By a score of 13 to 7, Poly defeated Santa Maria on Thanksgiving Day in the fastest, fullest, and most spirited like football game that either team has played this season.

From the very start of the game, Poly broke through the Santa Maria line up backs and forced them back when they had the ball. The end of the first quarter left Poly near Santa Maria's 20-yard line with a 0-0 score.

In the second quarter Poly put up some dandy interference for end run and Gill got around for a touchdown. Burr kicked for goal, but the ball hit the goal standard and bounced back. The score stood 6-0. Poly was filled with pep and so carried the ball right back to Santa Maria's 20-yard line, where Gill broke through on a trick line back and made another touchdown. Thereupon the rooting section went wild. Burr kicked and made the goal. The score stood 13-0. The half ended with the ball in the middle of the field.

At the beginning of the second half Santa Maria changed some of the players and came in strong. Poly held stubbornly, but at the end of the third quarter left Santa Maria on Poly's 20-yard line.

In the last quarter Santa Maria opened up and played loose formation. A lucky pass put her within a couple of yards of Poly's goal, then two bucks put the ball over the line for a touchdown. The goal was kicked, making the score Poly 18, Santa Maria 7.

With only six minutes more to play, Santa Maria tried all their trick plays and passes with wide open formations, but Poly held them and spoiled their passes. The game ended with the ball in Poly's possession near the center of the field.

The line-up for Poly was as follows: Burr, R. E.; Rowan, H. T.; C. Hodel, R. G.; H. Brown, C.; O. Hodel, L. G.; Aston, L. T.; Guyton, L. E.; Troup, Q. B.; Gill, R. H.; West, L. H.; Tuley, F. Substitutions, Depew for O. Hodel in the last quarter.

**DORM BOYS GUARD THE BONFIRE.**

Some people may think that the Poly students are dead this year, but that's a mistake, at any rate, the Dorm boys aren't. On Tuesday night, after the logs, brush, boxes, and everything had been piled ready for business on Wednesday evening, the boys decided that it would be a wise plan to guard against it.

By Captain Deuel's permission, a guard of two was posted at the pile immediately after dinner in the evening. Every man in the Dorm slept that night with one ear open listening for the alarm. Every hour the new guard was posted so that there was not great hardship for anyone. If any marauder had started anything, the whole bunch would have been there in two minutes. Mr. Simmons can vouch for the guarding. He came in on the midnight train and tried to cross the campus without being recognized by the sentinels. He tried to explain that he was an employee of the school, but he was ordered to advance and be recognized before being allowed to pass on.

**SENIOR CLASS MEETS.**

A meeting of the Senior Class was held on Wednesday, November 17, to elect new officers for the coming year, to devise some means of collecting the Junior Red Cross Fund, and to decide on the class dues. It was decided that each member of the class contribute 25 cents towards the Red Cross Fund and the class dues would be the same as last year, $1.50 a semester. Those elected officers were:

President, Milton Richetti; Vice-President, Phyllis Figg; Secretary, Margaret Meinecke; Treasurer, Otto Hodel.

**BIG FOOTBALL RALLY.**

The best football rally of the year was held around a huge bonfire last Wednesday evening. The Dorm boys arranged a program of speeches for the crowd after they had serpented down town. A rumor that someone had lighted the pile got them out double-quick time.

Members of the faculty, including Director Ryder, Coach Hess, Mr. Skarstedt, Mr. Watson and Miss Howe, made peppy speeches. Then all the members of the football team present distinguished themselves in speeches. Mr. Watson, in his speech, quite accurately foretold how each man would play the next day, and we feel sure some of his characterizations will be remembered as long as the men are in school.

During the evening Santa Maria went up in smoke from the top of the pile, just as she went up in smoke the following day.
THE POLYGRAM

A bi-weekly publication issued by the students of the California Polytechnic School, San Luis Obispo, California.

Rates.
One dollar per year. Single copies 10 cents.

Others who have contributed to this issue of The Polygram are: Helen Louis, Kenneth Depe, John Cann, Edward Cavanagh, Richard Aton.

Bulletin Supplement. Entered at the Post Office at San Luis Obispo, Cal., as Second Class matter.

Acceptance for mailing at special rate of postage provided for in section 1103, Act of Oct. 3. 1917, authorized Aug. 9, 1918.

Printed by San Luis Obispo Tribune.

THE TRI-COUNTY CHAMPIONS.
Again "The Forge," Santa Barbara's High School paper, proclaims the fact that Santa Barbara's football eleven has captured the interscholastic football championship of the three counties of Santa Barbara, Ventura and San Luis Obispo.

Their eleven may be the champions of Santa Barbara and Ventura but it is decidedly impossible for them to be the champions of all three counties, for the simple reason that they have never played against any high school eleven in San Luis Obispo county this year.

It is very probable that the Santa Barbara High School does not think that San Luis Obispo county is a county, but "according to geography" it is, and what's more, it contains among its numerous high schools, the California Polytechnic School.

Now when Santa Barbara, for no legitimate reason refuses to play against a school in the three counties, how can she justly claim the tri-county championship?

Although defeated in nearly all its games so far, Poly's football team would be tickled to death to play Santa Barbara's team, so that all would be necessary is that Santa Barbara be willing to play us.

Let's hear from Santa Barbara soon or else Poly will think that Santa Barbara is "scared" to play, and we know that is not true.

The receipt of the Cardinal and White, Whittier; Anarosa, Anaheim; and The Cass, San Diego, is acknowledged by The Polygram.

THE BOTANY CLASS HIKE.
After much persuasion the Botany Class got Mr. S. Sunders to let them go on a Botany hike to Sea Canyon.

The class left the school grounds at about 1 o'clock in Mr. Sunders' and "Fussy" car. When they got to the bottom of a small slippery grade the class decided to walk the rest of the way because neither car had skid chains. Half way up the grade the class stopped at a farm house where Margaret Chapin and some of the rest learned something new—how to slaughter a pig.

By the time they got to the top of the grade the class had gathered many different kinds of fungi. Before starting back everybody enjoyed sandwiches, pickles, cake, fruit and candy. On the way home some of the class stopped at the farm house again; this time they learned how apple cider is made. To convince the rest that they really did make apple cider, they took the pains to carry back some of it in a tin can.

The class got back to town about 6 o'clock. The time was reported as being so enjoyable that plans have been made to go to Morro Bay and other places in the near future.

SOPHS MAKE PLANS.
The purpose of the meeting of the Sophomore class last Monday was to decide the best way of collecting its Junior Red Cross dues. May Piper, Clinton Potter and Forrest Coyer were appointed to collect the money by the special assessment of 25 cents a member.

Plans were made for a dance to be given by the class in the dining hall the evening of December 3. The committee chairmen elected on Wednesday are: Emory Kulaud, decorations; Margaret Ditmas, refreshments; Hessel Prallit, program; Willis West, clean-up.

Through the president, Gill, a challenge was issued to the Juniors to a football game on next Friday, December 3.

GOOD ASSEMBLY WEDNESDAY.
At an interesting assembly held on Wednesday, November 17, Mr. Ryder spoke of a few things that affected the school, and then pictures were shown and a violin selection was given by Carl Gill.

Mr. Ryder spoke of the necessity of all students supporting the classes and associations of the school, but brought them not to discipline a student for not attending the meetings unless they were sure that the person had stayed away on purpose. He mentioned again that every student should look up the bulletin board at 11 a.m. once a day and that they would be interested in watching the Freshmen gather wood for our big bonfire. Every noon hour for the past week they have been dragging in anything that would burn.

Tuesday morning the Dorm boys came to their aid and spent the P. E. period in building up the pile so that it would burn well.
FEDERAL MEN HERE.

On Monday of this week the Federal men held a special assembly at 2:15. Major Kettermadler of San Francisco, medical examiner for the Federal Board; Mr. Nicholas Richardt, the district vocational officer for California, Arizona and New Mexico, and Mr. Hamilton of Washington, D.C., besides Mr. Bartlett, are here inspecting the work done here for the ex-service men.

JOSIE.

She used to sit upon his lap.
As happy as could be;
But now it makes her seasick,
He has water on his knee.

Father: How are you getting along in your studies?
John Piper: Oh, fine, I'm not bothering them at all.

Cecille (eating her lunch): Ouch!
Lois: What's the matter?
Cecille: I bit my tooth.

Heard at the Thanksgiving Game.
Same Wright (arriving late as usual): What is the score?
Pack Piper: Nothing to nothing.
S. W.: Must be a good game.

If you don't like our Jokes,
And their dryness makes you moan,
Just stroll around occasionally,
With a good joke of your own.—Ex.

E. Burr's father (in Hayward): We're going to move to Ohio after Edmund graduates from Poly.

Richtig: I want to give Edmund a chance to become a president some day.

Mr. Whitlock (in second year music): If you girls want to catch a fellow you must learn to play.

Marjorie Andrews: If they heard me they would never come again.

S. W.: Must be a good game.

We are with you

SCHOOL NOTES.
The Freshman girls sold pop-corn balls for the Junior Red Cross of their class last Tuesday noon. They had no trouble in disposing of all their stock, thus clearing $6.30. The balls were particularly attractive because they had been tinted the class colors, pink and green.

Word has been received that Mr. and Mrs. Dozie have a baby daughter. Mr. Dozie is a former Poly teacher.

Miss Bank left Wednesday to spend Thanksgiving with friends in Fresno. Friday and Saturday she went on a trip to Giant Forest, returning to San Luis Sunday.

Miss Hoover went to her home in Palo Alto for the Thanksgiving recess.

Mr. Skarstedt has taken over the leadership of the orchestra, and Mr. Whitlock will devote his efforts to the supervision of Poly's band. Orchestra practice will be held regularly on Thursday, ninth period.

Mr. Watson left early Wednesday morning in order to eat his Thanksgiving turkey with his wife and daughter in Santa Cruz.

Mr. and Mrs. Hudspeth entertained relatives from out of town on Thanksgiving Day.

The Freshman boys set up a shoe shining establishment last Wednesday noon in order to raise funds for their class for the Junior Red Cross duxe.

Miss Chase spent her Thanksgiving vacation in Los Angeles. She is bringing her father and mother with her on her return to live with her in San Luis. They have rented a house on Peach street.

Mr. Yeary spent his Thanksgiving vacation in Los Angeles.

In the last Assembly, Director Ryder announced the following honor roll for October and November: Margaret Melnecke, Richard Anton, Sam Wright, Dorothy James, Dorothy Miller, Margaret Chapin, Archie Kinsman, Carl Stainer, Phyllis Figge, Harold Trudensal.

It is of interest to notice that, in addition to these, Thelma Ruter, Emae Stainer, Emory Kusmaul and Alta Mayhew have an average of over 86.

The library now opens at 8 o'clock instead of 8:30 and at 12:30 instead of 1. Alma Tognazzi and Margaret Chapin are in at these times. The tables in the library have been moved, making it more convenient for studying.

The members of the Kelvin Club that were not in the city had not made other plans than their Thanksgiving dinner in the dining room in the Household Arts building Thurs-

day evening. Miss Butler was at the head of the committee in charge. After the 6 o'clock dinner, Mr. Bendel took charge of the evening's entertainment.

Those who attended the dinner were: Mr. and Mrs. Whitlock, Mr. and Mrs. Skarstedt, Mr. and Mrs. Vine, Mr. and Mrs. Pigge, Mr. and Mrs. Geary, and Mr. and Mrs. Steedman, Capt. and Mrs. Dule, Miss Haylip, Miss Howe, Miss Dull, Miss Butler, Miss Williams, and Mr. Bendel.

Miss Hoover entertained her cousin, Miss Mattie Hoover of Gilroy, over the week-end preceding Thanksgiving. They planned to spend Thanksgiving day together in Palo Alto.

Mr. Slusher came to Polytechnic on November 18, to take the position of Assistant to Mr. Duddleston. Mr. Van Dalsem of the Federal Board has been doing that work for the month preceding Mr. Blusher's arrival.

Mr. and Mrs. Elliott of San Francisco City, with their two daughters, have been visiting their sons, Arthur and Ernest, over the Thanksgiving vacation. They are planning on visiting both San Francisco and Los Angeles before returning home.

Mr. Larsen says that he, in the capacity of chaperon, ate his Thanksgiving dinner at the Stainer ranch.

Rev. Butterfield of the local Methodist church gave a most interesting Thanksgiving address to the Polytechnic students and faculty in assembly on the Wednesday before the holiday. He reviewed the great advantages of this age over the preceding ages.

Mr. and Mrs. Duddleston and Mr. Slusher ate Thanksgiving turkey with Mr. Ryder at the dining hall.

Has anyone noticed how the big "straw" looms up on the jolliflide back of the "dairy barns"? Who did it? The Dorm boys, of course.

MECHANIC'S DANCE.
The first social function of the Mechanics' Association this year was the dance given Friday evening, November 18, in the dining hall. The affair was well attended and proved a decided success.

The ball was decorated with little groups of paper tools, and in one corner of the room was a large emblem of the Association, the style of their pins in enlargement. Refreshments consisted of chilled whistle punch and chocolate eclairs. Music was furnished by Mami Scott piano, and Mr. Brown drums.

Why is it that the whole school looks down on Hideout and Piper?

AT LAST THE SMOKESTACK GOES UP.

On Thursday, November 18, after a four-year and heartbreaking wait, the smokes- stack has been put together, with the characteristic speed already associated with it, so, on Thursday, all was ready. Pop Bendel's Mech. 1 class, which has been attempting to study steam boilers, was detailed to make preparations during the morning. They put up a tall, husky, telegraph pole, and anchored it on three sides. Then a block and tackle was attached to the top, John Person giving an exhibition of model pole climbing.

The block and tackle were attached by means of chains borrowed from Sandrock's Transfer company, to the middle of the stack. These preparations completed, the hard working engineers adjourned for show.

In the afternoon the whole Mechanics' Association, and a few Ags who showed their extreme interest, despite hard efforts not to betray it, collected to watch it go up. With the whole Association pulling on the rope, it went up as all the workers wished it would, and it was lowered into place, an appropriate for wiring.

When this stupendous operation was over, the Mechanics amused themselves by giving an unknown member a hair pull with the snips, and decorated with mud a flying target represented by Kinsman and his new $10 hat.

POLY'S SICK LIST.
We are very sorry to know that Joaquin Galloia had the misfortune of spraining his ankle while wrestling on a straw stack with Arthur Elliott. It proves that "straw" is not an appropriate for wrestling purposes.

We are glad to see Clinton Potter back with us again after being laid up for two weeks with an injured knee cap. The accident happened while he was playing in the football game Armistice Day.

Jack Hammond is also back with us after having enjoyed a case of mumps at the County Hospital.

For Mrs. Gedman (in study hall):
What did you say then?
E. Stainer: Nothing.

Mrs. Gedman: "Of course; that is what you always say, but how did you express it this time?"
