Block "P" Barbecue Successful Affair

Food, Fun, and Speeches Furnish Material For Good Time.

The biggest barbecu ever given by the Block "P" Club and Mr. Thomas W. Cullen, the father of the party was given in Poly Grove Tuesday night. The purpose of this big feed was to promote a spirit of good fellowship that should pervade the field of the fellows who are striving for success in athletics, and who were given a chance to develop this spirit at the Block "P" Barbecue.

John Millman, Block "P" president, was a feature of the evening.

Exactly at six o'clock a smoky and roaring fire blazed on the stage in front of the Poly student body, to the fact that students and football men forgot football for a few moments, and started a frolicking, joyous, "jive" dance that continued until well after midnight. To the strains of "Meechies" and "Big band" music, the student and faculty bodies as well as the guests of the Block "P" Barbecue joined in the merriment.

Mr. Cullen, who is an expert on barbecues, presided over the event, which he deemed a success.

Expressing appreciation for the assistance given by Polytechnic boys at the State Rifle Association matches, J. D. Hogue, secretary of the State Rifle Association, and addressed to Mr. Crandall. The letter follows in part:

"Until now I have been too occupied in cleaning up shooting and other important matters to find time to express my appreciation and admiration to the boys for handling the target range at the State Rifle Association matches recently. Their performance was remarkably good, especially so in view of the fact that another competition, which were extremely bad, had just had little or no previous experience. By the end of the first day of the matches I was in a state of mind to wish it in principal comprised a young man with faith, I believe, Fairbanks. His touch of character is a distinct advantage and does some remarkably fine work."
