**MUSTANG MEET SANTA MARIA J.C., GAUCHOS**

**OTTO AND PREMO DRAW IN MAIN EVENT**

**CAGERS TO PLAY SANTA BARBARA STATE ONE GAME**

The lids of O’Daniels will meet two of their arch rivals this weekend when they tangle with the Santa Maria J.C. outfit on the local floor tonight at 8:15 as the Gauchos at the southern city court Saturday.

The Mustangs will be battling under the added incentive of trying to keep their collective scoring average up to where it was last week.

**POLY STUDENTS TO WORK AT FAIR IN POLY EXHIBIT**

When Sunday comes the school will have to report that the Administrative Council, Stu. body, students to take charge of the exhibit during the fiscal year of the Poly. One student from each of the industrial and one from the agriculture, department, will be chosen. The Council chaise the students un many points because of the fact that they were to be able to meet the public, give the facts on the various phases of the exhibits, and have a great deal of responsibility.

The exhibit is made up of crop samples and office supplies, and it will be Open House Saturday when the Poly and the Future Farmers of America.

The notice of the two students will be generally supervisory the show, meet the public, explain the phases and technicalities of Poly and Future Farmer activities and purposes.

**MUSTANG MASQUERS VOTE NEW MEMBERS**

Of the prospective members who tried out for the Mustang Masquers, following six were chosen because of their superior acting ability. They are: Jack DeWitt, Ernie Nolan, at guards, Anderson at center, and Tognetti plus McKillop at guards, any of which will probably be produced for the season to date but their winning will be open to any person who does not buy a game ticket. The Mustangs next game will be Thursday night against the locals at 7:15.
I Snoop to Conquer

RAY HENHAM and his little submarine "Sally B" were in a tight place. It was the real thing, too. Not wishing to start anything, though, RAY simply waved "Sally B" across the port hole. It was the only way to get the Professor's help. In the meantime, it was up to RAY to think of a way out of the situation they were in.

The professor quickly realized what had happened and immediately came up with a solution. He suggested that they use the submarine to search for any leads in the case, which would help them solve the mystery.

"Sally B" proved to be a valuable tool in their investigation, and the case was solved thanks to the professor's quick thinking and the submarine's ability to navigate through the water. The adventure ended with RAY and his crew being hailed as heroes and the mystery being solved.

Three Men on a Ball

This unusual action photo showing three men up in the air with hands on the ball at the same time was caught by an alert photographer during the New York University—University of Minnesota court clash. Minnesota's Gordon Spear (15) lost the ball to Irv Resnick (81) and Danny Dowd (9) of N. Y. U., but the Gophers won, 39 to 32.

"Ball Session"

The first in a series of the University of Michigan's Weekend Sports, which are held throughout the year, is programed. The Student Union, the Music program, and the campus activities, in addition to entertainment, will be heard on the program. Both college and local radio stations have been used on the program. In the Park's Midway, the session's supervisor, says more music and literature, not to mention the weather. He has brought several groups along to the sessions to allow the audience to enjoy. While Dictators Suppress Free Learning

U. S. Colleges Aid Democracy

With education and the search for truth stifled in many of the world's former centers of learning, U. S. educational institutions are leading the drive for the preservation of free thought and action. Besides fighting for unfettered learning, they are establishing causes to promote the interests of democracy, in keeping with the purposes of their founders as preserved in unperishable stone and steel. Collegiate Digest here presents three representative pledges of free thought and action — pledges which are cherished by all U. S. institutions of learning.

Lafayette College's Hall of Civil Rights was founded to:

To provide facilities for instruction in the Anglo-Saxon ideals of the two principles of constitutional freedom, including the right of man to own property and do with it as he will, the right to life, liberty, and the pursuit of happiness, and incidentally the right to sell his labor as he chooses, and to enjoy the fruits thereof without inhibition or molestation or public remedy, and the study of the attainment of these rights and the development of these ideals in the history of the human race and to encourage individual initiative and improvement among young men, to serve in the training of leaders for trade, industry, finance and engineering, as well as for positions of public influence in church and state, and to promote dispositions which minimize the importance of leadership, and which would enable the individual to view all of power in the light of his fellow men, and the perfecting of his own life and character.

"Doctor of Laws" is the title the business and political world has given to Franklin Delano Roosevelt during his White House residence — with the "{}" proudly claiming he has saved the patient's life while the "{}" loudly shout he is sending him to his doom.

But to U.S. colleges and universities (and a handful of foreign institutions, too) he is the U.S. citizen who has been most worthy of their accolades during the six years since he took his first oath of office. They have honored him as they have no other by bestowing on him sixteen of their precious honorary degrees, chief of which has been the "{}{} Doctor of Laws".

But Franklin Delano Roosevelt began his degree collecting long before he became the number one man of the Democratic party. Before becoming president, he was granted honorary degrees by Fordham University, Hobart College, St. John's College, Pennsylvania Military College, Harvard University, Dartmouth College, Syracuse University and Orthoehoe University. His first academic degree was an A.B. from Harvard in 1904, where he joined Alpha Delta Phi social fraternity and Phi Beta Kappa honorary scholastic fraternity. He studied law at Columbia University from 1904 to 1907.

Behind his Republican predecessor, Herbert Hoover, who has garnered 27 honorary degrees, the President is nevertheless far ahead of Calvin Coolidge, who received only six. But most collegiate of all presidents was another Democrat, Woodrow Wilson, who received 31 honorary degrees for academic achievement. Wilson attended four colleges and universities (Davidson, Princeton, Virginia and Johns Hopkins), became president of Princeton, was offered the presidency of seven other institutions, chief of which has been the "{}{} Doctor of Laws".

Revealing the fact that political ups and downs affect academic standing (during 1937, his most difficult year, he received no honorary degree), here is the official White House list of Roosevelt rewards:

- Rutgers University, LL.D./ Catholic University, LL.D./ Washington College, LL.D.
- American University, LL.D./ Yale University, LL.D./ William and Mary College, LL.D.
- University of Notre Dame, LL.D./ University of Southern California, LL.D.
- Temple University, Doctor of Jurisprudence.
- Rollins College, Doctor of Letters.
- University of Buenos Aires (Argentina), LL.D./ University of Rio de Janeiro (Brazil), LL.D./ University of the Republic of Uruguay, LL.D.
- University of Georgia, Doctor of Civil Laws.
- Queen's University (Canada), LL.D./ University of North Carolina, LL.D.

Since becoming President, Franklin Delano Roosevelt has appeared in person to receive his degree each time but one when Rutgers honored him in 1932.

1933: Gives "{} thank you" speech.
1934: Receives academic robes with smile.
1935: Another diploma for library wall.
1936: His biggest degree year, live in all.
1938: Ceremony repeated for 23rd time — once he couldn't attend.

The idea behind the 17 "nationality" rooms of this world-famed university structure is
that classrooms as well as professors should provide students with food for thought.
Each represents what is most valued by the people from which it sprang. There is no
necessary relation between the character of the room and the subjects taught in them.
The idea is much simpler. It is that youth, preparing for useful lives, shall see concrete
evidence of other useful lives in other times and lands. Designers of the nationality
rooms, sponsored by nationality groups in western Pennsylvania, have had the ad-

FISTICUFFERS GO TO IT IN FUNIGHT BATTLE

Some 500 partisans jammed the temporary gymnasium home of the Mustangs last week in an attempt to witness the match of Premo and Otto, two tough opponents, which ended in a draw. The inactivity of the two grapplers, applied to body pressure in the last few seconds of the time to kick the fall and vice versa was the main feature of the match. Another pair of lightweighters, Lawrence Martinez and Guarnelli, tagged in a final which proved to have some action from start to finish. The Bethlehemer ended in a draw.

The Jay-Jay and blue and white teams squared off in the second game of the year on Jan. 30. When they met on the court last Friday night, it seemed that the chances were even to Don De Rosa leading the Mustangs and Don Fair leading the Blue Devils. But a strong clazy bunch of Wildcats who were thirsting for something terrible. The final score by taking the game by a score of 28 to 16; in a previous game they had been able to win a victory by a solitary point. This game was a good one in every respect.
