Mrs. Fuller Has Class

In Parliamentary Law

Mrs. Fuller has class, but the instruction of Mrs. Fuller, has class. The name 'Orator's Club,' has been changed, in order to promote better speaking. The club met its adoption constitution, and by-laws, and is progressing rapidly. It met second period on Mondays and Wednesdays in the Assembly Hall.

What In The World?!

One of the worst things is trying to get out of here in a hurry. "Now don't you hit my hand or you'll hit yours, too." "Hey, for the crying out loud, you don't know where you're going."

"Get away this is ready to distribute, and we are many to follow. We have a snap, but when we stop."

Can you guess right now? Sure, Mr. Lincoln, who a drives a ninety-five-horse-power motor, was trying the air out at various places in his car on Saturday afternoon, for the benefit of the Aeronautical class and the school.

Snap Out Of It

All students and leachers are urged to turn in snapshots for the trophy contest. This trophy is given to the school and its members are wanted. Make your snaps up, and get them in. Turn them in to Mrs. Fuller, Earl Williams, or Carolyn Merrin.

Frosh Mr. Fentons Pleases With Red Demonstration

Here we are, the freshmen who are trying to show you how to use your new red demonstration. Mr. Fenton of the National Red Cross is on the drawing board. By Monday morning. After the introduction of the machine, the talk is to begin. The talk at half hour on first aid to the injured. The talk is ended with humor and went over the Big Two numbers of the student body. Dela Erving and Edward Harlrazle helped him.

"Hello! Is this the right number?"

"Thank you very much."

The Boys Will Have It

"Back when we reawakened, had singing, and were given the home of the Art Department, a beautiful" Speech made on "Safety Last." I think that you seem almost, but nobody was old enough to fail. Mr. Fenton, with two companions, is marking the nation under the auspices of the National Red Cross. He was introduced to the assembly by Mr. Howard F. Kirkland, popular president of the local Red Cross.

"Hello! Is this the right number?"

"Thank you very much."

The cast, in order of their appearance: "The Evening Express Indispensable." Mrs. Fuller—Juliette McCullers, Sheila—Marion Snow, Grace—Helen Higginbotham, Miss. de Reis—Dorothy House.

Those Brother's Keepers

Did you ever know your lesson and when you went to the board to write it answer or even admit you do not know it? Probably kind and brotherly bosom does his little study for you, and you let it go in. After while that same person who is always reciting some lesson besides his own, or perhaps a passage, adds some thing over what he is ashamed to say, that he does not know. If the first person called on is unprepared, and the teacher calls on someone else, let him or his successor recite the question after being asked to, but not before.

We Are Printing

Another Honor Roll

Today, Students of Polytechnic, you are writing your own letters of recommendation. You are doing the common things in life common-ly well. Headed by boys and girls, teachers, students, for they are doing it, and it is a kind of character—"The right kind of letter of recommendation." G. C.

1927 Journal To Be

Best Ever Published

This is the 1927 Journal and we have tried to see the best year book that has ever been produced here at Polytechnic. The staff has been carefully picked to regarding to writing ability, interest and willingness to work. The editor feels that he has staff which can be trusted, and one that will have their material in time, so that nothing that confuses rush that is sure to come.

We are going to give you an artistic book, one that will be good readable book. One of the main features will be a full page line cut of some of the boys, with a small cut here and there to fill in.

The book is arranged in a different manner than heretofore, a manner which we hope it will add to the appearance of that section.

There should be noted to snap shots which means that every student who has been brought in some good pictures of our school, and who have been cooperation for jogos.

We should like to have plenty of good snappy jokes so that you have any, don't fail to send them to.

The never design has not yet been developed, are some big ideas, and suggestions, but would be very much to receive any ideas that you may have.

Honor Roll

The following students were on the honor roll for both the spring quarter and for the last six weeks:

Joke Box

Students who wish to contribute jokes and gags to this paper, may put them in the joke box outside of the door of room 6 in the Administration Building.

Roy Bradley: Yeh. While horses every day. There was Cabbage, was Shoemaker, a very noble horse, he and all da time he shout, "Italian bull durham."

"Dat Major always maka da pick on greenhorns. Gee! Whiz. When told to order, the greenhorns' guns couldn't hit the ground, but had to come down on their feet. There were more groans out there than on the battle-field of France."

"When told to "right dress." then my uniform began to itch, and I had to scratch when they hollered, "Attention.""

Teacher to John Mitchell: Give a brief summary of Julius Caesar."

Batalion Attention

Furlough Review was held February 1, 1927.

The veterans who were there acted like they were supposed to. But the greenhorns, Gee! Whiz. When told to present arms, they took the punkin and put them on their right shoulders."

"When told to order, the greenhorns' guns couldn't hit the ground, but had to come down on their feet. There were more groans out there than on the battle-field of France."

"When told to "right shoulder arms." some bonehead hit me under the chin, then raked my neck with the stick."

Mustangs Run Over Bulldogs in Second Game

Giving them basketball as it should be played, the Mustang herd swept through San Mateo, 29 to 19, in a game at the Poly Auditorium on Saturday, Jan. 20.

Peter Treaster, who made a special target of the basket and scored 17 markers, the Poly boys could get a guide to show us through about two miles from Lompoc. They were a tough crew, but with the help of the northern lights, the Mustangs made their way through.

Both the Bulldogs and Mustangs put up a spirited battle and a few of the high-scoring players were the stars of the game.

The game was a very close one, with the Mustangs leading by only one point at the half-time whistle. In the second half, the Bulldogs made a concentrated effort to tie the game, but to no avail. The Mustangs won easily, 39 to 21, and the crowd was pleased with the performance of both teams.

The lineup and scores:

San Mateo J. C. (22). Hughs, 5; Axt, 1; Halls, 1; Grow, 1; Serr, 1; Baker, 1; Hartman, 1; Cundall, 1; Mitchell, 1; Mace, 1; Hightower, 1.

Poly (81). Hofsness, 10; Crandall, 1; Finnigan, 1; Gill, 1; McCarty, 1; Doolittle, 1; Slade, 1; Traver, 1; Garcia, 1; Walker, 1; Keenan, 1.

The next time we have a game show about two miles from Lompoc. They are operating gasoline engines and the clay is hauled by truck to a pulverizer and the kiln.

The trip through the plant proved to be very interesting as well as beneficial. The guide told the boys and parents all about the bricks, and how they are made. The guide also showed them the various methods of moving the clay. Some of the bricks are cut right out of the kiln, while for others, the clay is pulverized and heated before being made into bricks.

Back Up Your Yell Leader at All Games

At the beginning of the school year new boys tried out for the honor of being cheer-leader. One was chosen. He picked out two assistants, a little pep was raised, but VERY LITTLE.

The head yell leader was hurt so that he could not lead. The assistants seemed to fade into oblivion.

One of the fellows who had tried out left what yells there were in the basketball games. Did the crowd back him up? I should say “No.”

Instead of paying a little attention to him, they were laughing or saying something to their own audience.

On come now fellows, cut out this half-hearted business and show a little respect for the yell-leader. Help him out.
