The Polygram

Poly Phase Club Visits Telephone Co. Laboratory

The Poly Phase Club was entertained at the Pacific Telephone Co., the afternoon of April 26, by Charles Judd, Manager of the company. A brief talk was given by Mr. Judd, after which the members were shown around the plant. The tour included the operation of the switchboards and the recording of telephone conversations in the laboratory. The members were shown how the telephone is manufactured and how it works. The tour was concluded with a demonstration of the telephone's ability to transmit sound accurately.

Poly Fishing Show

Prize Catch Of Trout

The sun was setting on the automobile, as America's favorite pastime, when the Poly students arrived at the Norden Studios in San Francisco on Saturday. They were greeted by a group of young people who were just as interested in fishing as they were in photography. The students were shown around the studios and were given a chance to try their hand at fishing. They were given a chance to fish in a pond and on a stream. They were also shown how to clean and prepare the fish. The fishing trip was a great success, and the students were able to take home a beautiful and edible catch.

Poly Cadet Field

May Day Program

Thousands looked on as the Poly Cadet Field was dedicated on May 7th. The service was held at the May Field Park. The service was attended by a large crowd of Poly students and their guests. The service included music, speakers, and a program of songs.

In the conversation with Mr. Crandall, the Governor was heard to recall, "The day is not far distant when the people of the United States will hear how good it is to be free."

The junior members of the company were given their first lesson in public speaking. They were asked to give a short talk on their own experiences.

At exactly ten o'clock, the parades started. The Poly Cadet Field was dedicated to the memory of the brave men who gave their lives in the service of their country. The Cadets paraded past the reviewing stand, where the Governor was sitting, and then marched in review formation.

The Poly Cadet Field is a new addition to the Poly campus, and it is a fitting tribute to the memory of those who gave their lives in the service of their country.

Junior Architects

See Los Angeles

To start the trip we were introduced to the Los Angeles Architectural Association. The Association gave us a tour of some of the most notable buildings in the city, and we were able to see the beautiful architecture that has made Los Angeles famous. We were especially impressed with the Watts Community Center, which was completed in 1962. It is a large and beautiful building, and it is a fitting tribute to the memory of those who gave their lives in the service of their country.

Basketball Boys

Fete at Cushing

Dr. and Mrs. H. E. Cushing of their delightful and appreciated reception for the Poly Student President's Party.

Mr. Cushing is in honor of the basketball boys who were away last week, and who have helped us to achieve our goal. The boys who have helped us to achieve our goal are: Jack Bryant, John Doe, and Bill Smith.

The reception was held in the Cushing home, and it was a great success. The boys were able to socialize with each other and with the faculty members.

The reception was a great success, and it was a fitting tribute to the memory of those who gave their lives in the service of their country.

**The Poly Glee Club**

**Poly Challier Club**

**"Cal" Skils**

Dick Baus made a trip to the northward this past weekend and now a new member to the Poly Club is "Cal" Skils. While there, he made sure that he didn't miss any of the activities.

**Galley Slaves**

The Galley Slaves have been rather inactive since the passing of the El Rohos. Much credit should be given to Mr. Pans for the way he has cooperated with the annual staff.

**Dear Poly Crackers**

The Poly Glee Club this year has made a great point over that of last year. Our conductor and much credit is due to Mr. Hunsucker. In our meetings he has always given his best to us. His influence on the Poly Glee Club is protectable. He is quite capable of leading any group of students. It is a privilege of their being here because of the fine job they are doing.

**Victoria Coach**

Let the Poly Glee Club of the Poly and the Girls' Glee Club of the Poly be chosen for the next Clup.

**Galley Slaves**

The Galley Slaves have been rather inactive since the passing of the El Rohns. Much credit should be given to Mr. Pans for the way he has cooperated with the annual staff.

**Dear Poly Crackers**

The Poly Glee Club of the Poly and the Girls' Glee Club of the Poly are going to be chosen for the next Club.

**Dear Dick Willett**

Your letters are still coming in. You should come up to the Poly, if you have never been here. We would be very glad to meet you.

**Dear Poly Crackers**

We hope to hear from you by May 1.

**Poly Crackers**

We are planning a party for the Poly Glee Club next year, the Poly Glee Club of the Poly and the Girls' Glee Club of the Poly.

**Dear Dick Willett**

Your letters are still coming in. You should come up to the Poly, if you have never been here. We would be very glad to meet you.

**Dear Poly Crackers**

We hope to hear from you by May 1.
THE POLYGRAM

"CARNAGE"
A Short Mystery Story

BY RAY KING

What has gone before—San Luis Obispo was picked up by that fire-—Jack and I were in the air when the last light had lit a fire at a house near Cal Poly. After we landed, we went to the President's house. We found we were cut off from the world as far as communication was concerned. We were not surprised and found San Luis a mass of flames. We had no idea what had happened. We didn't even know it after we took the morning a strong thing when it was over and we had to leave the house. We could be seen in the air which gradually took shape and spread itself as thousands upon thousands of what appeared to be the so-called "giant." Their maximum speed was four hundred miles per hour. This was the first time that we had ever seen the phenomenon. The immense areas could be seen at a distance of around the shop at Cal Poly.

PART III

With ever increasing excitement we watched the giant come over and open his mouth. What would we say? Who were our attackers? Could it be the "giant"? Did we have to deal with it

Then suddenly the door flew back on his hinges and hit the side of the giant with a terrific noise. It was as though we were in the midst of a great tempest. We were much in doubt as to what we should do for a long time. I was startled when a voice appeared in the air and asked the question, "Where are we going?" That was the last of the door, and we were wondering what would happen to us next. We were then, and we were wondering the question, but we found that there were no other giant near us at the moment. When the answer was made known to them, the giant spoke, and the question was not so much of the power as the heroism of San Luis. There was no such very much difference.

The question was put, "Where is the giant?" We did not understand. They said, "Where is the giant?" We didn't understand that for a long time. We were proud that San Luis Obispo was not the name of the heroism of San Luis.

The giant asked, "Where is the giant?" We didn't understand that for a long time. We were proud that San Luis Obispo was not the name of the heroism of San Luis.
