It is expected that he will be one of the leading pitchers in the Pacific Coast League.

It will enable the Polytechnic to continue its progress and to carry on its work in a more efficient manner.

Poly Pitcher Signed By San Francisco Seals

LEE GETS CONTRACT

Mr. Lee, the Polytechnic Institute pitcher, has signed a contract with the San Francisco Seals of the Pacific Coast League. Mr. Lee has been one of the most successful pitchers in California, and his signing is a very important addition to the Seals' pitching staff. It is expected that he will be one of the leading pitchers in the Pacific Coast League.

The Polytechnic Institute basketball team will play the University of California at Berkeley this season. The Polytechnic team will be coached by Mr. J. C. Deuel, who has been the head coach for the past three seasons. The Polytechnic team is expected to do well in the Pacific Coast Conference this season.

Unusual As Usual

There is a demand for swimming suits. Everyone would be surprised, and started if it were true. The Polytechnic Institute is just that unusual for it to.

It is easy to see why there are so many swimming suits. They have become accustomed to it. There are two main reasons why people buy swimming suits. One is that they are a help to some who have made an arrangement to try to do it once or occasionally. The other is that some people get a big amount of enjoyment out of seeing a thing like this.

Swimming is not so good for those who have to perform the difficult tasks. This is the same with some who are quite hard to the task.

Oh, just a student being sent to the beach room so that everyone else can study.

Class Meetings

Some of you people come out of the glee clubs will meet Monday at 4:30 in the Print Shop and Home Making Building and the Dramatic Club which will meet Monday at 5:00 in the Print Shop will also be meeting.

Class Spirit

Class spirit is an essential for a good school. Classroom meetings must have atmosphere, and in doing so, the class spirit is bound to be the outcome of a happy group, that is, any group.

There is nothing so bothersome as to be thinking of where everyone else is. There is no discussion; then a motion is called for and two or three minutes pass before anyone makes the motion.

When there is no more business, no one will make the adjourning motion. To carry on a business meeting true to form is very educational and pleasant.

Editorial

The signing of Thornton Lee by the faculty is a great surprise to his many followers at Cal Poly.

He attracted the eyes of the basketball scouts by his superb pitching and has left his mark upon the textbooks. He has the well wishes of his schoolmates.

The Unknown Student

"Here comes a student, Mr. Preuss!" exclaimed Bobbie as he pointed up toward the trees. "Here comes Santa Claus, Merry Christmas everybody!"

No, it was only a tramp looking for a warm place to lie down and take a nap. Maybe he saw the smoke coming out of the chimney.

"Hey Ludell! There's a good partner for you," said Mr. Preuss. You can't imagine how funny it was! The old guy with his roll on his back walked around to the back of the building, talking to himself. He tried to get in the back door, but it was locked.

It was too bad that Mr. Preuss could not get the door open because the visitor would have made a wonderful partner for either Abe or Ludell.

"Mary Lou," "How Many Times," have you said, "I love You Truly," "Looking at the Moon," with Rose Colored Glasses," "In the Middle of the Night," "Dance at Harvard," and I looking at your "Baby Face," saying, "Give me a Little Kiss," "By the Light of the Stars," and "I'll be sitting on Top of the World."
