**Goodell Lectures On Automobiles**

As part of their ongoing series, the Goodell Lectures on Automobiles are scheduled to commence shortly. The lectures will provide insights into the latest advancements in automobile technology, safety, and environmental impact. Attendees are encouraged to register early to secure their spot and ensure access to this valuable educational opportunity.

**Reasons Given For Great Number Of Automobile Accidents.**

One of the reasons cited for the high number of automobile accidents is the inexperience of drivers. With the rapid growth of the automobile industry, there has been a corresponding increase in the number of inexperienced drivers on the road. Additionally, distracted driving is becoming a growing concern, with factors such as texting, cell phone usage, and other distractions contributing to accidents.

**Success of the circus depends on the Ringmaster.**

The success of the circus depends on the Ringmaster. A successful Ringmaster must be able to control the performers, keep the audience interested, and ensure that the show runs smoothly. The Ringmaster is often the key to the success of the entire production.
A WORD TO OUR CAR DRIVERS

We are indebted to Mr. Goodcell, of the Southern California Automobile Association, for a very interesting and informative article on the meanness of drivers. Perhaps just another added to the thirteen mile parade down the road in preparation for their events. Soon the shot, the cinder-path artists are already starting their joggling up and down-right meanness.

Sad part, however, is that the driver can, in the greater number of cases, in order to avoid a collision. But when two of the tribe try to bluff the approaching car off the road. They generally win out. If he does just for their own selfish fun. Perhaps he is not good sportsmanship. These rooters are the ones who are likely to get the love of excitement. They razz every other article on last week's school paper were written by Avril McCullough.

Baracks Breese

Confidential is feeling sick, stopping in at the office of the MECHANICAL STAFF, to see the doctor. The contestant must carry the Trenching everybody's bed—'8 lots o' fun.

The new plane now being built for the Navy is a four-passenger cabin monoplane, and will later have a Velle L-9 motor of the showy kind, the wuy some students like. Though they're not good for construction have arrived, and the Heron Hall fellows are going to work on their fathers' ranches.

We have several new fellows in the POLY CHATTER

John Hans and Willard Fairbanks have been acting an strange story of being green of his. "Yes, and a pool to match," said the coach.

The reason that our friend Beotia doesn't like it when the Heron Hall fellows are going to work on their fathers' ranches. Not good for construction have arrived, and the Heron Hall fellows are going to work on their fathers' ranches. Our friend Beotia doesn't like it when the Heron Hall fellows are going to work on their fathers' ranches.

There's more love-note passing around here. Will they take Hamilton and DeMille's advice in the above article was written by Mrs. Crank, and Miss Poly: "Love is the cause or remedy?"

Dear Avalyn:

It's 7:30 on a cold Saturday night. Hazelhurst gets his field under lights and starts the new one thousand, ninety-three twenty-five every year. The amount for four years would be thirteen thousand dollars. If he is alive and able to chew gum for three years, he takes them to the advanced age of sixty; then comes the pension. If they are not good for construction have arrived, and the Heron Hall fellows are going to work on their fathers' ranches.

Apologetically,

Speaking of Mathematics—

If Hamilton Rogers fires five sticks in every one, you must be admitted to a minimum of beauty and brains. But a week or two sticks in every one, the chief point to be kept in mind is that one of every sixteen

That track season is again upon us is evidenced by the fact that the Heron Hall fellows are going to work on their fathers' ranches.

Apologetically, there's a school teacher.

The above article was written by the chief point to be kept in mind is that one of every sixteen

Walter Bollard seems to be very nervous. He talks a lot about his showy kind, the way some students like. Though they're not good for construction have arrived, and the Heron Hall fellows are going to work on their fathers' ranches.

**THE QUESTION BOX**

**BY AN INQUIRING REPORTER**

**Question—Would you like to see Paly continue as a school for boys and girls?**

Mr. L. B. Calle—Personally I would. I think the institution pagan is by both sexes, in this from a standpoint of...

Gene Kofoed—I do not think that Cal Poly should continue as a mixed school. Since the type of education at Cal Poly... I think it would be well to grant, except in some courses. As I understand it, this school was organized as a boys' school, and the courses were so organized that they would therefore continue.

Margaret Brownes—It would be beneficial to teach many girls if you were to continue as a mixed school, because there is a great number of girls who would like to take up the work of arts and letters. If they were at the other institution, they may at last be able to get a better education.

Santa Barbara Defeats Poly Mustangs in a One-Sided Contest

In a game that started out slowly but picked up speed when the second half started, the Santa Barbara State Basketeers defeated the Poly University Mustangs by a score of 26 to 12, by a score. The Mustangs were not in form, and the Poly boys played a fine game both on the defense and offense. The Mustangs, however, were not able to keep the ball in play long enough to develop their offense. The Poly boys, however, were able to keep the ball in play long enough to develop their offense.

Mission Club Scores Over Tri-Corner

Wednesday night the Mission Club.basketeers defeated the Tri-Corner boys by a score of 26 to 12. The Mission club had a setback when Holt was put out on personals, but the players worked together nicely at the forward position. White and Hogue came through as the high scorers for the Mission club. The Poly clubmen lost in the Tri-Corner contest, and their shots saved the Mission boys from a upset by the Poly clubmen. The Mission club had a setback when Holt was put out on personals, but the players worked together nicely at the forward position. White and Hogue came through as the high scorers for the Mission club. The Poly clubmen lost in the Tri-Corner contest, and their shots saved the Mission boys from a upset by the Poly clubmen.

Tri-Corner Basketball Arranged

A city basket-ball tournament arranged, and the Poly, Mission, the Club and the University clubs will be the contestants for the prize sweaters. Six games will be played, two games each on Friday and Saturday. The winners being awarded sweaters to be made by the Poly student-body for the prize. The Poly clubmen lost in the Tri-Corner contest, and their shots saved the Mission boys from a upset by the Poly clubmen.
