opportunities in the farm-business fields. Its meetings feature films and speakers from the faculty and industry.
The Soils Club is organized so that Soil Science majors can become better acquainted with each other and the faculty.

The club's meetings feature various speakers who outline advantages, opportunities, and developments in the soils field.

Highlight of the year was the annual spring banquet. Soils Club also fielded an intramural team, held a picnic, and took field trips to laboratories and farms.

All juniors and seniors in the Soil Science Department are eligible to join the Cal Poly Soil Conservation Society. The organization's purpose is to bring members together in good fellowship and to provide them with information about vocational opportunities in their field.

The group participates in land-judging contests, sponsors the state FFA land-judging contest, and publishes a newsletter. It cooperates with Soils Club in putting on displays and demonstrations for Poly Royal.
Los Lecheros Dairy Club, which has been active on campus for the past 22 years, has been affiliated for the past four years with the student branch of the American Dairy Science Association.

The main purposes of the club are to serve Cal Poly students in accordance with its governing document, to represent the college in an honorable manner, to provide unity within the dairy department, and to provide an opportunity for its members to express leadership and responsibility.

Los Lecheros sponsor a number of activities. Among them are an annual barbecue, all campus dairy products and dairy cattle judging contest, and purchasing milk to supply the milk machines on campus.

The highlight of the year is the club's annual banquet at which the club honors two outstanding persons from the dairy industry.
WOOLGROWERS

To promote interest in matters pertaining to sheep and to provide co-curricular activities are the main objectives and purposes of the Woolgrowers Club.

The Club takes field trips to sheep breeding areas, holds sheep sales, sponsors sheep shows, holds dances in the loft of the sheep barn, and participates in other activities.

OFFICERS — Row 1, left to right: Gary Ferguson, Vice President; Don Robbins, Ag Council; Arthur Linton, President. Row 2: Spelman Collins, Advisor; Charli-Deane Almond, Secretary; Gary Petterson, Historian; Eugene Myers, Treasurer.
Activities of the Agricultural Engineering Society include an annual three-day field trip, guest speakers at nearly every meeting, joint meetings with other Agricultural division clubs, a gigantic Poly Royal display, an end of the year barbeque, and two dinner meetings each year.
The American Welding Society, composed of Welding and Metallurgical Engineering students, had an excellent speaker program sponsored by the American Society for Metals. These speakers related new processes in the field of welding.

Various dinners and social meetings are some of the activities in which the club participated.

TECHNICAL ARTS SOCIETY

Though the Technical Arts Society is a relatively new organization on campus, it has already established a reputation for outstanding exhibitions during Poly Royal and has sponsored many outstanding activities to the benefit of its members and the school. It has proven to be one of the fastest growing clubs on the campus.
INDUSTRIAL ENGINEERING CLUB

The goal of the Industrial Engineering Club is to bring together students with similar engineering interests. Although the club is only five years old, it is experiencing tremendous growth. Membership has doubled during the last year. Social gatherings, an annual barbecue and installation, four-day field trips through industries, and a display at Poly Royal are just some of the many and varied activities of the Industrial Engineering club.
SCARAB

Scarab, an honorary architecture fraternity, was established at Cal Poly in 1953 as one of ten chapters across the country. Nationally, Scarab brings together student leaders in architectural schools for the benefit of the students themselves, as well as their schools.
The Cal Poly chapter of the Institute of Aerospace Sciences received its 11-year charter this year. The group gives scholastic awards and has guest speakers at its bi-monthly meetings.

Main activity of the Institute of Aerospace Sciences is its annual awards banquet. The group also has picnics, model airplane meets, smokers, intramural sports, student conferences, a student speaker contest, and a Poly Royal display.

Advisor: L. W. Gustafson
To provide fellowship and closer contact with developments in the field of printing for all students
in that major is the main objective of Cal Poly's Mat Pica Pi.

Organized in 1950, the club participates in numerous activities throughout the year. Members of
Mat Pica Pi publish the "Activities Calendar" and the "Printing Alumni Paper." Other events which high-
light the organization's year include a freshmen barbecue, senior banquet, Christmas banquet, and a Poly
Royal banquet.

Mat Pica Pi offers many field trips to its members, and, as a service project, the organization provides
scholarships for worthy students.
To help its members keep in contact with the air conditioning field is the main purpose of the Air Conditioning Club. The group is one of seven chapters of the American Society of Heating, Refrigerating, and Air Conditioning Engineers, located throughout the United States.

Mr. James McGrath is advisor to the Air Conditioning Club. Its many activities include: a tutoring lab to assist Air Conditioning majors, hosting returning graduates during Poly Royal, the sponsoring of popcorn and soft drink booths during the “Country Fair on a College Campus,” and various field trips to Los Angeles and San Francisco to visit installations of interest.
The Institute of Radio Engineers (IRE) is a worldwide, professional organization for electronic engineers, and scientists and engineers in allied fields.

Purposes of IRE are to promote the professional growth and advancement of its individual members, and to provide for the dissemination of knowledge and information especially regarding new advances in the field of electronic engineering and allied sciences. To fulfill these objectives, the Institute sponsors a number of conferences and meetings.

The Cal Poly branch of IRE is one of the largest and most active student branches in the United States, and has received many awards for outstanding performance.

The national IRE provides the Cal Poly chapter with numerous benefits and privileges. The organization makes available many important men in the field to speak at meetings.

Activities this year included eight technical meetings, a banquet which featured the president of the Western Electronic Manufacturers' Association as guest speaker, a field trip to the Hewlett-Packard Co. in Palo Alto, and participation in the annual IRE Student Day sponsored by the Los Angeles section of the organization.

Advisor: Mr. Harold Hendriks. OFFICERS: Denton De Long, Treasurer; James Hodel, Secretary; Robert Re, Chairman; Larry Mayhew, Vice Chairman.

The California State Polytechnic College Student Chapter of the American Institute of Architects has engaged in its 9th year of activity with unity and purpose.

Their major purpose lies in promoting professional fellowship, cooperation and spirit, and fostering an understanding of ideals of the present and future potential of the architectural profession.

Among the outstanding activities of the year were: Freshman Holiday and barbecue, architectural exhibits, speakers such as John Callister, Buckminster Fuller, St. Eisner, and Rafael Soriano, California Council of American Institute of Architects convention at Yosemite, Awards Banquet, Senior Good-Bye Banquet, Original Christmas Card Sales, and the Poly Royal Display.

Poly's student chapter of the AIA is sponsored by the Santa Barbara Chapter of the American Institute of Architects.
Cal Poly's student chapter of the American Rocket Society, Inc. was started four years ago by a small group of enthusiastic amateur rocketeers. In September of 1959, the rapidly growing chapter received its charter from the national society. The purpose of the ARS is to advance knowledge in the fields of rockets, guided missiles, and space technology. To accomplish this, the local organization has an extensive program of professional speakers, motion pictures, interest group meetings, and tours. During the fall quarter, the ARS attended an invitational world premier of the motion picture "I Aim at the Stars."

OFFICERS—First row, left to right: Lee Chapman, Recording Secretary; Daniel Hancock, President; Al Colton, Vice President; John Harlan, Treasurer. Second row: Kenneth Pauley, Publicity; Darrell Cummings; Roy Mercado, Program Chairman; Larry Collins, Correspondence Secretary and Historian.
The main objective of the Poly Phase Club is to provide a service and a social organization for members of the Welding Department.

The group holds both a formal and an informal initiation for new members. As a service project members do the lighting and decoration for the Poly Royal dance; they also put their many talents to work in lighting effects for different local service clubs.

**OFFICERS** — Left to right: Dale Allen, Treasurer; Hugh Dayton, Vice President; Clark Alumbaugh, President; Ronald E. Phillip, Secretary; G. B. Furimsky, Advisor.

**Advisor:** G. B. Furimsky
The Mechanical Engineering Club is the social club of the Mechanical Engineering Department, and also functions as one of its organizations conducting technical meetings. It makes the department float in the fall, conducts field trips, and has a spring smoker as its final activity.

The Mechanical Engineering Club also holds frequent evening meetings on technical subjects, sometimes with outside speakers, sometimes with faculty. One of its greatest services is to new students. Its members help the new students with scheduling and registration, and with the difficult first weeks.

OFFICERS — Row 1, left to right: Lorry Collins, Treasurer; Rick Phillips, President; John Hayashi, Secretary. Row 2: Bill Arlt, Publicity; Dick Collin, Vice President; Grady Tolbot, Program Chairman.
AMERICAN SOCIETY OF TOOL AND MANUFACTURING ENGINEERING

The Cal Poly American Society of Tool and Manufacturing Engineering is a student chapter of the national organization, the largest society in the manufacturing industry.

Because of their participation, membership, and the high quality of their meetings, the Cal Poly student chapter is the outstanding student chapter in the nation. Its purpose is to further the profession of tool and manufacturing engineering, and to further this aim the group often has men from industry as speakers.

The Cal Poly chapter recently attended the 1960 western exposition and tool show exhibits which displayed the latest methods, tools and techniques in the profession.
TAU SIGMA

Students who rank in the upper third of the Engineering division are members of Tau Sigma. Tau Sigma is designed to bring good engineering students together, to encourage better engineering, and to encourage each member to make a new contribution to his particular field. The organization conducts an assistance program in the form of a tutoring lab and provides financial help, a $250 scholarship, for an engineering student in need of such aid.

Activities of Tau Sigma include dinners and conducting an essay contest for high school students.

OFFICERS — Row 1, left to right: Loren Evans, Vice President; Tuon Phon, Historian. Row 2: Louis Watts, Treasurer; Dan Lennon, Secretary, Bruce Parent, President.

ADVISOR: Norman Sharpe
The purpose of the Society of Automotive Engineers is to promote the arts, sciences, standards and engineering practices connected with the design, construction and utilization of automotive apparatus.

The S.A.E. meetings fulfill this purpose by the reading and discussion of professional papers and reports, the publication and distribution of them, and by providing good fellowship for the members.

The Cal Poly chapter of S.A.E. was started in 1952; it is now the third largest student chapter in the United States.
Receiving its charter in 1955, Cal Poly’s associated branch of the American Institute of Electrical Engineers (AIEEE) is the local chapter of an international, incorporated association of over 5,500 electrical engineers and scientists, including students on 164 college campuses.

The main objectives of the Col Poly branch are to provide opportunities for the students to participate in independent functions brought about by their own initiative to foster those qualities needed by the engineer, and to provide good fellowship in the department.

The principal activity of AIEEE is sponsoring a student prize paper contest.

OFFICERS — Left to right: Tom McCarthy, Treasurer; Richard Andrews, Secretary; Richard Overmyer, Chairman; Richard Barcus, Vice Chairman.

The Music Board of Control is the governing body of Cal Poly's music department. Its main purpose is to foster cooperation and promote activities within the music department.

The music department is made up of Men's Glee, Band, Women's Glee, and the Collegians. A president, manager, and representative are chosen from each group to be on the Board.

A president, manager, and representative are chosen from each group to be on the Board.

The music department has many activities both on campus and off. Some of the events held this year were the annual music banquet, Poly Royal concert, home concert activities, and an award's banquet.

Board chairman this year was Jim Emerson. Advisor to the group was Mr. Dick Hall.

Chess Club, which got its start on campus during 1954, meets to wage the "Battle of the Checkmate" on-campus each noon hour.

The club was organized for those who enjoy playing chess and for those who wished to learn to play.

During Easter vacation, the club participated in the California Intercollegiate Chess Tournament. This event has grown rapidly during the post few years as more and more schools have become interested in the game of chess.

The group also took part in tournaments at the California Men's Colony, the Paso Robles Chess Club, and Vandenberg Air Force Base.
The Cal Poly Farm Center is part of the Son Luis Obispo County Farm Bureau. Organized in 1957, the club limits its membership to Agriculture, Biological Science, Soil Science, and Home Economics students.

Purpose of the Cal Poly Farm Center is to acquaint the members with the services which are rendered by the Farm Bureau on the county, state, and national levels.

The Center holds barbecues, dances, and spaghetti feeds during the year. Various field trips are also taken by members. During the past year, the club tried to introduce new areas of employment possibilities to the members through the use of guest speakers, films, and printed literature.

Meetings of the Cal Poly Farm Center were held once a month.
The local chapter of Blue Key, a national honorary service fraternity, was organized on campus in 1952. The members were selected from the upper half of the junior and senior classmen. Other requirements for membership are a good activity record and a willingness to work for the good of the organization.
The Cal Poly Roadster Club, known as the Turtles, was founded in 1950 to provide an organization which would serve the students of Cal Poly who are interested in the promotion and development of all phases of motoring. The club is now open to non-students and coeds. In 1959, three of the Poly Royal queen candidates were active members of the club.

The Turtles regularly sponsor reliability runs and "Poker" runs in which safety is stressed over competition. Each year at Poly Royal, a car show is put on which features the tap custom and competition cars in the area. The big social function of the year is the spring steak barbecue. This year, for the first time, the Turtles sponsored a dance in the new men's gymnasium.
MUSTANG FLYING ASSOCIATION

OFFICERS—Charles Noreto, Membership Chairman; Patrick Weidman, Secretary; Phil Leckenby, President; Marshall McKinney, Y. Daird Imai, Treasurer.

Founded in 1946, the Mustang Flying Association attempts to foster and promote an interest in aviation by providing facilities through which members can receive instruction and experience in flying on an economical basis. The club includes both faculty and students.

This year, a new Cessna 120 was purchased with a complete instrument panel so that the Federal Aviation Authority requirements for private pilots’ licenses could be met.
To further the fellowship of male Cal Poly students is the main objective of the Judge's House.

Aside from offering room and board, the Judge's House provides many social activities for its members. Activities also provide a link between the members and the owner of the house through the House Committee.

Some of the group's many activities include house parties, dinner parties, staff beach parties, participation in Cal Poly intramurals, special exchange parties with girls' dorms, and monthly house meetings.

THE JUDGE'S HOUSE
OSONDALIERS

OFFICERS—Brad McFadden, Vice President; Susan Weatherford, Secretary-Treasurer; Phil Carty, President.
AMATEUR RADIO CLUB

First row, left to right: Chet Hartley, Secretary; Michael W. Desch, President; Walter Lon Tufts, Treasurer; Steve McIntyre, Vice-President, not pictured.

POLY CHI

First row, left to right: Angelina Chan; To Kwong Hung, Vice-President; Dick Wong, President; Frank Dee; Philip Cheng; Kin Shaw Wong, Corresponding Secretary.

First row, left to right: Dr. Glen Noble

Poly Chi exists to promote interests of the Chinese and Chinese Americans, and to make them feel at home at Cal Poly by creating a friendly atmosphere and helping them adjust to college life. The local chapter is seven years old and is affiliated with the state-wide Chinese Club. Poly Chi's myriad activities include dances, picnics, beach parties, and "JUK" parties. The organization also has an annual barbeque and a display at Poly Royal. Poly Chi members have won many dancing trophies.
POLY PENGUINS

Motorcycling enthusiasts find a great deal of interest in the Poly Penguins. The main objective of the group is to try to promote friendship and fellowship among its members.

Poly Penguins' main activity of the year is high mountain climbing, which is pretty tricky business on a motorcycle. The organization also promotes Poker runs, blanket parties, scrambles, and 200-mile runs through the county on fire and deer trails.

During Poly Royal, the Penguins serve as assistant police.
The purpose of the Bowling Club is to give all those interested in bowling a chance to participate in an organized league. This year the club had sixteen men's teams bowling every Monday night.
DE MOLAY

First row, left to right: Robert Byrnes, Gory Davis, Vice-President; Joe Melino, President.
Second row: Richard Blairdell, Secretary; Bill Sollee.

Advisor: Dr. Vance D. Lewis

POLY PHILETELISTS

Left to right: R. Craig Potter, Secretary; Boyd Wettloufer, Ford Bosler, President, James Green, Treasurer.
With the guidance of Mr. Applegarth, advisor, the Poly Skindivers seek to promote an understanding of a safe, enjoyable sport, skindiving. The Club also promotes an understanding of the mechanics of skindiving, and of state and federal laws related to the sport. Respect for other skindivers is also stressed.

One of the highlights of the Poly Skindivers’ year is a trip to Mexico. The Club also features an instructional program in skindiving which teaches scuba diving with apparatus and diving without such equipment. The group also helps in rescue operations at nearby lakes and the ocean.
The Col Poly Ski Club has annual outings to near-by ski resorts. Two of the resorts are Yosemite and Chino Peak. The club is arranged to accommodate both advanced and beginning skiers, and anyone interested is welcome. Ski Club meeting feature movies and speakers from ski resorts.

OFFICERS — Left to right: Joy Mitchell, Race Chairman; Paul Bewley, President; Linda Arnold Secretary.

OFFICERS — Left to right: Hooshong Pejon, President; Mohammad R. Sadeghi, Vice President.

IRANIAN STUDENTS

The purpose of the Iranian Students Club is to promote better friendship and understanding between the Iranian and American Students. Besides regular meetings, the club also has panel discussions attended by instructors from Social Science Department and students. The Club also has special social gathering and participates in International Night. Interested in sports, the Iranian Students have been the championship volleyball team for the past two years.

Row 1, left to right: Hooshang, Pejon, Mohammad P. Sadeghi, Yhodson Manaachehr, Dimitri Dimitri. Row 2: Hassein Koshanipur, Abelghasem Kholili, Gerald Smith, John L. Merriam.
SCABBARD AND BLADE

The purpose of Scabbard and Blade is primarily to raise the standard of military education in American Colleges. It unites the students in closer relationships to their military departments, encourages good officers, and promotes good fellowship. Scabbard and Blade sponsors the Military Ball, ushers at home football games and hosts the annual Queen Candidate's Reception in November.

POLY CORINTHIANS

Poly Corinthians was organized to stimulate interest in sailing and boot racing activities. The Corinthians sponsor instruction in beginning and intermediate sailing and inter-collegiate and inter-club races. Other activities include races against the San Luis Obispo and Morro Bay Yacht Clubs, weekend sails, and social events such as an annual dinner meeting and the yearly "ship-wreck" party.

OFFICERS — Row 1, left to right: Bob Carlson, Programs; Fred Honore, Commodore; Peachy Somers, Secretary; Jon Gustafson, V. Commodore; Ben Paz, Captain.
The Camera Guild exists to give its members educational opportunities in photography through association, direct instruction, competition and practical experience. The group provides a supplementary photography service on campus, catering mainly to student organizations.

The Camera Guild’s many activities include picture-taking excursions to the beach and mountains, and photo booths at formal dances.

The Camera Guild

Circle K is a student’s service organization sponsored by Kiwanis International, a service club of business and community leaders. Through its many activities, students learn fellowship, leadership, and service to the school, the community, and the nation.

Circle K’s many activities this year included expanding the wash rack facilities for the dorms, providing transportation to the polls for voters, sponsoring a local chapter of the NRA Junior Rifle Club, giving out information brochures for Poly Royal, ushering at boxing and wrestling tournaments, and decorating the campus Christmas tree and the lobby of the Administration building.
CARDINAL KEY

Cardinal Key is a national honor sorority for women which was organized in 1932 as a counterpart for Blue Key, a similar organization for men. The Cal Poly Chapter was organized last spring through the sponsorship of the local Blue Key Chapter.

Membership in Cardinal Key is extended to twenty-five junior and senior women students on the basis of achievement, extracurricular activities and scholarship.

The group’s projects include hostess service for campus visitors and prospective students, and ushering at some school activities.

At present, one of Cardinal Key’s main projects is the sponsorship of a women’s lounge in Crandall Gym.

ARAB STUDENTS

The Arab Students Association is a large group of students drawn from the 13 Arab States.

Highlights of the Club’s meetings are speakers sponsored by the National Chapter of the Arab Student’s Association.

The Club’s Activities include displays for Poly Royal, participation in International Night, and an annual picnic where the members do their own cooking.
INTERNATIONAL RELATIONS CLUB

To improve relationships between foreign students and Americans is the main objective of the International Relations Club. Although it had its beginning only four years ago, the club is growing rapidly.

The International Relations Club's many activities this year included a trip to Disneyland, an "International Night," a tea for faculty wives, and various snow trips, barbecue, picnics, and soccer games.

OFFICERS — Row 1, left to right: Carlos Puleston, Secretary; Carolyn Barrie, Chairman; Mohammad Chaudry, President. Row 2: James Corbett, Treasurer; Dimitri Dimitri, Vice President.
Alpha Phi Omega is a national service fraternity whose main purpose is service. Membership in the fraternity is open to all who have had scouting experience.

The group’s many services to the school include maintenance of the bulletin board back of the Administration Building, sponsoring the "Ugly Man Contest"; furnishing binder indexes to all students at the beginning of the year, and helping with charity drives such as the March of Dimes.

Many members also help at a local boy scout "Camporee."
THE MATHEMATICS CLUB

The Mathematics Club is a semi-technical group catering to all students interested in computation applications, statistical methods, instructional problems, and job opportunities in the industrial and teaching fields.

The Math Club's monthly meetings normally consist of movies, speakers, and demonstrations designed to acquaint the student with the diversified opportunities pertaining to the field of mathematics.

THE DEBATE TEAM

The Cal Poly Debate Team was formed this year with its emphasis on learning debate techniques and procedures. A number of debates were presented before various classes and the team sponsored the springtime contests, beginning February 20, between the campus political clubs. The Cal Poly Debate Team plans to enter intercollegiate debate competition next year.
YOUNG DEMOCRATS

The Cal Poly Young Democrats Club is affiliated with the California Federation of Young Democrats and the California Democratic Committee. Any person over sixteen years of age who is not a card carrying member of the Communist Party is eligible to join.

The purpose of the Cal Poly Young Democrats is to further the interests and ideas of the National Democratic Party. Although newly organized this year, the Club had a very active start. They sponsored rallies and functions for Congressman Finch, Thomas Nolan, Governor Brown and Ted Kennedy. Highlight of the year was the rally for John F. Kennedy on the Cal Poly Library lawn during the presidential campaign.
OFFICERS — Left to right: John Amabile, President; Bryant Millsap, Vice President. NOT SHOWN: Janet Wadstrup, Secretary; Allen Ochs, Treasurer.

SOCIAL SCIENCE

Purpose of the Social Science Club is to help majors learn more about current activities in the broad field of the Social Sciences. Meetings feature speakers from a wide variety of fields, many of them from foreign countries. Discussions often concern current happenings on the national, international, and local scenes.

The club offers opportunities for majors to become acquainted with one another as well as with activities in their field.

ADVISOR: Faud H. Tellew

Row 1, left to right: Kris Miller, Joan Weaver, Mary McKnight, Lois Eto, Carol Hughes, Ed Foster, Faud Tellew, Row 2: Miller William, Bryant Millsap, Don Rasmussen, Allan Ochs, John P. Amabile, Louis Rodriguez, Bill Todd, Winston B. Cox.
Chi Alpha, which stands for Christ's Ambassadors, was organized during the 1958-59 school year. The purpose of Chi Alpha is to promote the spiritual life of the college to the benefit of the student body as a whole, by providing opportunities for worship, fellowship and training. Activities of the club include meetings, retreats for worship and fellowship, song fests, and suppers.

Hillel

Chi Alpha, which stands for Christ's Ambassadors, was organized during the 1958-59 school year. In order to bring college students of the Catholic faith together, to explore the Catholic faith, and to discuss issues affecting the Catholic religion, the Cal Poly chapter of the Newman Club was organized.

Members of the group provide transportation to and from Moss, hold social gatherings such as dances and suppers, and hear many speakers discussing vital issues.

WESLEY FELLOWSHIP

First row, left to right: Donna York, Recreation Chairman; Buzz Stevens, President; Marilyn McEachen, Publicity Chairman. Second row: Wendell Keays, Treasurer; Betsy Canary, Circulation Manager; Pam Maynard, Secretary; Bill Brooks, Vice President. Third row: Sandy Merriam, Membership; Donald Tilly, Worship.

The Wesley Fellowship has been established to deepen the spiritual life of Methodist students by providing weekly religious programs, recreation, and dinners. Through Bible study, Sunday school classes, and faculty-student luncheons, the Fellowship is able to offer the student a closer relationship with the church and the campus.
INTER-VARSITY CHRISTIAN FELLOWSHIP

The Cal Poly Christian Fellowship is an affiliate of the Inter-Varsity Christian Fellowship. The fellowship desires to provide a common meeting place for Christians from all denominations, and to introduce Jesus Christ to those who have no church affiliations. With this in mind, members of the fellowship strive to promote growth in Christian faith and service through Bible study, prayer, free discussion and fellowship. Activities have included guest speakers, music, movies, and prayer and social meetings.
CHRISTIAN SCIENCE ORGANIZATION

To provide an on-campus association for students within the Christian Science movement, to hold Christian Science religious meetings, and to encourage the study of Christian Science by members are the purposes of the Christian Science Organization. The club's largest event is the annual Fall Get-Together. Weekly testimonial meetings were held through the year.
WESTMINISTER FELLOWSHIP

Westminster Collegiate Fellowship is the group through which single Presbyterian students seek to serve the campus.

Westminster was first recognized by the Student Affairs Council four years ago when it acted as one of several organizing groups of the Inter-Faith Council and Religion in Life Week, now a campus tradition.

Designed to help the student discover a purpose for his life within the Christian faith, Westminster gives an opportunity to mature in this faith, and give expression to it in daily campus life.

Its varied program includes study courses, worship, work projects, retreats, and social activities.
By promoting Christian fellowship and uniting Baptist students, the Roger Williams Fellowship of the First Baptist Church is one of the important organizations on campus.

Interesting speakers, discussions, and other social activities are enjoyed by all the members of the Roger Williams Fellowship.

ROGER WILLIAMS FELLOWSHIP

BUSINESS CLUB

Although newly organized this year, the Business Club is growing rapidly. Anyone interested in business is welcome and encouraged to join.

The purpose of the Business Club is to correlate classroom theory and knowledge with the actual business world.

To further this aim, the club sponsors field trips to business concerns and features many guest speakers at its Thursday night meetings. Business Club also participates in Poly Royal activities.

ADVISOR: Mr. Joseph C. Cardoni

STUDENT AFFAIRS COUNCIL

The legislative and executive body which transacts all Associated Student Body business is the Student Affairs Council, usually shortened to SAC. This group is responsible for all student boards, councils, committees, clubs, and teams, through authority and responsibility delegated to it each year by the President of the college.
Awards Committee

The awards committee coordinates awards for the ASB and various groups, establishes policies and criteria for awards, such as Who's Who in American Colleges and Universities, and Outstanding seniors.

Donation Drive Committee

The main function of the Donation Drive Committee is to process applications from student organizations who wish to sponsor a donation drive.

First row: Joe Crosslin, George Maybee, Robert Goldsmith.
First row: Mr. Carl Beck, Advisor; Bill Brooks, Al Melendrez, Henry Ford, Ralph Oppfelt, Dave Hettinga, Al Pease, Dick Barcus, Tom McDermott, Mary Tran Crowe, Dennis Newton, Mrs. Arlene Vokoun, Advisor; Mr. Clyde Hostetter, Advisor.

FINANCE COMMITTEE

This committee conducts all ASB elections, formulates and enforces rules, prepares and counts ballots, reports the results of an election to the Student Affairs Council.

**ELECTIONS COMMITTEE**

This year the College Union Program Board, through its eight subordinated committees, presented an exceptionally versatile social, recreational, and educational program for the students and staff at Cal Poly.

During the year the Board started several "firsts." Two new committees were formed: Fine Arts Committee and Spring Sing Committee. For the first time in College Union history, each committee had its own office in one of the old dorms converted for this purpose.

Under the guidance of Chairman Geornel Spain, the College Union Board sponsored such big all campus events as: dances with the Collegians Band, "Importance of Being Earnest," "Bud and Travis," T.C.U. Coconut Grove Night Club, the Spring Sing Contest, ping pong tournaments, "Las Vegas Night," and the Friday night films in the A.C. auditorium. During the year the College Union membership soared to over 100 students.
This year's College Union Program Board members and officers were:

- Goernel Spain — Board Chairman
- John McSwain — Vice-Chairman for Personnel
- Bruce Litchfield — Vice-Chairman for Public Relations
- Barry Karleskint — Board Treasurer
- Kathy Hamlett — Recording Secretary
- Carol Collopy — Corresponding Secretary
- Bill Hammatt — Games and Hobbies Committee Chairman
- Lonnie Allan — Drama Committee Chairman
- Al Weltz — Dance Committee Chairman
- Paul Rutter — Outings Committee Chairman
- John Ellis — Assembly-Films-Fine Arts Committee Chairman
- Dick Anderson — Social Committee Chairman
- Lee Paxton — T.C.U. Manager
- Mrs. Arlene Vokoun — College Union Advisor
- Dr. Arnold Dean — College Union Board Advisor
- Mr. Eugene Rittenhouse — President’s Representative

Personnel Committee:
Orients, recruits, interviews, and places committee members.
Keeps records of all College Union personnel, their committee assignments, attendance and performance.
Keeps in touch with personnel needs of the various committees.
Develops and administers a system of awards and recognition for worthy College Union personnel.
Sponsors College Union Picnic.
The Outings Committee sponsors a year-round program of organized outdoor activities to meet a wide variety of interests uniquely suited to the San Luis Obispo coastal and mountain areas. The committee co-sponsors all-campus activities with outing clubs, such as hiking, skiing, skin diving, sailing, etc. Among the big all-campus events sponsored by the Outing Committee were the Halloween Hayride Hop, Twirp Weekend, Hearst Castle Tours and the Poly Picnic.

First row, left to right: Coleen Cavanagh, Barbara Ihne, Kathy Hamlett. Second row: Ron Riepenstaller, Tom Palmer, Kathy Wheels, Walt Quinlan, Bonnie Bandy.
The primary function of the College Union Social Committee is to provide non-date social activities for all students throughout the year. This year the committee presented Las Vegas Night, International Festival, Campaign Carnival, two after play receptions, and other smaller events. Social Committee also includes a special sub-committee, the purpose of which was to organize Cal Poly's first song festival.
The primary purpose of the Dance Committee is to coordinate the over-all dance schedule for the associated student body. It assists various groups sponsoring dances in matters of procedures, facilities, services, and decorations.

For those who can't dance, they sponsor a class in social ballroom dancing and a square dance group. The new event this year was the converting of the T.C.U. into a "Coconut Grove" night club on weekends.
The purpose of the Drama Committee is to provide entertainment. This is done by the use of an aesthetic art known as the theater. This group can transport its audiences to England for British high comedy or by Oscar Wilde and return to San Francisco for a drama of beauty provided by William Saroyan.
The College Union Public Relations and Publicity Committee is a special, hard-working, creative committee that promotes and publicizes all College Union events and activities. Under the leadership of Bruce Litchfield, the committee worked on publicity stunts, made posters, radio announcements, newspaper articles, bulletin boards, and "clock-tower" announcements.
The Assembly-Films Fine Arts Committee strove to provide a well-balanced program for the general student body, staff, and public. It sponsored activities ranging from the popular performance of "Bud and Travis" to the more classical performance by pianist Theodore Ullman. Under the direction of Chairman John Ellis, many other activities provided by the committee included college hours, art shows, classical music hours, and the Friday evening film series.
The Games and Hobbies Committee, under the Chairmanship of Bill Hammott, directs and conducts recreational tournaments and events for the student body and staff. The committee promoted three big ping pong tournaments in the Fall, Winter, and Spring Quarters. Also, during the year it put on a pinochle tournament, badminton tournament, photo contest, flower arranging contest, and several other contests to stimulate the recreational, cultural, and social side of the student's campus life throughout the year.
RALLY COMMITTEE

OFFICERS:
Chairman, Bob Schieve
Vice Chairman, Jim Pull
Secretary, Kathy Wheeler
Corresponding Secretary, Vera McBrien
Treasurer, Loni Emery

Song Girls, Odie Wiley, Joanie Estes and Pam Lettow.

Cheerleaders, Bonnie Saunders, Gary Capson, Frank Garcia and Vince Wipf.
How much longer? I'm tired.

Wow! And around she goes.

ACTIVITIES

I'm leaving! I don't want to dance with any girl.
Look at the birdie!

Guitar, bongos, and a sharp woman.

The lost generation.
Pickin' and strummin' at Poly.

Wheely

Good grief! What did you put in that punch?
INTERNATIONAL NIGHT
Morgoret, where did you get the OLD CROW?

Rooters pour in to cheer the Poly team to victory.
Wives of Cal Poly students, in addition to typing papers for their husbands and keeping house, organize to provide social activities for themselves and their husbands, and institute service projects which benefit Poly and its students.

The wives, most of whom are organized according to their husband's major, generally meet twice a month to socialize and plan future events. Some of this year's activities have been: a cake sale for the memorial fund, Christmas parties, play nights, bridge games, and guest speakers.
ME WIVES: Front row, left to right: Barbara Hook, Nancy Pricer, Dixie Block, Jeanette Thompson, Claire Heady, Lynne Erickson, Karen Lowe, secretary. Left to right: Nancy Tubesing, Peg Whiting, Sylvia Anderson, JoAnne Armstrong, Sandy Hoymen, Joan Weaver.

WOMEN'S Sextet
One cannot deny that in the Fall, a college's interests turn to the activities and efforts of its football team. Cal Poly is no exception, for through the years, many fine teams have been fielded, and Poly's reputation as a gridiron power among California's schools is well-known and respected.

This year, the pleasantries and festivities of the football season at Cal Poly were forever marred when word reached the campus on October 29 that a chartered airliner, carrying the Poly football team home from a Saturday afternoon game with Bowling Green State University, had crashed on takeoff at the Toledo, Ohio airport.

Sixteen members of the football team, the team manager and a local team booster were killed in the crash. Most surviving members of the team were injured. The college, and the nation, were shocked and saddened.

In a college yearbook, the section devoted to...
the football team and to the football season is usually filled with pictures of team action, highlights of season activities and reports of game results. But this year, we use these pages to record the names and pictures of those team members who lost their lives. They will always be a part of the history of this institution.

On other pages of the book, the El Rodeo staff felt its readers would still want to see its team and the individual players in action in the games played during the early part of the season. For that reason, we have included them.

We can ask ourselves many questions as to the "whys" and "hows" of life and its complexities, but we can arrive at very few answers and even fewer conclusions. One fact is definite, however, to all students, faculty members and friends of California State Polytechnic College: these men will never be forgotten.
MEMORIAL GAME

Spirited play was shown throughout the Memorial contest as everybody "got in on the tackle."

Hancock ball-carrier is surrounded by white-shirted Fresno tacklers. Hancock JC won the contest 36-26.

Pass goes just beyond reach of intended receiver and defender.
Curtis Hill, rated one of the finest college ends, leaps high to snag ball away from two Brigham Young defenders.

Cal Poly line flattens San Diego State defenders as Roger Kelly bolts over for the six points in a Mustang 34-6 victory.

John Ramsey sweeps end for a large gain during triumph over San Diego State.
Rod Baughn (71) and Al Marinai (69) rush to the side of Mustang ball-carrier Norton Engen as he goes over two downed BYU gridmen.

Coaching the 1960 Mustang team were, left to right: Walt Williamson, Sheldon Hardin, Howie O'Daniels, and head coach Roy B. Hughes.
J.V. FOOTBALL

Cal Poly's Junior Varsity Football squad prospered as this year's team rolled to four victories and two defeats.

Highlights of the season included the 12-7 upset of the highly touted UCLA frosh. Fresno was also a victim of the Colt bite. Poly intercepted seven passes and returned five for TD's in the 44-0 romp over Fresno.

Although marred by injuries the Colts always fielded a fighting squad that fought hard for the well earned victories.

Jim Riley hits Fresno State receiver in time to stop him from making any further yardage.

Pass defense played a key roll in defeating Fresno State. Here Fred Whittingham breaks up a play.
Playing with one of the best teams that Cal Poly has fielded in some time proved to be only good enough for third place in the CCAA action this year as the league was also the strongest it has been in many seasons.

All-around strength throughout the league brought about the fierce battle for the championship, which was finally snagged by UCSB in the final stages of league competition.

Poly gave their best efforts in the quest for the crown but lost out in crucial road games as the San Diego Aztecs slipped past the locals in a well played contest. All in all it was a fine year for the Mustangs. They scored victories over the highly-touted LA State quint, Long Beach, San Diego, and one of the best defensive teams of the nation, the University of San Francisco.

The Mustangs had a well-balanced team with a good bench to support the starters. With former CCAA star Theo Dunn returning after a service stint, the Mustangs were able to field one of the best rebounding and scoring squads in the league with Rally Rounsaville, Joe Rycrow, Jim Clark, Mol McCormick, Jerry Shackelfurd, and Dale Kuykendall all hitting in the double figures many times throughout the season.
Rally Rounsaville, high-jumping junior guard, goes way up to score against one of the nation’s top small college quintets, Los Angeles State.
Malcolm McCormick drives past Westmont defender to score in the victory for Cal Poly.

Jerry Shackelford helped down the University of Redlands by scoring an easy bucket on a drive.
Camera catches ball at moment of contact with the floor as Westmont Warriors are downed by Poly. Ball gives appearance of being stuck to the floor.

Bob Eberhardt battles with Westmont defender for rebound. Poly’s fine rebounding was a key to many hard-fought victories.

High-scoring guard Rally Rounsville lofts one over everyone and scores two more big markers for the green and gold. Rally was one of the top scorers with over 320 total points and a 14-plus average per game.

Mol McCormick looks amazed at George Scott's magic of making the ball remain in mid-air. Even the Pasadena roundballers don't know what to do in such a situation.
High scoring forward Bob Horwath scores two more points for the Colts. Bob was the leading scorer in most of the Colt victories.

J.V. BASKETBALL

A pair of ex-GI's led the 1960-61 Colts to a very exciting season of competition with many Junior College quintets and college freshman teams. Bob Horwath and Bob Wilmot, both with experience in Air Force basketball, provided the team with rebounding and also with scoring punch.

Also included in the starring roles were Ken Johnson, Tom Kelch, and Jim Deacon.

With this fine nucleus the Colts romped to impressive victories over Taft J.C., Reedly J.C., UCSB, and Coalinga. As the book went to press the squad sported a fine 7-3 won-loss record.

Boxing without the services of two previous All-Americans because of a conference ruling, Coach Tom Lee's 1961 squad was looking toward a very successful season. As we go to press the team has won four matches, two apiece against Fresno and Nevada, while losing to rugged squads from California and Stanford.

Freddie Martin and Walt Hailey, All-American performers in the past, were declared ineligible by the new conference and thus saw action only against Nevada, a non-conference foe.

Heading the list of league competitors was Bobby Gow, a 156-pounder, and previous PCI champ in 1957 at 147 pounds. Gow split two matches with Tolono of Nevada. Tolono was NCAA runner-up last season.

Also sporting fine records were "Cowboy" Clayton Oilar, Jerrold Gebbie, Frank Godinez, Bob Labelle, Bruce Mobus, Fred Minos, and Hilmer Weyler.

The squad was looking forward to the conference tournament at Chico in April. Coach Tom Lee looked to the tournament with high hopes, saying, "We have a good chance of winning."
Nevada pugilist throws a right hand that misses its mark. Cal Poly won this match and went on to defeat Nevada very handily.

Blood begins to show on the face of this Nevada entry in the big night of fighting staged by Tom Lee's crew.

Freddie Martin floors his opponent for the count. Under the new rules, Freddie was able to fight only a few fights, against non-conference foes only.
Who pulled the stool out of the way?

Novice boxing champions, left to right: Lennie Hupp (125), Frank Garcia (132), Darrell Fletcher (139), Clayton Oiler (147), Jan Lindeman (156), Sandy McCaffery (Miss Knockout), Bob Labelle (165), Duke Millard (1781), Ron Allen (Cruiserweight), Gary Chilcott (Heavyweight), and tournament director Tom Lee.
After Coach Sheldon Hardin lost three outstanding wrestlers in the tragic plane crash, things looked mighty bleak for the team. But with the lightweight men pulling off some real nice pins against stronger opponents, Coach Hardin and his crew stood with a fine 11 win, 2 loss record.

Larry Owens, Jim Root, and Frank Garcia led the team with 12-1, 12-1, and 11-1 records, respectively. Also accounting for many victories were Neil Pew, John Lilles, Bill Graham, and Bob Addington.

Falling in the path of these grapplers were Stanford, 20-16, 18-16; Cal 14-12; UCLA 23-12; Chico State 17-11, 19-13; San Diego 23-10; Long Beach State 26-8; LA State 26-10; and UCSB 28-8, 28-8.

Oregon State drubbed the locals 29-3 and also San Jose State topped the Mustangs 17-11.

As we go to press, Coach Harden is looking toward the NCAA tourney at Corvallis, Oregon. He hopes to send three entries to the event.
In one of Poly’s many victories the opponents were put into many precarious positions such as this one that won a few points for the mighty Mustang grapplers.

That’s not the right way to give artificial respiration.

In a rough and tough contest the strongmen prepare to hit the canvas and overpower the opponent through skill and strength.

Intently watching, the referee scores the match on holds obtained or broken by the opponent in quest of a win.

And the referee pins them both for another victory for Cal Poly.
With only two returning lettermen, Coach C. J. Hanks fielded a team against a tough CCAA slate, which saw San Diego heading for a National Championship. John Callen and Buddy Petty led the team throughout the season.

Coach Hanks scheduled 10 dual meets and two tournaments for the Mustangs of the fairway. The tournaments were the CCAA tournament in Los Angeles and the Southern California Intercollegiate tourney to be held at Palm Springs.
For the first time since 1955, intercollegiate soccer returned to the Cal Poly campus. Though inexperienced, the team proved to be spirited. They played only two contests, losing to San Jose State 3-2, and to West Coast defending champion University of San Francisco, 3-0.

Members of the soccer team were: B. Brown, J. Patino, F. Cubillas, J. Ayaka, E. Lopez, A. Auli, R. Sharafetdin, C. Jimeniz.

The team was coached by Anatol Hellman.

Opponent uses his head in stopping pass in one of Poly's hard-fought Soccer contests.
Record-breaking feats by many members of the squad enabled them to have a 5 win, no loss record as we go-to press. In the recent meet at Seattle, Coach Anderson entered five swimmers and they set nine records.

Jack Adams, Frank Brooks, Cortney Childs, Jim Wilson, and Francis Bell, have been leading the squad with their record-busting feats: relays, freestyles, distance swimming, and individual medleys. Bill Murr and Jeff Capell, freshmen, have also helped the squad tremendously.
Gene Lenz, right, Cal Poly swimmer who placed seventh in the 400-meter Olympic event in Rome, is shown with Coach Dick Anderson. In foreground are some of the trophies Lenz has acquired during his four years at Cal Poly. Medal in lower left corner is for the Olympics. The Oriental trophy between Lenz and Anderson was given to the Mustang merman during a visit through Japan with an American swimming aggregation.

Cal Poly wins another good race as the stopwatch records the time of the event.

Distance swimming proved to be the major factor for the fine season compiled. The Mustangs captured many victories in this, the butterfly.
WATER POLO

Another goal for the mermen of Cal Poly.

Mustangs prepare to stop a scoring threat by aggressive opposition.

Coach Richard Anderson
TENNIS

Coach Ed Jorgensen's netters faced a tough schedule after having started the season with a 7-2 victory over Westmont.

Two standout players of last year were ineligible. One of them had to drop out of school due to an unfortunate auto accident. Mike Moore, the injured star, was number one man last year.

San Diego, Santo Barbara, and LA drew the nod as the teams to win at the season's opening but the Mustangs had different plans. Rowson Lloyd, George Spain, Don Lord, Tom Lingham, Siavosh Bahador, and Marshall Wright carried the hopes of the coach. Many freshmen were included on this year's team.

Following CCAA action the team entered the Ojai Tournament.

Rowson Lloyd serves one up as team downs Westmont in the first match of the year.

Rowson Lloyd gets set to drive a serve past the waiting opponent.
Sprinter Pierpont Laidley jumps from the starting block in record time.

Lafferty hands the baton to Gatlin as the relay team races to victory.

Not enough depth hampered the 1961 Track squad this season, although the team was well stocked with fine individual performers.

Coach Walt Williamson felt that he had a National Champion in Tom Pagani in the hammer throw. Pagani was also expected to place in the shotput event at the Nationals in Philadelphia.

Louis Rodriguez turned in record-breaking performances in the mile and half-mile events. High-jumper Dennis Jones soared to a new school record of 6'7" and was expected to go even higher as the season progressed.

Pagani and Jones entered the Easter Relays at Santa Barbara and the two of them scored more points than any small college in attendance.

Facing the Mustangs on a tough schedule were UCLA, UCSB, Santo Clara Youth Village, and LA State. Coach Williamson was looking forward to a rugged season with only 14 squad members. He was confident that the squad could score as many firsts as any school but that they just didn’t have the depth.

High-jumper Dennis Jones soared to a new school record of 6'7 3/4".

Veteran distance man Jack Wofford jogs his way to a victory in the two-mile run.

Tom Pagani looks as though he is going to fly away after throwing the shotput.
Rost, a freshman sprinter, has a big lead as the relay team screams to win in the mile-relay.

Tom Pagano heaves the shotput. He set a school record with his toss of 55'.

Dickey anchors the relay team victory over the Westmont Warriors in the early season meet.
BASEBALL

Playing some of the toughest college competition, the 1961 Cal Poly baseball team has compiled a six win and six loss record as we go to the presses. Coach William Hicks has scheduled his diamondmen to play quite a few games this year with the new conference ruling saying that league opponents shall play each other on consecutive days.

In tough non-league competition, the Mustangs met USC, rated the top college nine in the U.S. The Trojan power was too much for the Mustangs. Also, while in the southland, UCLA conquered the Mustangs but only after a hard-fought battle which saw Poly leading most of the game.

Good hitting and pitching have bolstered the squad so far but errors have been costly. Coach Hicks was well pleased with the showing so far but feels that the team can be much better with the needed experience.

The most impressive hitters so far have been Jerry Williams, Cameron Best, Noel Kawachi, Lyman Ashley, and team captain Jim Harper.

Dick Guerra, Bruce Anderson, Brad McFadden, Don Smallwood, Jim Owens, and Roy Scialabba have been the heart of the pitching core.
Cal Poly scores another run and goes on to win.

Coach Bill Hicks congratulates slugger Williams after a four-master.
INTRAMURALS

A loose ball during the Monday night Intramural League.

Working the ball in for a shot during the Thursday night league. This league finished in a tie between the Osondolers 5-0, and the Gaflin Raiders, 5-0.

Checking that all important score during the Tuesday night league. The evening leagues were held Monday through Thursday with the winners of each league going to the finals.
Stopped for no-gain against the TA Society during the Saturday afternoon game.

The referee keeps a close eye on the play as the action starts to get hot.

Ron Omphundre (Tonto) sweeps around left end for the handoff. The games were played on Saturday afternoons.
With the new athletic facilities in the new men's gym, the Intramural program of the 1960-61 school year enjoyed a most successful season. Twenty-four teams participated in the touch football league during the first quarter. Other activities included tennis, handball and volleyball. Over 500 men participated in the basketball league during the winter quarter, 48 teams being broken into eight leagues.

The "Gatlin Raiders" edged the "Horsehiders" in the playoff game to receive the intramural awards.

The spring quarter proved a busy one for the intramural program. Included in sports for participants were softball, track and field, volleyball and badminton.
Game between the "FILLIES," Rodeo Club's team, and the "RED DEVILS" from Santa Lucia dorm. Looks like Gerri Worshawski, captain of the "FILLIES," is going to get a chance to score for her team.

"FILLIES"

"RED DEVILS"

Girls' basketball team from Santa Lucia dorm. First row, left to right: Sonia Pesola, Jona Mosgofauluf, Pam Reynolds, Candy Wood, Phyl Lees, Diane Jackson.
SYNCHRONIZED SWIMMING

Poly Mermaids are creating Aquatic Arts which they will perform at the Poly Royal Aquatic show. Pat Smith, in charge of the group, says the theme for the Poly Royal show is "SEA KINGDOM."

MODERN DANCE

The purpose of this senior physical education class is to introduce the students to modern dance. Dances are composed and presented by the students in class. Left to right: Berta Panagakis, Carol Ely, Mary Joy Gonzales, Pat Smith.
Poly Corinthians sailing at Morro Bay.

SPRING ACTIVITIES

Cider Sipper’s dance on Wednesdays.

Theater goers see Beautiful People.
They said to go fly a kite.

That's right, keep it clean!

Inter-hall transportation.
Cal Poly at Avila Beach.

Soaking up sun.

From dawn to dusk.

Poly's own night club.

It's spring all right!
8:00 P.M. — Reception honoring Poly Royal Queen Anne Miller.

1:00 P.M. — Parade welcoming 'Firehouse Five Plus Two'

1:30 P.M. — Intercollegiate Rodeo and its steer riders.

2:00 P.M. — Judging the beard growers.

What every rodeo needs ... some fillies!

Ride 'em cowboy!
Happy crowds gathering for the Poly Royal Carnival.

Make it an all-time splash.

8:30 A.M. — This must be a cow college.

By golly, it is a cow college.
Ouch! That's cutting it a little close.

This sure was worth working for.

11:00 A.M. — It's a beautiful day for a concert on the lawn.

Lots of fun and lots of food.

1:00 P.M. — The queen overlooks her sea kingdom.
2:00 P.M. — Don’t worry, we’ll be finished in time.

This architecture display is great.

Technical Arts Exhibit

Arab Exhibit

R.O.T.C. Exhibit

That’s better than the average!
Ornamental Horticulture Exhibit

Lots and lots of people.

10:00 P.M. — "And here comes the queen."

10:30 P.M. — Anne Miller is crowned.
William Saroyan's play, "The Beautiful People", was the choice of the College Union Drama Committee for its spring presentation. "The Beautiful People" is the tender and moving story of humanity itself, told with that warmth and kindness the world has come to regard as being the particular genius of Saroyan. The action is set entirely in the home of Jonah Webster in San Francisco's Sunset District. Here we meet old Jonah himself, half-charlatan, half-genius; his 18-year-old son, Owen, a poet who rhapsodizes on the beauty and profundity of single words such as 'tree' or 'is'; Agnes, his sister of 16, whose tender concern for mice causes Owen to style her their patron; and such diverse characters as Harmony Blueblossom, Don Hillboy, William Prim, and Father Hogan who are all refreshed and vivified by the unique quality of the Webster household. "The Beautiful People"—a study in the delights of humanity.
Owen demonstrates the effervescence of Webster home life as Harmony Blueblossom imperturbably knits (Act I).

Left: Jon Morrison puts the final dabs on Bill McBride's makeup. Right: Director Nielsen giving pointers.

Construction of sets, under the direction of Murray Smith, with a staff of expert student volunteers, occupied three weeks.
Dumfounded, Father Hogan and Hillboy listen as Owen explains his theories of poetry . . . each individual word carries a world of meaning within itself.

Left: Ensnaced in the seat of honor, director Nielsen explains the play to his cast and crew. Right: Murray Smith, Leslie Guskie, Lonnie Allan, and Dove Harper hard at work on the embryonic set.

"Saint" Agnes and Owen look at the mouse he has found in the cathedral as Jonah watches in concern and Prim with the uncertainty of the initiative to the Webster world.

JOHN E. HIGGEE, Mathematics and Electronic Engineering, Monrovia.
HOWARD H. HILL, Mechanical Engineering, Sacramento.

PAUL R. HILL, Mechanized Agriculture, Berkeley.
DAVID A. HILLIARD, Technical Arts, Balboa, Canal Zone.
STUART E. HIPPLER, Agronomy, San Jose.
JAMES L. HODEL, Electronic Engineering, San Luis Obispo.

GERALD HO, Mathematics, San Luis Obispo.
GARRY N. HOLDGRAFER, Animal Husbandry, Fontana.
LYLE J. HOLLOWAY, Mechanical Engineering, Whittier.
COREY T. HOOK, Mechanical Engineering, San Luis Obispo.

DONALD C. HORAL, Agricultural Engineering, Midway City.
ROBERT V. HÖWELL, Printing Engineering, Redlands.
DAVID JOHN HORTON, Truck Crops, Napa.
DENNIS L. HOWLAND, Mechanical Engineering, Los Angeles.

QUANG GEOU HU, Electrical Engineering, Peiping, China.
JOHN FREDERICK HUMPHRIES, Electronic Engineering, Dulzura.
CHARLES SCURLOCK, Business, Pasadena.

TAKESHI ISHIH, Poultry Husbandry, Hawaii.
ALAN ISHIKAWA, Aeronautical Engineering, South Pasadena.
KIICHI ITO, Electrical Engineering, Yokohama, Japan.
JAMES C. JACKSON, Electronic Engineering, Santa Rosa.

DONALD JACKSON, Poultry Husbandry, Paradise.
LEONARD H. JAMES, Mechanical Engineering, Tuolumne.
WILLIAM F. JESSE, Technical Arts, San Pedro.

BRENDA JOBE, Elementary Education, Vista.
ALBERT JOHNSON, Animal Husbandry, San Luis Obispo.
BRADFÖR L. JOHNSTON, Mathematics, Watsonville.
DONN R. JOHNSTON, Aeronautical Engineering, Pico Rivera.
CHIC JONES, Mathematics, Santa Barbara.
GLEN D. JONES, Electrical Engineering, San Luis Obispo.
RAY JONES, Mechanical Engineering, Glendale.
ANDREW JUSTICE, Physical Science, Madera.

HERB E. JINGST, Animal Husbandry, San Francisco.
PAUL H. KANE, Electronic Engineering, Napa.
CLARENCE R. KASTNER, Crops, Shafter.
BONNIE KATHKA, Elementary Education, San Luis Obispo.

SHERRILL A. KELLER, English, San Luis Obispo.
LAWRENCE R. KELLER, Architectural Engineering, Los Angeles.
JERRY G. KELLOGG, Electronic Engineering, Bakersfield.
RICHARD R. KELLEY, Electronic Engineering, Sacramento.

ANTHONY R. KENT, Mechanical Engineering, Porterville.
JOHN S. KERR, Business, Santa Maria.
WAYNE KERSTETTER, Social Science, Honolulu, Hawaii.
ABOLGHASSEM KHALILI, Mechanical Engineering, Iran.

BASCOM H. KING, Electronic Engineering, Santa Barbara.
LAYARD KIRBY, Electronic Engineering, China Lake.
MONTE KINSLEY, Farm Management, Merced.
CAROL KISTINGER, Elementary Education, San Luis Obispo.

OWEN M. KLASSEN, Mechanical Engineering, Brainerd, Minnesota.
GEORGE F. KLIEWER, Farm Management, Milford.
JAMES E. KLING, Mechanized Agriculture, Port Angeles, Washington.
J. MERRILL KNEELAND, Mechanical Engineering, San Luis Obispo.

HERBERT J. KNIERIM, Agricultural Engineering, Franklin Square, New York.
SYLVIA M. KNIGHT, Home Economics, Sherman Oaks.
HOWARD A. KNOST, Mathematics, Toft.
JUDITH A. KOERNER, Social Science, Scotch Plains, New Jersey.

CLEO E. KRAMER, English, Camarillo.
BJORN E. KRISTIANSON, Aeronautical Engineering, San Luis Obispo.
WILLIARD D. KUYKENDALL, Animal Husbandry, Visalia.
LANNY A. LAFFERTY, Aeronautical Engineering, Granada Hills.
SAL J. LUCIDO, Electrical Engineering, Monterey.
J. A. MADISON, Mechanical Engineering, San Francisco.
RALPH D. MAHAM, Farm Management, Moorpark.
ROBERT H. MANN, Electronic Engineering, Pacific Palisades.

JIM MANNASSERO, Farm Management, Placentia.
MARK J. MARGETTS, Mechanical Engineering, Sacramento.
CHARLES H. MARTIN, Mechanical Engineering, Colton.
DONNA K. MARTIN, Elementary Education, Bakersfield.

RALPH D. MAHAM, Farm Management, Moorpark.

HENRY MARTIORUS, Mechanized Agriculture, Lompoc.
ANTHONY D. MASSA, Mechanical Engineering, Hayward.
HARRY MASTERSON, Animal Husbandry, Cle Elum, Washington.
RONALD L. MAUREL, Mechanical Engineering, Bakersfield.

THOMAS G. McCARTHY, Electrical Engineering, Lakewood.
LAWRENCE L. MAYHEW, Electronic Engineering, Ventura.
JAMES M. McCLEARY, Electronic Engineering, Burbank.
ZELL O. McCLELLAND, Elementary Education, Covina.

DARRELL L. McCCLURE, Electronic Engineering, Watsonville.
THOMAS J. McDERMOTT II, Aeronautical Engineering, Pittsburgh.
GORDON B. McFADDEN, Farm Management, Corcoran.
ROBERT McClAREN, Physical Science, Compton.

SCOTT R. Mc MILLAN, Architectural Engineering, Arcadia.
HUBERT A. MEHLING, Printing Engineering, Santa Barbara.
JAMES V. MEIDEL, Mathematics, Santa Maria.

ALBERT D. MELENDREZ, Architectural Engineering, Los Angeles.
DONALD E. MELIN, Poultry Husbandry, Chino.
RICHARD F. MILSHEIMER, Mechanical Engineering, Los Angeles.
CHARLES T. MELVIN, Printing Engineering, Porterville.

LYDIA J. MELVIN, Home Economics, Paso Robles.
RAYMOND MERCADO, Aeronautical Engineering, Visalia.
MELVIN E. MIKKELSEN, Mechanical Engineering, Redwood City.
GARRETT MILLER, Air Conditioning and Refrigeration Engineering, Glendale.
HAROLD R. MILLER, Mathematics, Ely, Nevada.
JERRY R. MILLER, Industrial Engineering, San Mateo.
MELVIN D. MILLER, Industrial Engineering, Pasadena.
RODNEY D. MILLER, Agricultural Engineering, Paso Robles.

RUBY L. MILLER, Biological Science, Glendora.
NABEEL MINKARA, Electrical Engineering, San Jose.
JAMES N. MITCHELL, Mechanical Engineering, Placerville.
STANLEY W. MOEN, Architectural Engineering, Crosby, North Dakota.

JARBARA L. MOENCH, Agricultural Journalism, San Luis Obispo.
MICHAEL M. MONROE, Technical Arts, Santo Mario.
CAROL ANN MOORE, Elementary Education, Santo Mario.
CHARLES E. MOORE, Architectural Engineering, Pasadena.

WINSLOW MOORE, Mechanical Engineering, Lafayette.
WILLIAM E. MORGAN, Electrical Engineering and Mathematics, Salinas.
FOROUD MOTAMEDY, Air Conditioning and Refrigeration Engineering, Iron.
HOOSHANG MOTTAEDEH, Field Crops, Tehran, Iran.

DONALD W. MUELLER, Architectural Engineering, Arcadia.
JAMES J. MUFFIE, Mechanical Engineering, Lompoc.
JOHN B. MUHLNER, Architectural Engineering, Piedmont.
NORMAN A. MULVENON, Biological Science, Santa Monica.

CARL MURRY, Fruit Production, Hughson.
RONDAL MURRAY, Mathematics, Santa Cruz.
MUSTAFA MASRI, Mechanical Engineering, Tripoli, Lebanon.
ERLITA L. MYERS, Farm Management, San Pedro.

LYMAN A. MYERS, Farm Management, San Pedro.
ALI E. NADER, Mechanized Agriculture, Iron.
CHARLES JOHN NARETTO, Aeronautical Engineering, Santa Barbara.
ALAN W. NELSON, Aeronautical Engineering, Laguna Beach.

KENNETH D. NICHOLS, Physical Science, Pasadena.
ARTHUR J. NIEDZIELSKI, Aeronautical Engineering, Scranton, Pennsylvania.
LOYD T. NISHIMOTO, Mechanical Engineering, Stockton.
VICTOR NISHIMOTO, Mathematics, Stockton.
TADAO NISHIOKA, Aeronautical Engineering, Clarksburg.
DALE NORDSTROM, Mechanical Engineering, Burbank.
WILLIAM R. NUTE, Physical Science, Millbrae.
ALLAN F. OCHS, Social Science, San Luis Obispo.

EDWIN V. O'CONNOR, Physical Science, San Luis Obispo.
WILLIAM A. OKAFUJI, Mathematics, Maui, Hawaii.
NATHAN JOSEPH OLIVAS, Crops, Gilroy.
JESSE M. OLSON, Physical Education, Monterey.

ROBERT L. OLMAN, Architectural Engineering, Balboa Island.
JOHN H. OLMANNS, Aeronautical Engineering, San Luis Obispo.
RALPH L. OPPFELT, Electronic Engineering, Granada Hills.
JACK P. ORR, Soil Science, Los Banos.

ROBERT H. OSBORN, Agriculture Engineering, Shell Beach.
RICHARD F. OVERMYER, Electrical Engineering and Mathematics, San Luis Obispo.
FRANK S. PADILLA, Physical Education, Paso Robles.

BRUCE PARENT, Mechanical Engineering, San Luis Obispo.
DAVID A. PARGEE, Field Crops, Orange.
GARY L. PARKER, Electronic Engineering, Upland.
WILLIAM R. PATE, Technical Arts, San Luis Obispo.

DON PATSTON, Mechanical Engineering, Los Altos.
JERE PATTERSON, Electronic Engineering, Sunnyvale.
KENNETH PAULY, Aeronautical Engineering and Mathematics, Culver City.
JAMES R. PETERSON, Soils, San Luis Obispo.

MARCIA ANN PETERSEN, Elementary Education, Sacramento.
RICHARD D. PETERSON, Electronic Engineering, Two Harbors, Minnesota.
THEODORE L. PEVERINI, Electronic Engineering, Soledad.
TUAN T. PHAN, Electronic Engineering, San Francisco.

RONALD PHILLIPS, Electrical Engineering, Santo Barbaro.
RICHARD L. PHILLIPS, Mechanical Engineering, Berkeley.
MARY K. PHIPPS, Elementary Education, Long Beach.
RICHARD A. PIERCE, Elementary Education, Compton.
ROY B. POGUE, Mechanical Engineering, Hayward.
VICTORIA PORTER, Elementary Education, Sacramento.
GARY A. PORTERFIELD, Animal Husbandry, Darris.
JACQUELINE POWELL, Elementary Education, Whittier.

PAULETTE POWELL, Home Economics, Santo Cruz.
KEITH H. PRICER, Mechanical Engineering, Placerville.
DANIEL F. RABEY, Soil Science, Douglaston, New York.
JAMES C. RAWLINGS, Mechanical Engineering, Turlock.

RAM PAUL GUPTA, Electrical Engineering, Jullu­nour City, India.
RAYMOND RAMOS, Air Conditioning and Refriger­eration Engineering, Compton.
PETER RAMPAS, Architectural Engineering, Baker­field.
AMY RANDALL, Elementary Education, San Luis Obispo.

DONALD S. RAYMONDS, Architectural Engineer­ing, San Jose.
RICHARD RAKOW, Aeronautical Engineering, Santo Paula.
DONALD S. RAYMUNDO, Architecture, San Jose.
ROBERT K. RE, Electronic Engineering, Santa Cruz.

KATHY REILLY, Physical Education, Oakland.
LINDA L. REDMUND, Elementary Education, San Luis Obispo.
KENNETH H. RHODES, Dairy Manufacturing, Sierra Madre.
JAMES O. REYNOLDS, Mechanical Engineering, Sacramento.

FRANK RICIGLIANO, Air Conditioning and Re­frigeration Engineering, New York.
DREXEL RICHARDSON, English, Huntington Beach.
ROBERT E. RICKLEFFS, Electronic Engineering, San Carlos.
WILLIAM C. RING, Electronic Engineering, San Diego.

EDWARD J. RIOS, Air Conditioning and Refriger­ation, Engineering, Santa Barbara.
STEVEN D. RITCHIE, Mechanical Engineering, Somerset.
DONALD G. RITTER, Biological Science, Chicago, Illinois.
DONALD K. ROBERTS, Electronic Engineering, Portland, Oregon.

JOHN H. ROBERTS, Mechanical Engineering, Pas­adena.
MICHAEL L. ROCKHOLT, Industrial Engineering, San Carlos.
JAMES L. RODGERS, Electronic Engineering, Mon­rovia.
PATSY R. RODRIGUEZ, Elementary Education, San Luis Obispo.
RICHARD A. ROLLER, Biological Science, Redwood City.

DANIEL H. ROSE, Truck Crops, Patterson.

HENRY J. ROSENFELD, Electrical Engineering, Son Luis Obispo.

PAUL ROSENBERG, Mechanical Engineering, Los Angeles.

DON E. ROWE, Mathematics, Citrus Heights.

DAVID H. RUEB, Architectural Engineering, Temple City.

DONALD E. RUFF, Mechanical Engineering, Taft.

DANIEL H. RUEB, Architectural Engineering, Temple City.

DONALD E. RUFF, Mechanical Engineering, Taft.

DON RUSSELL, Printing Engineering, Oakland.

TERRY A. RUTLIN, Mechanical Engineering, Bakersfield.

CYRUS E. SABOUNI, Aeronautical Engineering, Iran.

MOHAMMED R. SADEGHI, Animal Husbandry, Iran.

ROBERT E. SAIZ, Aeronautical Engineering, Stockton.

STEVE SALTER, Mechanical Engineering, Walnut Creek.

CHARLES L. SANDERS, Electronic Engineering, Camarillo.

GURVIS S. SARILLE, Electronic Engineering, Sacramento.

EMIL SAXBERG, Industrial Engineering, Berkeley.

ALLEN J. SCHAFFER, Home Economics, Anaheim.

KENNETH F. SCHOPP, Architectural Engineering, Los Angeles.

DONALD SCOTT, Air Conditioning and Refrigeration Engineering, Berkeley.

HUBERT A. SCOTT, Political Science, Morro Bay.

JACK F. SCOTT, Animal Husbandry, Son Luis Obispo.

RICHARD R. SCOTT, Mathematics, Chickadee, Massachusetts.

JERE SCHULTZ, Physical Science, Exeter.

HARRY SCAR, Industrial Engineering, El Monte.

JERRY L. SHACKELFORD, Physical Education, Muncie, Indiana.

FRED L. SHaffer, Mathematics, Keyser, West Virginia.

JOHN M. SHAFFER, Architectural Engineering, Woodland.

RONALD E. SHARP, Dairy Husbandry, Son Jose.

WILLIAM C. SHARPSTEEN, II, Aeronautical Engineering, Oakland.

DOUGLAS C. SHAW, Architectural Engineering, Tujunga.
DON W. SHIRLEY, Mechanical Engineering, Agoura.
ANTHONY G. SILVA, Farm Management, Hollister.
MARTHA M. SILVA, Elementary Education, San Luis Obispo.
LAWRENCE L. SIMONS, Architectural Engineering, Los Angeles.

BILL T. SIMPSON, Mathematics, Rawley.
SALLY SIMS, Elementary Education, Elk Grove.
SILVINO V. SIMSIMAN, Industrial Engineering, Salinas.
PAUL M. SINCLAIR, Mechanical Engineering, San Carlos.

JAMES L. SIPMAN, Architectural Engineering, Montrose.
JACK SLICHTON, Mechanical Engineering, San Luis Obispo.
CAROL R. SMELTZER, Elementary Education, Paso Robles.
GERALD A. SMITH, Mathematics, Paso Robles.

JOHN W. SMITH, Electronic Engineering, Arvin.
MERLYN C. SNAVELY, Animal Husbandry, San Luis Obispo.
DONALD SNOW, Architectural Engineering, Lomita.
WALTER A. SONNICHSEN, Architectural Engineering, Son Mateo.

HENRY E. SPAN, Fruit Production, Courtland.
EDWIN T. SPENCER, Mechanical Engineering, Livermore.
WAYNE SPETH, Electronics, Los Angeles.
WILLIAM J. SPINI, Dairy Manufacturing, Mount Shasta.

CHARLES STALLINGS, Industrial Engineering, Eugene, Oregon.
ALLEN L. STANLEY, Printing, Escondido.
STANLEY STANWYCK, Air Conditioning and Refrigeration Engineering, San Luis Obispo.
DONALD R. STEGER, Mathematics, Nevada City.

WILLARD R. STEVENS, Technical Arts, Santa Barbara.
DUANE D. STONE, Architectural Engineering, Stockton.
LEOON E. SUGS, Mechanical Engineering and Mathematics, Oxnard.
SAM SUTHERLAND, Mechanical Engineering, Tujunga.

ROBERT L. SWETT, Architectural Engineering, San Diego.
THOMAS TALBERT, Elementary Education, Covina.
CRADY TALBOT, Mechanical Engineering, Fresno.
AMIKAM TANEL, Agricultural Engineering, San Luis Obispo.
CHARLES TANGREN, Mathematics, Dunsmuir.
YAGHOUB TASSOUDJI, Pomology, Tehran, Iran.
GARY W. TAYLOR, Dairy Manufacturing, Sacramento.

ROBERT W. TAYLOR, Dairy Manufacturing, Knights Ferry.
DONALD E. TESSIER, Biological Science, Pomona.
DARRYL W. THOMPSON, Mechanical Engineering, Wilmington.
HAROLD R. THOMPSON, Mechanical Engineering, San Luis Obispo.

KIETH L. THOMSON, Electronic Engineering, Lafayette.
MARSHALL S. THOMPSON, Mechanical Engineering, San Luis Obispo.
CHARLES H. THRONSON, Mechanized Agriculture, Dayton, Washington.
GEORGE L. TILLEY, Mathematics, San Luis Obispo.

ROBERT T. TILLEY, Animal Husbandry, Colton.
MARVIN A. TINGDAHL, Mechanical Engineering, Atascadero.
NICK TINLING, Mechanical Engineering, Pasadena.
JERRY S. TODD, Mechanical Engineering, Needles.

MARIE F. TOMASINI, Elementary Education, San to Margarita.
EARL TOWSON, Aeronautical Engineering, Bakersfield.
ROBERT P. TOWNLEY, Electronic Engineering, San Francisco.
RAYMOND M. TOOMEY, Industrial Engineering, Arroyo Grande.

TAKASHI TOMOOKA, Electrical Engineering, Santa Maria.
ROBERT D. TOMKINSON, Technical Arts, Phoenix, Arizona.
BYRON C. TROUTMAN, Aeronautical Engineering, Whittier.
GUYSEL TUCKER, Mechanical Engineering, Scotia.

DAVID G. VANDERMOLLEN, Mathematics, Ojai.
JOHN R. VAN DYKE, Technical Arts, San Luis Obispo.
JOHN VON SEGGERN, Mechanical Engineering, Sacramento.

JOHN O. VENN, Mechanized Agriculture, El Monte.
JOSEPH T. WASHINGTON, Air Conditioning and Refrigeration Engineering, Newburgh, New York.
JAMES WEST, Mathematics, Hayward.
KAREN WHITE, Technical Journalism, Halcyon.
ALICE C. WHITMOYER, Home Economics, Burbank.
KURT J. WINDLINX, Mathematics, Gualala.
IVAN A. WOOD, Dairy Husbandry, Chula Vista.

WILBOR F. WATJE, Agriculture Chemistry, Arlington.
ROGER WANGER, Mathematics, Santa Ana.
JOHN S. WARD, Mechanical Engineering, China Lake.
WILLIAM W. WARREN, Technical Arts, Morro Bay.

GERALDINE WARSHAWSKI, Animal Husbandry, Victoria, B.C., Canada.
JERROLD JESSE WATERS, Truck Crops, Torrance.
LOUIS A. WATTS, Electronic Engineering, Long Beach.

JEROME A. WESTPHAL, Agricultural Engineering, Long Beach.
CASPER J. WEIR, JR., Mechanical Engineering, San Luis Obispo.
PAUL G. WILLIAMS, Electronic Engineering, Atascadero.
ROBERT E. WILLIAMS, Animal Husbandry, Santa Maria.

LOGAN H. WILSON, Poultry Husbandry and Agriculture Education, Patterson.
OLIVER J. WILGRESS, Architectural Engineering, Los Olivas.
MARGARET WHITING, Elementary Education, San Luis Obispo.
ROBERT E. WILSON, Soil Science, San Luis Obispo.

ROBERT F. WILLMOTT, Soil Science, Los Angeles.
KIN S. WONG, Electronic Engineering, Sacramento.
MARSHALL WONG, Electronic Engineering, Los Angeles.
OTIS D. WOODALL, Mechanical Engineering, Eureka.

JUDITH WOODARD, English, Shell Beach.
ROBERT L. WOODS, Mechanical Engineering, Pasadena.
ADELE WOODS, Home Economics and Journalism, Fortuna.
RAYMOND R. WORKING, Technical Arts, Long Beach.

BARBARA J. WRIGHT, Physical Education, San Luis Obispo.
FRED J. WUNDERLICH, Air Conditioning and Refrigeration Engineering, New York.
FUJIO YAMAMOTO, Mathematics, Alameda.
YUEN CHIU YAN, Agricultural Chemistry, Hong Kong, China.
JAMES N. YARNELL, Mechanical Engineering, Sierra Madre
JOE YIN, Mechanical Engineering, Formosa, Chino
MANOOCHER, YOMTOBIAN, Mechanical Engineering, Tehran, Iran
YUN DUYUNG, Electronic Engineering, Seoul, Korea

EDWARD P. YORK, Social Science, Grover City
NORMAN B. YORK, Electronic Engineering, Newton, Massachusetts
GERALD W. YOUNG, Mechanical Engineering, La Crescenta
LAWERENCE G. YOUNG, Electronic Engineering, Princeton

LINCOLN E. YOUNG, Technical Arts, Lynwood
DUANE E. ZAMPERDI, Agricultural Chemistry, Rupert, Idaho
BARBARA RHODES, Mathematics, Huntington Park
SANDI FREDDIE, Physical Education, Nipomo
SENIOR CLASS EXECUTIVE COMMITTEE, left to right: Dove George, Charlene Cobb, Jerry Brown, Jim Evans, Bill Green, Robert Re, Ken Fisher.
SENIOR STORY

Studying in B Corral

Picking graduation rings

Grade transcripts show all

Trying on caps and gowns as graduation draws near

Small talk in the library patio
SENIOR PROJECTS

Crew of senior "aeros" working on their glider project

Owen's gas lubricated bearing

Guy proudly displays his unusual spear gun

Ken adjusts his mirror surface tester

Al and Don test their EL project
1961
