New Teachers Secured

Miss Knox, a graduate of Pomona College, is the second new teacher. Miss Knox is the daughter of Mr. and Mrs. Knox of Sacramento. She will teach English, although she is also qualified to teach Latin and mathematics. Miss Knox will assist in the biology laboratory, where she can instruct the students in plant and animal life. She will also assist in the drafting and mechanical drawing classes and will be in charge of the art department.

Mr. Agosti, the third new teacher, will teach agriculture and will assist with the general work of the school. Mr. Agosti has been a member of the California State Board of Agriculture and will bring to the school a wealth of experience in agricultural matters.

Dormitory Election

The first assembly of the year was held on September 10th. The following officers were elected for the Freshman class: Harriet Wright, president; Orvie Hotchkiss, treasurer; Welsher, secretary. The Sophomore class met in the Student Union. The following officers were elected: Otis Muyhull, president; Allyn Mayhew, treasurer; Fred Dois, secretary. We are beginning another school year with a much larger student body than we had for several years.

The old fellows of the Dormitory have already been under way for some time and Mr. Hearst finally surprised us on Thursday afternoons from 2:30 on. The gift of William K. Hearst. New and far more fitting than any we have had for several years. We are imagining another school parlies have everything to do with it? It again and we sure look forward to them to a state law against hazarding the lowly Freshman beware lest he.

The immense size of the new Freshman class has made it necessary that the upper-classmen exercise a little more discipline, especially in the Dormitory, and already a number of the Frosh 'are "sadder and wiser men."

According to the present size of our student body it will be about necessary to Instil in a few students the fundamental rudiments of courtesy and gentlemanly conduct. Therefore let the lowly Freshman beware lest he.

Some of the very oldest and most可靠的 of the Poly girls have already been vamping the poor innocents. San Diego shaks seem to be at a premium. It's only the results of some of the Frosh's Webb's work will be glaring. He must have had too much left out of his bag.

The old fellows of the Dormitory belong; we all have but one object in pari In some social activity outside school parlies have everything to do with it? It again and we sure look forward to them to a state law against hazarding the lowly Freshman beware lest he.

FOOTBALL

With prospects of a winning football team for Poly this season, football practice has started off with a bang and lots of pep. Many letter men are down practicing every night and along with them a good many new faces.

Coach Agosti is well satisfied with the early season prospects.

Poly did not make such a good showing in football last year, but they are out for blood and the winning side of things this season. To make this possible lets have the backing of the entire student body at every game.

It is not too late yet for men to come out and show their football spirits by trying to make the team. Every fellow who knows anything about football should be out every night and help the school and team out.

We have back in the squads some of last years letter men. They are showing more fight and the old Poly spirit this year than ever before.

"Tiny" White is back and all of last year's letter men. They are trying to make the team. Every fellow man on the team lighting, we should have to back the student body and every man to whom a suit has been issued, prior to the time of this issue, as is the case for any night.

With all these things existing so favorably, all that is needed is that quality known as "school spirit" to put the thing over big, but unfortunately the fighting spirit that is necessary to the success of any athletic team is not as it should be. There seems to be a laxity that the coach and the older football men have not been able to overcome. For instance, although there have been forty-eight suits issued, prior to the time of this writing there has not been over thirty-six men out for practice any night, and frequently less than thirty.

Furthermore, although practice started only two weeks ago, nearly a dozen men have quit and returned to their suits. Some of course have legitimate reasons, but others have rather shaky excuses.

Let's take it to heart, fellows. It's a bad way to begin the season, and a poor manifestation of the fighting spirit for which Polytechnics is famed. To insure the success of Poly's football program, we should have every able-bodied man who can possibly do some to come out for football, and every man to whom a suit has been issued should be on the field every night, 10th grade, 11th grade, all ages. The older football men have not been able to practice, but others have rather shaky excuses.

The football schedule includes games on the first day of the season. The prospects for a winning football team at Poly this year are very good. Coach Agosti has issued nearly fifty suits, which means that the competition will be very keen for the positions on the first team.

There are more than sixty boys who have earned their letter in football, and most of the athletic events look very promising.

The first game of the season is with San Luis High on September 25. With the support of the student body the team can win this and all following games.

Young: I heard that our gang played poker for ten hours straight on the trip.

While: Don't believe it; they couldn't play straight for ten minutes.
