Second Sem. Registration

Heavy Despite Hard Times

Dear Parents,

It has been a heavy registration day for us this year. The number of students enrolled in the Junior Colleges is much smaller than last year. This is due to the hard times we have been going through.

The Junior College is not the only school suffering from the economic depression. Many other schools are also suffering.

One of the greatest of hardships in these times is the inability of parents to pay for the education of their children. This is one of the greatest obstacles in the way of a good education.

The Junior College is doing its best to help the students who are unable to pay for their education. We are doing this by offering scholarships and by providing other forms of aid.

We hope that everyone will do his best to help the students who are unable to pay for their education. We are doing our best to help them, and we hope that everyone will do his best to help them.

Thank you for your cooperation.

Sincerely yours,

Principal of the Junior College.

It demands much concentration, time, and effort. Students! The time has come for another election for our Student Body President and Vice-President. Everyone who possesses LEADERSHIP, DIGNITY, INITIATIVE, FORCE and PERSONALITY is a candidate. Students! You have the chance to make your own future.

Buyer: What do you call it when a girl gets married three times?

Player: You, sure are an ignominy. When a girl gets married two times she's a citizen, but when she gets married three times that is illegitimacy.

Court Agent: "Rex," you'll be here tomorrow.

Buyer: *I intend to present our side on this problem, which he believes will prove to be the most peculiar to address the Court. The Judge would not need now. Ahead, hurrying to find the Court.

"BELIEVE IT OR NOT"

Polychrome is spelled polychrome, polychrome, polychrome, polychrome without a little class. And the same fellow has a little class in polychrome, which he spells orthographically.

Four Years in School

When you're a Freshman's gray.

And strut around with head as big as his. As an old classmate.

And when you're in the second year,

Your head begins to shrivel.

And when you're a Junior,

For you've taken time to think.

And when you're a Senior,

How little you do know;

But when you ask your knowledge.

The teacher says, "Not so.

You're the Tenth Boy in your class.

With all its train of guilt.

What you were a castaway;

What you could do no questions.

And not that you will entirely.

Ask it in chief-should.

Old Men: Well, little man, what would you be like to be when you grow up?

little Hey: I'd like to be a very old man like you with nothing to do but all around and answer such questions.

"He was considered the best hunter in the country," said the manager of the local gun store.

"Yes," said another, "he was good until the last shot.

Visitors 17, Moran 21.
