Approved Aircraft Repair Station

Aero Dept. Gets Approval From U. S. Department of Commerce.

The San Francisco, Calif., Call, a daily newspaper, reports that the Polytechnic Aircraft Repair Station has been approved by the Department of Commerce and that the station will be open for business as soon as building is completed. The approval was granted to the station on the recommendation of the Department of Commerce and the Secretary of War. The station will be under the direction of an experienced mechanic and will be equipped with the latest tools and equipment.

Homecoming Activities To Be Well Organized.

Plans for celebrating the annual Homecoming festivities to be held on October 16 and 17 this year are well under way. Committees for arrangements of the program have been appointed by the Student Alumni Association. The program committee is working hard, according to the program committee chairman, who said that the celebration will be held Friday at 7:00 p.m. in the gymnasium. The program will consist of a variety of events, including speeches, songs, and dances.

News and Notes Furnished by the Reporters of the Various Organizations

Wingovers and Tallspins

The Poly Phase club featured in its musical numbers "I'm a-livin' today." Impressions of the Poly band from the various events recently attended also were presented. The group also expect to do something new this year. As of now, however, it is difficult to say what that will be. It has been rumored, however, that the group is planning to fill in the necessary harmony. Verbal communication with a razor. It has been learned that the Poly band will continue featuring music and entertainment as London does. Being in England, it is interesting to note that Sousa, the First World War music director, is now a major figure in the city's musical life. He has directed many successful concerts and has been able to attract a large audience.}

Our advertising manager reports that the San Luis Obispo mer-

chants he contacted were, without exception, highly enthusiastic

in obtaining in this way finances the Polygram and part of the annual.

Mr. Warren is a member of the Lamine council committee for aeronautics.

All San Luis Obispo crone that blacks skyward, the Clark, the only Poly band that attended.

We salute the old guard, marching S

Senior, who had attended the Poly band for every eye taken during the World War. The Poly band has given several concerts to those who were condemned. It has given concerts without a sign of a window. It has given concerts outside the walls of many a condemned prison. It has even given concerts outside the walls of the Tower of London. But there were too many good men to get up on a soap box, but this year the Poly band has been able to get up in high bear akin hats with black

"I'm a-livin' today."

Three months have been consumed away the drawbridge, "But I'm glad I'm a-livin' today."

It is interesting to note that Sousa, the First World War music director, is now a major figure in the city's musical life. He has directed many successful concerts and has been able to attract a large audience.

SAN LUIS OBISPO
The Polygram appradata Mr. Armandaria, Director of the Polygram, San Luis Obispo, California.

Senior Pedro Armandaria, The Editor of the Polygram, San Luis Obispo, California.

It is always interesting to the Polygram to know what its alumni are doing. On Wednesday, July 25, 1944, returned to his country and after a year or two became a member of the National Agriculture Commission. Two weeks ago he was appointed Director General of Agriculture of the Republic of Mexico.

It was a pleasure to Mr. Armandaria to be associated with Polytechnic, and always glad to look over the old hedges and little student potter."

Judge: What have you to say in your defense?

Driver: I didn't know it was loaded.

ными разговор о своих отказах.

Amidst the noise and excitement, a young man sat quietly on a bench, engrossed in his thoughts. He was contemplating the future, the choices that lay ahead, and the uncertainties that accompanied each decision. His vivid imagination often wandered back to the past, and he recalled the moments that had shaped his identity. Memories of his childhood, his educational years, and the friends he had made along the way flooded his mind, evoking both joy and reflection.

The scene around him was a blur of movement and sound. The world continued to spin, indifferent to his inner turmoil. Yet, despite the chaos, a sense of peace lingered within him. He knew that each decision, no matter how small, could have a profound impact on his life. And so, with a steady resolve, he made up his mind to confront the challenges that lay ahead, to embrace the opportunities that would present themselves, and to cherish the memories that would forever remain a part of his identity.

**Personal Glimpses**

Of Football Players

Billy Drury figure was on our line. Well, that dark complexioned hard-fighting Marla on September 26. Tony Hansen is none other than the "invincible" Pop gorgeous. Joaquin Torrella, who has a habit of rolling down in the end zone, is a Junior at San Luis Obispo High School, but looks like a Senior. Tony Hansen, who is a Sophomore at Polytechnic, has practically every part of the game. His punts averaged thirty-two yards. We are not sure what that means, folks—just along! Would like to have played tackling for the Mustangs oil the home field Saturday, October 17, at 2:30 p.m.

**Poly in Tilt With Santa Barbara Tonight**

To night the Cal Poly Mustangs will battle the title for Green and White with the annual grid tilt which will be staged at Santa Barbara. This year Santa Barbara lost the title by a score of 14-7, but are proving very strong against Cal Tech, who retched eight out of fourteen and Santa Maria one of the most active and hard-working students in the class, just lounged on the beach and made nothing of the Block "P" association, and is a member of the Student's Affairs Council, Vice-president of the Student body, and is one of the very best students working on campus. George Nolan from San Luis Obispo, who is a Sophomore at Poly, a Tiger from the Santa Maria High School, who has shown some very fine stuff fullback, run past the entire line and looks like a Senior. Joe Scott from Santa Maria, who is a Sophomore at Poly, who has shown he has the fight and ability to play football. Charlie made some fine runs and his interference running was nothing to be sneered at. But Robertson took on Goose's position in the last half, and had another fine showing.

**About the Image:**

The image contains pages from a newspaper article about the Mustangs football team, including personal glimpses of football players, the Mustangs' football schedule, and a reference to the Polygamist, a student newspaper. The text is formatted in a traditional newspaper layout with paragraphs, headings, and a schedule table. The article discusses the Mustangs' upcoming game against Santa Barbara, the achievements of individual players, and the Mustangs' schedule for the season. The Polygamist is a recurring feature, and the image includes advertisements for local businesses.
