Volume XII
SAN LUIS OBISPO, SEPT. 30, 1926
No. 1

ATTENTION, POLYTEES
All loyal Polytees should know our school song. The words of the song were written by our vice-president, Miss Chase.

SCHOOL SONG
Come all ye jolly students,
Come join our merry throng,
There's no place like our Poly,
So come along.
She is our Alma Mater;
She trains both head and hand;
So here's to you, Old Poly,
For you we stand.

Chorus
Our colors, green and orange,
We proudly will display,
Nor let dishonor mar them,
In life's rough way.
And when school days are over,
Our love will not grow less,
We ever will remember
C. P. S.

Beneath Old Bishop's shadow
Our campus stretches fair;
Tis bathed both morn and evening,
In beauty rare.
And all our girls are royal,
And all our boys are true;
So here's to you, Old Poly,
Yes, here's to you.

Dorm Club Elects
On Monday, September 30, the Dorm Club met in the day-room and elected officers for the term. A close race between Maurice White and Frank Quinonez for the presidency resulted in the election of Quinonez. Roy Bradley became vice-president, Victor Hitchcock is the new secretary-treasurer. Dr. John Winder will continue as advisor.

The members decided to redefine the block P on the hill behind the Dormitory. A Dorm dance will be held in the Civic Auditorium before Christmas vacation.

The Club will meet every Monday at 7 p.m.

Printing Class To Organize
Not to be outdone by other departments of the school, the twenty-three members of Mr. Perkins' class in printing plan to organize a club of their own. During Westerdale was first to conceive the idea and made the suggestion which met with the unanimous approval of both students and the advisor.

The "Printers Devils" may have the privilege of printing some of the yearbooks for the dormitory.

New Students Enrolled
The new students out-number the old at Poly this year by 299 to 108 old students. However, there are 305 new girls. The total enrollment to date is 3,308, showing an increase of 122 per cent over the enrollment of a year ago and an average of 15 per cent over the total of last year.

The following are the results and show that our present enrollment is nearly three times that of 1923. There were 110 students enrolled in June of last year.

On September 16, 1924, 145; 1924, 175; 1922, 152; 1923, 180; 1924, 114; 1923, 211; 1925, 255.

The present enrollment, as given above, shows an increase of 117 over that of June of this year.

The school budget was cut at Sacramento in 1923. This meant a reduction of school expenses. For two years no Freshmen or girls were permitted to take the commercial and Spanish courses. This year the budget for 1924 was only 94.

The present enrollment, as given above, shows an increase of 117 over that of June of this year.

The school's increased enrollment is anticipated by the Alumni Notes
It is interesting to know where the old students are and especially in this school, where so many students do not get in college training. We are concerned about the kind of positions they are doing. If you have any information, you are willing to receive it.

Dorm Club Elects
On Monday, September 30, the Dorm Club met in the day-room and elected officers for the term. A close race between Maurice White and Frank Quinonez for the presidency resulted in the election of Quinonez. Roy Bradley became vice-president.

The Junior Farm Center of the Chumash Polytechnic field held its first meeting Wednesday, September 22. The Junior Farm Center is a club for all Poly students. The officers for the coming year are: Louis Morganti, president; Verdi Mills, vice-president; Roy Bradley, secretary, and Alva Jo York, treasurer.

The Junior Farm Center has almost 60 members. This total doubles the membership of last year.

On all clubs' social activities and trips of the past year, not one bill was unpaid. The club has money in the treasury from last year's accounts.

With the increased enrollment, an enterprising year is anticipated by the club.

Visits Santa Barbara
Mrs. Mitchell left last Saturday for Santa Barbara where she will visit her brother for two weeks. She is recovering very nicely from her accident.

Perhaps some of the new students don't know who Mrs. Mitchell is. She's the lady who makes such good pies and cakes.

She will be back at the Dining Hall as soon as she recovers.

Beef and Pig Projects
During the Fair, Kenneth Sheley and Gerald Birkerode are buying 20 head of calves weighing about 500 pounds, and cost the boys $000.

Jerry without 1 Lipstick is like Lullie without I
Dorm Doings

"How do you put these on?" Those are the words used by new students who are wearing uniforms for the first time. The articles of dress which have been given them are Dormitory parked leggings. By this time most of us can put on clothes correctly without the aid of an older student.

The Dorm Club will be reorganized for the term. New officers will be installed with Captain Deuel as ad­ viser. The purpose of the club is to foster interest in school activities.

Have you ever strolled casually into the Dormitory and heard strains of music issuing from the reception room? Now and then before groups of our syncopators gather around the piano with their instruments and proceed to enter­ tain the fellows with a number of popular pieces. The applause accorded them indicates our appreciation of the performances.

Lieutenant Maurice White is one of the most loved of those living in the Dormitory. Since he is agreeable and of his own size, the freshmen like to gather around him and listen to him relate humorous stories about his Dormitory life. Maurice is a little chap not much over six feet tall.

Earl Roberts, who registered from Hanford, has been forced to limp be­ cause of an injury sustained in practice. However, he is on the gridiron each afternoon and sees all the game's signals.

The Dorm is an entirely place int­ended for gentlemen. Profanity is strictly not permitted.

One of the most talked about rooms in the Dorm is that occupied by Kvas. Everyone knows that Kvas is a man of great ambitions and that after failing down he got up from the ground.

The Dorm Club will be reorganized for the term. New officers will be installed with Captain Deuel as ad­viser. The purpose of the club is to foster interest in school activities.

"My name is Boones; what is your name?" Most of us have met the little big boy on the campus. He believes in getting acquainted with the bunch.

There is a certain bird that de­ scribes himself as a "printer's devil" and from that time forward has attractedly arranged with hawseys and a bull pup gay displayed. Many photos help in the general appearance of the roof.

The pool tables are constant source of entertainment. Before many moons several "sharks" will have been de­veloped.

"Who do I see?" Most of us have met the little big boy on the campus. He believes in getting acquainted with the bunch.

Joke Box

Students who wish to contribute and sell to this paper, may do so in the joke box but outside of office 6 in the Administration Building.

Joe Frank is pleased with the work done by his buddy, "Jump on her tail!"

A certain minister's favorite expression is "for years and years and years." _______

Assembly Sept. 15

The first assembly of the new year was held on the new bleachers Wednesday, September 15, during the regular assembly period.

Dr. Crandall congratulated the school and the state on the large number of new students enrolled this year. This large number of students from all parts of the States and United States shows the growing importance of the Polytechnic.

Dr. Agosti made a number of announcements.

Mr. Agosti spoke of the football game to be played on the home field Saturday, September 18.

Mr. Knott, Mr. Bartholomew, Mr. Ageni made a number of announcements. Mr. Agosti spoke of the football game to be played on the home field Saturday, September 18.

The Freshmen were urged to come out after school and haul the lime to the Freshmen to carry out. Hank Hankerson also spoke to the students.

Poly Cops First Contest
California Polytechnic's Mustangs were easy victors over the San Luis High eleven in the opening game of the season at Poly Field, September 18. The high school proved an easy foe and went down under the strain of a 22 to 0 score.

The contest started in the second quarter when White kicked a goal from 20 yards out. Later in the second quarter, Pierce carried the pigskin over the line for a touchdown and converted. At the half the count was 9 to 0. Coach Agosti made his weighty team in the third quarter and they started out in a bang and made a touchdown and converted because the High Gridders could get their breath. Sharrow took it over and Dust converted, bringing the tally to 16 points for Poly. The fourth quarter found the Mustangs still masters of the situation. After regained by him and other members of the team, White got the final touchdown. The whistle blew with the score 22 to 0. The high school proved an easy foe and went down under the strain of a 22 to 0 score.

The Poly Eleven in the opening game of the season were: White, Austin, Sharrow, Chalmers, Reynolds, Crandall, Varian, Rust. Quarterbacks, Pierce, old line, and Sharrow. Gridbers, Pierce, old line, and Chalmers. Fullbacks, White, old line, and Austin. The following results:

The Poly Eleven made it two straight victories by trouncing the Lompoc High Gridders by the overwhelming score of 34 to 0. Three straight victories by trouncing Cross High, 22 to 6; the San Luis Obispo Sanitarium, 18 to 11; and the Mustangs, 34 to 0. The Poly Eleven is expected to represent Poly in the inter-class shoot.

Laboratory work in cookery is also being taught, with emphasis on relative values, and the planning of meals. A large class is expected to represent Poly in the inter-class shoot.

POLY GRID SCHEME

- Sept. 18—San Luis High—here. Score, 22-0. Longhi, Green, Haplin, Greaves, Schuyler, and Austin, 3 points.
- Sept. 21—Lompoc High—here. Score, 22-0. Longhi, Green, Haplin, Greaves, Schuyler, and Austin, 3 points.

Target Practice
Twenty Polytechnic boys are already developing into crack shots. Every Saturday morning a group of boys is taken to the target range for practice. The rifle range is about one mile north of the Administration Building. There are four targets and available space for firing at a distance of three thousand yards.

The Government furnishes his ammunition free of charge and on sale. The interest taken this year is large; a class is expected to represent Poly in the inter-class shoot.

Students Taking Dietetics
The Poly Campus made it two straight victories by trouncing the Lompoc High Gridders by the overwhelming score of 34 to 0. Three straight victories by trouncing Cross High, 22 to 6; the San Luis Obispo Sanitarium, 18 to 11; and the Mustangs, 34 to 0. The Poly Eleven is expected to represent Poly in the inter-class shoot.

Students Taking Dietetics
Students taking dietetics at Poly, who are Ruth M. Grove, Lillian H. Thompson, Hazel Dailey and Theresa Glendeny, Frances Shurragar, Helen Angoluni, Dr. Buckler, Mr. Cunningham and Mr. Tognazzini.

The new course in Electricity offered for high school graduates, which is being put on this year for the first time with a teacher and sponsor, there being sixteen members in the class.

New Course in Electricity

Electrical Engineering than had been used before in a telegram was sent to New York in the McWine-Hill Publishing Co. for copies of Daws Electrical Engineering. Volume 1. The books were promptly sent and arrived in the record breaking time of five days. Having enjoyed a rather stiff review of units, physics, mechanics and mathematics while awaiting the arrival of the books, the class is now deep in solving problems, circuits and other technicalities.

Contributions Welcome
The Polygram welcomes any contributions by either teachers or students.

Senior Meeting
The Senior Class—held its first meeting in the Assembly Hall on Thursday, September 24. The meeting was held for the purpose of electing officers for the year. Those elected were George H. Frank, president; Doris Westendorf, vice-president, and Elmer Torquaintini, secretary-treasurer.

Faculty Social Committee
At the opening of school, Friday, September 18, polytechnic asked the following members of the faculty to act as a special committee for the year: Dr. Will, chairman, Miss Haskins, Miss Knox, Miss Perontzi, Miss Thomas, Miss McMillan, Miss Meighan, Miss Haskins, Miss Knoll, and Miss Wostendorf. This committee will act with a similar group to be appointed by the Student Affairs Committee and will have charge of the social activities for the coming year.

The Freshman reception, although hastily planned, proved to be a pleasant affair, thanks to the help of several members of the Faculty Ladies' Club, girl scouts, and all the students. It is proposed to arrange a series of similar affairs for the remainder of the year. Most of these activities will center around the new Poly gymnasium, which is splendidly arranged for our purposes.

Each student is invited to present suggestions for games, events or other features that might be of value to entertainments. Stunts, vaudeville acts, tricks, farces, team or group singing, stunts and group singing are wanted. If you think of something, suggest it to any member of the committee and it will be considered.

To Stanford and M. J. C.
Coach Agosti and twenty-five members of his squad will leave tomorrow morning by train for Palo Alto where the Mustangs will try to avenge the 20 to 19 defeat of last season. Poly meets the Stanford Fresh in the preliminary to the Stanford-Oberlin varsity contest on Saturday afternoon. The game will be played in the Stanford Stadium.

Next week Coach Agosti takes his squad to Modesto for the first conference game and to the Assembly Hall in the Junior College. M. J. C. is reported to have a formidable lineup.

Satisfaction Guarantee
The Polygram is the best suited to fill your requirements. Poly Uniforms

SPORT BRIEFS
Hanford High School is well represented in football at Poly, there being three players registered from that school. Captain Sparks, end, Roberts, quarterback, and Perry, end, are those who made the team.

Pleasanton High has two of her usual comedians on the uniform. They are, Sharrow, backfield man, and Brommer, center.

With the Dempsey-Tunney fight over and the World's Series started, it won't be long before sport fans will turn their attention to football.

Hank Hankerson stood by Dempsey and is out the fight of about a half dozen milkshakes. Maurice White was one of the two followers who 'collected.'

Poly was 2 to 1 for Dempsey and it seems that they are picking up a half dozen picks to stake the series from the outside.

The tennis courts are being used frequently. Perhaps Poly may be able to boast some day that she produced a Bill Tilden or Helen Wills. Who knows?
