Using Aeries, I keep computerized grade book and give printouts to students on a regular basis. Parents and students as well have the ability to log on at any time and check their grades from school or home. This makes it easier for the students to be aware of the assignments that they are missing and assists the parents in making sure their child is doing well in school.

Attached you will find:

- Grade book for each class I teach displaying students grades by their ID number

The project supervision form currently used for Atwater FFA is attached. There are current examples of how the form is used for SAE projects. I supervise the Breeding and Market Goat projects. Currently, I have 22 market goat projects and 3 students with breeding goat projects going to the Merced County Fair. The following sheets are copies of SAE project supervision visits.

At present, we do not have a wall chart of project visits in our department. When our students have possession of their SAE project, the supervising instructor makes regular visits and documents them individually. As a department, we would like to implement a wall chart to keep visual reminder of visits that need to me made.
Students summarize their SAE projects through their business agreements in their record books for Atwater FFA. Students are required to complete their business agreements prior to starting their SAE project. These business agreements are either created on a paper copy of the record book or on the electronic recordbook. Also a general list is kept by each teacher that shows each student has an SAE by listing name, project area, project, hours, and costs.

Atwater High School follows and supports this educational code. A copy of the board-approved department SAE policy was not located, although contact with administration was made. Following is a copy of the education code stating the requirement for SAE to be in place for any student in an agriculture program.

**Attached you will find:**
- Educational code for SAE projects
52454. (a) The curriculum of school districts that choose to participate in the state program of agricultural career technical education shall include all of the following components:
   (1) Organized classes in the study of agricultural science and technology.
   (2) A student-supervised occupational experience program in agriculture.
   (3) A program of leadership, organization, and personal development.
   (b) Student learning activity developed to supplement these components shall be considered curricular and shall contribute to the grade of the participating student when those activities are integral to assisting the student to achieve the career objective of the class or course.

   It is the intent of the Legislature that opportunities are provided for teachers to be employed on a 12-month basis in order to maintain supervised occupational experience on a year-round basis for students enrolled in agricultural career technical programs.
The Atwater FFA Program of Work is developed each year with information for students, administrators, and community members about our Agriculture Program. It covers the pertinent information for fair projects, program goals and Agriculture/FFA education.

A Chapter Program of Works is developed annually and a copy is furnished to the Regional Supervisor by December 15th.

President's Message

Dear Chapter Members,

The school year is in full swing and off to a great start as we begin another year of FFA excellence. The Atwater High School FFA has a long history of promoting students’ success and character development. As we continue to exceed expectations, we can look forward to a school year full of teamwork, dedication, and success. With the addition of many new agriculture courses, members, teams and ideas we are ready to begin the school year with excitement and many new opportunities.

This year’s officer team is ready to face the many challenges and obstacles put in their way throughout the year. I speak for the officer team when I say that we look forward to guiding each member in every way possible so they can have the greatest experience possible in the FFA. Our organization is nearly 900 members strong. We hold the power to make a difference in our school and our community while upholding the traditions that are so rich within the FFA organization.

This year, the Atwater High School Agriculture program was reconized as a nationa; “Outstanding High School Agriculture Program” through the NAAE. This accomplishment is in direct corelation to student involvemnt, staff commitment, and our community’s support.

I look forward to another productive year working with my officer team and fellow FFA members to preserve and enhance our contributions to our school and our community.

Sincerely,

Amber Miller

Amber Miller
2014-2015 Chapter President
Dear Members,

Our 2014-2015 Atwater FFA theme is “Atwater FFA .... They ARE the real deal!” With all the numerous opportunities, events, activities, and the positive impact FFA and agricultural education has on young people, being an active and productive program is what it’s all about!

Your 2014-2015 Atwater FFA chapter officer team would like to welcome you to the Atwater High School Agriculture program. We are beginning what is going to be another year of entertainment and production! You’re invited to learn, grow, and develop in agriculture and FFA through chapter meetings, judging teams, community service activities, fundraisers, team competitions, recreational activities and much, much more! Everything we execute will be enjoyable, enlightening and dynamic. So FFA Members... “live the dream”!

It is our goal to make sure that others are aware of the agriculture industry and its importance in our everyday life. There is so much to explore in the agriculture industry such as agriculture mechanics, animal science, horticulture, agriculture business, biotechnology, agronomy, floriculture, and computer technology. Our chapter goals for this year include maintaining our involvement in the community and their awareness of our program, activities, and making sure that more and more students are continuing to get involved in the FFA program.

We encourage students to get involved and take the many opportunities the FFA and the agriculture industry offer.

Daryl Dorsey, Amber Miller, Joseph Kamesch, Madison Hall, Juan Hernandez, Jasmine Flores, and Courtney Creighton.

2014-2015 Chapter Officers
Advisor's Message

Dear Chapter Members,

The Advisors of the Atwater FFA would like to welcome each and every new and old member alike to the Atwater FFA and Agriculture program for the 2014-2015 school year.

The mission of the Atwater FFA and Atwater High School Agriculture Department is to lead, assist, and motivate the members of the FFA in providing high quality agricultural education that is equitable and efficient, that prepares students for higher education, employment, and citizenship, and promotes students’ intellectual, ethical and cultural growth.

We are committed to make a positive difference in the lives of young people through the variety of resources and opportunities agriculture education and the FFA have to offer. We believe we have something of academic, personal, or career value for all of our students and we encourage all of you to take advantage of the opportunities that have made the Atwater High School agriculture program one of the most productive programs in the state!

We look forward to working with all of you and experience all the successes and adventures that the 2013-2014 school year has ahead!

Sincerely,

Dan Flatt, Jackie Iolmo; Dave Gossman, Kim Macintosh, Natalie Borba, Shelby West, and Sam Meredith

FFA and Agricultural Education

When you put on an FFA jacket, you become part of a total agriculture education program that will connect you to exciting careers in the science, business and technology of agriculture. FFA is only one of three essential components of this system, all of which work together to provide you with the personal, academic and career experiences essential for your success. Get to know the “three circles” that make this possible.

**Classroom/Laboratory Instruction**- Agriculture is rooted in science, math, business and technology. The time you spend in the classroom and school lab with you teacher will help you explore and master the information necessary to move forward with you career development. Get ready for exciting hands-on opportunities that make textbooks come alive!

**Supervised Agricultural Experience (SAE)**- Nothing takes your skills to highest level faster than putting them into practice. Through an SAE, you can create your own landscaping business, conduct a scientific research project that could change the world, grow crops or raise livestock, secure a meaningful job that provides insider experience related to your career choice, or learn how to make a difference in your community though civic engagement. Best of all, you can earn while you learn.

**FFA**- As an FFA member, you’ll work on developing your potential for premier leadership, personal growth and career success. By participating in competitions, degree programs, state and national conventions, community service projects, summer camps and chapter committees, you’ll grow in ways that take advantage of your talents and help you become the leader you were meant to be. The key to success in FFA is to get involved!

Make sure you’re getting a complete Agricultural Education experience, and remember that it all works together. Talk with you agricultural teacher today and make plans to perform in all three arenas. Don’t just settle for a high school diploma when you can get set for life.
FFA Mission and Strategies

FFA makes a positive difference in the lives of students by developing their potential for premier leadership, personal growth and career success through agriculture education.

To accomplish this mission, FFA:

- Develops competent and assertive agriculture leadership
- Increases awareness of the global and technological importance of agriculture and its contribution to our well-being.
- Strengthens the confidence of agriculture students in themselves and their work.
- Promotes the intelligent choice and establishment of an agricultural career
- Encourages achievement in supervised agricultural experience programs
- Encourages wise management of economic, environmental and human resources of the community
- Develops interpersonal skills in teamwork, communications, human relations and social interaction.
- Builds character and promotes citizenship, volunteerism and patriotism.
- Promotes cooperation and cooperative attitudes among all people.
- Promotes healthy lifestyles.
- Encourages excellence in scholarship.
Many organizations have logos they use as part of their identity. As with most logos, the FFA emblem is symbolic. It contains five separate elements. Each element represents items or ideals that are important to the organization and its members.

The cross-section of an ear of corn serves as the emblem’s foundation, just as corn has historically served as a foundation crop in American agriculture. Corn is also a symbol of unity because it is native to America and it is grown in every state.

The rising sun appears in the center of the emblem and symbolizes progress in agriculture and the confidence FFA members have in the future.

The plow is a symbol of labor and tillage of the soil.

The owl represents knowledge and wisdom.

The eagle is perched on top of the emblem and served as a reminder of our freedom and ability to explore new horizons for the future of agriculture.

Finally, the words, "Agriculture Education" surrounding the letters "FFA" indicate that the FFA is an important part of the agricultural education program.
The FFA Creed

I believe in the future of agriculture, with a faith born not of words but of deeds - achievements won by the present and past generations of agriculturists; in the promise of better days through better ways, even as the better things we now enjoy have come to us from the struggles of former years.

I believe that to live and work on a good farm, or to be engaged in other agricultural pursuits, is pleasant as well as challenging; for I know the joys and discomforts of agricultural life and hold an inborn fondness for those associations which, even in hours of discouragement, I cannot deny.

I believe in leadership from ourselves and respect from others. I believe in my own ability to work efficiently and think clearly, with such knowledge and skill as I can secure, and in the ability of progressive agriculturists to serve our own and the public interest in producing and marketing the product of our toil.

I believe in less dependence on begging and more power in bargaining; in the life abundant and enough honest wealth to help make it so—for others as well as myself; in less need for charity and more of it when needed; in being happy myself and playing square with those whose happiness depends upon me.

I believe that American agriculture can and will hold true to the best traditions of our national life and that I can exert an influence in my home and community which will stand solid for my part in that inspiring task.
FFA Colors and Motto

Colors

The National FFA Organization chose national blue and corn gold as its official colors in 1929. As the blue field of our nation'\'s flag and the golden fields of ripened corn unify our country, the FFA colors give unity to the organization.

Motto

Many important things come in small containers. Although a diamond ring takes up a little space, it is extremely valuable. So it is with the FFA motto. The motto has just 12 words, but those words are powerful.

Learning to Do,
Doing to Learn,
Earning to Live,
Living to Serve
FFA Official Dress

One of the most unifying elements for any group is its uniform. In FFA, the uniform members wear to local, state and national functions is called official dress. It provides identity and gives the organization a distinctive and recognizable image.

Proper Use of the FFA Jacket

- The jacket is to be worn only by members.
- The jacket should be kept clean and neat at all times.
- The back of the jacket includes only: a large official FFA emblem, the name of the state association and the name of the local chapter, district or area. The front of the jacket includes only: a small official FFA emblem, the name of the individual, one office or honor and the year of that office or honor.
- The jacket should be worn on official occasions with the zipper fastened to the top. The collar should be turned down and the cuffs buttoned.
- The jacket should be worn by members and officers on all official FFA occasions, as well as other occasions where the chapter or state association is represented. It may be worn to school and other appropriate places.
- The jacket should only be worn to places that are appropriate for members to visit.
- School letters and insignia should not be attached to or worn on the jacket.
- When the jacket becomes too faded and worn to wear in public, it should be discarded or the emblems and lettering should be removed.
- The emblems and lettering should be removed if the jacket is given or sold to a non-member.
- A member should act professionally when wearing the official FFA jacket.
- Members should refrain from use of tobacco and alcohol when underage and at all times when representing the FFA. In addition, members should exhibit their leadership qualities when they encounter substances including tobacco and alcohol and serve to discourage others from inappropriate behavior.
- All chapter degree, officer pins, and other award medals should be worn beneath the name on the right side of the jacket, with the exception that a single State FFA charm and American FFA key should be worn above the name or attached to a standard key chain. No more than three medals should be worn on the jacket; these should represent the highest degree earned, the highest office held and the highest award earned by the member.

Official FFA Dress

- Official dress for female members is a black skirt, white blouse with blouse with official FFA scarf, black shoes, and official jacket zipped to the top. Black slacks may be worn for traveling and outdoor activities.
- The official dress for male members is black slacks, white shirt, official FFA tie, black shoes, black socks and the official jacket zipped to the top.
FFA Code of Ethics

People are always observing you. Your actions when you wear the FFA jacket or represent the organization become part of the organization’s image. To keep the image of the FFA and members sharp, delegates at the 1952 National FFA Convention adopted a Code of Ethics for FFA members to follow. The FFA Code of Ethics still protects the FFA image. It also guides members to make positive, healthy choices – and not only during FFA activities. The code of ethics guidelines are good to follow during all occasions and functions.

The FFA Code of Ethics

FFA Members conduct themselves at all times to be a credit to their organization, chapter, school, community and family. I pledge to:

- Develop my potential for premier leadership, personal growth and career success
- Make a positive difference in the lives of others.
- Dress neatly and appropriately for the occasion.
- Respect the rights of others and their property.
- Be courteous, honest and fair with others.
- Communicate in an appropriate, purposeful and positive manner.
- Demonstrate good sportsmanship be being modest and winning and generous in defeat.
- Make myself aware of FFA programs and activities and be an active participant.
- Conduct and value a supervised agricultural experience program.
- Strive to establish and enhance my skills through agricultural education in order to enter a successful career.
- Appreciate and promote diversity in our organization.
What if you could get classroom credit and FFA awards for doing what you like: experimenting with careers, earning money, building a resume and having fun? You can – with a Supervised Agricultural Experience (SAE) program. An SAE is a program you design to gain hands-on experience and develop skills in agricultural career areas that interest you.

You choose an SAE program that lets you discover, explore, experience and excel in careers. In the meantime, you gain skills and experience that pay off in areas of life. Your SAE program can lead you toward personal growth, premier leadership, and career success.

An SAE program is not just another class assignment or graduation requirement. You are truly in charge of your SAE! Although your agriculture teacher will help you learn related information and keep good records, the success or failure of your SAE is up to you. It’s an exciting opportunity to prove your abilities to future employers – and to yourself.

Atwater FFA SAE Program

- The Chapter will encourage all members to maintain a Supervised Agriculture Experience (SAE) program.

- The Chapter will encourage members to compete at shows with their SAE.
  - All Chapter members are expected to work as a team at all fairs and shows
  - The Chapter will conduct an Exhibitors / Parent evening to inform parents and members of a member’s responsibilities.
    - The Chapter will require parents of all first time exhibitors to attend a meeting conducted by the Chapter Advisors. This meeting will serve as an informal session to allow parents / exhibitors to become aware of the expectations and responsibilities placed on the Chapter exhibitor.
  - All projects exhibited at fairs and shows by members of the Chapter must be entered in the FFA division and only with Advisor approval and supervision.
  - Members exhibiting at fairs must maintain academic requirements set forth by Atwater High School and the Atwater Agriculture Program and FFA. In order to participate in any activity beyond the chapter level, an individual must maintain at least a 2.0 GPA, cannot have more than one F, and cannot have received less than a C grade in any Agriculture class the last eligibility period to the event.
Additional eligibility rule – Students will be given one chance for scholastic ineligibility for showing at fairs. If a student becomes ineligible to show at a fair that they had planned to show, the student will receive a warning. If the same student should become ineligible again to show at a fair that they had planned to show at, the student will no longer be eligible to show with Atwater FFA.

- Members are encouraged to apply for local, regional and state proficiency awards.
- Members are encouraged to apply for advanced degrees (i.e. State FFA Degree)
- Members are encouraged to compete in the Local and Sectional Project Competition.
- Members are required to follow project Advisor's recommendations concerning their SAE.
- Members are encouraged to strive to improve and develop their SAE each year.
  - Encourage members to develop skills within their SAE through participation and appropriate judging teams.
  - Members are encouraged to attend demonstrations, breeding shows, and equipment shows which will enable them to increase their efficiency and knowledge of their SAE.

- Members are encouraged to provide support and help their fellow Chapter members.
Cooperation

The Atwater FFA chapter will develop a sense of cooperation among the entire membership.

- The Atwater Chapter will cooperate with other FFA chapters.
  - Participation in Sectional, Regional, and State activities.
  - Hosting Sectional activities as needed.
  - Serving the awards banquet for Livingston FFA

- The Chapter will cooperate with Atwater High School.
  - BBQ during home AHS football games and AHS BBQ functions.
  - Participation in school functions and events
  - Chapter representation during school sponsored activities and functions
  - Cooperation and support with other AHS youth organizations

- The Chapter will participate in community cooperation.
  - Participating and working with Merced County Office of Education’s ROP program and awards ceremony.
  - Participating and cooperating with local elementary schools in various agriculture projects (example: school gardens)
  - Providing local middle schools with an informative recruitment presentation.
  - Participation in a local city beautification project(s).
  - Participation in Merced County and the American Cancer Society’s Relay for Life

- Members exhibiting at fairs and shows will cooperate together and compete as a team.
Community Service

The primary objective towards community service is for FFA members to establish an attitude of service towards the community in which they live.

The Atwater FFA will develop a sense of community service among the entire membership.

- Our chapter will conduct food and toy drives during the Thanksgiving and Christmas holidays to help those in need.
- We will assist with community projects and activities when called upon by the Chamber of Commerce.
- We will participate in the Atwater Beautification Day.
- We will take advantage of opportunities to form partnerships with community organizations in working with agricultural education and agricultural projects.
- Our chapter continues to strive towards participating in various community outreach programs.
Leadership

Leadership is the ability to guide or influence others to work towards a meaningful goal while helping each to develop themselves as group members. Leadership is the ability in a well-adjusted person to handle people, to inspire or influence the actions of others, to make decisions or to move a group to action. Leadership is a contribution to the establishment and attainment of group processes. Therefore, leadership is a quality of group action.

Chapter Constitution

Constitution of the Atwater FFA Chapter
Revised November 22, 2013

Article I: Names and Purposes

Section A. The name of this organization shall be the Atwater Chapter FFA (Future Farmers of America) #CA0344

Section B. The Purposes for which this Chapter is formed are as follows:
1. To improve agriculture conditions and practices in and about Merced County
2. To develop agricultural skills or prepare for leadership, cooperative attitudes and rural responsibility, in individuals preparing to enter an agricultural occupation.
3. To advance the cause of agriculture education and to encourage the FFA.
4. FFA makes a positive difference in the lives of students by developing their potential for: premier leadership, personal growth and career success through agriculture education.

Article II: Organization

Section A. The Chapter of the Future Farmers of America is a charted local entity of the Merced-Mariposa Section of the California Association, made up of local members.

Article III: Membership Organization

Section A. Membership in this organization shall be active and honorary.

Section B. Membership is limited to students enrolled in Agriculture education at Atwater High School.

Section C. Membership of graduates is limited to students that were active members their Senior year and graduated from high school.

Section D. The Atwater FFA is a 100% affiliation Chapter with every student becoming a member of the FFA when they enroll in an agriculture class.

Section E. No students may participate in any FFA activities unless they are members in good standing.

Section F. The FFA Advisors at their own discretion have the right to dismiss any member from the Atwater FFA organization at any time.

Section G. Active work in this chapter shall be carried on by active members.
Section H. Award recipients must attend Chapter awards banquet to receive any awards.

Section I. All members exhibiting livestock at fairs and shows must attend the fair awards ceremony with official uniform; jacket only.

Section J. High School members exhibiting at fairs and shows must attend regular chapter meetings to be eligible to show. All graduates are strongly encouraged to attend agricultural related meetings or activities.

Article IV: Officers

Section A. The chapter officers for the Atwater FFA shall be President, Vice President, Secretary, Treasurer, Reporter, Sentinel, and Historian.

Section B. All elective chapter officers shall hold office for one year after election or until successors are selected as described in Article IV, Section G.

Atwater FFA History – State/National Recognition

American FFA Degree Recipients

As the highest degree achievable in the National FFA Organization, receiving the American FFA Degree shows an FFA member’s dedication to his or her chapter and state FFA associations. American FFA Degree recipients show promise for their future and have gone above and beyond to achieve excellence.

State Champion CDE Teams

Career development events (CDE’s) are opportunities to develop skills that can be used in a future career. There are 24 different career development events available for team/individual competition at the state and national level.

Proficiency Award Recipients

Supervised Agriculture Experience (SAE) proficiency areas are programs where students are working for an individual or business for the experience or for pay. There are 51 proficiencies recognized at the state and national level.

The following is a history of state and national awards/accomplishments recognizing the Atwater FFA Chapter and Atwater FFA individuals:

### Notes

1. The chart above pertains to “established” pathways within state CTE sectors.

2. The Atwater High School Agriculture program also has “partial” Animal Science and Ag Business pathways, however those pathways do not have full-time enrollment or permanent “4 year pathway” courses to establish/implement fully.
