Proclamation!!
Frosh Beware!
Crisis Inevitable

By the Junior College Sophomores of the California Polytechnic.

The first day of April in the year 1932, witnessed a fact of life not yet understood by the students. This fact was the result of a storm, the moorings for the California Polytechnic being overthrown.

The California Polytechnic of San Luis Obispo, being under the bounden duty to roundly ridicule and satirize, hereby issues the following proclamation:

Annual "Hick" Brawl
Revives Class Spirit

By George Watson Brown.

With hopes of carrying out a tradition of the past, the Sophomores have decided that the annual "Hick" Brawl will be staged today on the football field.

It is hereby declared that all students must be over 18 years of age and must be willing to adhere to the rules set forth by the Sophomore committee.

In no case will the rules be broken, and all participants will be held accountable for their actions.

Dynamic Drama Cast
Rehearsals for "Bad Man"

Portraiser Emerson Brown's play "The Bad Man," which will be presented by the Junior College Dramatics, will be staged at 8:30 p.m. in the auditorium.

Rehearsals are in full swing, and the cast is working diligently to prepare for the upcoming performance.

Mental Tests Show J. C. Average

By Miss Margaret Chase, dean of Junior College Division.

The Junior College of California Polytechnics as passed by the State Legislature this week, is a welcome news.

It provides for training in agriculture, business, domesstics, and industrial arts, and will enable the students to transfer with full credit to the universities to prepare themself for enrollment in advanced courses.

Winner Sack Race

By Dick Daley, Frosh, Freshman class.

Well, Gang, this is the big day for us. Some of you fellows have had a few drinks and are in the mood to relax.

We are going to have a sack race, and the class that wins will be the class of the year.

So, let's get ready to go! We don't want to be second or third, and if we can't take first place, let's at least go out with a bang. We are the best class in the world, and we are going to show it.

So, let's all go out and have a good time! We are going to win this race, and we are going to show the other classes that we are the best. Let's do it, Gang! Let's go out and win this race!
COMMUNITY ORCHESTA PROMOTES GOOD CITIZENSHIP

The last practice of the county orchestra was held in the auditorium of the Atascadero High School Thursday afternoon, March 17. The new orchestra is rapidly improving and will make its first public appearance at the Spring concert.

It is the hope of those who are promoting this orchestra that it will encourage the interest of student musicians and furnish the community with an organization capable of giving high class social entertainment.

The experience gained by a student in playing with others and in surroundings unfamiliar to him provides a long step in developing his musical talent. Moreover, participation in such activities while one is still in school serves as a stepping stone for entrance into fuller community life after graduation.

In making an effort to line himself up with some activity which will draw him into the affairs of his community, one is not only enriching his own experiences, but broadening his chance for effective citizenship.

EXCHANGES

Oakland high school is publishing a daily newspaper, the Callifornian, and there is great interest in the publication, as work is being done all the time.

"Washington, The Man Who Made America," is an interesting book by Albert S. Hunt. The first chapter is to be presented.

Pomona high has won the baton of "Drum Major." It is equipped with two complete sets of drums, bugles, and cymbals, and Pomona high has a band director to lead the students. The band is to be heard in the neighborhood of Pomona high.

Prof. Laurence W. Jaques, sociologist of the University of Southern California, recently presented a lecture to the Poly community. The topic was "Some Times that the President of the University Cannot & Should Not Be Politician."

PASADENA JUNIOR COLLEGE

The addition of a turntable to the music room in the art museum of the Pasadena Junior College will add to the enjoyment of the music students. The turntable will enable them to hear various types of music, and the plan also includes air conditioning, and an additional room for the orchestra, and a sound booth for the music students to use.

GET ON YOUR MARK. LET'S GO!

Nine more weeks of school! Doesn't sound possible, but it is. There have been so many things to do and so much to see. The last few weeks seem to have packed full of fun, athletic events, tests, and all that toward getting school life enjoyable and educational. But the classes, tests, and school work must not be overlooked. The pressure of school life and depression has brought home to many of us the necessity for making the most of every opportunity offered here. Many of us have to realize more keenly the value of money and the effort necessary to keep oneself on school.

Let us, therefore, put every ounce of strength into our school life for these last days. Let us each make a definite contribution in whatever outside activity we may be interested. Let us put a little more into our friendships that we may carry them with us wherever we go. Let us make these last weeks at Cal Poly the richest, finest in our school life.

Regulars Trim Subs 8 to 3 In Three Innings

By virtue of the positions which were well served, the Regulars took the Yanks into the third inning in the three intramural practice game Tuesday, March 29, by a score of 8 to 3. The Regulars managed to garner four hits to the second team's none, and only made one hit in the two runs. The subs, on the other hand, made all their hits count.

In the second, the subs were blocked with no hits, no runs, while the Regulars repeated their best performances by making four hits out of two walks. They managed to gather six runs to take the lead, finishing the subs again in the third, gave the Regulars a half a walk on balls.

New Track Material

A firing squad was furnished by Coach A. P. Agosti, who has stepped in as the acting baseball coach in the absence of Captain J. C. Deuel.

Several noted athletes from other schools are now attending here. One, a famous shot-putter and weight man, is in other words, a shot-putter, but as some have been seen showing this year is fairly Sam Brokaw who has already made a name for himself in basketball. Many of his shots will be seen on the line, due to perform again. "Aggy" Collection is expected to shine for Poly, while Robinson and Wilkins are right on his heels. Steve Ross is going to handle the javelin. Another dark-horse is "Tiny" Wolford, who is none other than "Tiny" Wolford, he should go out, for the field as

As a result, two picked teams, Merlin Hansen for the other team which, incidentally, the outfield is still an unknown.

First J. C. track events will be the Contry Track, Tuesday, April 5.

Although the field is still undecided, the javelin. Another dark-horse is "Tiny" Wolford, he should go out, for the field as
