ATTENTION, POLYMES

All loyal Polytechnes should know our school song. The words of the song were written by our vice-president, Miss Chase.

Come all ye jolly students,
Come join our merry throng,
There's no place like our Poly,
So come along.
She is our Alma Mater;
She trains both head and hand;
So here's to you, Old Poly,
For you we stand.

Chorus
Our colors, green and orange.
We proudly will display.
Nor let dishonor mar them,
In life's rough way.
And when school days are over,
Our love will not grow less;
We ever will remember
C. P. S.

Below Old Bishop's shadow
Our campus stretches fair;
Tis bathed both morn and evening,
In beauty rare.
And all our girls are loyal,
And all our boys are true;
So here's to you, Old Poly,
Yes, here's to you.

Dorm Club Elects
The Dorm Club met in the day-room and elected officers for the term. A close race between Maurice White and Frank Quonmex for the presidency resulted in the election of Quonmex. Roy Bradley became vice-president. June Hitch's was the new secretary-treasurer. The Dorm Club will continue as an adviser.

The Junior Farm Center is a club for all junior students. This total doubles the total membership of last year. All of the club's social affairs and trips of the past year, not one bill was unpaid. The club has money in the treasury from last year's accounts.

The Junior Farm Center has almost completed the new building. This total doubles the total membership of last year.

Visits Santa Barbara
Mrs. Mitchell left last Saturday for Santa Barbara, where she will visit her brother for two weeks. She is recovering very nicely from her accident.

New Students Enrolled
The new students out-number the old at Poly this year by 500 to 160 old students. There are 510 new ones. The total enrollment for this year is 5000, showing an increase of 15 per cent over the enrollment of last year.

Alumni Notes
It is interesting to know where the old students are and especially in this school, where so many students do not get a college training. We are concerned about the kind of positions the seniors all after leaving school.

Following is a list of the students about whom information has been obtained.

The Dorm Club will continue as an adviser.

The member decided to reline the block P on the hill behind the Dormitory. A Dorm J une will be held in the Civic Auditorium before Christmas vacation.

The Club will meet every Monday at 7:30 m.

Printing Class To Organize
Not to be outdone by other departments of the school, the twenty-three members of Mr. Puris' class in printing plan to organize a club of their own. Durs Westerfield was first to conceive the idea and made the suggestion which met with the unanimous approval of both students and the advisor.

The "Printers' Devilia" may have the opportunity to visit the modern printing establishment in Atascadero some time during the year.

Visits Santa Barbara
Mrs. Mitchell left last Saturday for Santa Barbara, where she will visit her brother for two weeks. She is recovering very nicely from her accident.

Perhaps some of the new students don't know who Mrs. Mitchell is. She's the lady who makes such good pies and cakes.

She will be back at the Dining Hall as soon as she recovers.

Freshman Reception
The first entertainment of the year was the Freshman reception held at the Civic Auditorium, Saturday, September 26, the eighteenth.

The program started at seven-thirty o'clock. The first thing on the program was a selection by the polytechnic band. Following is a list of the students about whom information has been obtained.

As a result of this, the September enrollment was brought to 143 in September, 1926.

In the latter part of 1926, the budget was raised, and Freshmen and Sophomores were again allowed.

From a June enrollment of 1924, in 1925, the enrollment was brought to 148 in September, 1925.

Following is a list of the students about whom information has been obtained:

- Richard Vera—Ventura Junior College at Ventura.
- Carl M. Chester—Davis Agricultural College at Davis.
- Chester Davis—San Jose State Teachers' College.
- George Chisholm—Orchard work at Sunnyvale.
- Eric Houghton—Working at Beryl.
- Yoe Houghton—Training for a nurse at San Jose.

We were not able to find out what the following last year's graduates are doing. If you have any information regarding them, we would be glad to receive it.

Evelyn Hansen, Kenneth McIntyre, Walter Lamey, Robert Steinbrin.
100 Per Cent Responsibility

Dr. Crandall has expressed the
Dorm Doings

"How do you put these on?" Those
are the words used by new students
who are wards of uniform for the
first time. The articles of dress which
they have been given are dormitory
leggings. By this time most of us can
put them on correctly without the aid of
an older student.

The Dorm Club will be reorganized
for the term. New officers will be
installed with Captain Deuel as ad-
or. The purpose of the club is to foster
interest in school activities.

Have you ever strolled casually
into the dormitory and heard strains
of music issuing from the reception
room? No. And then before study
hours a group of our syncopators
rally around the piano with their
instruments and proceed to enter-
face the fellows with a number of
popular pieces. The applause accord-
ed them indicated the dormitories' ap-
preciation of the performances.

Lieutenant Maurice White is one
of the most loved of those living in
the Dormitory. Since he is agreeable
and of their own size, the freshmen
like to gather around him and listen
to him relate the "Chapline" and hear
of Maurice White is a little chap not
much over six feet tall.

Earl Roberts, who registered at
Hanford, has been forced to limp be-
cause of an injury sustained in practi-
cation. However, he is on the gridiron
each afternoon and can hear the shout
signals.

The Dorm is an entirely place in-
tended for gentlemen. Profanity is
strictly not permitted. All of the
smokers in the Dorm are put out at
nine o'clock. No open cigarettes are
allowed.

One of the best arranged rooms
in the Dorm is that occupied by Kimmo. Every morning the are extin-
unters, the Are was put out. The
were passed around since this clothes
issue in mind too.

It will be necessary for the older
students to watch their step in the
matter. Last year some new
students had an opportunity to prove their
worth in the Dorm. The Dorm is an orderly place in-
side the school. However, he is on the gridiron
each afternoon and can hear the shout
signals.

The pool table is an outstanding source
of entertainment. Before many moons
had an opportunity to prove their
worth in the Dorm. The Dorm is an orderly place in-

FIRE ON THE CAMPUS

While one of the project students
was burning the grass on some of the
property, the "fire" got beyond his control. Several
of the other students were on the fire
service and, with the aid of fire ex-
tension hook-up, they put the fire
out and saved the pump house and several electric poles
which were on fire.

In his excitement, one of the stu-
dents, a boy with an "inner light,"
fire extinguisher up-side-down in hand,
came and got the extinguisher.

"When Thursday man," began Bobbie
after a stormy interview with his
father. "What will you do?" asked her
mother.

"I'll name my boy after pap* and,
oh! To 170 spank him."

Target Practice

Twenty Polytechnic boys are already developing into crack shots. Every Saturday morning a group of boys is taken to the target range for practice. The range is about one mile south of the Administration Building. There are four targets and available space for firing from a distance of from one to one thousand yards.

The Government furnishes his ammunition free of charge, and on account of the interest taken this year, a large class is expected to represent the Polytechnic short.
