FIRST SENIOR MEETING

The first Senior meeting was held September 17 with Mr. Cunningham presiding. The officers for the coming year were elected. Miss Chase, who will be our president. We are all glad that Les got the chair for we will be our president. We are all glad that Les got the chair for we

The Beginning of Drill

The Poly boys are back to the old drill field, carrying with them their former spirit and regiments and bayonets.

Organizing Band

Captain Deuel has assembled the remaining band. He compiles and is forming a band under the leadership of Leo Earl. The captain states that it is a great band and expects them to produce the greatest music possible. The band is housed in the Polytechnic campus. That is quite a large statement but everyone that has heard the band or any of its members practice will agree with Captain Deuel.

If the band lives up to the hopes of its originators, its first public appearance will be made Saturday at Santa Maria. Just before the games begins they will parade down the field leading our team onto the gridiron and victory.

Music is a sign of civilization and advancement, and music is played in Santa Maria. The band is much improved, and promises to be a credit to the school. The band is much improved, and promises to be a credit to the school.

New Constitution

The officers of the Block "P" Club, Dick Morrison, Don Kveleth and Vern Langenbeck, met at the latter's home last Thursday evening and drew up a new constitution. The old one having been lost several weeks ago.

First Mechanics Meeting

A special meeting of the Mechanic Association was held in Mr. Knott's room on Thursday, Sept. 27 with the purpose of this meeting was for the election of officers for the year 1924-25. The results of the election were; President, Don Fulwider; vice-president, Earl Miller; secretary, Mrs. Fuller; treasurer, Fred Louis. Mr. Agosti, the Association advisor, presided.

New Constitution

For Block "P"

The assembly yesterday was called to order by Mr. Cunningham with President Crandall calling the roll. The assembly was dismissed. There is a rumor around the campus that the Amapola Club is not as large this year as it was in the past. For several years the Amapola Club has been the social club for the girls and many pleasant things have been enjoyed. We hope to make our meetings more entertaining and pleasant as possible.

First Regular Assembly of Term

The first regular assembly of the term was held in the Assembly Hall on Wednesday, Sept. 22. Dr. Crandall praised, and gave an interesting talk on athletics, emphasizing snappy music of the orchestras and especially football, with school life. A number of announcements were made and a committee, consisting of Willard Word, Howard Mayhall and Sam Hotchkiss were appointed to look up school songs to be sung in assembly. These songs will be printed in our print shop.

The Remnant of the Block "P" Club cohered in for its block assembly last Tuesday and elected their president to fill the place left vacant by Fred Flugger. Dick (Richard) Morri-son was elected and received an unanimous vote.

The committee composed of the association's officers was appointed to draw up a new constitution.

Prescut Reed and Leslie Oldham were appointed to the association. Mr. Agosti made some suggestions about the sale of tickets for the big games with Fresno.

There being no further business the meeting adjourned.

Dorm Doings

Dorm Fresh Box

Last Tuesday evening the Freshmen dormitory were put on the gloves and "do their stuff" ofnovel entertainment. The first bout of the evening was between Vaille and Koster, which was called a draw, although Koster showed better step. Moreno and Bowles went a fast two rounds, displaying plenty of pep and science, Moreno being declared the victor. Varian surprised everyone by giving our little giant, White, an uncomfortably warm scrap for a couple of minutes, the decision being a draw.

Sam Hortkiss and "Sagebrush" Perry offered the crowd plenty of amusement by executing a number of movements like unto a pair of elephants. After nearly killing the referee they were stopped, and the bout continued.

Orris Hortkiss and Hayden fought a happy draw, and Moreno took a fast two rounds in the Hil's for the final event of the evening, in which Moreno was a victor.

The matches were all in a friendly spirit, and afforded much amusement for both the participants and spectators.

The officers of the Block "P" Club Dick Morrison, Don Kveleth and Vern Langenbeck, and the advisor, Mr. Agosti, met at the latter's home last Thursday evening and drew up a new constitution for the Block "P" Club, the old one having been lost several weeks ago.

First Mechanics Meeting

A special meeting of the Mechanic Association was held in Mr. Knott's room on Thursday, Sept. 27, the purpose of this meeting was for the election of officers for the year 1924-25. The results of the election were; President, Don Fulwider; vice-president, Earl Miller; secretary, Mrs. Fuller; treasurer, Fred Louis. Mr. Agosti, the Association advisor, presided.

John I. Pfeiffer announced last Sun- day morning that hereafter he will be at least once a week, some weeks.

There is a rumor around the campus that the Amapola Club has been the social club for the girls and many pleasant things have been enjoyed. We hope to make our meetings more entertaining and pleasant as possible.

Two Motors Installed

In the Creamery

The assembly yesterday was called to order by Mr. Cunningham with President Crandall calling the roll. The assembly was dismissed. There is a rumor around the campus that the Amapola Club is not as large this year as it was in the past. For several years the Amapola Club has been the social club for the girls and many pleasant things have been enjoyed. We hope to make our meetings more entertaining and pleasant as possible.

Mr. Agosti announced the football game with Santa Maria last Saturday, and stated that Motto's buses would accommodate all who wished transportation there and back. Those who wished transportation were asked to raise their hands, and it was very surprising to see the amount of hands in the air.

Mr. Agosti announced the football game with Santa Maria last Saturday, and stated that Motto's buses would accommodate all who wished transportation there and back. Those who wished transportation were asked to raise their hands, and it was very surprising to see the amount of hands in the air.

THE EDITOR'S SALUTE

FOOTBALL PRACTICE

This is my, and most of the staff's, first attempt, so bear with us and overlook some of the mistakes for this time at least. I suppose it is not fair to say that we do our best all the time and if such one of you will help by turning in any new item or joke you may want to hear we'll make this one of the snappiest little school papers in the state. I sincerely hope you can justify the trust placed in me by being made editor of the Polygram by being made editor of the Polygram at the head of the class all the time.

Poly Chatter

The freshmen are already coming on the lack of water that was promised them on the night of the freshman reception. Of course our newcomers are not getting anxious, but they admit that they would feel better if the dogs of a free bath in a mud hole was removed.

Lee has been challenged to a game of tit-for-tat by the son of our English teacher. There is a chance for Bill to make a reputation.

Because of his sore foot and his inactivity, Bill has decided to refrain from telling any of the stories that he is supposed to tell.

Poly started its season Saturday with a game with Santa Maria. Let everyone go and help the team.

Speaking of football, did anyone see Mr. Peteler on the San Luis Obispo game?

Owing to Long Boy's retiring disposition and his students mind many of the old students are inquiring as to how he gets along with Heavy and Mr. Fuller. Please answer these inquiries.

Pulvidor has taken to rising early in the morning and also to bathing in the football field. San Luis HI has lost the field twice. What is the matter with the Poly Freshmen?

There are many new students who have been brought into the art of lining the football field. San Luis HI has loved the field twice. What is the matter with the Poly Freshmen?

Those who attended a barbecue in Mr. Peteler's freshman year and saw him set ice cream were not disappointed in watching him eat ice cream yesterday.

Coach Agostini has a few football uniforms. It is a waste of cloth to let the moths eat them. They would make a reputation.

This is our school. This is our football team and we must keep it the best on the coast. Don't let us do anything that will make us lose our advantage, or criticized, but work with a will to heighten what our school has already started.

We have a strong foundation on which to build. We must be careful not to lose this opportunity to show how well we can play. We don't want to start in a losing position for ourselves, but for others as well. We have a lot of true spirit in our boys who are not so strong as we, and it is our duty to help them.

FOOTBALL PRACTICE

Football practice has now been under way for two weeks and the team has all the indications of being one of the best. Poly has ever turned out. To the older students who have seen other teams of ours this certainly means a great deal.

It might be well to say here for the benefit of the new fellows that one of the traditions of Poly is to have one of the largest, hardest fighting teams in our conference. It is with pride that we can say we have a team that has certainly lived up to this tradition and fulfilled our expectations of them. If we seldom win but fight clean and hard, and never quit, there is no dishonor in the losing.

There are about thirty men on the squad, but there should be more.

These fellows are not in any way different from the rest of you. There are men out on the field every night just as small or smaller than you are. All of us want to see our team win.

To do this they must have support, real honest-to-goodness support, not the kind that eats around and has a few bones will win.

There is first team material wandering around the campus now. Why aren't you out? The first team isn't all big. The best team in the state would never win a game if they didn't have the support and the opposition and the practice given them by their second teams. Don't happen to be good enough for the first team, play on the second team and make our team the best team. What if you never played football before, there was a time when Charlie Padlock had to crawl.

Time to get and to make a winning team is but one of many reasons everyone should join the football squad. You will get training and learn things out there on the field and this will help you beyond count. Good sportsmanship is carried to its highest ideal in football. Perhaps some people do not agree with that statement but if you don't believe it come out and try for yourself.

Watch a football player and when he gets a knock, does he get down and quit? He most decidedly does not. He gets back up and starts back again and looking for another one to prove himself and to prove oneself else that he will keep coming back and never quit.

Every person who has made a success of himself will tell you if you want to get on the town you must have a certain amount of aggressiveness and, above all, being willing and able to stick to it.

To be able to stay with a thing is surely an asset to any person's character and a trait that he should cultivate. This is but one of the many valuable traits which are taught on the field, so come out and help yourself and your school. That team is ours and we should back them to the limit. Give them support, real honest-to-goodness support and the results they get will surprise you.

THE POLYGRAM

Poly Football Now In Full Swing

The 1924 football season started off with a bang as Poly this year. Practice started on the opening day, September 15th, in such an enthusiastic manner that it looks like the Poly pigskinners mean real business this year. They showed that first spring by giving us a glimpse of what we might expect this fall, during the afternoon. If anything goes right, the letter men in front and second team are a sight to see. The whole Poly will look like the Poly of old, with a real spirit shown by the men in red and blue.

Coach Agosti is at work whipping his material into shape for the best football schedule ever arranged in the history of Poly. In fact, the 1924 football schedule for the entire Pacific Coast is the best ever for Poly. A look at the schedule shows big games, big and little, to be played this season. The games for this fall have all been arranged and the interest is much greater than ever before. The football spirit along the whole Pacific Coast will be much higher than ever before and the interest will be much greater than in former years.

Coach Agosti is pleased with the general spirit shown by the men in reporting for practice. After having practiced for about a week, the men who will play for the Green and Orange expect to tuck full force into their work. The games are scheduled to play the Santa Maria and El Monte teams.

Football Game Next Saturday

This coming Saturday, October 4, will see the Poly pigskinners in action for the first time this season. They are scheduled to play the Santa Maria High School-Junior College team on their field at 2 o'clock Saturday afternoon. If everything goes right, the Green and Orange chargers through the season. The games for this fall have all been arranged and the interest is much greater than ever before. The football spirit along the whole Pacific Coast will be much higher than ever before and the interest will be much greater than in former years.

Football Player ELECTED

Birger Martensson was elected captain of Poly's 1924 football team. He is the third string man to play for this year's team. The games for this fall have all been arranged and the interest is much greater than ever before. The football spirit along the whole Pacific Coast will be much higher than ever before and the interest will be much greater than in former years.

Doctor Crandall's Athletic Policy

Our new President, Dr. Crandall, has given his policy regarding athletics in the assembly hall last week. He is solidly behind us in our athletics and is one who firmly believes that the development of the mind and body should go hand in hand. Still he is not of the opinion that a few should be developed at the expense of many, but he is in favor of the development of all-around athletic program for the benefit of everyone.

A Word from

Tour of Santa Maria

As has been the custom in another section of the Polygram, there is to be a football trip to Santa Maria and Poly at Santa Maria next Saturday. This will be our first game of the season and is against a hard, fast team. Every Poly fan will be there and will be bled through the school. Mr. Motto has given us such a team that we may be able to go. All the fellows who haven't a way to get there are urged to take advantage of this offer and back their team this week.

The team will leave at 11:30 and the bus will leave the football field at about 12 o'clock.
