COAST CHAMBERS OF COMMERCE VISIT POLYTECHNIC

Last Monday the Associated Chambers of Commerce of the Central Coast Counties met in San Luis Obispo and were entertained at the California Polytechnic School at luncheon, after which they were taken on a tour of inspection about the grounds.

They were divided into units and the tour took them through school grounds by two students, who acted as guides and explained the various systems of equipment on the grounds. The boys who acted as guides for the different units were the upperclass men in the Agriculture and Mechanic departments of the school.

There were chosen to act as guides to explain the mechanical department—George Troup; Clinton Potest, Frederic Coyner, George Elliot, and Stewart Patchett. Those representing the agricultural department were Ernest Hodges, Jack Hammond, William John, Randolph Reich, and Alfred Ferranti.

AMPOLLA ASSEMBLY

In our assembly held Wednesday, January 17, the Ampolletas girls gave a very clever performance in the line of a three-act play dealing with "John Doe" and "Bill Johnson." Paul Blocker had the leading role; although he did not appear in person once. The play concerned the affairs of a certain young lady who was engaged to be married to a man who had money, was clever, and was exceptionally handsome, but through the same trifling difference in a left wink, he would not be allowed to have the money unless he married a competent housekeeper. With the help of all of her learned friends the girl proved the type of a lady who was engaged to be married but lost Palmer, but was rescued from this terrible catastrophe by his practical friends. In the last act she had learned something and so "it was all over but the wedding."

This was one of the best assemblies we have had this year. Mrs. Thaler directed the play and she deserves much praise for her patience. Those appearing included: Gertrude Tracy, Muriel Sellers, Helen Rutherford, Dorothy Hoare, Margaret Ditmas, Dorothy Tommasini, Creas Spaulding, and Ethel Van Wormer.

SOCIALLY SPEAKING—

Last Friday evening several of the students and a few of the old students motored up to Morro Bay and were entertained by Miss Bell. The occasion was a barbecue and later, with a dance as a side issue. Those attending were Miss Bell, Margaret, Dorothy Hoare, Muriel Sellers, Helen Rutherford, Marjorie Andrews, Dick Wilson, Frederic Coyner, Joe Rowan, Albert Hartkens, Happy Mitchell, Palmer Powell, and Neil Petrillo.

ROTARY INTERESTED IN THE CALIFORNIA POLYTECHNIC SCHOOL

The Boys' Work Committee of the Los Angeles Rotary Club see the California Polytechnic School at San Luis Obispo an unusual opportunity to get boys training in agriculture and mechanics that will make them producers and steady workers.

John Blosser, with his committee, is planning to establish Rotary scholarships for worthy boys who cannot pay their way through school. These scholarships will not be donations, but loans. The boys who will be benefited by them will pay back in small instalments the money advanced to make possible an education most of these boys want so that in time the loan fund will become a revolving fund available to many boys with ability and brains who cannot get an education on account of lack of funds.

For a personal survey recently made, Blosser knows that the kind of education most of these boys want they can get at the California Polytechnic School. A trip up to the falls and when we return was indeed ready when it came time to eat. And, oh, those extra—waffles, buns, salad, plusses, cake, marshmellows and coffee, and lots of them.

After mass the crew decided to take a trip up to the falls and when we rec'd the falls, groans, splashes, etc., of the rowers. One crewman by the name of Bill Johnson was anxious to be entertained by Miss Bell. The occasion was a barbecue and later, with a dance as a side issue. Those attending were Miss Bell, Margaret, Dorothy Hoare, Muriel Sellers, Helen Rutherford, Marjorie Andrews, Dick Wilson, Frederic Coyner, Joe Rowan, Albert Hartkens, Happy Mitchell, Palmer Powell, and Neil Petrillo.

TWO ASSEMBLIES HELD LAST WEEK

During the first week of school after the holidays two assemblies were held. The first one was held on the tenth of January. After the orchestra had rendered two pleasing numbers President Riccardi gave a talk on the possibilities of the Work Committee of the Los Angeles Rotary Club assisting those attending school by making them financial loans. He next explained to us the answers to some of the questions that might be asked us concerning our school. With another orches-

The second assembly of the week was called as a special assembly on the eleventh. During this assembly a two-reel film was shown, entitled "For the Honor of the School." This picture dealt mainly with the athletics of a certain boys' school, and it proved a very enjoyable way of spending the fifth period.

JOURNAL STAFF MEETS

Last Saturday evening the members of the Journal staff met at Miss Hay- slig's apartment to discuss the plans for this year's Journal. The cover was chosen; the organisation section was decided upon; the illustration section will be bigger and better than ever before; the josh department will contain more snappy; the art department promises more in actual beauty as well as in content; not only the Seniors but the Juniors as well will have individual photographs; a dra- matic section is to be added, and as a whole the Journal is to be the best ever.

Since the appointment of the art and alumni editors, the staff has been completed. The members are as follows:

Editor—Allen Davis
Business Manager—Frederic Coyner
Assistant Business Manager—Dick Wilson
Circulation—Muriel Sellers
Senior Editor—Ethel Van Wormer
Organizations—William John
Sports—Margaret Ditmas
Ladies:—Barbara Martens
Art—Enrique Aragon
Photography—Allyn Morton
Junior Editor—Hubert Patchett, Ethel Van Wormer

SENIORS MEET

At the Senior meeting on January 10 the members present decided upon the form of the card that they would like to give Miss Bell.
YOUR PART IN 1923

With the year 1922 in the dim and misted past, and the new year already eighteen days old, sit down and bring back in your thoughts the last year—what it has meant to you, your pleasures, your studies, your improvements, your mistakes, and the things you have done to help your community and your school.

Then ask yourself if 1923 will be the same or will you profit by your mistakes and show that you have profited by the honor roll by supporting the Polygram and the Journal and other student activities, and by coming out for athletics, thus making possible winning basketball, track, and hand-ball teams.

Why should the taxpayers be interested in the California Polytechnic? If they are not interested, I find it hard to prove to them that they believe in it themselves. Why not show the enthusiasm that is felt?

Everyone that really knows the California Polytechnic and the work that it is doing knows that greater development and support are due the school; it is up to the students, then, who are more familiar with the school than most people to let them know more about the Polytechnic.

Why not start and finish 1923 with these ideals?

POLY'S SPIRIT IN FOOTBALL SEASON

If you have a good memory, you will remember reading this statement in the first issue of the Polygram in September of last year:

"We may not always finish with the winning end of the score, but we will be known as a hard-hitting bunch of clean players."

These are the words written by Captain Potter before we had played any game of the 1922 football season.

Now that it is all over, we see that the team carried out Potter's threat to a T. They were beaten by score—yes, but not by fight; that was shown in the Stanford game. They were hit an average of 183 pounds or better, and stood up to hold, holding them to a tie score for three quarters. When cut down and rolled over by the heavier men, they were back in their places always, facing their opponents with a bull-dog determination.

Spirit is found in the athletic team, so Poly with a little more experience and weight will be able to make and hold wins and not take losses.

Coach Angeli emphasized that when he said: "After every game the roost of the opposing team came and told me personally that Poly's team had put up the cleanest fight of any league team that they had met.

Victorious we weren't, though the score was against us in two games.

CREAMER BUTTER, EGGS AND CHEESE

One morning before drill period, I happened to be passing Mr. Her­spinger's room in the Creamery building and heard some conversation on the inside. I am of the indefinite type, so, quite naturally, I peaked my head through the keyhole. Well, I thought I could see some plaster on the floor, so I knew that the roof had been leaking again, but would not as soon as the rain is put on the oil-paper roof. But I am inclined to think that Mr. Herspinger was also interesting to himself about the leaky roof, I thought but, no. It was not about the Creamery; what they are doing there, they have what done and what they intend to do. Some of these things I took note of, so you may be able to draw a few conclusions from what is written below.

They have been making butter in the creamery for some time, and if you wish to sample their product just drop into the, Cafeteria for lunch. They will find milk, butter, eggs, and cheese, all from the Creamery. How did the eggs happen to come from the Creamery? Easy! The Creamery acts as a sales department for these products of our school farm. Milk is sold now in pint bottles to Federal men who eat their lunches in the Creamery; what they are doing things I took note of, so you may be able to draw a few conclusions from what is written below.

Some new machinery, including a sanitary milk pump (a sanitary centrifugal pump for transferring milk from one receptacle to another) has been added of late, and much more will be as soon as we get our new centrifugal pump from the State Legislature. When the plant is put into operation, butter making will be taught on a large scale; seven hundred pounds will be made at one churning. Special courses will be possible then in the making of butter, cheese, cottage cheese and ice cream. These subjects are taught at present, but only in connection with regular courses. Some milk will probably be collected from dairies around here to provide a sufficient supply for the plant, not on a commercial basis, but on a scale large enough to give practical instruction to students. It may be necessary, however, to get milk from the outside if the school dairy herd is increased to the size intended to use this plant.

The ice plant, having a capacity of sixty tons per day, is to be put in as soon as possible. Things can be kept in it for a long time without danger of spoiling.

Just as at this instant I heard footsteps outside the building; so I made a rush into the room, not to see the company march by, but I expected, and was to be surprised by one of the rainstorms typical of this season.

MAGAZINES AT THE LIBRARY

The library has obtained some new and interesting magazines for the year 1923. The names of some of them are printed below: "The Open Road" is the best known boys' magazine published in the United States. It aims to give the older boys just what they understand the best of. Some eminent men are back of it and success is assured. "Motor" is also coming for the auto enthusiasts and the "Scientific American Supplement" for those who already enjoy the "Scientific American." The girls have been remembered, too, for the "House Beautiful," the "Flower REVIEW," and the "Inland Printer" are also listed for the boys in the shops. And all the athletists will enjoy the "Physical Culture" magazine and the "National Sportsman." Last, but not least, all will enjoy the "Mentor," as it brings all the world of science, art, history or literature in the form of truly artistic pictures.

YOUR PART IN 1923

FOOTBALL SEASON

In September, 1922:.

The team carried out Potter's threat better, and stood up to them, holding in the Stanford game. They were hit to a tie score for three quarters. But they had a bull-dog determination.

The San Luis Jewelry Co.

Now located at

865 Monterey St.
If it in any joke
Your name is spoke,
With just a little rub,
Do not get sure
And make a roar,
But rub some other dub.
Excol.—"Why in the world has
Donald been sending you a rose
a day for the next month?"
Muriel.—"Well, you see, he believes
in 'Say it with flowers' and he
states:

IN COMMERCIAL ROOM
Mrs. Stedman.—"Can anyone give
me an example of a commercial
 appliance used in ancient times?"
Sadie B.—"The loose-leaf system
in the Garden of Eden."
Anna.—"Attitude hasn't much of a
figure, has it?"
Mildred.—"No, I'll say hasn't.
I took him to a furniture store the
other day and just him in the Chip­pendale department."
Jeannette.—"How dare you? Father
and he'll kill the first man who kissed
me."
Virgil W.—"Well—did he?"
Dorothy.—"Do you like the 'Kiss
Waltz' the orchestra is playing?"
Harley.—"Yes, isn't it lovely on
the mouth organ."

NEED ANY HELP, FAT?
Father Rouse.—"That fat friend
of yours is too fresh. The next time
you're making that threat good, isn't
it?"
Wilma.—"Oh, Dad, leave that to
me."

AT SENIOR MEETING
President.—"All in favor of the mo­tion
raise their right hand.
All hands are raised but two.
President.—"We would like to hear
your objections.
Forest.—"Er—um, Margaret and I
don't just get our hands up in time.
That's all!"
First Frosh.—"I'm going to see Miss
Hayslip for damages."
Second Frosh.—"What for?"
First Frosh.—"She wrote on my
theme. You have bad relatives and
ancestors."
Bessie.—"Don't know this believes
is a private office? How much did you
pay the office boy to let you in?"
Job-hunting Senator—I got it free,
eh. It says 'No Admission' on the
door."
Fat.—"Oh, yes, I have a broad ac­counudence around here."
Reich.—"I know it. I saw you with
her last night."
Rae.—"Do all fairy stories begin
with 'Once upon a time'?
Big Sister.—"No. Some of them start
with, 'I have to study at the
library tonight.'"
Prof.—"What is the best conductor
of electricity?"
Prof.—"Why, er..."
Prof.—"Right; and what is the
standard for measuring electricity?"
Frosh.—"The what, sir?"
Prof.—"A very good recreation."
Clarence Hana.—"Oh, boy, this
flower reminds me of a glass of wine.
Miss Bell.—"Give me that!"

EACH MAN HIS JUST DESSERTS
The waiter eats tongue, he hear;
The Sultan, Turkey lunch;
The undertaker drinks his hier;
The piglet, his punch;
The acrobate, entire his drink;
The lunatic man eats toast;
Everyone eulogizes their staves; we think;
And editors a roast;
Shoemakers have filet of sole;
The printer, pie and sauce;
The hungry actor eats his role;
Policemen munch their beets.

Something to look at—a Fond driven
to Poly that is ten years old.
"Hey, what is the difference be­tween
a blind man and a sailor in
prison?"
"One cannot see to go and the other
cannot go to see."
Miss Hayslip.—"Sit down, Perry,
John has the floor."
Perry.—"Looks more like he has a
piece of paper to me."
"Gee, those college fellows seem to
take life pretty easy, don't they?"
"Sure, even when they graduate
they do it by degree."
Mrs. Wilder.—"What is passive
voice?"
Gammon.—"Well, if it you over
the head—"
Mrs. Wilder.—"Please give an
explanation and not a demonstration."
Old Lady.—"Oh, conductor, stop the
train, my wig blew off."
Conductor.—"Never mind, madam,
there's a switch this side of the next
station."

At our last assembly, Mr. Riceaudi
rather surprised us when he said
he was going to read a personal letter
from the President. But the very
next sentence he had to spoil it by
saying he was going to read a letter
from the president of the Chamber of
Commerce.
Palmer Powell.—"Gimme a cigare­tte,
web."
Hart Harris.—"Why, I thought you
told me you had quit."
Exchange.—"Well, I have reached
the first stage—I've quit buying."
Ethel Van Warmer (protestingly)—
"Don't do that!"
Hankens—"Leastest, don't you
care affection?"
Ethel.—"Yes, but why treat me like
a cafeteria and help yourself?"
Mrs. Stedman.—"Jack, if you do
that any more I'll send you out of
the class."
Jack Piper.—"Golly, it's about time
you're making that threat good, isn't
it?"
Mrs. Theisen.—"Bacmelstor, what
is 'phi'?
Bacmelstor.—"I don't know—a—"
Mrs. Theisen.—"Yes; Noah is right."

"No Walter is sick again?"
"Yes; Dorothy called him honey
and he broke out with the hives the next
morning."

Supper—"A very good recitation."
Miss Hayslip.—"Give me that!"

BASKET BALL

The basket ball schedule as printed in the Polygram some weeks ago has been slightly altered, due to the withdrawal of Santa Barbara from the conference and Legola has not a basket ball team due to low finances, so the trip we were to take will be somewhat changed.

Last Tuesday a kiddie quintet from B. L. Hj endeavored to conquer Poly’s husky five. They failed to the tune of 19-42. They have a scrappy team and made things interesting for Poly. Poly’s team showed up very well.

The first outside game will be played with Peo Robles Alumni at San Luis on Friday, the nineteenth, and we make the trip to Fresno on the twenty-fifth. Some other games are being arranged in the valley with Bakersfield and Stockton, but are not sure yet.

A complete schedule will be arranged for the next issue and in the meantime every Polyite be on hand Friday night to help boost the roof a notch or two.

STUDENTS ENTERTAIN

The boys’ glee club and the school orchestra mean some music for a change for Poly. The program will be varied, and we make the trip to Fresno on the twenty-fifth. Some other games are being arranged in the valley with Bakersfield and Stockton, but are not sure yet.

A complete schedule will be arranged for the next issue and in the meantime every Polyite be on hand Friday night to help boost the roof a notch or two.

FOOTBALL BANQUET

The evening of December 20 saw the closing of the season of 1932 for Poly with the annual football banquet staged by the Athletic Committee at the La France cafeteria.

A major portion of the large dining room was curtained off and cleverly decorated, tables placed end to end forming a large square on which were placed cards for Captain Deuel, Mr. Ricciardi, Mr. Williams, Mr. Anderson, Mr. Cox, Coach Agости, and one for each member of the football squad.

After a delicious four-course dinner Captain Deuel, who presided as toastmaster, called on several members of the squad who are graduating or leaving school and each gave an interesting talk on the season of ’32 as he would remember it.

Mr. Ricciardi gave a talk on football as it is seen by America’s big business men as an aid in development both physical and mental, and what the school hoped and planned to do in the development of better athletics in the coming years.

Mr. Cox talked on football as a physical developer. He also gave us a few of his own experiences when he played the old game of Rugby in college.

Coach Agости spoke on the football team as it stood to him, outlined the season as it had come, and what he hoped for in the coming year. After Mr. Williams talked of those good stories he is so capable of telling, we came to the business part of the evening—the election of a captain.

The question of whether a captain should be elected on that evening or the following Monday was discussed, and almost every thing followed until a vote was taken and it was decided to elect the captain now.

Patchett and Annin were nominated, Patchett being elected by a majority of one vote.

After the election we adjourned, sorry to have it over with as it will be the last time the team will ever be all together, as some drop out and others come in to take their places, it will be a sweet memory—the last assembly of the fellows who fought for the Christmas vacation, we had a merry time.

After the election we adjourned, sorry to have it over with as it will be the last time the team will ever be all together, as some drop out and others come in to take their places, it will be a sweet memory—the last assembly of the fellows who fought for the Christmas vacation, we had a merry time.

STAG BARBER SHOP

Mr. Anderson wants to express through the Polygram his appreciation of the help that both faculty and students gave in the preparations for the Christmas party. He feels that its success was due to sprit shewn by everyone.

Mr. WILDER MOVES

Mr. and Mrs. Wilder have bought a country home on the road between San Luis and Bishop peaks. They moved in during the Christmas holidays and are now ready to receive their friends.
