New Crop of About 4,600 Freshmen, Transfer Students Start Next Week

Fall Quarter starts Sept. 22, and Cal Poly is expecting to see a little more than 3,800 new freshmen and 750 transfer students. In what has become an annual tradition, Cal Poly received an overwhelming number of applicants again last spring. Nearly 37,000 students applied to Cal Poly and competed for this fall's open class seats. The Fall '09 freshmen and transfer students are again the cream of the crop. The roughly 3,886 freshmen enrolled for fall 2009 have an average SAT1 score of 1,238 (Cal Poly uses only SAT1 math and reading scores in admissions) and an average ACT score of 28. Their average GPA is 3.80. The Fall '09 transfer students had an average GPA of 3.32. (The enrollment numbers are preliminary; the official Cal Poly student headcount is in October.)

Seventeen Years and Counting as Best in West in U.S. News Rankings

For the 17th year in a row, Cal Poly has been rated the best public-master's university in the West by U.S. News & World Report, in its 2010 America's Best Colleges guidebook. Cal Poly moved up four spots from 10th to sixth in the magazine's overall list of the West's best universities, including both public and private institutions that provide "a full range of undergraduate and master's-level programs but few, if any, doctoral programs." U.S. News ranks colleges that grant doctoral degrees, such as those in the University of California system, in a separate category.

Campus Furlough Information

Grants Development Office Begins Furlough Closures in September

The Grants Development Office has begun planned closures to minimize the impact of furloughs on services provided to faculty and staff. The plan reflects office closures for 12 days from September through June. The dates chosen are days when there is little or no walk-in traffic and a low level of proposal activity. It is more important than ever that analysts are aware, as early as possible, of any plans to submit proposals for grants or contracts.

Grants development office requires requests be submitted two-weeks prior to submission date. We can no longer guarantee that we will be able to meet deadlines on shorter notice because of the constraints furlough weeks impose on exempt staff. Should an office closure date conflict with a formal Request for Proposal deadline, notify the office at ext. 6-2982 no later than two weeks prior to the due date so that arrangements can be made to accommodate the submission.

Grants Development Office Closure Dates

- o Friday, Sept. 18
- o Wednesday, Nov. 25
- o Wednesday, Dec. 23
- o Monday, Dec. 28
- o Tuesday, Dec. 29
