Students Affairs Committee Prepare for Homecoming

A S.A. Committee meeting was held Tuesday at fifth period in room six of the Administration Building, together with Fred Graves presiding. The main purpose of the meeting was to call in the reports of the various committees for Homecoming.

The post card committee, formerly appointed by Miss Chase, was left in charge as its work had not been completed.

The banquet committee has considered three places: the Ambassador Hotel, the Episcopal Ladies Guild, and the Chico Ladies Guild. It was left to the committee to decide upon the banquet.

The two Athletic Managers are nominated by the S. A. C. and voted upon by the Junior and Senior class. The two men nominated were Joe Mazarakis and George Koeppel. If approved by the Junior and Senior,他们是 the official approval. They got it. so of four went to Dr. Crandall to get their official approval. They have gotten too far away to write back.

Mr. Amieva gave a very interesting talk to the boys of the school who are distributing the tickets. He explained.

Dr. Crandall said he had the permission of all the students to distribute tickets to the boys of the school. He will try to see that the students will be interested in the football game. He will probably sell out in future years, because of interest.

The question was brought up as to whether the Junior Faculty House boys would refund them for their expenses. He will probably go through a starvation period and get some money to help them.

Dr. Crandall also told of his visit to the dedication of the Claremont College and told of the stress laid on vocational education shown by a talk given by Will C. Wood. Since 94 per cent of the students who entered the University, England, being a large part were from colleges and universities of the Scat, Teachers College.

Class Officers Complete

After the ten meetings given to class meeting at fifth period on Wednesday, October 12, all classes have elected all their officers and are busy with their work for the year.

The officers for the Senior class are: Earl Williams, President, Elmer Harper, Vice-President, Pauline Pitkin, Secretary; and John Pimental, Treasurer.

Junior officers are: Storme Wade, President; Marcella Cross, Vice-President; Joe Marsalek, Secretary; and Gordon Hushter, Treasurer.

Sophomore officers are: Frank Abbott, President; Ed Smith, Vice-President; Ellen Margaret Trinidad, Secretary, and Harry Lee, Treasurer.

Junior class officers appeared in the Polygram of October 7.

The weather bureau report for San Luis Obispo for October 12 is: April, 50; San Luis Obispo.

Miss Hefferman A Visitor

Miss Helen Hefferman, State Commissioner of Rural Education, with an assistant of the Polytechnic Orchestra playing several selections.

Miss Hefferman is a visitor on the campus last week. She was formerly superintendant of elementary rural education, and in a capacity, her foremothers some very outstanding work, with the reorganization of the State Educational department, she was appointed superintendant of High Schools also, together with her former duties.

Former Students Visit Here

Harry Henry and Louis Thompson, who were students here last year, are now attending C. C. Prep. at Los Angeles, passed through San Luis on their way to Stanford, October 11.

They were on their way to Palo Alto, and C. C. and Stanford met on the Girard.

The boys arrived here late Friday afternoon, and were entertained by the Foot Hop given in their honor. And how! We're glad Chico enjoyed the "Hot Foot Hop" given by the "Peppiest Klub on the campus last week.

THE POLYGRAM

HOMECOMING

How many of you students reading the Polygram now know Min A. R. Preuss. This day all the alumni are back with us for a good time. We always give them a dance, a supper, a football rally and big football game on Saturday evening, after dinner, for stand up, and say that it was not a good game? There is not one, because it was a good game, and our Mustangs took their beating with ability. Even Chico had to admire the spirit our team showed, and we all should be proud of them. To think that a team the size of ours was able to hold a team the size of Chico, is remarkable, and we should not feel downhearted in the least, especially when we stop to think that Chico is not only a large team but also held the conference championship, which means that they were very good in order to hold that position.

Let's all be out on the bleachers again this afternoon, yelling as we never yelled before, when our team comes through for a victory over San Jose.

BAIRRAK BREEDERS

Gee Kutz was a very surprised boy when he arrived at the bairraks on Saturday evening, after dinner, for instead of the empty room to greet him, he found his mother and father. Glad! That is no word for it. They spent a very enjoyable time during their stay.

Cyril Kozl has turned over a new leaf and has cleaned his room for the first time. He was ashamed to find that he had a run on his floor.

A large amount of fruit has been enjoyed by the boys in the barracks. There has been plenty of grapes and apples, pomegranates, and other fruits consumed.

Does Miss Cars look any different? She has parents now. They arrived in San Luis last Saturday night, having driven out from Iowa in eight days. They said they were in contented with San Luis, and the barracks. There has been plenty of grapes and apples, pomegranates, and other fruits consumed.

HOMECOMING DAY

Homecoming is a Chance for School Service

Poly can boast on few schools on account of possessing a student body that can insist of it as a thing of beauty. It can most readily be seen with the naked eye, not on the campus itself, but as part of it, are certainly not beautiful. Standing as it does on barren ground, in the midst of the parking area, we have no circle, grass, or flowers around it, the sun disc looks out of place as a disk on dry land.

With these improvements, I think that Poly's sun disc would be a place of beauty, if the sun would be in its proper place, and a spot to which the class could point it and pride.

In our case, the landscape class could lay out the plans for the city, and plans for the most effective planting scheme. Then the carpenter shop class could cut out in the concrete curb, and the landscape class could plant the grass and flowers.

With these improvements, I think that Poly's sun disc would be a place of beauty, if the sun would be in its proper place, and a spot to which the class could point it and pride.

THE POLY

AUDI DING

Sparky, the boy from the wide open spaces has been seen over at the auto wrecking yard across the street. "But," he said, "In a few weeks we'll give you a surprise." He is making himself a Lilliput car. It is said that he takes three old cars to make a good one. Sparky is building a car to surprise anything on the market for $125.00.

Menu Staff. That's what they say now. On investigation there were forty-five quarts of pickled peaches and grapes seen in the kitchen. Mrs. Warren and Mrs. Preuss had spent the afternoon canning this treat for winter.

"Things Martel, on receiving three letters of supper was so elated and cured of his home sickness, that he slipped off the chair, but this didn't dampen his enthusiasm in the least.

Boys! Are the corners of your room okay? Don't you want to know in Mrs. Warren, the boys are keeping it in spending money you. You understand, for each room that he is forced to clean, then gets twenty-five cents over and over. Tantalized, he was with this news.

"Krumpt-Schlochter has been groveling over the little room for the last year. You have seen a swelling piclock spot of the old get. The old get is a barrel of olives.

Room 1 was the scene of a recreation. The old get is a barrel of olives. Nelson Brown as an accostant on his bass. Oh, the singing and the music. This vocalist was a Columbus, a couple of boys who had a lot of the best song, and the old get put the cat out of the bag for Sparky, they said by his job was splintering for the camp roof.

Funk, former leader of the rowboat. After a refreshment, Thursday, Mrs. Warren, not knowing he had transferred, Funk was expecting to be out. But was out of the street. Postman arrived to collect money for him, Mrs. Warren is smaller in his fee.

What was the luck today? Friday night? Oh, yes! we located it. Christy was working on the hill after school.

Trudel has learned the wisdom of the saying: "When Money Warren speaks you stop" especially in the dining room.

DOHM DOINGS

What do you know about that. A successful trip to Pasadena was made in Ham Smith's "Gun Money." His passengers were Burton and Swain. Much interest has been derived from the pool tournament.

You should have seen how close Fairbanks came to making the road. A couple of boys had the dog up to the track, the dog ran into the road in a last ditch effort. Thus the poor pup was killed and burned. At last the dog got out and ran home, as the sun disc looks out of place as a disk on dry land.

AND LEO THE MR. PINK who had stumbled onto a street scene—"This you fall?"
Mr. Pink: How utterly insensible.
Of course not, my lady having tossed the force applied to it and destroyed my equilibrium. So not be able to help or break the laws of gravitation, I succumbed to the insensible and assumed this horizontal position.
Ann Loe: Oh!
Some are in college to keep up with their classes; others to keep up with the business.
Experience is what you get when you are looking for something else.
An equlib is one who, rendering a look and not understanding something in it, decides that it is a tripwuck.

Mrs. Montille: Monte, do you know you have not kissed me for eight days?
Alfred Minedt Hulb in: No! Not me, ma'am, how annoying! Whom have I been kissing?
Mr. Hall: No, my boy, we can't all be Lindberghs—just think what's going on the telephone directory these weeks!—Black and Blue Jay

Mr. Hall: We had a case of kidnap-

Miss Carl: Did you get a hair cut?
Miss Halton: No, all of them.
Teacher: What kind of birds are frequently held in captivity?

A. H. Harrison: Full Birds.

Mr. Pred: Look like a sensible girl. Let's get married.

Mr. Nokh: Thought so. I'm just as sensible as I look.

Jack man: Have you any old junk, ma'am, that you want to get rid of?
Mr. Halft: Yes, come in. Your hus-

Edward L: I shall never marry until I meet a woman who is my ideal opposite.
Emerson: Well, Edward, there are a number of intelligent girls in this school.

Mr. August (as chemist): If this chemical explodes, I will be blown through the roof. Come closer, you can follow me.

Lady: Isn't it wonderful how a single policeman can dam the flow of men.
Boy: Yes, grammar, but you should hear the tow drivers.

Mr. McPherson: Where do all the guns go in winter?
Edward W: Search me.

Boy: Well, did you read the letter I sent you?
Office boy: Yes, and I read it twice and I used it, and I stuck it five times, and on the outside of it said, "Return in 96 es", so here I am.

If a dark-haired man wears dark clothes, and a light-haired man wears light clothes, very obviously a bald-haired man should—or, considered.

"Did you know Cleo talks in his sleep?
"No, does he?"
"He who talks in class this morning,"

Good order is the foundation of all good things.

—Barke.
THE POLYGRAM

Cal Poly Bows To Chico College 19-0

Mustangs Give Wildcats Enough To Think About In First League Game.

Chico State Teacher's College defeated Cal Poly 19 to 0 in the first quarter of their game on Poly Field Saturday, but to do so they had to put forth their best effort against a team that caused them plenty of worry throughout the game. Although put at a disadvantage through use and injuries the patch ed up Mustangs showed a vast improvement over a week ago, gave their heavier opponents all kinds of trouble from start to finish. Once did they cease fighting, and threatening to put over a victory for their Alma Mater.

In the first quarter both teams went scoreless with the Mustangs fighting feebly in their efforts to score. Chico intercepted the pass that looked like a Cal Poly touchdown, but again the Mustangs threatened only to be stopped cold by Chico's well played defense. Clink was backing the line in wonderful fashion, but it was just enough to think about. Eddie Smith packed the ball well through the middle and usually netted substantial gains. Captain Roberts was calling them right at quarterback while Norman Young was the chief threat in the back field. They figured to have their way about the matter (we think they will), the tally will be much heavier than the first time. Sounds interesting enough so let's go on hand to cheer for the second eleven. They're the men who will have a winning squad.

Cal Poly found it almost too easy to try the end because it was like suicide with men like Tate and Barberia and Harper and Simon on the line. Score: Chico--0 Cal Poly--0.

The second quarter was remarkably well played and though it was Chico who scored on a pass that scored, the Mustangs really had the edge, several chances at three points were wasted by the green and orange who came very close to scoring but couldn't get the block on the line often, so they began punching the ball up for one yard gains and usually netted substantial gains. Captain Roberts was calling them right at quarterback while Norman Young was the chief threat to get the ball. They almost scored some of the big ones on the line.

The full end to 0 when a Chico man went over guard for a touchdown. Third Team To Clash With Paso Bearcats

Lightweights In Return Game With Paso Rolls Today On Poly Field.

Paso Rolls High School comes here for a return game with the Mustangs this afternoon at four o'clock. It is known that the lightweights won over the Bearcats in their first meeting in Paso Rolls. The score last time was 13 to 12. It is thought that they have their way about the matter (we think they will), the tally will be much heavier than the first time. Sounds interesting enough so let's go on hand to cheer for the second eleven. They're the men who will have a winning squad.
