Willys-Knight Man Talks On Repairs

The members of Mr. Mackenzie's service department at Mr. Mickey's, 203 East Market Street, are giving some interesting pointers on the care of Willys Knight Monitors, just brought in for repairs, to the young men who work in the service department. Mr. Mackenzie brought out the point that they are the latest motors available, and that Mr. Mickey would not give the car back until it was repaired. Dr. Long of the Sales Department, Mr. Mackenzie's second vice-president, also told the students that they should never overlook the fact that the car would be in the shop until it was repaired.

Dr. Long, speaking of the new Willys-Knight Monitor, said that it was one of the best cars on the market, and that he was proud to have his name associated with it. He advised the students to take care of the car, and to give it the attention it deserved.

**MUSIC: THE UNIVERSAL LANGUAGE**

We read in the Santa Maria High School Breeze, an article concerning the polytechnic high school, about the amount of space given over to the write-up, we naturally assume that the concert was considered an important event. The concert too, was another fine demonstration of the talent that there is in this county and against the students.

We give you the following as a guide to the concert:

1. The Poly Chorus
2. The Poly Band
3. The Poly Glee Club
4. The Poly Orchestra
