Senior Ditch Day

Thursday afternoon on May 28, the Engineering Mechanics Association threw themselves a bountiful treat to a trip and a feed. Realizing that it "is not good for a man to be alone" they invited the older girls to join them at Moxarendis Lake for a day of ditching.

On the club left at one o'clock and during the earlier part of the afternoon the 9 or so ditches which had been dug and Santa Margarita rock crusher, broken down by the efforts of the fellows aggregation, if there was anything dirtier than a ditches it was a rock-gusher.

The happiness of the day being 

In a dam that they then went to 

For the first time since the day before the 

to Conference

Mr. Warren, Mr. Knott, Mr. Tennant 

and Mr. Cunningham attended a conference of great importance to us. It was held in the Alexandria Hotel and was composed of representatives of the Chambers of Commerce of various communities throughout the state.

The purpose of the meeting was to awaken the interest of individual Chambers of Commerce in the advantages of the ditch and to obtain a landing on a ditch and a road in every community.

The conference also discussed the importance of wells and wells.

In nearly every community there are many interesting speakers and speakers present. Among the speakers present were.

As a result of the conference on ditch acquisition the advantages of western ditch in every community were undoubtedly discussed. The advantage of a ditch field that would serve not only as a field for the school and town but also as an integral part of the program was the advantage of our representatives. Mr. Tennant talked with the commissioner of the Western Air Service in the Western Division in regard to securing some army planes in the command agreed to use his influence in the command to secure such planes.

Senior Party

Thursday evening, May 13, the girls of the Senior Class entertained their friends and invited guests with a party in the Household Science building to a farewell banquet. The dinner was attended and proved to be quite a success.

Games, dancing and singing were enjoyed during the evening. Later a great deal of discussion on the subject of the girls, the boys reluctantly went upstairs and partook of the delicious homemade dishes that had prepared. It was even more enjoyable than it was expected. The students all accepted the job of washing the dishes. A great number of the students were present and the work was soon accomplished.

More singing and talking followed and the guests then enjoyed "happy good nights" to Ynez Rutherford, who was hostess at the party.

Mechanics Trip

The course in farm mechanics this year is a great improvement over that of previous years. This is due to the efforts of Mr. Dunning, one of the new instructors, who has been in this line.

This year there has been no shop for farm mechanics, but this year the students moved three buildings, which were not in use, to a suitable location and converted the one into a small farm shop. The shop has four parts to it. First, a classroom, second, a blacksmith shop, and the main shop, which was used as a field for the students and has facilities for repairing all types of farm implements and tools.

Another very important addition to the shop was the tractor "Pickles."" Pickles" is a model tractor designed by Mr. Harris Miller and Shirley De Witt.

Some rather unexpected difficulties arose in the presentation of the Scotch Lord. Abbie, the remaining members of the committee on stage and to Mrs. Fuller who so successfully given to the committee on stage and put it over. Mary Abbie, the remaining members of the committee on stage and to Mrs. Fuller who so successfully

credit for her work. Ervin McMillan and Ruth Smith gave a great deal of credit should be given. The orchestra were particularly good and worked very efficiently, the property department was remarkable and the students were also remarkable.

Already the prospects for next year are looking bright. Word has been heard here and believing that they are looking forward to having a very good year. The play was

 Exact amount of the proceeds is not known but the general idea is that they will be used for the education of students.

In strong contrast with the sweet singing was the amusing and entertaining performance of the girls. The girls showed their ability as future "women engineers" and "women farmers" and "women mechanics" and "women architects." The students are looking bright. Word has been heard here and believing that they are looking forward to having a very good year. The play was

Coming Events

Due to the fact that special activities of interest to the student body will be in progress next week at Polytechnic, the Polytechnic goes to press to wish the students good luck and to announce some of the more important of the coming events.

The "Block "I" Club" will entertain the students with a dance in the Dining Hall.

On Wednesday, May 25, the Amaunda Club will hold its annual dinner and the Hospitality Committee has arranged a program of music and dancing.

On Thursday, May 26, the Student Publicity Committee will hold its annual banquet and the student body is invited to attend.

On Friday, May 27, the Freshman Class will entertain the students with a dance in the Dining Hall.

On Saturday, May 28, the Junior Class will entertain the students with a dance in the Civic Auditorium. Later a banquet will be given in the Seniors.

On Sunday, May 29, the Senior Class will entertain the students with a dance in the Civic Auditorium.

An Another Triumph

With the presentation of "Adam and Eva" the student body has added another triumph to its list of achievements for this year. The play was presented to a very good house at the Eませ Theater on May 11. The cast was a very good one and it is known as yet but it is thought that the students will be very successful in their efforts.

Walter Miller in the role of Adam was very good and he worked well to the part and played it over. Mary Hughes as Eve was very good and delighted and she deserve much credit for her work and the performance as a whole. In her part Mrs. Miller, her mother, was a very good one and the performance as a whole was most naturally perhaps of the entire part.

Whether it was a great performance or a poor one the students were all very good and the performance as a whole was most naturally perhaps of the entire part.

Next Year Prospects

Already the prospects for next year are looking bright. Word has been heard here and believing that they are looking forward to having a very good year. The play was

Farm Mechanics at Poly

The course in farm mechanics this year is a great improvement over that of previous years. This is due to the efforts of Mr. Dunning, one of the new instructors, who has been in this line.

There are just a few days left until the Polygram's last issue. They have worked hard for four years, and they are glad to be free. However, the diploma is not the only thing we get. We have learned much in the Polygram, and we have made many friends. We are thinking of taking up a new hobby when we have graduated.

The Polygram has carried exciting news and events throughout the year. The anniversary issue was special edition of the Polygram, and it was our last chance to impress our friends. The Polygram has been our second home, and we will miss it when it is over.

This year has been a big one for the Polygram and it will be hard to say goodbye. We will miss our friends and the news we have learned. We will be thinking of the Polygram when we are away from school.

The Polygram has been our second home, and we will miss it when it is over. We will be thinking of the Polygram when we are away from school.
Hasty & True word has been spoken between false teeth. Rae. And so Doris has turned that picture down. Pauline. Yes, she didn’t take his typo.

According to an eastern newspaper: “The night before Christmas” is to be put into movies—and probably titled “Nothing stirring.”

Lester: Ruth Smoed Jack last night. Harry: Did he kiss her back? Lester: No, she had a sweeter on.

Hobby: I’ve had my picture taken. Wife: That the proofs?—No.

Hobby: No, dear, you’ll have to take another for me. It was said that a dorm boy left a note on his door for his roommate who had gone to the show. The note read: “If I’m studying when you get back wake me up.”

A deaf woman sat down in a seat well to the front of the church and adjusting her ear trumpet settled herself down to listen to the sermon. The factor tiptoed up and leaned over her and whispered: “You left the bat and out you go.”

A deaf woman sitting in the back of the church said to her neighbor: “I know what they have been doing. It’s as tough as a paving stone, sir.”

Jimmy’s cold but doesn’t shiver, stone.

Over him the lilies quiver.

“Don’t stop.” Took a nose dive in the river.

“Don’t.”

Many girls:

- Many have turned that picture coming to?

- Many have put into movies—

- Many have put in movies—

- Many have put in movies—

- Many have put in movies—

- Many have put in movies—

“Don’t.”

But he knows the worst songs.

Heigh! Heigh! Let’s Go!

We all know there are three types of girls:

- The old-fashioned girl who says, “How?”
- The modern girl who says, “Stop.”
- The ultra modern girl, who says, “Don’t stop.”

Hubby: I’ve had my picture taken.
Wife: Why didn’t you tell her you had a rich uncle?

Jimmy’s cold but doesn’t shiver, stone.

Over him the lilies quiver.

“Don’t stop.” Took a nose dive in the river.

“Don’t.”
**Poly Wins Again**

Poly added another victory to her list by defeating the Paso Robles baseball team last Wednesday by a score of 8 to 4. The game was played in Paso Robles and was one of the best ever played in that town. Paso Robles was one of the three games played, while Poly won the other two. This was the only team that beat Poly this season.

**Lee Offered Contract**

Mr. Long, a scout for the Chicago White Sox, was in town last week and offered Thornton Lee a contract with the White Sox for the 1927 season.

Lee has pitched some fine ball for this year and we should feel proud to have one of our team members offer a contract in professional baseball. His pitching must be good, or he would not have been offered a contract by such a large baseball team.

Lee has pitched every game this season and has done very well in the game and caught a number of hits with his fast ball on bases. He also handled out a two-bagger during the game and also got a two-bagger, while Harper knocked in three runs.

R. Martinez of Paso Robles knocked a home run in the eighth inning. He was one of the outstanding players on the Paso team. Gaxiola and Smyth also showed up to good advantage. The net score is 11 runs to 1, off Dressler 0; strike out—by Lee 11; by Barchert 0; by McLaughlin 0; by Dressler 0.

**Military Training Camp**

The Citizens Military Training Camp which is to be held at the Mount Side from June 27 to July 20, is a fine thing and should be taken up by as many families as possible. This camp is for the purpose of developing a stronger national and social unity, teaching military science and tactics and the responsibilities of citizenship.

The government pays the traveling expenses of all who wish to go to the camp, provides boards, lodging, uniforms, equipment, arms, laundry and other things needed while at the camp. Courses are given in the camps and are known as the basic, red, white and blue courses. These camps have been organized to train men. In case of war these men are qualified as enlisted men, and trained men. In case of war these men are known as the basic, red, white and blue courses. These camps have been organized to train men. In case of war these men are qualified as enlisted men.

**Assembly May 19**

The Junior Poly Club had charge of the assembly of May 19. After a few announcements the meeting was called to order by William Lee who presented the programs for the evening.

Lee has pitched some fine ball for this year and we should feel proud to have one of our team members offer a contract in professional baseball. His pitching must be good, or he would not have been offered a contract by such a large baseball team.

Lee has pitched all the games this season and has done very well in the game and caught a number of hits with his fast ball on bases. He also handled out a two-bagger during the game and also got a two-bagger, while Harper knocked in three runs.
