More Advertising

The Print Shop is working on several advertising jobs for the college. We expect to have most of the work done here.

Will C. Woods Visits

Mr. Will C. Woods visited the school on Wednesday, December 10th. He is the owner of the Woods Advertising Company, and he came to discuss some advertising work with the students.

Thanks Amapola Girls

Mrs. Wilder wishes to thank the Amapola Girls for their efforts in making the campus more attractive.

New Lathe In Use

The new lathe has been placed in the machine shop for its regular use. The lathe is a large and powerful machine, and it is expected to be used extensively in the future.

Incorporate of Interest

We are pleased to report that the advertising work that was done for the college has been completed and sent to grammar school graduates. This work has been sent to grammar school principals all over the state, and it is expected to be used in their schools.

During the past week, the advertising department has been working on several new jobs, and they are expected to be completed soon.

POLY CHATTER

Fred Lewis has become quite an expert at swinging a paint brush. He has taught himself how to handle his Ford.

There were a few who changed clothes this week. One of the fellows in the dormitory has assumed a despondent attitude. He was quite a sight.

Jerry Bummers used to wear a beard that is gradually sapping his strength. We wonder where Eric Varlon will get his gas and oil hereafter.

C. Earle Miller must think the valley is as hot in the winter as it is in the summer. Just before he started for home for vacation, he showed up for school Wednesday morning and school started Monday.

There has been an increase in the number of boys at the Dorm. Although two of the old members have left four new ones have arrived.

There are many students who persist in ‘butting in’ to other people’s conversations. This is a very bad practice and should be stopped. It is a pity that some of the fellows who do get in class make the excuses that they left their book home. You will never learn anything with your book at home. You are supposed to bring it with you, that is what it is for.

‘Ditching’ classes is a pastime indulged in by many students. There are probably only one or two who suffer for it. Each day’s work refers back upon the previous day and if you miss one day you have quite a bit. The only way to get to any good out of any subject is to be there every day and do your daily bit and you will get along fine.

There are a few who do not take the proper attitude in drill. Fellows, do you know that your drill instructor Margaret Brown has quite a busi-ness attitude?

There is a reason why they should not pay strict attention to their duty. There are a few who are speed demons and are seen speeding around the buildings and all over the campus. Slow down, your life or limb is worth much more than a few seconds. Speed is the reason of success in some cases, but in others it is the essence of “danger.”

Several of the dorm boys did not go home for their vacation. They either had too far to go or some project work to detain them. We wonder where Eric Varlon will get his gas and oil hereafter.

There are a few who insist on “butting In” to other people’s conversations. This is a very bad practice and should be stopped.

Fellows, do you know that your drill instructor Margaret Brown has quite a business attitude? She is a man of action and always makes her presence felt.

We wonder what became of the dorm boys who had a hard time keeping a partner in the dance at the Christmas party. For further particulars see Bud Houghton or Leo Mart.

Some of the men who recently lost their consciences do not seem to care much about it. It is something to care about, though, and it is a good idea for the fellows who are officers to pay strict attention to their duty.

Basketball Prospects

Basketball has started with a bang and the Poly five if lining up in great shape. About thirty men are to be seen at the Winter Garden every night practicing and helping build up a strong team.

There are several players from previous years out and are whipping in great shape under Coach Agosti. Lumley, last year's guard, is back in a big way and doing good at his old position. Varien and Carroll are former lettermen; all are back for guard. Both are full of fight and Lumley is doing well at center. He was a star of the Arroyo Grandes. Spindola is getting into form as a forward. Traveler is in his old style and doing well as a forward. Irwin is out as a forward. Miller, Hughston, and McMillan, former members of the High School, are out and showing up well.

With the others that are out Poly should have a winning team this year in basketball.

Rifle Practice

Rise practice is being held on the range every Saturday under Captain Deuel. Last Saturday the Freshman rifle team turned out and made a good showing. They shot the old Poly yards both slow and rapid fire. They were not out for the trophy, but merely eliminating contests. Each class team will consist of eight men.

When the elimination contest is over the shot against record will stand. The winning class team will receive as many credits for the class trophy as they shoot, there being a prize for the high point man of the school.

The Frosh have been urged to be the only ones showing much interest in the shot. If they practice as they are to be expected they will find that the Frosh have won the same result. Other classes had better start showing a little enthusiasm if they intend to do anything.

Why Not?

Ever since the opening of school recent periods have been found dull for the old students and rather lonesome for the new. Everyone was growing discontented and the Froshmen would probably have had another warm reception if it had not been for Mr. Smith.

The room that is used for band and orchestra practice is now the center of attraction during the noon periods of the Poly team. A volunteer orchestra furnishes the music, and if you are in a hurry it is quite good. Rumor has it that the faculty is planning on having the doors locked over to make it better for dances.

Interclass Sports

The Frosh have weakened up and are starting to defeat the other classes in handball. The day they defeated the senior Junior team. The Sophs took the juniors down also. Those rookies are both going from the last to the head of the winning teams.

These games are towards the class trophy. A great many games are being lost because the players don't show up on time. The games must be on the court at 12:15 o'clock or forfeited the game.

Basketball in Full Swing

Basketball has been full swing with several better men and a good supply of new material available there is a promise of a successful season.

Many schools and colleges all over the country are launching into basketball with a great future ahead of many of them.

Poly's basketball season is especially interesting due to the fact that a ten day trip will be made by the team on which they play all the Junior College in our conference. These all in Northern California and the trip will be something to be looked forward to by all the basket ball men.

The Winter Garden has been devoted for basketball practice and the fellows are out every night doing their stuff. Come on out and show us what you can do.

There have been about twenty-five suits issued by Coach Agosti and the men receiving them have all been turning out. That's the spirit fellows. Keep it up and we will have a winning team this year.

Captain Diesel has been taking the baseball candidates out of drill and lecturing to them in preparation for the coming season. Baseball prospects look very good.

Inter-class baseball will start right after basketball ball season, but those who are not out the baseball team might get out now and limber up because we have prospects for a big baseball year.

With the passing of King Football, Basketball will hold the spot light for some time and with the colleges and many high schools under way this promises to be a great season.

Poly Wins from Paso Robles

The Polytechnic quintet defeated the Paso Robles High School Wednesday night at the Winter Garden with the big guns n 36-18. Poly started in right at the first whistle and took the lead from the beginning of the game.

Paso Robles showed some good team work and passing throughout the game, but the Poly five went them one better. Lar was high point man, followed closely by Lumley. Traveler and Spindola both made their share of baskets. A large and appreciative crowd was out to witness the game and they got their money's worth. Poly's band also played a good piece to the game and the music was very good.

Dexter Maxwell (to student who has just dumped into him in the hall): Clumsy idiot!

Al Young (extending his hand): Glad to know you; my name is Young.

Ruth Smith: This steak is terribly tough.

Watson: Yes, sir; but my bayonet is all right, there is nothing about it to eat.
