Deep Calleth Unto Deep

An edgeless, endless, boundless press
    Of water and wind and wind and water,
Sea is an overwhelmingness.
    Sea is a meaning hard to utter,
    Sea is a sound, a taste, a smell,
A seething on the skin, a yearning,
    The lift of the long gray slanting swell,
    The tug of the tide, the waves returning,
Withdrawing, churning in unrest,
Shingle and sand, tossed up, hurled under,
    Cast forth, drawn back, a foaming zest,
    A surge, an everlasting thunder
On sandy beach and rocky shelf,
    Shaping itself in waves that batter
    Landward and break, shaping itself
In waves that form only to shatter,
Momently calm, momentarily storm,
Water and wind strange and estranging,
    The ever-formless seeking form,
    The always changeless changelessly changing.

The changing faces of the ocean such are the faces of Cal Poly
See the clouds adrift so far below
Everchanging as they come and go
Makes me wonder why I'm up so high
When really I am down so low
The reflection of time casts shadows,
such is the sea caught in a evening sunset.
I'm a drifter floatin' on the sea
Goin' where the currents take me
And I don't think I'll ever come to rest
'Cause I'm a drifter floatin' on the ocean
I've kinda got to where I like the motion
Things are gonna work out for the best
Look to the sea! Dream high, dream far.
Gray clouds rollin' over my head. I can see a storm in the sky.
The wonder of life,
Oh I envy the mystery of the sea

CAMPUS ORGANIZATIONS
AG. BUSINESS MANAGEMENT CLUB

The Ag. Business Management Club is the biggest club in the Ag. Management Club. It is a social club with an average of about 220 plus or minus each year. They were the Club of the Year in the School of Ag. and Natural Resources for the 1979-80 year.

1. President Pam Sprawls and Vice President Dan Naumann- this couple to be married June 15, 1980.
2. Secretary Kim Benbow and Activities Director Rick Wescott at the ABM Banquet.
3. The happy ABM group.
4. Recognition Awards being presented to: Kim Benbow, Rick Wescott, Roxanna Sanders, Peggy Link, Phil Abraham, Julie Hunt and Gail Hodges.
5. 1979-80 Officers- Treasurer Tom Munter, Secretary Kim Benbow, Vice-President Dan Naumann, President Pam Sprawls, Ag. Council Dave Stalder, Sentinel Jeanette DeConick and Advisor Renny Avey.
7. What's a matter Dan?
The purpose of the E.T. Council is to transmit information from the A.S.I. to the students in the School, by means of club and department representatives on the council. Members of the Council include 5 student senators, 2 finance members and student representatives to the Dean's Council, Poly Royal Board, Publishers Board, and Academic Council. Officers for the 1979-80 year were: Chairman- Jeff Duncan; Treasurer- Cindy Garretson, and Secretary- Nancy Nelson.

ENGINEERING & TECHNOLOGY COUNCIL

INTERNATIONAL SOCIETY OF HYBRID MICROELECTRONICS

ISHM is the newest club in the School of Engineering and Technology. Our goals for this year have been to have fun and learn about hybrids. Our officers were: President- John Holmes; V.P.- John Neuneker; Treasurer- Clint Chaplin and Secretary- Mike Pantalon.
The Campus Libertarians are a small group organized in 1979. In just a short time, they have stimulated students with the politics of liberty and individualism. Libertarians are active promoters of individual freedom and the roll back of monolithic government. Through films, speakers and dialogue, students at Cal Poly are provided with an effective forum for the exploration of the necessities and responsibilities of human freedom.

CAMPUS LIBERTARIANS

POLY ROYAL EXECUTIVE BOARD

This year is the 48th annual Poly Royal. To provide a view of campus life of both students and faculty and to show past, present and future goals of the students and faculty.
The club was founded in Fall of 1956. Membership is comprised mainly of people interested in production of Agriculture.

FARM MANAGEMENT CLUB
This is a club for students interested in all phases of the horse industry. Members don't necessarily have to own a horse. Some events include: Horse shows, trail rides, clinics, demonstrations, community service, dances, banquets and vaulting. They also sponsor the Cal Poly Horse Show Team.
The ASI Program Board presents many diverse programs for the Cal Poly Community through its eight committees. Concerts, Craft Center, Films, Fine Arts, Outings, Recreation & Tournaments, Speakers Forum and Special Events. Through coordinating these committee's activities, Program Board provides students an opportunity to develop skills in human relations, leadership, management and community relations, as well as having a good time.

ASI PROGRAM BOARD

PHI UPSILON OMICRON

This is a national professional home economics honor society. As a professional organization, membership is based on scholastic ability and other professional activity qualifications. Our goals are to encourage, promote, and explore the professional areas of Home Economics.
The Chess Club promotes and encourages both Chess for fun and Chess for blood. Tournaments are held periodically and the Chess Team participates in the intercollegiate team championships.

CAISSA CHESS CLUB
NATIONAL AG. MARKETING ASSOCIATION

NAMA/Cal Poly has been chartered for 9 years on campus and was the first student chapter of the National Association to organize. The objective of NAMA is to help members recognize career opportunities in the Ag. Industry, provide a reservoir of qualified Agri-business graduates to Ag. Business, and to promote a better understanding of agriculture in the community.
Alpha Chi Omega

Alpha Chi Omega is a national collegiate sorority offering lifetime membership to its initiates, and experience in self-governing. Alpha Chi Omega is represented by seventy-five women on the Cal Poly campus. Originally founded as a musical sorority, the Epsilon Omega chapter strives to maintain that musical heritage. The members also strive to achieve intellectual development, social awareness, leadership development, and academic excellence. Its members are encouraged to develop the fullest potential as educated women, and to get acquainted with many avenues of service to others, and high standards. This orientation toward excellence is clearly reflected in our open motto:
"Together let us seek the heights."

Alpha Gamma Rho

Alpha Gamma Rho is a national agriculture fraternity over 34,000 strong. Building brotherhood and leadership among agricultural men, through involvement in the community, student government, campus and Greek week activities and other activities including: Poly Royal, Ag. Day, and the Greek Olympiad.
A Cal Poly sorority. They are found nationwide.

Gamma Phi Beta

Zeta Tau Alpha

A social sorority that encourages active involvement for all members.
The Dietetics Club has been active in the home economics department for 13 years. Our goals are to stimulate professionalism in the major.
Free tutoring in electronics, electrical and related fields. Hold "kludge" sales (electronic parts). We have tours and speakers. Informal get-togethers.
The Cal Poly Chapter of the American Society for Metals, an international professional society, brings students interested in metallurgy together to keep in touch with everchanging technology and for social purposes. Technical speeches by outstanding engineers from all across the nation fill most of the agenda, but time is always taken for picnics and barbeques for members to relax and get away from school's pressures.

American Society for Metals

Cal Poly Teachers Society

The Teachers Society instigates action for the better understanding of teaching of children. Gain experience through action and provide services to the schools of the community. Gain a broad professional awareness and contribute to the solution of problems in elementary education.
The Air Conditioning and Refrigeration Club is the second oldest club on campus. A student chapter of the American Society of Heating, Refrigerating and Air Conditioning Engineers, the club strives to introduce industrial applications by speakers, field trips and projects. The club serves as an outlet to its field practice.

Air Conditioning and Refrigeration Club

American Marketing Association

The main objective of the AMA is to provide the student a link to the business world. The chapter provides students with valuable business and leadership experience, marketing contacts and additional career opportunities.
The HD&E Council acts as a receptive and advisory body for the interests of the department or departmental clubs within the council and submits improvement proposals to the Dean and Department Heads. We are an active council which promotes cooperation and coordination among the HD&E Clubs. We exchange ideas, discuss the mutual interests and activities of the clubs and disseminate information.

Human Development and Education Council

Circle-K Club

Circle-K Club is one of the longest-lived groups on campus. It is dedicated to service, to improvement of the quality of life, and to friendship and personal growth, through service projects and social activities. We are a Kiwanis sponsored club and enjoy a good relationship with our sponsoring club and the community.
This is an organization on campus which interests are geared toward the field of Interior Design. They promote this interest to the members through career information and social growth.

**American Society of Interior Designers**

**Veterinary Science Club**

The Vet Science Club is an organization for students interested in the veterinary field. Speakers from people in the profession and information is available to all members.

**Alpha Rho Chi**

The Cal Poly music club is a club that allows people interested in music to get together socially. Several activities allow for this interaction. Music Board of Control, the Poly Marching Band, the Glee Club and various other activities are pictured.
Crafts Center
Poly Phase is a socially orientated organization in the Electrical Electronic Engineering Department. We have been on campus for 50 years. Our principle fund raiser is the book exchange held at the beginning of each quarter where we sell back student's books at a 10% commission. Poly Phase provides a very important service to Cal Poly and we are proud to have them here.

Kenny Loggins, one of the hottest people in concerts today gave us at Cal Poly an excellent show; if you were there- one you would long remember. In his two performances he had the crowd on the edge of their chairs; if not standing or dancing in the aisles. His diversity in music is a rare talent and one most people enjoy. A great concert!
CAMPUS FADS
With the onset of Fall we embarked upon a year of fierce questions which ran the gamut of personal to international issues. We would wonder whether or not our Grade point average could survive another torturous year. We would question the reality of further schooling under the auspices of good old proposition nine if it should pass. We would oppose or back the highly controversial Diablo Canyon. And our position in the international arena? As a result of the hostage issue
and Afghanistan, the question now was: “Who are we (as a nation) and where are we going? Full-scale battle erupted as presidential hopefuls launched their campaigns to be elected in 1980. As the year marched on we witnessed a new breed of campaigners. For instance, one candidate who did not think he could make it as a republican decided to buck the two-party system and become “John Anderson the independent”. Bush and Baker fell from the limelight stepping right into positions of support behind Ronald Reagan and leaving him unopposed (most of us like to think Jerry Brown never counted).
Edward M. Kennedy emerged as the shoe-in candidate for the democratic nomination—or was he? Soon after he announced his decision to run his support faltered. The question became:
Prayers, tears and new.
Could he pull out ahead and if so what would he do to get the American mind off of foreign affairs and on to domestic issues—his hope rooted in the economic situation. For whatever reason and discounting what the coming months would bring, by school year-end the November race looked to be Carter vs. Reagan. In the face of threats by the Ayatollah Khomeini and the Soviet Union, national unity became a primary consideration for most Americans. A failed rescue attempt produced nothing but frustration. Iran would hold our hostages throughout the course of the school year. The possibility of extinguishing an entire country of people became reality when we witnessed Cambodian starvation. It became what TIME magazine called, “A deathwatch”. The stricken Cambodians were dying of

starvation. Several Americans who visited the country (one of which was Rosalyn Carter) brought back reports of swollen-bellied, hollow-eyed children, their limbs as thin and fragile as dried twigs. They did not know this was the year of the child.
The concert that ended in tragedy took place at Riverfront coliseum where "The Who" performed a concert before 18,348 people. Of these people, eleven died. The freak stampede that killed was attributed to improper security as well as lack of entrances. On a bright note, we saw
the action of Cal Poly Football and the long exciting professional season. And on the movie scene, thrilling productions such as “The Rose” hit theatres everywhere. Pope John Paul II completed his first year at the helm and proved widely popular with his talent for smiles and compassion amid uncompromising stances on matters of dogma and discipline.
As we bust in on the 1980's we should have cause for optimism and we undoubtedly do. But, the question of the Draft came into play soon after the Soviet Afghanistan move. And out of American love of sports spectacles had us questioning but still pledging, our support for the Olympic boycott of the 1980 games. Especially after the spirited winter games, in Lake Placid, the “no go” news fell hard on our Olympic hopefuls and would-be national heroes. And, alas, we reflect...

Tribute to Trude Beck

Trude is a secretary here at Cal poly in the Activities Planning Center. She keeps the master calendar for all organizations, and helps them out in any way to do with her job.

Trude has been at Cal Poly 12 years; during this time she has been selected as Honor Guest for Poly Royal in 1974 and as the Outstanding Staff Member in 1975. She was born in Illinois and later attended Illinois Wesleyan University where she received her B.S. in Music. Trude is married, has three children and three grand-daughters. Trude has helped the Yearbook Staff out with sales and promotions this year and for this contribution we thank her and tribute our book to her.

CAL POLY CONCERTS
MORE CONCERTS
FACULTY
This year the Cal Poly Yearbook staff was faced with a new era of a yearbook; bigger and thicker it was a new book among the previous.

The 1979 year saw one President of Cal Poly of many years retire. A man from east of the Rockies filled the position; Dr. Warren J. Baker from the University of Detroit. Our dedication to you President Baker is based on that; with a new Yearbook we need a new face. We commend you on your first year; you have done an outstanding job. We know our Yearbook will do you due justice and you will be proud to be featured in it.

Below are some interesting and impressive facts about our President:

*Education:
  Ph.D.-Civil Engineering - 1966 University of New Mexico
  M.S.-Civil Engineering - 1962 University of Notre Dame
  B.S.-Civil Engineering - 1960 University of Notre Dame

*Administrative Experience:
  1976-1979 - Vice President for Academic Affairs University of Detroit
  1973-1978 - Dean, College of Engineering and Crysler Professor, University of Detroit
  1972 - Acting Chairman, Department of Civil Engineering, University of Detroit
  1968-1971 - Chairman of the Faculty, College of Engineering University of Detroit
  1969-1975 - Member, University Senate Executive Council University of Detroit
  1965-1966 - Supervisor of Laboratory Research University of Detroit

*Honors:
  Elected to College of Fellows - Engineering Society of Detroit, 1977
  Tau Beta Pi - Engineering Honorary
  Chi Epsilon - Civil Engineering Honorary
  Outstanding Educators of America, 1970
  American Men of Science
  Who's Who in America
  Who's Who in the Midwest
  1980 Engineering Honor Award Recipient - University of Notre Dame
  Member - City of Detroit, Mayor's Management Advisory Committee/Chairman Steering Committee 1974-
  Member - University of Detroit President's Cabinet, 1974-
  Judge - International Science and Engineering Fair, 1974, 75, 77, 80
  Member - Advisory Board, Junior Humanities and Science Symposium
  Member - Board of Directors, San Luis Obispo Community Foundation 1980-
  Member - Board of Directors, California Council for Environmental and Economica Balance 1980-

The above is just a small part of Dr. Baker's involvements; but you the reader can get an idea of the man we dedicated this yearbook to through these outstanding statistics.

Special Thanks to the following people: their help and concern has made this book possible:
Steve Adams-ASI Business Office
Trude Beck-Activities Planning Center
Roy Gernsten-ASI Business Office
Konnie Krislock-Herff Jones; who without her help this book would have been less organized.
Gary Mussen-Herff Jones; “Thanks for your time and patience.”
Kip Rutty-Yearbook Advisor
Ethel Spry-ASI Business Office

And a very special thanks to my yearbook staff members:
Bambi Cask
Janice Chan
Kalin Donaldson
Ronnelle Miller
Mike O’Farrell
Eric Ray
Cathy Rundell

without these people this book would have not been possible; a book this size could not have been put out by one person and I’m glad these people gave their time to help.

And a last thanks to my parents- Ernest and Nona Benbow; they have made it possible for me to be here at Cal Poly through their support and backing in good and bad times. Thank you Cal Poly for being here.
