California Polytechnic's prize Jersey heifer pictured above not only won honors in her home state, but "knocked 'em cold" at the National Dairy Show, recently held at St. Louis, Missouri, where she was one of ten members of the California State herd which: out of the herd entered by topwestern states, wound honors.

**THE SWEETHEART OF THE CAMPUS!**

**All That Blister May Be Copper,**—Polyphase Men

Thursday night, November 27, 1930, saw the electrical class room at the Poly-phase Club get crowded with the attendance of over sixty members. The meeting was preceded by an informal gathering at the Poly-Phase Club room on Thursday night, November 20, 1930, where members of the Poly-phase Club enjoyed a program consisting of a discussion on the new electrical materials being developed by newly formed American Metal and Electrical Materials Corporation. The discussion included an analysis of the properties of the new materials and their potential applications in the electrical industry.

**Poly-Y to Send Delegates To Y. M. C. A. Convention**

During Thanksgiving vacation, four delegates from the Poly-Y will represent the Junior College and the American Society of Polytechnic Schools at the Y.M.C.A. Convention. This convention will be held in California, and the delegates will have an opportunity to meet other students from schools throughout the United States and to learn about the latest developments in the field of polyphase technologies.

**The movies consisted of five reels, including "Copper,"—Polyphase Men To Y. M. C. A. Convention**

The movies consisted of five reels, including "Copper," which was shown at the Poly-phase Club meeting on November 20, 1930. The film depicted the production and processing of copper, including refining operations, and its application in various industries. The movie was presented to the Poly-phase Club members to provide an understanding of the properties and applications of copper in the electrical industry.

News and Notes Furnished by Reporters of the Various Organizations

Annex Notes

Great excitement prevailed at the Annex about the theft of Brenda Waring's new handbag this week. There is no record of the handbag in the Annex office, and if found could not be traced to the theft, but no one knows of the bag except the owner herself.

Several things were stolen at the same time as the handbag, but no one knows if they also belong to Brenda. The bag was the first thing that was stolen, and it is only a matter of time before the others are found.

Curt Waring returned Wednesday afternoon after being absent for a week-end and confiding to the students how things had been in his absence.

The Direct Annex Notes

Wingover and Tailspine

The Direct Annex Notes are publishing a new weekly column for the benefit of the students. The column will be called "Direct Notes" and will be published every Wednesday. It will contain news and events from the Direct Annex.

The Direct Annex Notes are also planning to start a new feature called "Student Profiles." This feature will profile different students from the Direct Annex, highlighting their achievements and accomplishments.

The Direct Annex Notes are excited to bring these new features to the students and hope that they will be well-received.

The Direct Annex Notes

The students at the Direct Annex are currently planning a new project called the "Direct Annex Newsletter." The newsletter will be published every week and will contain news, events, and features about the Direct Annex.

The Direct Annex Notes are also planning to start a new feature called "Direct Notes." This feature will contain news and events from the Direct Annex and will be published every Wednesday.

The Direct Annex Notes are excited to bring these new features to the students and hope that they will be well-received.

The Lounge Lizards Swamp Deuel Heavies

Poly Campus Heavies

Swamp Deuel Heavies

In the first quarter, the Town team was swamped by the Poly Campus Heavies and fell behind by the score of 23 to 6. In the second half, the second team both teams seemed to be quite even with nothing substantial to show. But after that it was a walk away for the Campus Heavies. Although the game was lost, the Town Lightweights fought all the way through the game. The fellows that lined up in the mix with the seating are the Town Lightweights. The game was fairly even up to the score of 16 to 0 in favor of the Town. But it wasn't enough to stem the running machine of the Town fellows. It was a pretty close run through the game, with the Town Lightweights playing quite a bit out of the goal, but not the final result.

The Town Lightweights were completely outplayed by the Town Lightweights. The defense of the Town Lightweights gave the Town offense a great show. They couldn't hold up the ball, and it was all over. The big score for the Town. On the other hand, they have a very little chance of falling down and good material, and by the time they were going to pass they were already too far back. It was a fast and good game, and we have the rest of the Town as fast and as good as the Poly Campus Lightweights.

The fellows who played were:
- For the Poly Campus Lightweights: Norton, guards; Hendrickson, quarter; Hill, Carrolls, forwards; Metier, forwards; Lusine, Tellam, forwards; Hadlock, forwards; Leonard, standing guard.
- For the Town Lightweights: Rumban, guards; Simmons, and Hall played a part of the Town Lightweights; Rumban around center; Deuel, running guard; Simmons, and Hall played a part of the Town Lightweights.

The next score came when Kumbo, narrator of the game, gave the Town team the lead. But it wasn't enough to stem the running machine of the Town fellows. The game was a very good one for the Aret of the season.

The fellows who played were:
