The football team of Polytechnic jarsed down to Santa Maria Thanksgiving day and returned with the long end of a twenty-five yard score.

The game was a good one in spite of adverse conditions under which it was played. The weather was very unfavorable for good football and the referee evidently ignorant of the rules, all of which resulted in much wrangling. Santa Maria was completely confused and without assistance of the referee would have suffered an even worse defeat. Poly's play was characterised by running and forward passes.

The game was called at 3:45. Santa Maria kicked off to Poly. J. Brown received the ball returning 10 yards and then passed to Ferrell who carried the ball for 30 more before being downed on Poly's 88 yard line. On the next play, Martinson skirted left for seven yards, and shortly afterwards gained 15 yards more at the same end. Martinson circled around right. Ferrell carried the ball within five feet of goal line and Miller put it over—four minutes after the game started. Miller kicked a difficult goal.

After several of their plays had failed to gain the "Best Puller" Bigelow to punt, Brown returned the ball 35 yards to the Santa Maria 35 yard line. Poly gained 15 more on a pass. Ferrell to Rhoda. J. Brown then circled left end for twenty yards and a touch down. The goal failed. Score Poly 18—Santa Maria 0.

Miller kicked off and Santa Maria returned 10 yards to the 40 yard line. After several more plays had failed to net the required 16 yards, Santa Maria was forced to punt, the ball going over Poly's goal line. Poly punted and it was Santa Maria's ball in the middle of the field. Ferrell, Brown and Rowan spilled the next two plays. On the third down Santa Maria got away with a forward pass for 20 yards, before being stopped by Ferrell. Santa Maria braced up here and after a series of center and tackle bucks alternated, with short and long runs carried the ball over for their first and only touchdown. Score Poly 18—Santa Maria 6. Santa Maria kicked to Poly and after a few more plays the quarter ended with the ball on Santa Maria's 45 yard line.

Poly came back strong. Ferrell circled right end for 15 yards. A pass, Ferrell to Martinson, netted 16 more. Ferrell then bucked left tackle for 8 more, and attempted forward pass hit the cross bar and on the next two plays, Poly failed to make her down and it was Santa Maria's ball on her own 10 yard line. After three plays she had failed to gain, Santa Maria kicked and it was Poly's ball at the center of the field. The ball then seemed back and fourth, neither side making much head way until Ferrell intercepted a forward pass at the center of the field and ran 30 yards before being downed. A forward pass, Ferrell to Martinson, netted 15 yards more.
SANTA BARBARA CHAMPIONS?

It was stated in the November 14th issue of the Forge that Santa Barbara had copped the tri-county football championship.

The three counties consist of Ventura, Santa Barbara, and San Luis Obispo.

True, they have defeated Santa Maria, but so have we, and according to the "dope" we have the better team. At no time did Santa Maria look dangerous to us.

Now it seems to us that we have more right to claim the tri-county championship than have our rivals. The only logical conclusion of the affair would be to play it off, and what's more, we are more than willing.

Santa Monica put the brakes to Santa Barbara's championship when they white washed them to the tune of 7-0. Nice thing for champions to do.

If we couldn't do any better than that we would go off and hide.

Who's Onlly?

A young man on the sea shore sat.
Where the breakers lightly curl,
His eyes were full of golden hair,
His arms were full of girl.

MECHANICS ASSOCIATION.

A special meeting of the Engineering Mechanics Association was held last week to consider the revision of the constitution. One suggestion was offered and after minor changes was accepted by the Association. The main change was in Article II which should be read by all who are considering joining the Association.

ARTICLE II.

Membership
Section 1. Membership shall be divided into two classes: 1. Senior, and 2. Associate.

Section 2. Senior members shall be all third and fourth year men of the Engineering Mechanics, Academic and Special Departments.

Section 3. Upon nomination to the executive committee by any senior member of the Association, and after approval of said committee and receiving a second vote of the members, any Freshmen or Sophomore student of the Engineering Mechanics Department, or any Sophomore student of the Academic Department may become an Associate member.

Section 4. It shall be the power of the Senior members of the Association to decide what social work shall be of interest to the Associate members, and shall exercise that power in determining whether these members shall attend such functions.

Section 5. The Director and faculty members of the Engineering Mechanics Department may become senior members should they so desire.

Section 6. Any member or members who in the judgment of the executive committee do not meet up to the standard of the Association, upon recommendation of said committee can be dropped by a two-thirds vote of the said member or members. Vote can be taken individually or collectively.

Before adjournment the Association elected John Brown to the office of Chairman of the Program Committee.

Still in the Coop.

Miss Woodell (in the dining hall) Why Mr. Whitlock, I thought you and flown the coop.

Mr. Whitlock No, I thought I would eat with the hens today instead of the chickens.

(Continued from page 1)

Santa Maria then scored one of the Poly's passes just as the whistle blew for the half.

Poly's first chance to score came in the third quarter after Martin­ sen had intercepted a forward pass and carried the ball 45 yards to Santa Maria's 27 yard line. Miller tore off 15 yards around left end, but a forward pass failed and Santa Maria kicked to her own 40 yard line and the quarter ended without any scoring.

In the fourth quarter Poly worked the ball down to Santa Maria's 14 yard line on a series of forward passes — Ferrell to Burr 16 yards. Ferrell to Martinsen netted 30 more. Then another pass, Ferrell to Martinsen gave Poly another touchdown. Score, Poly 19—Santa Maria 0.

Burr kicked to Santa Maria. The ball was fumbled, Rowan recovering on Santa Maria's 35 yard line. After a series of bucks and end runs had brought the ball to the 20 yard line Ferrell passed to Black over the goal line for Poly's fourth and last touchdown.

Poly worked the ball down to Santa Maria's 15 yard line but lacked the punch to put it over again, and the game ended at the center of the field after the Santa Maria right end had made a beautiful run of 26 yards before being downed by Blake.

This makes the second defeat administered by Poly to Santa Maria, the first game being 26 to 0. Poly is playing a good game and is looking for more to conquer. With Ferrell, Brown, Miller, Martinsen and Blake, Poly has a backfield equal to that of many college teams. The line is far from weak as Santa Maria found out in the two games played. But the line men seldom have the opportunity to "shine" as do the backs. Coleh Livernash certainly has developed an excellent team in such a short time.

Bulletin Supplement. Entered at the Post Office at San Luis Obispo, Calif., as Second Class matter.

Printed by San Luis Obispo Tribune.
The football men and the regular basketball men of the dormitory exhibited a very interesting game of basketball, Sunday afternoon Nov. 28. The football men won by a small margin, 28 to 21.

Coach Lavernash accompanied the San Luis High basketball team to Lompoc, and refereed the game between the two schools. San Luis won by a 16 to 24 score.

Referee Vinance was Santa Maria's "best" player in the Poly-Santa Maria game.

Santa Maria surely must have a perfect team; in the two games we have played them, they haven't been penalized an inch—thanks to the referee.

Captain Ferrel should be complimented on his good work in the Thanksgiving game. If it were not for his perfect knowledge of football, Santa Maria undoubtedly, would have scored several touchdowns on penalties.

Miller, Brown, Martinsen and Blake are also credited with good work in the backfield.

Burr and Guyton were "there" on the kickoffs, in covering the man receiving the ball.

Hicks and Rhodes were the heavy hitters on the Poly line. Santa Maria's linemen will tell you that.

Center is one of the most responsible positions in football. H. Brown filled the position very successfully.

Santa Maria claims that Poly only had one "white man" on the team and he was black.

"Bud's black and blue shoulder, Perry's oversize knee, and the various hard bumps the rest of the team received, are the only damages of the game.

Touchdowns in the Santa Maria game were made by Miller, Brown, Martinsen and Blake.

Coach Lavernash is looking forward to another big game. Here's hoping he gets one.

An early explorer or an early-discovery?

Mr. Teary: Mr. Boys name an early French explorer.

Boys: Champagne.
School Notes

A romance which began two years ago terminated last Wednesday with the marriage of Mr. Arthur Krampton and Miss Victoria Hurson in San Jose. The groom is a former Polytechnic student and the bride has many friends and acquaintances here.

The Freshmen are still contemplating giving a dance, the date of which has not yet been decided upon.

The main features of girls' athletics at the present are basket ball and tennis. The girls are becoming quite efficient in both games, and it is hoped that the tennis practice will end in a tournament held between the different classes before the Christmas vacation.

The honor roll for the first month of school has been completed. It consists of the following names: Elizabeth Meinecke, Dorothy Prowse, Helen Louis, Margaret Baker, Perry Martineau, George Smith, John Brown, Marie Meinecke, Fanny Tidioh, and Sam Wright. Others having over 95 per cent average: Ernest Steiner, Maxine Barneberg, Orrin Klamroth.

Miss Chase, Miss Hoover and Mr. Yeary visited the Bay cities Saturday November 23rd. The purpose of their trip was to witness the Stanford-California football game. Miss Hoover and Miss Hoover were spotted while Mr. Yeary rode the cushions.

Mr. Yeary and Miss Hoover are from Stanford and Miss Chase from U. C. All three had a very enjoyable trip.

Max Brubaker has been forced to discontinue his school training at Poly on account of illness. He had a very bad attack of the influenza and double pneumonia while in the service of the U. S. Army. Max left the dormitory Sunday November 30th for Sananad, where he will remain on his uncle's ranch for recuperation.

Peter Boyd, night engineer at the C. P. R. power house, while firing up the boilers Tuesday, November 17th, was badly burnt about the face due to an explosion of the exhaust gases in the furnace.

Boyd is a member of the Senior class.

THE POLYGRAM

JOKES

Worth It.
She: Did you try some of my ice cream?
He: No, but I dare say they deserve it.

"Why He Missed It!"
Smith—How did you happen to miss your train?
Tuley—Oh, the blamed old thing was right on time.

"Tis Easy to be Wise"
Freshman—With so many pickpockets around, it is foolish to carry a lot of money.
Harold B.—Is it? Then I am a wise guy.

July Thirst.
To Market, to Market to purchase some gin, Home again, James, Joints closed. Can't get in.

Expensive Clothing.
Henry Ford took the woman stand in his $1,000,000 suit.

Oh, say can you see
By the dawn's early light
What reformers have done
in democracy's fight?
While they were all here
As the shelves burst in air
They took all the beer
From the legs "Over there."

Diag, dong, bell
The Poly's are going well.
But if they slump and get a bump,
Now wouldn't that be—well?

Sope—Did you hear of the daring bold up last night in book of the "Dorm"?
Fresh—No. What happened?
Sope—Two clothes pins held up my shirt.

Miss Hampton—Say, Margaret, is there anything going down there besides the clock?
Margaret B.—Do you mean Edward?

Mrs. Hampton—Doesn't he know how to say "Good night"?
Margaret B.—Well, I should say he does.

Pete—I know a dentist who is an awful pessimist.
Smith—How's that?
Pete—Because he's always looking down in the mouth.

Will some one be so kind and condescending as to tell a few individuals of the Dorm who desire to become members of the so called

HELVIN CLUB.

On the evening of the 18th of November the Kelvin Club met at the home of Mr. and Mrs. Figgs.

"The Bread Line" was the topic of the paper read by Miss Hoover. She cited the differences in spring and winter wheat and also their rising and baking qualities. She had pictures of loaves of bread she had experimented on, which all proved very interesting, especially to some of the men faculty members.

A social hour followed with delightful musical numbers by Mr. Bland, Miss Helen Louis, Mr. Sanderson, Mr. Yeary and the male quartet. At the next meeting each member will present some other member with a Christmas gift not exceeding a cost of twenty-five cents.

Light refreshments were served, after which the blinding of the lights gave warning that it was high time for all such "young" folks to be in bed.

FORMER POLYTECHITES MARRIED.

At a quiet ceremony at the home of her parents, Miss Laura Alyce Kenny and John W. Belo, both former students of this school, were married Saturday noon November 15th, by Reverend Carl W. Haney. The attendants were Miss Cecile Belo and Joseph Belo. The bride and groom will make their home in San Luis Obispo, after a brief honeymoon trip to San Francisco.

"Bird Training Association," what the qualifications for membership are. The same word, "Feeding the Canary," has leaked out. For further information confer with Jiggs or Dinty Moore, cells 25 and 26 of the Dorm—Office hours unknown.

Cocadly—Do you think 19 is really an unlucky number?
Pete—Beadad. Ol know it. Ol thried was toime to lick 12 men in a booch.

Prof. Jenkins—Have you read the autobiography of Franklin?
Cecile B.—I think not. Who is it by?

Steele—History repeats itself.
Poyan—So they say. But it never came to my reces when Prof. Yeary called on me.

Prof. Yeary—What impressed you as the most remarkable thing about the war?
Olander—I guess it was the number of bullets that missed me.
