

FARMERS DAY PICNIC

Last Saturday on the school grounds many people from all over the county were gathered, for that was the day of the Farmers' Picnic and the County Grammar School Track Meet. The girls, under the direction of Miss Hoeuer, served the food and coffee for the free barbecue, while boys who had cooked the meat!

The Block "P" Club had charge of a soda, ice cream, peanuts, and candy booth.

Following the barbecue the county track meet for all the grammar schools was held. Paul Robbins won first place with a score of 69 1-3 points, John Lake Oddes followed, scoring 87 2-3 points. Arroyo Grande and Atascadero tied for third place.

During the day the Poly orchestra played, while our farm Polytechnic quintet rendered a few selections.

MAY DAY PICNIC ON POOL CANYON

Our annual May Day picnic was held on the last Thursday of May, this year and it only remains now for us to have another May Day with a different scene.

This picnic, which in reality was a Wide lake, was held on McChesney's ranch near Arroyo Grande. All the students and parents all transported there in different cars. Upon arriving we had a grand time and when it was time to go we were all a little better than when we started. As a starter the boys cooked the meat, and this was too much for really either interest or amuse us, the spectators. Next came a game for the girls. By then we were becoming so blasé that the whole thing was not only amusing but much deserved. The next round, we may say it, made us sit up and take notice. It was actually a game of faculty baseball! Mrs. Thiesen made a home run, and almost outdid herself in sliding home. As a starter the boys contributed the weinies, buns, cakes, and pies.

At the assembly held on April 25 the Block "P" Club took charge and "threw the stuff." Before the program was held Miss Hayasaki said a few words in behalf of the girls' basketball team, awarding stars and a couple of the game.

Mr. Pettner walked away with all the first. As a starter the boys cooked the meat. This was too much for really either interest or amuse us, the spectators. Next came a game for the girls. By then we were becoming so blasé that the whole thing was not only amusing but much deserved. The next round, we may say it, made us sit up and take notice. It was actually a game of faculty baseball! Mrs. Thiesen made a home run, and almost outdid herself in sliding home. As a starter the boys contributed the weinies, buns, cakes, and pies.

The trio was unequaled for its perfect harmony and tantalizing melodic creation. There are two reasons why the electrical wiring was in such poor condition on this campus: first, the greater part of it had been installed more than ten years ago; at that time there were no up-to-date protective devices as there is now. Many rules were incomplete and materials not up to the standard required now. The electrical system in those days did not have the skill in installing the wiring that there is now, and he who had to pass the inspection of the insurance company, for the state does not carry insurance on electrical installations. Second, as the school grew there had to be extensions of the electrical system to meet some urgent need. These extensions were usually made in a hurried and temporary basis and as they were put in, many of them were death traps as well as fire traps.

Now as you go about the campus you find a very different condition. All of the wiring is the latest conduit work; that is, all of the wires are in metal pipes so there is no chance of a fire being started from the wiring. The wires are placed where they may not be disturbed by the student when working. The safety rules require that all transformers and oil tanks be placed in a fire-proof compartment or room. The transformers and switches on the farm are placed in this compartment. The arrangement is such that the pumps may be con-__
No one on the Polytechnic campus can deny that the annual grammar school track meet was a decided success in every way.

As it was under the management of the Athletic Committee, much credit is due Coach Agosti and Captain Begg, who had the hard work and time put in by them to make it a success. It took not only hard work, but also money, to finance this meet, particularly as prizes and medals. This was the hardest problem of them all, but the following San Luis business men were willing to contribute for all of the prizes and medals of the meet in order to make it a great day.

The Athletic Committee of the Polytechnic appreciates the spirit shown by the above firms towards the Polytechnic and its enterprises. The Polytechnic appreciates the spirit shown by the above firms towards the Polytechnic and its enterprises.

VOCATION WITH A STEAK OF GOLD

"Making over a million" might mean making over a million dollars, but it means making over a million minds. The journalist is more involved in making over minds than he is in making over a million dollars. That's his game. We'll agree that sometimes the minds would be better off if he didn't make them over, but there are many journalists whose game of making over minds has been a great benefit to the country or the world. Who, for instance, game greater impetus to the anti-slavery cause than did Horace Greeley, or Owen Lovejoy, two young journalists. Read the story of the life of Edward Berk, for many years the editor of the Ladies Home Journal. If you want to know who started the Better Homes Better Babies, the Better Community, and the Humanic movements all over this country...any boy or girl who wants to find the journalism game. The people need professionals...not just anybody...the journalist may reach hundreds of thousands, but the journalist may reach a million dollars. That's his game. Almost every big, real big, statesman has used the field of journalism as his means of educating the people to progressive ideas. Today more than ever before there is a streak of gold in the journalism game. The people need professionals...not just anybody...the journalist may reach hundreds of thousands, but the journalist may reach a million dollars. That's his game.

June 1 Date Set for 1923 Journal

The places of election of the candidates for the officers and members of the Poly Poly will be decided on June 1, the last day the seniors may see how many of their fellow classmen will actually attend classes. In case of unforeseen handicaps, it will be held on the Senior Day, June 6, after the Senior Assembly. The officers have worked very hard to make this election day. The officers have worked very hard to make this election day. The officers have worked very hard to make this election day. The officers have worked very hard to make this election day.
IT CAN'T BE BAD:

Duff like "Do" Jackson.

Sorts in Agusta's classes.

1. Be pleasant when you get sent to the office.

2. Be like Hawkenson.

3. Be like Diefenderfer.

4. Be like Miss Chase.

5. Be like Miss Bell.

6. Walk like the Patchett Brothers.

Wakeln up. 

Try to say "Whoo!" something.

Get by Miss Hayalsilip without a uniform pass, etc.

Here's a good one to pull some times: If the English teacher asks you to write a short story on baseball, say: "Thank, no game.

Miss Thaisen: "Name three important taxes.

Boiler: "Income tax, war tax, and church tax.

Miss Thaisen: "Why the thumb tax?"

Derr: "Because that hurts too."

Marty: "I love the good, the true, the beautiful, the innocent."

Juriy: "Rain, no gume."

Time; If the English teacher asks you to say: "Rain, no gume."

Bill says: "I think father will consent." 103 Monterey St. Phone 284-J

H. L. "We hold the Durant?"

Hi!"

DORM DOINGS

Brownie, our old dog, is dead. He was attacked by some mysterious disease of which we are unable to find a definition. He was buried with due honors.

George Cornelius has had visitors over the last week-end. His parents came down from the city. George was seen sporting that new Buick around with one of our fair maids. Don’t get too serious, George.

The picnic proved a grand success on our part. Every one of us enjoyed the sports and the eats.

The Canary Club is still holding meetings. They plan to have their last meeting on June 7.

Harris, our bugler has not been very strong the last few mornings. He has failed to wake the most of us. More power to you, Harris.

The mystery has been solved. It was at last learned who taught Annin to run so fast. Anyone wishing to obtain this dark secret can find out by asking him.

Potter, Lamley and V. Wimmer returned from the track meet at Modesto last Sunday. They report having a grand time. Potter says they have some mean stuff in Modesto.

GIRLS VICTORIOUS AT BASEBALL

Off with her hat, she has won.

The girls’ baseball team started the season out with a victory of 23-13 over Atascadero April 26. Every girl showed her ability as a baseball star and of course is going to show it in every game.

At the end of the sixth inning the score was 11-4 in favor of Atascadero but by the time the eighth inning began the Poly spirit awoke in us. We started a regular merry-go-round, making seven runs that inning. In the ninth inning we made four.

The rooting section was packed full of pep and helped us very much in winning the game. All right, rooting section, we expect you at the next game with all this pep.

The team consisted of the following girls: Fay Roguet, pitcher; Wilma Roguet, catcher; Helen Rutherford, first base; Ynez Bickford, second base; Mary Hughes, third base; Dorothy Lebo, short stop; Ila Mayhall, right field; Margaret Ward, center field; Gertrude Truesdale, left field.

We all know what Diefy’s car looks like. It is a fine specimen of the motor of the older days and he is hoping to best Bud to his beloved Margaret. (Sighs, please.)

Since Diefy is so sure about this, it is not surprising that he is anxious to prove it to the team, namely, a “pig tail”; Dorothy Miller, first base; Ynez Bickford, second base; Gertrude Truesdale, left field; Dorothy Lima, second base; F. Lima, center field; J. Carroll, short stop.

DORM CUB PLAN.
BARBEQUE SOON

The DORM Club plans to hold its annual barbecue within the next two weeks. It will be a big noise as this organization is the largest in school.

Clinton Potter, the mighty Senior, has the ball when the catcher was unable to catch it.

DELFY NOW RUNS HIS OWN AUTOMOBILE (?)

Our dear friend Lagrand has a car of his own. He is the happiest man on earth now, and he says that he will run accomplishes more, and he can do his best to conquer the love of one of his pretty girls.

Arthur Call says that his Ford (1010) is older than Diefy’s Rolls-Rough, he wired it was found that in order to make the motor of the olden days and he is hoping to best Bud to his beloved Margaret.

FEDERAL STUDENTS BUILD TRANSFORMER

While the campus was being rented it was found that in order to light the new houses a new transformer would be required.

Since the barns were built after the estimate for the wiring on the campus had been completed the transformer could not be included in that estimate.

The problem was solved by Mr. Wilder’s class of Federal men in automatic wiring. These men are specializing in motor repair work so they offered to rewind a burned-out transformer for the job.

There was an old transformer core in the power house from a transformer of the size required. The students measured the core and made up the bill of materials required for the complete job. When the materials arrived they set to work on the largest job of winding that they had done in this school.

The primary coil of this transformer had over 4,000 turns of wire, all of which had to be wound by hand.

When the transformer was completed it was adjusted to the proper voltage ratio and turned over to the classroom department. It was placed in service immediately on one of the school’s 500-volt lines.

POLY NINE VICTORIOUS OVER ARROYO GRANDE

Tuesday afternoon, May 8, the Poly boys defeated the Arroyo Grande nine as he is an all-round good player.

Many of the Poly students and members of the faculty attended the game, as school was dismissed at 3:15.

The Poly line-up is as follows:

J. Reynolds, pitcher; D. Anson, catch; R. Morton, first base; J. Urquiza, second base; W. Stevens, third base; R. Patchett, short stop; A. Davis, left field; F. Lima, center field; J. Carroll, short stop.

ANNUAL AG DANCE

TO BE ON MAY 18

The Ag Association plans to give its annual barn dance, which is always free, in the dairy barn on Friday, May 18.

There will be good music and refreshments. Bring your girl or girls with you.
