Special Course Successful

The special work given in sewing problems, and has proved highly successful. The girls are taken off the farms and given a chance to become acquainted with this very practical work.

Farm Bureau Man Here

Mr. C. A. Hardison, president of the California Farm Bureau Federation, paid a visit to the school as a result of an invitation made by Mr. Hardison to the school to visit the school and talk over the general condition of the school. Mr. Hardison is one of the committee of experts that assisted in the selection of the site for the school.

Assembly Sept. 30

On September 30, Mr. Carpenter, the Ernest R. Rice and H. D. Brount of the Elks, presented Mr. John Perdue, the principal of the school, with a very nice present. He expressed his appreciation of the work being done at the school and was very surprised to find out what a large number of students were attending the school.

Moving Homemaking Dept.

The sewing department is being moved to the new building in the Homemaking room. All the equipment has been moved into the new building and is ready to be used.

Block P Meeting Sept. 21

A meeting of the Block "P" Club was held in the Physics laboratory on September 21. The club met to discuss the work of the school and to plan for the future.

Block "P" Meeting Oct. 1

A regular meeting of the Block "P" Club was held in the Physics laboratory on October 1. The club met to discuss the work of the school and to plan for the future.

Large Grain Shipments

The agricultural department of the school has received a large shipment of wheat. The wheat was shipped from the fields of this state and will be used for the school's needs.

Special Rally Hold

A special rally was held on the lawn behind the Administration building at 9:00 pm on October 7. All the students were invited to attend.

Mechanics News Notes

Frosh at Machine Shop are busy at chipping the blocks. Some are very careful in their chipping for fear of hurting that big iron.

Other Official Visitors

Mr. George W. Mehlbye, the state architect, Mr. Robert B. Hildreth, chief of the Division of Building and ℝeports of the Board of Control, and Mrs. Reardon of the State Board of Education were invited to the school to visit the school and to talk over the conditions in the school.

Faculty Ladies Meeting

The regular semi-monthly meeting of the Ladies of the Faculty held its meeting at Mrs. Cranfield's cottage on September 22. New members were: Mrs. Dunn, Miss Haseltine, Miss Stewart, Miss Brown, Miss Knott, and Mrs. McFarland.

Piano for Orchestra

The newly organized orchestra has received many compliments from its members and is very successful.

ELECTRICITY

Those of you who are taking electricity either as a side course or a specialty will never regret the training you receive at Poly. The training which is given here is from both the practical and the theoretical standpoint.

Mathematics is the backbone of electrical engineering. If you cannot get mathematics you might as well forget about being a second Edison. So if you do intend to take up electricity get your mathematics. He is a man of excellent physique. So if you do intend to take up mathematics you might just as well.

If you cannot become an electrician you can become an electrical engineer. If you cannot become an electrician you can become an electrical engineer.

There are a great number of branches of electricity both as a side course or a front specialty. You will find that there is a school for everyone. Poly's electrical engineering department has a very good record of placing graduates in suitable jobs. Poly's electrical engineering department has a very good record of placing graduates in suitable jobs.

The training at Poly will help you to understand the different branches of electricity. You will understand the different branches of electricity. You will understand the different branches of electricity.

The training at Poly will help you to understand the different branches of electricity. You will understand the different branches of electricity.

GOOD CLOTHES
Poly vs. Lompoc

Poly defeated Lompoc High School at Lompoc last Saturday with a first half score of 41-0. Poly's team outclassed the Lompocs boys both in playing and size. Lompoc has a good team, however, and should put up a good fight against any high school.

Poly started off with a bang and scored a touchdown within two, and one-half minutes after the first whistle.

Poly had no trouble at all in going through the Lompoc line and always made yardage. While, Lumley, Head and Gissing hit the line hard and gained yardage on almost every play.

In the first quarter Poly scored twice and converted one. Score 15-0. Lompoc did a great deal of punting, but Poly was strong to the end of the punt. Harper went in for Langenbeck at tackle and Hoghton for Del Rio at tackle.

Lompoc went in three men at the beginning of the second quarter. Gissing was laid out at the beginning of this quarter and Miller went in for him. Poly then tried to pass, but was unable to do so. White went through center for yardage and fumbled. On a series of line backs, Poly scored another touchdown and put it in the goal, making 11 yards.

Although the game was the first for each team, both did well. The High School did well on wide and runs and passes but were not so good on line. Poly made good yardage through the line and on wide and runs.

Poly and the High School have wanted a regular game together, and in this game there was a great deal of rivalry between the two teams, both teams having previously been benefited by playing each with another. A great deal of talk was made last year about which school would be better, so a game was held this year and decided the dispute.

To Lompoc and Back

We thought Williams had bought a steamer, but he says he was just trying to get free on the way.

Lumley also went to the nearest point at the end of the game to carry his oil. He has to rely on his own power.

The funny part about Hughaton's Ford is that it went to Lompoc and back under its own power.

Largo kicked off with Reed returning the ball 80 yards to the 30. The Bears followed and scored a touchdown under the goal. Poly scored another touchdown and put it in the goal, making 15 yards.

At the beginning of the third quarter the starring lineup started except for the tackles, who panel on left and right. While Poly will have a full team to score more and make yardage on every play, Lumley was easy to get by.

In the second quarter the Lompoc was forced to take Turner's place after a few plays because of his bad back. The Lompoc players carried the ball to within a yard line.

The score was held this year and decided the dispute.

Poly Defeats Atascadero

Poly defeated the Atascadero High School on Wednesday, Sept. 28, with a first half score of 5-0. Though the game was one of the best teams showed up to see how well the game was played and to see if they had anything better.

From the first whistle until the last, our team was on the go. Cass and Agosti tried several new men in the game and all showed up to see how well they did. Head made a long run of 90 yards in the third quarter, a touchdown. Agosti kicked off and made a long run of 90 yards on the outside. After passing a few short yards, Agosti kicked off and made a good yardage on almost every play never showing anything but good spirit. He scored a good yardage in the game, and should have a good season.

Poly won her first game of the season against the San Luis High School on Saturday, Sept. 25. Poly came out on the big end and 18 to 0 score. Poly's team did not show up to such good advantage in this game, but played a good brand of football. The High School has a very light but fast team, and should have a good season.
