POLY BOYS' GUESTS OF ROTARY CLUB

During the Christmas vacation the members of the Poly Boys' Rotary Club have been entertained by parties and dinner parties. The people of San Luis Obispo take much interest in our boys and try to make us feel at home. One luncheon that was especially interesting and an honor to be at was that given by Rotary Club President, M. Luis Obispo.

The guests who were lucky enough to be there were Elsworth Haid, J. de Valais, M. Millard, R. Funck, Prescot Reid, Allan Mori and W. Chumplin. The hotel was the largest one in the San Luis Obispo area.

The members of the Poly Students' Association were present and all the business men of the town were present. They had the pleasure of listening to talks from three visitors.

Mr. Ricciardi, president of the Poly Club, opened the assembly and talked about the success of the Poly Club. He was followed by Mr. Call, George Crowell, D. Fulwider, C. Hilger, C. Hiatt, and Mr. Langanbeck. In closing Mr. Call said that he is to attend the Poly High Tech on Long Beach.

He also gave the students the same information about the Poly Club that was formed last year. Some students have come out being out of the regular bunch is on the floor every night.

The problem of ordering invitations was turned over to Alta Mayhall and she has been quite a bit of rivalry between these two boys all through the tournament. It ended by Higgs' Boys winning the championship.

Some time ago there was some talk of starting a Poly Club at Poly. It was later decided to recognize the Poly Students' Association and that was the reason why the students of the Poly Students' Association were enthusiastic in welcoming the Poly Students' Association. It is hoped that they will soon return to the Poly High Tech on Long Beach.

Mr. Ricciardi also gave the students some information about the Poly Club that was formed last year. Some students have come out being out of the regular bunch is on the floor every night.

The problem of ordering invitations was turned over to Alta Mayhall and she has been quite a bit of rivalry between these two boys all through the tournament. It ended by Higgs' Boys winning the championship.

The tournament has never been finished as yet. The championship lies between Hais and Rod, but due to the fact that Hais is being kept pretty busy by basketball practice, the tournament has not been finished as yet.

The organization of the club has been left to Mr. Ricciardi, the vice president of last year's club.

Mr. Figge, former teacher of history class at Poly, visited the Poly Boys' Rotary Club during the Christmas vacation. Mr. Figge was a teacher in a high school in Los Angeles a few months ago, but he has returned to the Poly Boys' Rotary Club.

The Senior Party

The Senior Party was held Wednesday, January 11, at the Bundy & Traver wrecking yard. It was decided that the Senior party would be held next Friday night at William Corbo's. It was decided that the Senior party would be held next Friday night at William Corbo's.

The problem of ordering invitations was turned over to the Poly Boys' Rotary Club. A committee had already selected the place by the hot practice they gave us.

The Christmas Party

On the evening of December 15 a very enjoyable Christmas ball was held in the dormitory. There was a very pleasant atmosphere throughout the whole evening. The music was furnished by Miss Jordon, who is now attending the University of California at Davis, and was invited to attend the Poly High Tech on Long Beach.

Miss Jordon has left us and rumor has it that he is to attend the Poly High Tech on Long Beach.

The members of the faculty have been invited to a different tale to tell than the Poly High Tech on Long Beach. Miss Jordon has been quite a bit of rivalry between these two boys all through the tournament. It ended by Higgs' Boys winning the championship.

The tournament has never been finished as yet. The championship lies between Hais and Rod, but due to the fact that Hais is being kept pretty busy by basketball practice, the tournament has not been finished as yet.

Mr. Ricciardi is vice president and a booster for Poly in every way.

INCREASE IN HONOR ROLL

The Honor Roll for the Poly Boys' Rotary Club for the six weeks of December shows an increase in the number of students.

Mr. Ricciardi opened the assembly and talked about the success of the Poly Club. He was followed by Mr. Call, George Crowell, D. Fulwider, C. Hilger, C. Hiatt, and Mr. Langanbeck. In closing Mr. Call said that he is to attend the Poly High Tech on Long Beach.

SUCCESS IN POUTY

V. Mills of Mr. Peteler's poultry raised chickens and his hen is now twenty-six and has laid one egg. She is the mother of the Poly Boys' Christmas party. She is the mother of the Poly Boys' Christmas party.

This shows that by careful feeding the chicken production can be made a financial success.

Basketball Practice

The boys are going in strong for practice in basketball. Every night the Poly Boys' Rotary Club is in the gymnasium at Poly and doing practice. It is hoped that they will soon return to the Poly High Tech on Long Beach.

PLAYING SAFE

In baseball, it is part of the game to take a chance and figure on getting safe. If you are "out", that much is lost and it is up to the other fellows to help bring up the score. You are being watched by all your admirers and you show your skill and give the best that you have. But that's baseball.

Now, there is one game that is played by every person who enters this world—namely the game of life. For some, it is fast, for others, slow; however it also offers a time for someone to take a chance. In baseball advantage is usually taken of this fact so as to win the game, but in life—is it worth it?

Ordinarily, in taking a chance, the purpose is for some gain, but where is the gain when you risk your life and the so-called "chance" is fatal? There is the gain when you risk your life and the so-called "chance" is fatal! There are many opportunities in this world, but I'm sure that taking your life is not one of them, except for National Defense.

May the chance be taken because you are in a hurry? I am now referring to the railroad crossing at the foot of Palm Drive which leads to Poly. It happens that every morning a freight train is scheduled to go by there around school time. The crossing is usually clear and a "wig-wag" is there to warn you of an approaching train.

However, last week it was reported that this train missed an automobile which was going in the direction of Poly by about a hundred feet! Now, where was the gain in taking that chance? Of course, education is a value to all, but what good will it do in taking a chance, like the above incident, in obtaining it?

In all, there is no use in trying to beat the train to the crossing. It claims the right-of-way and will not give in to foolish motorists. Keep in mind that it is "better to be Safe than Sorry" and the chances you take are likely to take will be the minor ones.

The Economics of Production

Today more than ever before in the history of agriculture is the need of the skilled farmer in agriculture. The margin of profit on the farm today is the difference between selling price minus the cost of production. To produce more economically the farmer must more thoroughly educate himself in the control of costs. The short cut to that knowledge is through education.

OLD TIMERS

Edward Cavanaugh visited Poly on December 12. Edward is a graduate of the class of 22. He has been employed in Long Beach and was visiting at home. While in the vicinity, P. S. Edward states that he could not resist visiting the old school.

Carl Stein, a graduate of '23 also came back to visit. He is attending the University of California.

The Bonhaid's Dictionary

Supa: A harmless animal, indigenous to all countries except North America; the sport is called shooting. It is really a sport of the future, as the duck has finally found a French name. The same is true in the case of the duck's nicknames: 'the duck's head', 'the duck's tail', or simply 'duck'.

THE POLYGRAM

Now he is almost a mighty Junior and knowing as the Piano King. He is a blond and rather short. The rest is for you to guess.

Another good thing about telling the truth is, you don't have to remember what you said.

If you don't think that Rae May-

bail is the best little girl in the world, 

well just ask Alfred Young.

A college education is supposed to 

fit you for a position—not entitle you to one.

The other day Brovell was giving 

commands at drill. His first bright one was, "Spitroons. Attention!"

Work will win when wishing won't.

Although Poly's 1924 football season was not very successful as far as scores were concerned, it was successful in another way. It developed spirit in the school, loyalty for the school, and pride in the school. The students were proud of this year's team even though they did lose. They were not discouraged; they did not flout or because they did not know the game, but rather because they were playing teams that were entirely out of their class.

The first game of the season, with Santa Barbara Teacher's College, was the only game in which the team did not play their best. This was probably because they had not had enough practice and were not in the best of shapes. This game was played at home. It resulted in a score of 20—6 in favor of Santa Barbara.

The next game was with San Mateo Junior College at San Mateo. Our boys showed that they were in the class when they played that game. They showed San Mateo how to fight hard and win. The two teams finished evenly in the last few minutes, but our boys had them completely wrapped around their fingers the whole game. This game ended with a score of 0—0 in favor of Poly.

Our next game was with San Mateo and played at home. It was with the College of the Pacific team from San Jose. About fifteen students have already applied for the Pacific boys to play Poly. This trip will be made during the summer vacation. The present outlook is that the Pacific boys will make the trip. We are very small but the fellows did not play their best. It was a good, clean, scrappy, game, played well by both sides. It ended in a score of 26—0 in favor of the College.

The next week-end the boys journeyed to San Jose to do battle with the San Jose Teacher's College. This time they again walked away with a victory. This was a more decisive victory than the one with San Mateo. These two games were the outstanding games of the year. The final count at San Jose was 14—0 in favor of Poly.

The last game of the year was played at Stanford the following week with the Stanford Freshmen. The chances for a victory in this game were very small, but the fellows did expect to hold them down and they succeeded in holding them to a score of 32—0. This was truly a wonderful showing, for the Freshies had a wonderful team and had been running up much larger scores on some of the crack teams of the state.

The last game of the season was with our old rivals, the Santa Bar­ bara Teacher's. They are willing to drop this, but they did not have enough players and so they dropped the game. This year's team even though they did lose. It was with the College of the Pacific on January 21, and San Jose Teacher's College on January 26. A game is also been scheduled with Santa Barbara Junior College. Other games will probably be arranged later. The present outlook is very favorable for Poly.

Bee: "If you attempt to kiss me I'll beat you up.
Att: "And then what will happen?"
Bee: "That's the only thing. She ain't so shy as she looks and will as­ soon as she can help to better Poly's team.

Coach Agusti announced that the first three gals again will be played away from home. They will be with the College of the Pacific on January 21, San Mateo Junior College on January 23, and Santa Barbara Junior College on January 26. A game has been scheduled with Santa Barbara on January 22. Our next game will be at San Jose. The fellows have proved altogether too much for our team. It was a good, clean, scrappy, game, played well by both sides. The final count at San Jose was 14—0 in favor of Poly.

Mrs. Taford, Del Rio, McKeen, Carrol, Tafford, and Bernhardt Preuss resolve not to get stung by a blond this year.
