**Editorial**

The lack of proper football practice field has been the greatest handicap the Poly football squad has had to train. The condition of facilities for practice is not due to any injuries being sustained in practice. The football squad has played all of its home games without much hindrance. It is necessary for the development of a good football team that the盛开 players not be prohibited from playing by the coaches.

Mr. Agosti and his men working with those of the largest schools. The necessity for the development of a good football team is necessary for the development of a good football team is evident and now is a good time to think about it.

**School Spirit**

Fellow students, do you really know what School Spirit is? Do you feel in your hearts the love of our school? Do you feel that the spirit is like a room without windows? Do you feel that it has walls and doors? Do you feel that the school is a place where you can sleep and eat and study and have fun?

About ten or fifteen minutes after the game starts, we all stand up and support our team. About four o'clock to go riding. Three or five. We may call Larry the hero of the game, because he helped them win.

**Yells**

The students of Poly showed the faculty just how well they could yell. On Friday, October 13, the yelling was the best done this year. This was true because yelling is a way to express our feelings. The yelling was led in the school song about the Poly students.

**Poly Officers**

The orchestra's first appearance on October 13 was a great success. Everyone was delighted with the way they played, and the Poly spirit was evident.

POLY I S VICTOR
(Continued from page 1.)
The first quarter was hotly contest-
ed, both sides fighting and holding in the plishes which the game was but a few minutes old. Poly scored three points on a point-door kick by White. The Mustangs were given a score when the Spartans got away with a couple of snappy passes and had the ball six inches from the scoring zone. The green and gold warriors showed the mental men were made of by holding the opposition for four downs, and the fourth punt lost the game. The minutes later the quarter ended.
The two fine spectacles were clean game and looked best in the second quarter when the Poly men scored as a means of gaining ground after attacks in the first quarter failed. Neither team scored in this quarter.
The Mustangs opened the half in bright spirits, as it was a teacher's day and Poly scored another three points on a pass from White. The score at the end of the third quarter was 9-0 in favor Poly. San Jose Pete Traver received the ball on a punt and went 60 yards before being downed by a Purple and Gold wall of players. Pete scored a touchdown and the Poly men quickly invaded the San Jose territory. The Mustangs were given a scare when one Poly man threatened to score again with only 15 seconds on the clock, but the Poly defense was good and the Mustangs were held out of bounds. The first quarter was over, Poly was in control, and the Mustangs were skidding for Poly points. The Poly coach commented, "I have never seen a more well coached team in my lifetime."

Reveals Basketball as a Favorite Sport
As football season wanes, our attention gradually turns to basketball. Mr. A. F. Agosti, Poly athletic director, reveals the fact that he chooses the indoor game as his favorite. With so much likely looking material, a large turnout of candidates is expected. This speaks well for Poly. Since the Coach is strong for this sport, the coming cage set of men will in all probability prove an interesting one.

Coach Agosti is a graduate of the Oregon Agricultural College. While at school he played basketball and football. He took additional work in Physical Education at Stanford University. This is his sixth year as Coach at Poly, and he has always been the report of the faculty and students. Mr. Agosti is one of the organizers of the California Coast Conference of which his teams are members. He was vice-president of the league for the years 1922-23, and for the past two years has been president of the conference. When asked if he was a Californian, our coach responded "California by adoption, otherwise I'm a Webfoot."

At the State Capital
The coach was besieged by the men of the press as Poly was on their way to the State Capital. Coach Agosti when asked for another conference game to be scheduled for them by Coach Agosti, the regulars will have to work hard to keep their positions as some of these are former high school players who will have the weight of all the fellows stay with us, some good material will be developed for future teams.

Thirteen new men are out in uniform as the result of a roll call made by Coach Agosti. The regulars will have to work hard to keep their positions as some of these are former high school players who will have the weight of all the fellows stay with us, some good material will be developed for future teams.

In the last five years Poly won two, lost two, and tied one game with Santa Maria. We hope to win again next season.

Three military companies have been organized—Companies A, Company B, and Company C. The commanders of the three companies are Alberic Varrain and Frank Guillouet, of the El Monte Methodist Church, and Erlin Tugnati, of company C. Louis Thorpe and Conlan Rochosa.

The three companies as a whole have shown a great improvement, and as an individual company, Company C has made the best showing. One of this week, probably Friday, a special battalion review will be held. On November 23, about 1000 men will parade downtown with rifles, and the rest, about 1500 men, Company C is going to put in a whole battalion parade first by Commandant, Conlan Rochosa. Anyone who has seen the first turn and also the last one can see the improvement.
