Dedicated to Dr. Robert E. Kennedy:
An administrative era comes to an end.
Gatherings; chance meetings; old friends; new acquaintances; these are the personal memories. Time cannot intrude on or diminish.

In 1975 the United States began its adjustment to a world where events seemed to out-run our capacity to absorb them. While Rockefeller began investigations into the misdeeds of the CIA and Ford announced the U.S. was in a recession, the Bicentennial celebrations officially began. In April, Vietnam again entered the news as the remaining U.S. personnel had to be evacuated from Saigon. Meanwhile, New York City was in the midst of financial crisis. The danger of aerosol sprays to the atmosphere, an assassination attempt on Ford, the UN declaration of Zionism as a form of racism, and the dictatorial emergency in India were other newsworthy events.
The World Around Us

1976

America demonstrated its capacity to adapt in 1976. Old faces reappeared and new faces stepped forward to provide new hopes. The Winter Olympics, Surveyor’s Mars photos, the national political conventions and the election of Jimmy Carter dominated the news and TV screens. The U.S. began to celebrate our 200th birthday. Marijuana was decriminalized in California, a new investigation of the Kennedy and King assassinations was begun, and in Congress a new scandal began as a result of Elizabeth Ray’s revelations. Meanwhile, old faces made one last appearance as Eldridge Cleaver returned to the U.S. for trial, Mao died in China, and King Kong returned to New York in an oil tanker.
Extremes in weather continued in '77. Eastern blizzards resulted in floods, natural gas shortages and blackouts. Western drought bred rampant fires and water rationing. Newly-elected President Carter faces such issues as energy conservation, the Concorde, the B-1 bomber/cruise missile controversy, Panama Canal and Laetril debates. Idi Amin, Roots and black independence brought Africa into the news. To many, the deaths of Elvis and Groucho signaled the end of an era. Despite mass kidnappings, the KLM/Pan Am crash, Washington imprisonments and gay rights tensions, hopes for the future appeared in movies like Star Wars, the Alaskan pipeline, the Space Shuttle and improved Cuban relations.
The drought was over, but the storms that followed were, in many parts of the country, blizzards and floods. President Carter's popularity was on the downswing because of his foreign policy and the releasing of the Panama Canal. The court rules for Bakke, but condones affirmative action. The nation watched as Californians staged the "Great Tax Revolt," better known as Proposition 13. Champions of world peace were weary with the loss of two Popes, the Russian spy trials, the People's Temple mass suicide and murders in Guyana, and continued tension in the Middle East. Issues still pending were the ERA, the Neutron Bomb, the "Self Rule" plan in Rhodesia, paraquat poisonings, Cuban tension and the threat of Cold War. Muhammad Ali was upset and all of America caught "Saturday Night Fever."
Cal Poly
Five Time NCAA

Vaughn Hitchcock's wrestlers have had an exciting year. They wrestled such top teams as Bakersfield, Iowa State, Iowa University, and Oregon State. They were only one of two teams nationwide to qualify ten men from the Regionals to go to the Nationals. They are the five time Western Regionals champions.

Despite these higher achievements, the Mustangs did suffer some setbacks. Gary Fischer, 118, Jr., was injured during national competition and became unable to compete. Scott Heaton, 167, Jr., an NCAA wrestling placer and Steve Hitchcock, 150, Sr., two time Western Regional Champion, were injured and unable to complete the season. Both men were thought to be potential National Champions.

Below, Terry Markou devastates his opponent. Right, David Cartier in pain from a LSU opponent.

Lambertson and Skophammer were redshirted while Dennard left the squad prior to the start of the season.

Cal Poly runners have had a fantastic year. They took first place at the Cal Aggie Invitational at Davis, the Stanford Invitational at Palo Alto, the Fresno Invitational at Fresno, and the Cal Poly Invitational here at Cal Poly. Their list of accomplishments does not end here however, they later went on to win the Division II NCAA championship.

Jim Schankel led the team to their national championship. He went undefeated for the season and after finishing first in the Division II championship he later went on to compete in the NCAA Division I championship. In this competition Schankel finished eighth out of a field of America's finest.

Fine performances were turned in by all. Four men finished as All Americans; they were Jim Schankel, Mitch Kingery, John Capriotti, and Dan Aldridge.

Shotputter Paul Toma with a mighty heave.

The Cal Poly Women's Volleyball team has had its first winning season this year. They had a fantastic team and a lot of effort was put forth by every member. This year no one was recruited for the team but next year promises to be a real treat for women's volleyball fans due to the fact that some more top players were recruited for the '79-80 season.
