The Honor Roll

The honor roll announced in the last issue to be more complete than usual showed several new names and we hope that in the near future we may be on the next list. The students who have been named are as follows: F. Alba, E. An­ derson, E. Brown, J. Brown, L. Brown, W. Brown, J. Cline, V. Fickel, R. Bell, B. Babcock, C. Johnson, a. Johnson, K. Bezo, J. Hensley, R. Lomax, B. Sharp, G. Govean, A. Plunket, V. H. Huck, A. Sh텦, A. Lomax, N. Crater, K. Kremer, Y. Langenback, W. Lomax, R. Kremer, S. Claxton, B. Cross, R. Mayhail, K. McKechnie, M. Mullen, M. Miller, J. Perley, J. Pickard, N. Pickard, G. Spence, K. Smith, N. Smith, N. Smith, W. Smith, M. Smith, E. Smith, R. Smith, W. Hohr, W. Hohr, J. Simpson.

More Advertising

The Print Shop is working on an advertising campaign for the Poly and it is hoped, will meet with a measure of success comparable to the last one.

During vacation 9,000 telegraph pamphlets were mailed to bankers and school principles all over the state. At present 6000 are being mailed to the permanent mailing list. An issue of 8,000 more will be mailed in the near future to the present high school seniors. And an issue of 18,000 will be sent to grammar school students of this year.

The four pamphlets vary slightly in content as they are meant for different groups whom they are intended for, but the common object is to make a good sale for the Poly and to give a very good bird’s-eye view into the school.

It is also planned to print 30,000 pamphlets for the city libraries at the turn of the year. This is an increase of 13,000 over last year. All signs will be better.

Why Not a Scholarship?

If your funds are running low and you can't afford to go to school, finish the school year and you are facing the proposition of leaving school to work in order to come back next year, why not accept a scholarship?

Many students hesitate to apply for a scholarship because they dread the idea of starting life with a debt of any size. Well, that is one way of looking at it. But consider this for a while. A young boy in his teens looking at it. But consider this for a moment when enough money is saved comes in order to continue his education and a way to solve your financial dilemma.

The inquirers largely come from Han­ ching, Butte, Colorado; San Francisco, Los Angeles, and the entire state of the part of the state. One has come from as far away as Denver. Colorado.

The New Year

Polyl is beginning the New Year with a much larger enrollment than ever before. There are some students who believe in starting the New Year right by attending Polyl.

The New Year is a time to make resolutions to better yourself. Make a resolution to study hard when you are not in school and play hard when you are. Many students have given up their studies in the middle of the year because they were not interested in their studies. They should try to stick with it for a little longer.

There is a certain number of students in every school who have no interest in their studies. Many of these students do not even try to improve their grades. Instead, they just sit in class and do nothing. This is not the way to get a good education. Everyone should try to do their best in school.

The office force has become quite large during these holidays. Carrol Cavens has quite a business ability. He made quite a neat job of getting the stock for the boys who had given up home. Some of the boys can't seem to even take care of their own clothes when they haven't anything else to do.

We wonder what became of the block "A". Jimmie Summers used to wear on his sweater?

Why does Nels Jepson change his job and girls as often?

After attending Polyl for half a year, Kenneth Larntard had to discontinue his Ford because he was unable to get it started.

According to local gossips there are quite a few who are having a happy New Year.

Possibly if John Pfeiffer would shave his beard that is gradually sapping his strength he would be able to sit up in his seat while in class.

There are a good many students who do not take the proper attitude in drill. Anyone who is not in uniform is not allowed to attend. There are a few who can't get to drill if there are two or three in the class who always "but in" on their ressitions.

Why does John Miner have a hard time keeping a partner? He had a hard time keeping a partner until he was able to go to the camp. For further particulars see Buck Hughston or Leo Earl.

Some of the men who recently lost their commissions do not seem to care much about it. It is something to care about, though, and it is a good idea for the ones who are officers now to pay strict attention to their duties.

John: You don’t seem to care for me. Leona: No. you need some one to take care of you.

The Sterling sisters make lots of noise. They’re always flirtin with the boys. They study hard and make good grades.

No danger of these girls being old maids.

Maxwell: bid and handsome. full of pep. He thinks of books? ! at every step. All he does in class is talk.

While all the girls sit round and gawk.

Miss Haskins: line, describe this room in Spanish.

Roger: Doesn’t Alfred look short?

Dorothy H.: Yes, you rub him, and after awhile there is no entrance to a crowded car.

If you can get In, I have one nrm free.

Mr. Carr: If you don’t like her, I have one arm free.

Mrs. Knott: Muriel, get to work.

Second freele (with admiring tone): Immense!

Muriel: Mrs. Knott, I’ve lost my...
Santa Maria vs. Poly

Poly won her first game of basketball last Saturday night against the Santa Maria High School. The final score was 31-11. The game was a long time in doubt until the second half, when the game would be until the final whistle.

Santa Maria has a good team. The Poly boys put up a good fight and won by a very slim margin. Santa Maria was in the lead at half, but could not hold the lead until the end of the game.

Poly’s starting lineup included Lumby and Spindola, forwards; Lee, center; Carroll and Varians, guards. These boys showed good teamwork and playing, with Lee high point man.

At the half Coach Agosti sent in the second team for a little while. This team included Traver and Irwin, forwards; Huntington, center; Miller and McMillan guards. This team played a very creditable game for the time they were in.

A large number of rooters accompanied the teams. They showed the old Poly spirit with some good yells. We understand that some of the rooters had some difficulty with the Santa Maria crowd, but that’s all in the game.

Basketball Prospects

Basketball has started with a bang and the Poly five in line-up is looking in great shape. About thirty men are to try out for the basketball team and showed the old Poly spirit with some good yells. We understand that some of the rooters had some difficulty with the Santa Maria crowd, but that’s all in the game.

Basketball is in full swing. With several better men and a good supply of raw material available there is a promise of a successful season.

Many schools and colleges all over the country are launching into basketball with a great future ahead of many of them.

Poly’s basketball season is especially interesting due to the fact that a few days’ trip will be made by the team on which they play all the Junior Colleges in our conference. These are all in the Northern California and the trip will be something to be looked forward to by all the basketball men.

The Winter Garden has been obtained for basketball practice and the following rules are set out every night doing their stuff. Come on out and show what you can do.

There have been about twenty-five tests in preparation for basketball practice and the following men have all been turning out. That’s the spirit fellows, keep it up and we will have a winning team this year.

Captain: Didn’t you hear me give orders to get out now, and let me make my rules all right, there is nothing about it to fix.

With the passing of King Football, basketball will hold the spotlight for some time and with the colleges and many high schools under way, this promises to be a great season.

Poly Wins from Paso Robles

The Polytechnic quintet defeated the Paso Robles High School Wednesday night at the Winter Garden with the big guns of 36-15. Poly started in right at the first whistle and took the lead from the beginning of the game.

Paso Robles showed some good team work and passing throughout the game, but the Poly five went them one better.

Lee was high point man, followed closely by Lumby. Traver and Spindola both made their share of baskets. A large and appreciative crowd was out to witness the game and they got their money’s worth. Poly’s band also added pep to the game and the music was very good.

Dexter Maxwell (to student who has just broken into him in the hall): Clumsy idiot!

At Young (extending his hand): Glad to know you! My name is Young.

Ruth Smith: This steak is terribly tough.

Walker: We are not responsible for the morals of our food.
