Executive State, Department of California

To the people of the State of California:

A definite indication of an advancing civilization is a growing tendency to revere and appreciate the nobler sentiments of people toward each other and to all lower forms of life.

The nation-wide "Be Kind to Animals Day" is now observed each year from May 17 to May 23, 1932, therefore offers to the American people an opportunity to again pay tribute to recognize the need for the furtherance of a deeper and more profound humane attitude in the interest of all forms of life.

Kindness to animals is something which should appeal to all classes of society, old and young. In being taught the principles of kindness to animals, the child is learning the value of giving forth fruit in every aspect of his experience, He will become a better citizen with a wholesome regard for the rights of others, for he will carry with him the idea of personal friendliness for one's own fellowman.

As Governor of California, I urge all schools in the state, and all representatives of the various organizations to observe this period from May 17 to May 23 and to exemplify this spirit of friendship each day throughout the year in a more kindly attitude toward all living creatures, and in this way enable us to speak a language understandable to many of us, places under our guidance and protection. In which we, as the master of my hand and cause the Great Seal of the State of California to be affixed this fifth day of April, A.D. 1932.

THE FUTURE OF SPORTS AT POLY

Time: The night before the Far Western Conference Championship game with the Fresno State Bulldogs. The rally is on. Poly spirit is running high! Everyone is asking: "Are we going to win that game tomorrow?"

"Well, I'll say it again: Who said Poly State could beat us any way? They're not so good! Walt till McLean starts running wild that we'll bring the team home!"

The rally proceeds with this stirring spirit backing the players.

Now why can't Poly be playing in such competition? Why can't the players have the student body behind them? The reason: in the game against Frenno State Bulldogs. The rally is on. Poly is in a new conference for the first time in its history.

"Poly has been almost unbeatable for the last two weeks. It's a near certainty this week, also.

The Poly v. Cal Poly game is always a good one. It was our first game with Cal Poly and we beat them.

The fans were mighty pleased with the Poly team, in order for the students who will be here next fall.

Twelve Neophytes Receive “Plenty” In Block “P” Initiation

Previous Week-end Given Block “P” Candidates April 15th to 17th

Block “P” members enjoyed the annual week-end outing at Arroyo Seco, April 16 to 17. About twenty-five in eight cars, with each neophyte wearing his gown and sash, drove over bumpy roads, with Neophyte Hartson running back, to get at night, to keep the candidates from taking automobiles to their homes. The night was spent in tents set out in front of fire-wood, made to clean camp, to cook, and to enjoy the company of the fellows. A roll-call was sounded every few minutes to see that each member was present. Block “P” Binder, Mr. Ketchup, was required to account of himself. The last one in line was required to assume the angle of receiving a humanitarian award.

Candidates were dubbed with special tongue-twisting names in accordance with the telephone book. Some of the names were: Mr. Agostine, Mr. O’Hearn, Mr. Florida, and Mr. California. Any imitations of names or neglect in using the appropriate title of “mister” was rewarded with blistering ridicule from the members of Block “P.”

Following the roll-call and presence check, the initiates received beans and coffee made by faculty members of the school, and was served pie and ice cream as part of the initiation feast. The feast included everything from the finest fried chicken to the most unappetizing individual items. After the feast, a ten-minute interval was allowed for the washing of the blackberries and beans, during which time each new member was required to cut a piece of blackberry from each other’s mouth. A roll-call was sounded every few minutes to see that each member was present.

The evening Karl Monaen contracted the green tomato in red. About three o’clock, his private initiation was served pie and ice cream as part of the initiation feast. The feast included everything from the finest fried chicken to the most unappetizing individual items. After the feast, a ten-minute interval was allowed for the washing of the blackberries and beans, during which time each new member was required to cut a piece of blackberry from each other’s mouth.
