Poly Cadets Take Charge Of Assembly
Student Teachers Put On Program in Gym Today
Cadet teachers at California Polytechnic were prepared to open the program which will be offered at the regular Associated Student assembly in the gymnasium at 4 p.m. today.

Each student cadet was asked to take part in the program which will include an exchange with the students at the school. The cadets were also given an opportunity to present the students with a program which will be presented in the gym at 4 p.m.

The assembly will be presented by the cadets at 4 p.m. today.

New Steps Replace Decrepit Ones of Administration Hall
California Poly used the west entrance of the Administration Hall for the first time in several years when its students went on a new set of concrete steps for the east sides of the structure.
The last steps had been finished in 1897, the east entrance of the Administration Hall was opened in 1897.

The west entrance to the building, which was opened for the first time in 1897, had been closed for many years because of

Alumni Home Enjoy Day Visit from Old Students
Gathering for the first time during the year, 60 members of the Alumni association of California Polytechnic, many of whom had been students at the college, met for the Alumni Home last Saturday night.

Alumni Home rooms were filled to capacity during the evening, with the Alumni association members discussing the need for more dormitories and more faculty members, according to a summary of the day's meeting.

A large majority of the lights in California dormitories are made of aluminum, according to the illumination engineer.

The illumination engineer made the statement that the lights used in dormitories are made of aluminum and that the lights used in dormitories are made of aluminum, according to the illumination engineer.

Dancing Floor Show Will Be Held in Gym
The last college club dance during November will be held at 9 p.m., Nov. 22, at the California Poly gymnasium.

The floor show, arranged by students, will feature Kenny Dennis, a professional dancer, who will entertain the students.

The show will include a variety of dances, including the Charleston, the Charleston, and the Charleston, according to a summary of the day's meeting.

Thanksgiving Theme To Be Carried Out Tonight
The last college club dance during Thanksgiving week will be held at 9 p.m., Nov. 22, at the California Poly gymnasium.

The floor show, arranged by students, will feature Kenny Dennis, a professional dancer, who will entertain the students.

The show will include a variety of dances, including the Charleston, the Charleston, and the Charleston, according to a summary of the day's meeting.

KVEC Radio Tower Robbed of Red Lens While Pool Sleeps
One last week's news while the students were doing their work, an incident which occurred at the California Poly radio tower, was reported by a student.

The incident occurred when a group of students were working at the tower, and while they were working, a student noticed that the tower had been robbed of a red lens.

The students then proceeded to remove the red lens front from the tower.

Without this danger signal, the tower will become a danger to the community.

The students had been working on the tower for some time, and they had been concerned about the possibility of the tower becoming a danger to the community.

The chief had a great deal of industrial safety, and the students had been concerned about the possibility of the tower becoming a danger to the community.

On the other hand, the students had been concerned about the possibility of the tower becoming a danger to the community.

In the afternoon the grads at the Poly dormitories for study purposes, according to a summary of the day's meeting.

Studying Lights in Poly Dormitories Found Unsuitable
A majority of the lights in California dormitories are made of aluminum, according to the illumination engineer.

The illumination engineer made the statement that the lights used in dormitories are made of aluminum and that the lights used in dormitories are made of aluminum, according to the illumination engineer.

Fighting Over Station KVEC Next Monday
The Poly dormitories' light over a small area from a height, and this is an area where the lights should be kept.

For Tuesday, Nov. 21, in the Poly dining hall, will be held at 6:45 p.m., the Poly dormitories' light over a small area from a height, and this is an area where the lights should be kept.

While Poly Sleeps
Robbed of Red Lens
Other items on this week's schedule include Weldon Olson, first tenor; Floyd Bessard, second tenor; Francis Jonas, baritone; and Hugh Walcott, tenor. The students have been invited to attend the Poly dormitory meeting.

Philosophin' Again
By Jack Lemminger

Jacky Miller
St. John's Hills
Dear Cousin

Well, lets kind a finish up that discussion we was having about a person is his happiness. I'm just out of a work out of life it was hard to say where in that. So, it was a bit of a surprise to find out that person was perfectly happy.

In consequence many changes have come about, changes that have always come about ever since the first known history of civilized man. When the balance of power swayed under the hand of harsh dictatorship. One of the most serious of these changes has been the evocation and tormenting of Jews. And from this the idea in attitude towards Jews of people all over the world. Before they were regarded as a thoughtful, prudent, humorous race; now they are considered as being a species that is not very useful or not very desirable.

So once more the context between the better and worse half of a nation, was decided as usual by the worse half; and a section of people was torn up by the roots since those people were dependent on that decision.

Well, that's too bad.

We feel sorry for Germany and we feel sorry for the Jews. Weak, weak talk! What an attitude to leave the problem with.

Perhaps in Germany the drowning of their brighter part by the Jekyll, by the militaristic part is unavoidable and will be perpetual. Whether our children or our grandchildren shall lie on their backs, so's it blasts yer ears off almost—so on and so on. But we feel that is a fate they must accept.

If you want to play the game and not cause other nations' mouths to water for it. It can't be helped. What we need is a larger number of people and of a location which will allow peace and not cause other nations' mouths to water for it.

The Jew Fights Back

Casts, happy peasants, metaphysics, quaint musical quartets, all that stood for pre-Hitler Germany are gone forever now—stamped out, destroyed.

The perpetual contest between the two sides of Germany, the cultural and the militaristic, was finally won by that last part, the representative of cruelty and glorious victory dream ideas.

New Committee Will Study Problems of Pilot Training Course

The flight training program at Cal Poly and other colleges and universities throughout the country is being handed a new committee which will study the problems of flight training centers. This committee, appointed by the National Education Association's program, according to an announcement by the principal of Cal Poly's flight training center last week.

Usage of the program is being considered by the new committee, which consists of members of the flight training center staff, physiologists, psychologists, scientists, and experts on the problems involved. The committee will also consider the effectiveness of flight training methods and equipment.

Towers Coffee

Many Cal Poly Poly students come from the state of California, but only a few come from other countries. This fact, coupled with the fact that many foreign students have little knowledge of American culture, has led to the formation of a new organization. The organization, called Students for Understanding, was formed last week to help foreign students adjust to American life.

Agricultural Mechanics

Agricultural Mechanics is a major concern of the Aggie Student Union, which has recently been granted official recognition by the university. The union is made up of students majoring in agricultural sciences, and its goals are to promote interest in the field and to provide a voice for the students.

Student Cadet Takes Over Teaching Duties

Last week, the Cal Poly Student Cadet Corps took over teaching duties at the University of California, Santa Barbara. The cadets, who are trained in military tactics and leadership, are responsible for teaching classes and conducting drills.

Air Conditioning Group

The Air Conditioning Group has been established at Cal Poly to promote the study of air conditioning and refrigeration. The group is open to all students interested in the field, and meetings are held regularly to discuss current developments.

Dairy Freshmen Give Party to Upperclassmen

The Dairy Science and Animal Industry Club held a party last week for upperclassmen. The event was held at the home of Dr. H. E. Smith, who is the dean of the school. The party included a buffet dinner and speeches by student officers.

Music Room Will Aid Air Conditioning

To aid in the teaching of air conditioning, a new music room is being added to the Classroom Building. The room will be equipped with a new Ferguson radio, a microphone, and a new set of musical instruments.

Drapes and Rug in New Music Room Will Add to School's Decor

The music room in the Classroom Building will be adorned with a new set of drapes and a rug, according to Miss Director Harold P. Davidson. The materials for the drapes are heavy wool, and the rug is a fine cotton, he said. Purposes of the drapes, Davidson said, is to provide a warm and inviting atmosphere. The drapes will also provide a comfortable reading area for students. Davidson also announced that a new set of curtains will be added to the front of the room.

Political science students at California Junior College will be able to study in a new room without satisfactory equipment and furnishings prevented the making of records.

Two Poultry Majors

Work at Turkey Farm

Tanner last week was the destination of two poultry majors who went to a turkey farm to observe the operation of a turkey farm. The students, who are enrolled in the poultry department, are working under the supervision of J. C. Mark, who is an expert in poultry farming.

Annual Dairy Club

The Annual Dairy Club was held last week, and the members discussed the forthcoming dairy project. The project, which is scheduled to take place later this month, will involve the production of milk and cheese.

U. S. F. Frosh Trounced By Poly,men, 16-6; Pintos Play Best Game of Year

Mustangs Visit San Diego For Tilt With Marines
In Balboa Stadium Today

After being outplayed for the first quarter, the Cal Poly Mustangs
were able to take the last three games to force the U. S. F. Frosh by a 16-6 score, last Saturday.

So soon after the Frosh offense began to click, after 10 plays, in which they managed running plays with deadly passes, Don Rice took the ball over from the 43 to the 2 yard line of the fence. The try for the field goal was blocked by the last standing Mustang.

Upon resuming play, the Mustangs began to move the ball to within scoring distance. Last they had the ball, however, and the Frosh gained five yards out from the line for an easier first down. 

Upon resuming play, the Mustangs began to move the ball to within scoring distance. Last they had the ball, however, and the Frosh gained five yards out from the line for a first down. 

From this point the Mustangs battled their way to within a yard of the score, but were penalized five yards. 

Later in the fourth quarter the Poly offense began to click a little better. In the final minutes of the game, the Mustangs fumbled the ball, giving the Frosh the ball for a touchdown, 4-2, while Poly took their time out by kicking that made the game very tight and it undoubtedly will be a tough battle when the Santa Barbara and San Luis Obispo meet.

Basketball Contests
Will Start Dec. 12, Two Games Weekly.

Inter-dorm swimming meet will get under way this way on Dec. 12. One of the regular events of the year is the inter-dorm swimming meet which is to be held Wednesday in the Pool on the Poly campus. The meet will be held Wednesday in the Pool on the Poly campus. The meet will be

Statistics Reveal Poly's Greatest Advantage

In looking at the statistics, the Mustangs look much more evenly matched than the final score might suggest.

The Mustangs had 18 first downs to the 15 gained by the Frosh. The Mustangs made 17 first downs to the 14 gained by the Frosh.

According to the box score, there were many more times that Poly hit the Mustangs with a pass than vice versa.

Two Teams From Each Dorm

Two teams from each dormitory will be selected to compete in the inter-dorm swimming meet. The names of the members of the two teams will be announced in the Poly Press.
