Percolator Dance

Proclaimed Success

The members of the Aud Club gave a
twenty-dollar dinner at the Polytechnic Assembly on the evening of March the twenty-first.

The "Percolator Dance" was a pub-
collected admission charge was $2.00.

One of the most festive features of the even-
the Polytechnic Assembly was addressed by Dr. and Mrs. Davis, who said that they were very pleased with the success of the dance.

The Auditorium was decorated with flowers, the color scheme being red, white, and blue.

The dance was held on Saturday evening at eight o'clock.

San Luis Obispo High School won the first prize in the speech competition.

The San Luis Obispo High School debate team won first place in the state tournament.

The debate topic was "Resolved: That the use of atomic energy for purposes of war should be prohibited by international agreement." The affirmative team was represented by Mr. Jay Zeigler, Mr. John G. Davis, and Mr. Edward H. Johnson.

Some of the Dorm boys had the "idea" when they found out that the F. C. train, which they were in, really went and had a schedule of everything. Everything is peaceful and quiet down in Raw How. Boon has moved upstairs.

Jeffery and Kemo also would like to know who it was that once you went back there either that night or the next day and got that done. After all, they know that sweating and thinking (which seldom helps) is something that they ought to get something for it.

Time is money, don't steal it by loafing, fooling or gossiping. Work while you work. There is always plenty of time to amuse yourself after you work. What do you work for? Don't be one of these "TIME THIEVES!"

In over the phone. This is what our listener heard: "ThePoly is not in my room. It looks like he behaves himself in the classroom but I was told by the teachers that he is not a good boy. He is quite a troublemaker and lies, and lies."
The prisoner was asked what he had done to deserve his punishment. "Nothing," he replied. "Walking along the road, I just picked up the end of an old rope."

And they punished you for a thing so small!"

"Well," admitted the prisoner, "there was a row on the other end of the rope."

Miss Knox: Clarice, what was the name of Italy in the middle ages? (Clarice in doubt). Well, or, about the same stage as it is now."

"Can't pull 'em out a bit sir? I've got one leg?"

"Ruffian! What do you think I am, a constable?"

John Plant: "What is the best way to make a pair of pants last?"

Mr. Wilkins: Make the coat and vest."

Sympathetic Friend: "What's the matter with your thumb?"

Victim: "I bit the wrong nail."

"Mr. Fox, what kind of meat have you today?"

"Mutton and beef, sir."

"Mr. Fox, what kind of meat have you on your plate?"

"To a finger and dropped into the physician's office to have it attended to."

Charles Llewellyn suffered an injury to a finger and late in the evening an injury to his right eye."

"Naw, just my mouth."

Cal Poly Wins Santa Maria Meet

Taking four first, three second and one third, Cal Poly's athletes outshone their competitors at the Fiftieth Annual Invitational Meet at Santa Maria last Saturday. Eight schools representing three counties were entered — Santa Barbara, San Luis Obispo, Santa Maria and San Luis Obispo.

In spite of his injuries, Orvil Hockhines, demon speed burner of Coach C. J. Zitter's track squad finished a fly for high point-man with Hughes of King City. Each earned 10 markos.

The medal was given Hockhines after a toss of the discus into the 220 yard circle and a leap of 20 feet 6 inches. "Stud" Tate heaved the shot 47 feet 7 inches for a first place, and took third in the discus throw. "Deuel" also made a discus through the air for first place with a distance of 110 feet 4 inches. "Bill" Dunfee seemed to have a monopoly on the 100 yard dash, making 10.9 seconds, but will probably be "patronized" by Sun Joaquin College.

Four-Corner College Meet — At Santa Barbara, California entered: Bakersfield J. C., San Jose State, Santa Barbara State and California Poly. Date tentative.

California Coast Conference of Colleges on May 7th—At New Hi Athletic Field, San Luis Obispo. Colleges entered: Bakersfield J. C., Chico State, Modesto J. C., Cal Poly, San Mateo J. C., San Jose State, Santa Maria J. C. and Santa Barbara State, and Rurrenca J. C.

Interclass Track Meet — The Interclass track meet has been postponed until after the invitational because of the presence of some of our track men. The exact day has not been set, but will probably be Tuesday of next week.

Junior Class Choosers — The Junior Varsity voted for Interclass team captains as follows: Blackhall, Roberts, Baseball, Harper, Track, Football, Frisbee. They are after the invitational awards.

Opening Baseball Contest — Comes Off Today

Captain — Interclass Baseball team made their cross bats with the Santa Maria pins, promised this season in the opening baseball contest of the season. Poly might as well turn the two first bats and fans should turn out in large numbers to witness this battle. We are told that President Conklin will not be here to witness the first basemen.

A return game will be played at Santa Maria next week. The squad has been having daily workouts, and is gradually peeping into shape for the season, which is looked to start. After several practice games, the squad will make a trip north to open the conference season. San Jose State College will furnish the opposition on May 7th, and about a week later, the team will cross bats with San Mateo Junior College.

STUDENT OPINION

LTS PUT IT OVER

On May 7, Poly will be the host to a hundred and fifty of San Luis Obispo's finest athletes who will come from nine of the leading colleges of the state. Every one of these fellows is human just as you and I, and at one time or another will come the feeling that comes to any man who is in a strange place or goes to a certain town for the first time. The feeling isn't caused by words, but the feeling which comes to a fellow on his arrival in a strange place, makes him feel welcome, it's a true feeling. It is my opinion that the athletes which it is brought to these fellows, will make them feel welcome. To be in a strange place, they will always have a warm spot in their hearts for the Poly.

You may ask, "What can I do to make these fellows feel at home or have a good time?" And to this question there are several answers, any of which can be put into execution by every fellow on the campus. First of all you can meet these fellows with a welcoming hand shake and a few kind words which will be never forgotten.

First, get acquainted with them and then show them around and introduce them to others. Show them the school and bike around the campus with them. Show them the town, take them through the college, if possible, take them to the beach or to a show. Have friendly chats with them about things that they might usually be interested in. Be in any of the am­bitious enough, volunteer to hike up Bishop's Peak or the San Luis Mountain. It has been said that the hammer is the only weapon in the world that does any good. This applies particularly in the case of Poly, so if you don't feel capable of helping make these fellows feel at home, you have no excuse and it is my opinion that every fellow should try to do their bit.

Remember, you are in a large financial undertaking for Poly, and in order that it, if possible, should be a success, every student should do his share. A success will come in order here in Poly, and how presently become a Poly which they may become the best Poly in California.

Poly has to purchase the athletic gear, the food and the rooms, and they are many other expenses which she will have to carry. Coach Agosti has a heavy burden upon his shoulders in bringing about a real Poly. I'm sure, he will appreciate anything which is done to help bring about this end. Out of due loyalty to your school, you should come out for track and help Poly make a high place in this meet and you will also make the most a better success from that standpoint.

In summary, I would like to remind you that, though the worthings of points in this meet is an important factor, it is very important to remember that our school will be judged here. Therefore, be careful and it will be a great opportunity to make a name for Poly that will always be remembered. In closing, I wish to leave this thought with you, "Give to the world the best you have, and the best will come back to you."

Gordon Hackett-Post.

Poly Invitational Track Meet Saturday

The Annual Polytechnic Invitational Track Meet will be held Saturday at Poly Field. All high schools of San Luis Obispo County are invited to compete for the trophies. Poly's team is all set to re­ port their performance of last week and to carry on another fine win. Last year Poly took first honors, but this year Poly will aim for third place.
