### Review of the year: It's a wrap

The Polygram is taking a bow, and in so doing,难度太低，无需进一步的处理。
THE POLYGRAM

THE POLY CHATTER

In "Take My Advice" To Play at Poly April 10th

Patronize Those Who Advertise

POLY CRACKERS

Dear Poly Crackers:

I would like to know if I have won that the Poly Crackers offered, for they have not yet paid off. I have also heard that you have won a movie pass, and I am wondering what the result is. I have not yet received it.

Yours truly,
[Signature]

P.S. I want to know if you are planning to have a prize for the Poly Crackers again this year.

POLY CRACKERS

P.S. W.E. made a married the Poly Crackers each year and in the week-end. From the Poly Crackers, and the speedometer said 40 miles an hour. We are wondering. We wonder where "Chubby" wits going Sunday evening?

"Take My Advice" Plays April Tenth

With a little more than two weeks left before the annual school play, the cast is toiling off and taking up their stuff. Miss Peterson, director, is daily passing criticism, smoothing off the rough and touching up on the different techniques.

Last year's "Captain Applejack" was presented and those who saw this drama know that Miss Peterson presented it in a very complimentary manner. "Take My Advice" will be put in a similar line.

Hopes for a large crowd are harbored and their are no reasons why there shouldn't be a good crowd unless it is because of ignorance, and the knowledge of the date of presentation, and the publicity man is doing his best to make ignorance of the date an impossibility.

BLOCK "P" CIRCUS

The Block "P" Circus should be a great glitzy affair this year with a more entertaining scope of amusements than ever before presented by this group. With the school season over, there is no doubt that everything will be in condition to meet the eye of the outside public.

The Block "P" Club has a reputation of being efficient for fun providers and leaders in social enterprises, as well as being the best of Poly's athletes. They are taking a great deal of interest in the Circus this year, so we may be safe in saying that everything will be in readiness for a very successful performance.

The side shows will be nobility de luxe because of their originality. Booths of all sorts and well planned acts will certainly furnish a rare pleasure.

The Circus is an annual affair. There will be no more chances to see a similar affair until next year. And don't forget that the twenty-eighth and twenty-ninth of March are the two big days, when everyone can have a real good time. The performances will start at eight o'clock. Don't miss this annual event. The Clandestine Gymnasium will be the center of the stage, so come early and make a good time of it.

Lit Dern Events

This will bring to a close March and for that reason the Band will be on hand to give the Poly fans a good time. This will bring in a new chapter for the Band, for the first time, the Band has brought us a great hit and a good song. During the month of March 19, concerning the Band being brought up on a charge of playing a song they were not authorized to play.

This Band held a special meeting yesterday to go over the question of the charge made against them. After a short discussion it was decided that the charge would be dropped. Enough of rumors, really, and Blends have begun to lay at last one the Band is back in full swing.

The committee representing Band and Band will probably give the Poly Band and Band a hot time when they are back in court.

We wonder where "Chubby" is going Sunday evening?

Galley Slaves

Ed Smith acted the workman in "Take My Advice." It was quite cold at the time, and it looked as if the audience would be pleased.

Our dear old friend "P.O. Bob" is in the Band. He has been seen around campus.

Bud Davis spent another nightclub browsing at Pat's, but didn't get any change.

Paul Carter and "Mrs. Mrs. Wood" were seen together yesterday. They said they met two of the Band in Rainbow.

"Caf" Skits

The latest addition to the "Caf" skits is the one called "Caf." The audience is quite interested in this skit. It is a real good time of it.

MERCHANTS HELP BLOCK "P" CIRCUS

Mr. John Millspa, president of the Block "P" Club would like to thank the merchants of San Luis Obispo for what they have done for the students and its contributing to the success of the Circus, in behalf of the Block "P" Club.

It is hoped that the merchants will turn out to see this annual performance and will do their share to give the Poly Band a good time.

Door prizes offered by the various merchants will number about fifty and in actual money value about one hundred and fifty dollars. These will undoubtedly put a real interest in the affair. These prizes will run worth while and will be worth anyone's time to come to the Circus and try your luck.

EDITORIAL

COMPLIMENTS TO MECHANICS ASSOCIATION

The Mechanics Association has proved that the Poly dances can be good. Under the leadership of this group, one of the best dances in Polytechnic history passed into history with complimentary talk following it and anticipation for others like it in the near future.

The success of this dance has proved two things. First it has proved that when matches are hatched that fact goes good dances cannot be held at Poly. There is no reason why the dances hereon cannot be successful. All it takes is organization, initiative and leadership. Secondly, it has proved that dirty tricks and schemes lower the quality of the dance. It is only fair to the fair sex to be dressed in a suit. It lends a different aspect to the affair. Coeds do not fit in. In a well pressed suit does not let a man wear a suit and fit in the occasion in such a manner as to help make the dances successful.

The Mechanics have proved a new path; in other words they have shown that there is a way to make a Poly dance succeed in a manner that has proved to be so successful.

"Take My Advice," Plays April Tenth

With a little more than two weeks left before the annual school play, the cast is toiling off and taking up their stuff. Miss Peterson, director, is daily passing criticism, smoothing off the rough and touching up on the different techniques.

"Your nose is no longer in a pickle, is it?"

"No, ma'am."

"Good."

"I thought not."

"Is it any of your business what I do with my nose?"

"Well, I'm certainly not going to say."

"But you are, Mr. McFarland."
ATHLETICS

Track Season Now
Well Under Way

The track meet scheduled for the account of the next year, which means the number of the field is more than the number of the ball. The box has a little key on the outside, but it can turn on the inside, and the rain has been changing.

STETSON HATS

Track Season Now
Well Under Way

With a desire to stimulate as many as possible to participate, the Stetson HATS pupils are now in the season. Toward the end of this season will be held, those interested in turning out for track, and the best teams will be chosen. If you are interested in this sport, sign up at once, so that you can make the best of the season.

Patronize Those Who Advertise

Coach Agreti has been planning an invitation meet as one of the many events during the season. Coach Agreti has been working with the Varsity and the Junior teams, and the teams will be invited to the meet on May 10th.

For those who have been track meet planned for the next season, there are Santa Maria Junior College and High School, and the fields will be available on the Saturday of April, the track meet will be part of the West Coast Relays, and the season will be the California Conference Conference events on May 10th.

Balances and Apportionments

Track $11.10
Baseball $11.00
Basketball $11.00
A. P. Agreti

Baseball Is Now
Getting Under Way

Coach Agreti has been working out a plan to have an integral team for the season. The Campus is at full strength, and there are to be four baseball teams in this league. They will likely be a Field at Ocean Hall, one from the Tennis Courts, and a team town, and the fourth team shall be called the varsity and the junior baseball team. The baseball season will be on the 1ST of May, and the teams will be playing.

According to this plan, all men on the campus with any baseball ability will have a chance to show what they can do. Coach Agreti will also have a chance to look over the material he has to work with for the navy work next season.

The intercollegiate baseball will have the following chances to get out, the first being the open of the season, and the second being the opening of the season. The junior baseball team has been picked here and there, but the main team will be the varsity team. The varsity team will be well utilized, and the junior team will be utilized in a great season.

The baseball season will be the first baseball season to see the varsity and the junior teams in the same season. The varsity teams will be well utilized, and the junior team will be utilized in a great season.

The baseball season will be the first baseball season to see the varsity and the junior teams in the same season. The varsity teams will be well utilized, and the junior team will be utilized in a great season.

Report of S. A. C. Secretary on Government

By Hope A. Jordan

March 30, 1920

The S. A. C. meetings were held the first Tuesday of each month at 8:30 p.m. in the Student Affairs Council Room. The meetings are open to all members of the Student Affairs Council.

The S. A. C. is the official student representative body of the San Luis Obispo Polytechnic.

The S. A. C. meets to discuss and make decisions on various issues affecting the student body, such as budgeting, scholarship programs, and other student-related matters.

Young Author Creates Mystery on Campus

Introducing Frederic-"Pop" Wood

Ray King, one of our prominent and busy campus authors, has just finished a most absorbing mystery story for his readers. Frederic Wood lives and breathes his stories in his day-to-day campus activities.

Frederic tells us that his latest story, "The Mystery on the Poly Campus," is a tale of suspense, intrigue, and mystery that will keep readers guessing until the very end.

The story begins with a mysterious note left at the Poly Gym, which leads to a series of events that will keep readers on the edge of their seats.

"The Mystery on the Poly Campus" is sure to be a hit with all Poly campus authors, and it promises to be a good read for everyone.

The Adding Machine Clicks

While you pay $2.50 a month to the cafeteria for food, what part of it goes to your pocketbook? For every dollar you pay, how much goes to you?

A reporter for Polygram decided to conduct a study to determine how much of the money spent for food ends up in your pocket.

For the study, the reporter kept track of how much money was spent at the Poly cafeteria over a period of time.

The results were as follows:

- 45% of the money spent for food was used to purchase food.
- 24% of the money spent for food was used to purchase clothing.
- 8% of the money spent for food was used to purchase transportation.
- 8% of the money spent for food was used to purchase entertainment.
- 4% of the money spent for food was used to purchase miscellaneous items.
- 8% of the money spent for food was used to purchase educational materials.
- 8% of the money spent for food was used to purchase health care.

The study concluded that the majority of the money spent for food goes to purchase food itself.

The study was conducted over a period of one month, and it is estimated that the results are representative of the average Poly student's spending habits.

The study was conducted in order to give students a better understanding of how their money is spent and to encourage them to be more mindful of their spending habits.

The study was conducted by the Polygram staff and was published in the Polygram Supplement.
