THE POLYGRAM

We can not expect the football boys out and sell at least one ticket apiece. A few tickets sold compared to the expenses of bringing teams down here. It seems that the girls do not like the idea. Some boys had to buy new ones or go without.

SPORTS STAFF

We have several imitators of Barney Clifford, in school, who take turns on two wheels. One car has been looked for by "keepers." Let's not get the idea that Poly Avenue is a speedway.

We want to let Barton Barnes and Forrest Morgan know that we have been enjoying their athletic efforts each evening. The only criticism we have of their efforts is that they are indeed clever boys.

If you did find her at the party?

Yes, Dr. Crandall, we like your new Sunday coat.

We wonder why Elizabeth Stewart was at the Church party Friday night. Was she looking for a sweetheart? Or trying to forget the one that caused her much trouble a few nights before.

What kind of a man is Lude Lang? Wednesday afternoon he was sick. The next day his excuses were flimsy. Hopt until four o'clock, boxed and knocked four men out, took a little time on lesson night?? Approved excuse?

Viggo Jansen has also recovered from his dive. Welcome home, Viggo.

Already letters have been received from several "old grads" announcing the fact that we may expect them at Poly, October 23. All's set for a big homecoming.

How did it happen, Ralph? We're sorry.

Jack Yates was called home suddenly last Thursday evening because of the illness of his mother.

Oliver Anderson has left for Taft where she will attend Taft High School. "The plans come to back to Poly next year.

The most important member of Dr. Crandall's class from this absence is being a week. We know you were having a lovely time, Mrs. Crandall, in Berkeley with your son, but we are glad you are back.

Dramatics Class Organized

Due to the fact that so many students wished to take Dramatics but were unable to come in the seventh period, a new class has been organized and meets every Monday and Wednesday. This new class has at present eleven members, and more are expected. The new class is working hard on "The Con- fessional," a play by Oscar Wilde, and the old class is trying to go them one better.

Patronize Our Advertisers

As students of Poly, we should keep in mind that it is our duty to patronize those who advertise in our "Poly-Grum." We should feel that those advertised us.

The following business firms have helped us in providing helpful information and matériel.

EXCHANGE

We note that the Spanish department is adding a second class to its staff. This is to have upper grade students for rapid review and help to make the class more regular.

Lectures are also given in Spanish and these should give a lecture every semester.

Girls, skip this paragraph. It is really unfit for publication. It got into my notes by mistake, and I asked the printer to destroy it or set it up wrong-side-up.

It seems that an awful lot of boys are being Campaigned for the First time. At an Early period in the year. And by What a Name Heard the cause. Of all the trouble. Came from some nice Girl! Now it begins. The girls Want to go Out again. With the brown fella. They'd better Get him Home during Early evening. The next Day.

The other day
A boy in Rooky Hall
Went to the bank of me
Saw a girl
And he remarked to her next neighbor
I'm going to bring
My shaving kit
To school
And shave
And don't feel like
Turning right around
To that boy
I wish
You would
You need it.
Teacher (after trying first hour class): Some time ago my doctor told me to exercise early every morning with dumbbells. Will the class please join me tomorrow before breakfast?

Past-Daze—Now, if you boys will advertise, I'll advertise it, you will enjoy it.

None is Good News

Have you anything to say why you should not swing for this crime?

Said the judge.

Ter her, swinging makes one dizzy, replied the prisoner. I'd rather skip the rope.

New Teacher Arrives

Mr. John O. Ball joined the Polytechnic Faculty, Monday, an instructor in Mechanical Drawing, Vocational Mathematics, and Applied Science. His campus office is room 12.

We are happy to announce that Mr. Ball is a graduate of Denver University, having received his B. A. degree there in 1923. In addition to the regular academic preparation, he has had some training in the army, so he should be well fitted for the job.

Mr. Ball's family is moving to San Jose with him. We welcome the Ball family to Poly.
