HOLY ROYAL HEAD MEETING

The Poly Royal Executive Committee, under President Harry Warner, meet at the Monarch Club last Monday night. The meeting was called to order by the President. The agenda was as follows:

House of David

Clovns To Easy Win Over Poly

The traveling House of David team from Bakersfield beat Poly, 62-50, in a game played before a good crowd on the Poly court as they won out over the Chico Poly. The bearded gents uncorked a bag of tricks throughout the game. Highlights of the game were Agt. F. Diman in the "made" class - the most consistent spot - and Don Welch, the scoring ace. The final score was 62-50.

I Snoop to Conquer

BY L. C. FREELY

The new year finds us in the position of being able to try our hand at detective work in an effort to pump PECK P for his new year's resolutions. We have not been able to do this, and we quote you: "Oh, yes, a resolution, I'm sure."

When PEER FISHER says "Oh, yes, a resolution, I'm sure." we do not respond with a smiling face and say: "Well, if you say so." We have been trying to catch him on his word, but so far, we have been unsuccessful. We are trying to get him to ring a solo in the assembly hall, but the "no notes" is good poison.

Tyronne Power and Clark Gable may have their followers, but we have not been able to find one yet. We have been trying to get a back seat to P. E. "H"E'B.

As a matter of fact, all of the rest of the fellows are trying to find something new for the new year. For instance, there is the new "P" up on the hill. Why not try it? We will get down there and so give him the plug. When PEGOY THOMPSON says "Come and see us again next year," we will take him up on it.

The confidential scoop of the day is that the "P" has been a great success. The SPOIDER MORTIC and MEL SCHMIDT have mutual agreement that if the "P" is going to be successful they are not going to break it. That would be a good start on the new year's resolution.

The Fossett, os it is De Front, is trying to get to high notes on the subject of the new year's resolution. He has asked us to help him in the collecting of the new year's resolutions. We feel that you have our promise that, if it merits, it will be printed in its entirety. We also wish to receive the expressions of your opinions on subjects that may be of sufficient interest to you in the reading public of this paper. We can only calculate the reactions of the admnistrators through their agents, but whatever that may be, we guarantee you a gallant attempt. We would ask first; that you bear this with the spirit of EL MUSTANG because there has been a very short time for its publication. Cooperaa with us, in the attempt to do better next time. Secondly; that you will take the time to read all the articles under the subject of the new year's resolution. You have our promise that, if it merits, it will be printed in its entirety.
