A Peppy Evening

The following are brief notes of a very gay affair at the home of Misses May Prewer and Jeri Cowell, Carolyn Mercer, Florence and John Pimentel, Gaston Escobosa, John Fim...

— Margot: I'd shun them.

— Cindy: She wouldn't kiss me at all.

— Roy: So I kissed her instead.

The other day I heard a Freshman say, "When is U. S. C. playing the Hatchetback of Notre Dame?"

“Take it from me, the barracks is going to be an out them. _ _ _ _ _”

Snoopy: Suppose you were in my shoes, what would you do?

Margot: I'd shun them.

— Cindy: She wouldn't kiss me at all.

— Roy: So I kissed her instead.

Mr. Rathbone: I And that the

William: He can put on his socks without

Don (always practical): Well, he would look a darn sight funny without them.

William: One of the boys over at the barracks is going to be an efficiency expert. He's got a good start now.

Charles: Howwat?

William: He can put on his socks from either end.

Mr. Rathbone: I find that the average production of a hen is 251.3 eggs a year.

Ferry (scratching his head): Mr. Rathbone, I do not understand that. How can she lay three-tenths of an egg?

Della: I should have more credit on the first question. I wrote six pages.

Miss Knox: We don't weigh the paper.

Roy, in U. S. History: There was quite a lot of opposition to the railroads. People said they feared the horses and cows and chickens so they wouldn't lay eggs.

Cupid: That's because he only sees you one a month.

Mark Twain was making an after­
dinner speech in which he put several of his original jokes. A man who sat opposite seemed not to notice them, and, when everyone else laughed, remained very sober. At the end of the talk, Mark spoke to the man and asked him why he did not laugh.

"Oh, I think that every time I breathe, some one passes into the great beyond.

"That's too bad, why don't you use lightning," asked the humorist.

"Miss Chase: Why are you late?"

"Roy: I saw a man marry a junction,

"Mr. Rathbone: I do not understand that.

Earl: Doesn't Larry look funny in his suspenders.

"One of the boys over at the barracks is going to be an efficiency expert. He's got a good start now."

"Charles: Howwat?"

William: He can put on his socks from either end.

Mr. Rathbone: I find that the average production of a hen is 251.3 eggs a year.

Ferry (scratching his head): Mr. Rathbone, I do not understand that. How can she lay three-tenths of an egg?

Della: I should have more credit on the first question. I wrote six pages.

Della: We don't weigh the paper.

Roy, in U. S. History: There was quite a lot of opposition to the railroads. People said they feared the horses and cows and chickens so they wouldn't lay eggs.

LAST GAME OF SEASON

Chico Entertains Poly Men

Chico's Polytechnic baseball gridiron was defeated by Chico State's Warriors on their field Armistice Day. The 26 to 0 score does not tell the story for the Mustangs were punched through the opposition time after time and had four chances to put over a score. The slippery condition of the field and ball for the first three weeks would not equip them with the proper cleats for a muddy ground. The Chico team, which is admittedly two-touchdown material, was out over our squad waded through a passing attack that tallied heavily for them.

Chico scored in the first, second and last quarters. Poly's chances came mostly in the last half. Two attempts at field goals went wild as did all passes.

Boys do not hesitate to acknowledge that edge defeat, and they feel they got out of the game them before they got the short end of the stick.

The likes of Quarterbacks Roberts, Travers, Hallock, Ferrara, Zanoli, Chaves, Rust, Hitchcock; Fullbacks; Wilkie, and Spade (capt.), Sined, Carroll; Centers, Brommer, Wright; Guards, Carter, Pimentel, Clink; Tackles, Tate, Harper.

Chico Poly, 7 0 0 28

CAROLINA WILDCATS

SPORT BRIEFS

Chico Agosti, with a party of four, will attend the football games to be held near by the Poly men.

GIRLS' SPORTS

The girls took gymnastic tests Tuesday, which consisted of exercises and marching.

Basketball season will start next week and the girls also will have a basketball team.

Grildmen at Banquet

Coaches and football men of San Luis Obispo and California Polytechnic were the guests of the Boys Talk Manus Club at their annual banquet given at Hemaran Hall on the evening of November 16. The fellows spent an enjoyable evening listening to the various speakers and in singing school songs.

The original speaker of the evening was Dr. Crandall.

Rally

A short rally was held Friday at 11:30 o'clock for the purpose of pep, to line up the students for the game held that afternoon. Several yells were given and the football men were called up on the porch and several yells were given for them. The only ones that a few players sent a few yells after which another yell was given to a lameness.

Basketball Tryouts Start

Coach Agosti has issued a call for basketball tryouts to start Monday night at the Civic Auditorium. He has three letter men (Traver Varian and White) and Williams, the ground will be built a team. Every one is urged to turn out, very little expense the boys are attached to this sport and there is no reason why we should not have a good number of teams.

Ag. News

Another shipment of 100 boxes has been received by the Ag Department and is on the way to Poly. The hogs weigh from 20 to 25 pounds per animal and is of excellent quality for fattening. The other eleven head of Hereford calves came in for the feed lot, about 1000 lbs. each and he expects to make them take on more weight. The calves came from Texas.

How Much Do We Eat

How much do hungry boys eat? Well, for the first three weeks, at the Cafeteria and Civic Auditorium, they have consumed 100 pounds of butter and 786 gallons of milk. They surely hit the potatoes and bread hard by using a 100 pound sack of potatoes every three days and 50 loaves of bread daily. They also eat 100 pounds of meat and 30 dozen eggs daily.

The boys have a choice of food, but they never pass up cake and pie. They love to have a piece of cake and 170 pieces of pie.

Geoffrey of Photographer Pie and cream pie being the favorites.

Ninety two boxes of cakes and pie are used daily for making biscuits, hot cakes, pies and other baked goods.

There has been two shipments of potatoes received amounting to over 20 tons.

Over 160 boys are staying at the Dorm, and 50 at the Civic Auditorium, which at 170 pieces of pie.

Private Lessons

There is no reason why we should not have a good number of teams.

During their stay at Chico, Polytechnic and Development of each breed of bird, at Poly.

Satin bantams, hens, and a small daughter Maria, with Mr. and Mrs. A. J. Rathbone, Miss Chase, Miss Cardwell and Mrs. A. J. Rathbone, Miss Chase, Miss Cardwell and Nan Brown. Probably others whose names we were unable to get also were in attendance.
