IT'S COMING fellows and is coming soon. It will very shortly be upon us. This is TIME, tracksmen, to start your training. Watch your eats and by all means cut out the smoking. A track team can lose and mend the holes you ripped in them that last track meet and wash them up for the coming season. You are the ones that will win the races for Poly and honor and fame.

Laugh This Off

You've often heard the term, "Dirty Ags." From that a term is developed. The "Dirty Ags" are those who take a pride in their educational achievement and who do not disgrace the name when they go out of school. They are the ones who will win the races for Poly and hold the record for the future.

DORM DOINGS

Will hear that John White has laid his heart to a girl of the Variety House. He really acts serious.

During the holidays last week, the dorm fellows are spending some time in the library reading and doing a little business. They are interested in the church and are attending services on Sunday.

The dorm fellows are planning a trip to the mountains next week. They are looking forward to a change of scenery and a chance to get away from the noise of the city.

Shall It Or Shall It Not?

SHALL the new Gymnasium be left open on Sunday? This is a great question confronting the authorities. We side with neither side, but will bring forth a few arguments which will tax your mentality.

IF THE Gym is left open, it will afford a wonderful place to pass the day, mix with fellow students, get in touch with the body as well as mind the alert and may grow into athletic clubs. The Gym is being built for the campus, and it should be enjoyed by all students.

On the other hand, it is a place of worship, and the Sabbath should not be broken by playing games an such when the church is closed. The students should be taught to respect the Sabbath and to attend church. It might form into organizations which would have a bad effect on the campus and make the students lose their mind.

Above are some arguments for the affirmative. The following are arguments for the negative.

POLY CRACKERS

Dear Poly Crackers,

I would like to know if Victoria Pickett is going to bring back the little girl who is always on the phone asking for "The Poly Cracker." It has been quite a while since we heard from her.

Lola Roberts

Dear Lola:

Yes, little girl has returned and is now serving in the Poly Cracker. She has taken over the little girl who is always on the phone asking for "The Poly Cracker."

Lola Roberts

Dear Lola:

No, Pickett has not taken on a small talent under her desk. She is still the same old Pickett. She does not know about the Poly Cracker.
