Dairy Council Will Meet Here During Session

Consideration of a national promotion for milk is one of the duties of the ... end session at San Luis Obispo, California, Thursday, February 16, 1940.

Boone, Martinson Will Be Speakers

In Assembly Today

Two California Polytechnic faculty members, A. F. Boone and ... day on the Poly campus. The assembly will be held in the Poly gymnasium at 10 a.m., today. A special note of interest is brought to the attention of the Poly students through this program. As it is expected to be in the form of a debate, it will afford an opportunity for the Poly students to show their knowledge of the subject under discussion.

The theme of the speakers will be a discussion of the school's proposed radio plans for next year. It is hoped that the Poly faculty will be able to present a complete picture of the plans that have been worked out for the Poly radio station.

The Poly Collegians, a nine-piece ensemble of undergraduates, under the direction of Music Director H. P. Johnson, will present an evening of music to be held in the Poly gymnasium at 10 a.m. today. The program will feature a variety of musical numbers, including both vocal and instrumental selections.

The opinion of the committee is that the promotion of sales through radio programs is definitely necessary to the Poly faculty. The Poly Faculty, in cooperation with the Poly Collegians, is preparing a radio program to be held in the Poly gymnasium on Tuesday, February 14, at 8 p.m. The program will feature a variety of musical numbers, including both vocal and instrumental selections.

Valentines From Above Bring Thought of Work And Not Of Love

Did you get a valentine?

That was the popular question Tuesday since a set of valentine cards and envelopes special to students were released. The cards are being sold for five cents each at the Poly store.

The cards are among the largest sold at the Poly store. They were designed by members of the Alpha Gamma Rho, a sorority, and the Phi Delta Theta fraternity, a social fraternity. The cards are being sold for five cents each at the Poly store.

Eight Girls Remain On Selective List Of Committee Members

Hacking away at theened names before them, the Poly Royal Queens committee this week eliminated all but eight girls as possibilities for the honor of queen.

The eight remaining girls are all popular members of their own class. The committee, as well as the end result of the selection, is expected to be named for the event. Names of the girls still remaining in the selection will be announced at the end of the ceremony.

Exchange Dance Will Be Held In Local H.S. Gym

Three schools of San Luis Obispo, California Polytechnic, the University of California at Los Angeles, and the University of California at Berkeley will hold an Exchange Dance, tonight, at 8 p.m., at the Poly gymnasium. The dance will be open to students of all three schools.

The dance will feature a variety of musical numbers, including both vocal and instrumental selections. The Poly Collegians, a nine-piece ensemble of undergraduates, under the direction of Music Director H. P. Johnson, will present an evening of music to be held in the Poly gymnasium at 10 a.m. today. The program will feature a variety of musical numbers, including both vocal and instrumental selections.

Two NBC Programs Will Feature Activities At Cal Poly

Activities at California Polytechnic State College will be featured in two programs on two NBC radio networks. The programs will provide valuable exposure to the Poly students and faculty.

The program, centering around agricultural training, project work, etc., will be carried over the Mutual network, the popular network of the West. It will be broadcast from 5 p.m. to 7 p.m. on Monday, February 19, at the Los Angeles Mutual building.

Cal Poly Students to Enjoy Four-Day Vacation: No California Issue

George Washington gave a great party Thursday. A large number of the Poly students did not do it intentionally, but it is the Poly Board of Governors and the Poly Royal that provided the feast. The Poly Board of Governors and the Poly Royal is a social fraternity.

A special note of interest is brought to the attention of the Poly students through this program. As it is expected to be in the form of a debate, it will afford an opportunity for the Poly students to show their knowledge of the subject under discussion.

Peace, Mr. Stalin!  
President Kouko Kaliko has informed his parliament again that Russia is ready for an honorable peace. Russia's position is forthcoming but there is little prospect that hostilities will end.  
The world is waiting for your answer, Stalin, but no longer is there a deep mystery surrounding your fighting forces, no longer is there a horrible fear of your plundering in the heart of every Finn and no longer can you bluff and bully your way in Europe.  
The very essence of communism you have demonstrated, and the heather-heart within you, you have openly displayed. And for all this you have gained nothing but the hatred of all civilized or truly civilized people and the deaths of countless innocent Russians as well as Finns.  
Although you will not make it, there is but one answer to the Finns. Russia must and will leave Finland either by treaty or by the might of a Finnish army backed by international forces. Already, Stalin, you are the scapegoat of Europe and the world. All your braggard claims of untold strength have been proved false. Your mechanized army has proved faulty because it lacks the moral to fight, and your communist policies are utterly unvirtuous.  
You have but two alternatives, Stalin, and upon your best discretion will be the peace of the world and the future of Russia. If you choose to sign a peace pact with Finland, perhaps then the flow of European blood can be stopped. If you choose to sign a peace pact with Finland, perhaps then the flow of European blood can be stopped.

Are You Dissatisfied With Cafeteria Conditions?  
During the past month nearly 60 persons have asked the editor to write an editorial concerning the conditions in the cafeteria. An editorial isn't going to help matters any that I can see, unless there lies within it some constructive criticism and a remedy that will bring about improved conditions.  
The cafeteria committee has been handicapped all year by the same kind of suggestions. Criticism is in abundance, but remedies are few.  
Now the cafeteria committee is offering you a plan whereby you can really do something about the cafeteria situation. It is up to you to take advantage of the fact. If you have a beef to make, write it down and present it to your president. If he is really interested in the welfare of the institution, he will do something about it. If you are not satisfied with the food and the methods used in the cafeteria, have your chance to say so. It may be your only chance too, so act accordingly. Persons with authority are getting tired of listening to a lot of crabbing about cafeteria conditions and unless you have constructive suggestions for improvement of these conditions, you are going to have to take what you get and like it—Don Carlson.

The Farmer and the Labor Union  
Labor unions have found a new stamping ground, the farms of California, and are really making dust fly in that field. It seems as though the sweeping hand of organized labor is reaching out and shoveling the farmer now that have so far resisted. This campaign has been wrought in the industrial centers.  
Organized labor has been the dread of the farmer more since it first began its attack on industry and showed the farmer how it could bring production to a standstill. The farmer cannot afford this. His bread is his head (with the mechanism of nature itself. Consequently, he must make his money when nature is ready to give it to him or he just doesn't make any money at all. They have been able to shut off the growth of his crop and the factory shuts off its engines. He must carry on his work or all of his efforts are lost.  
I'm sure the magazine causes traffic in agriculture as they have in industry, the California farmer will have to fold up his books. A farm cannot be run on a profitable basis in this fashion.—Bill Ganger.
Old Waco Biplane Being Rebuilt Is Near Completion

BY GEORGE RUSSELL
California Polytechnic aeronautics students have returned to work on a Biplane left on the Cal Poly campus by a gust of wind that threw it out of control and painted. It will be covered with fabric and painted. In the future it will be used in state inspector's work.

Pilot Trainees to Solo

By having the Waco with us we are in a much better position to give our student pilots training. It will give the Poly students a better chance to learn the control of the aircraft. It will also give them a better opportunity to become better pilots.

Mishap Occurs at Poly

The Waco plane was found in a Rise at San Luis Obispo last year. It was brought to Poly for repair and painting. It is now ready to be covered with fabric and painted.

Eradication of Flies

State Inspector's Report

Eradication of flies is one of the main topics in the current state inspector's report. It must be made public in order to prevent the spread of disease in the state. It is the duty of the state inspector to prevent the spread of disease by eradicating flies.

Crutches Official On Talk on Dairying

Adviser: George Johnson explained that the dairy business should be done by a well-organized dairy. The dairy business is a serious matter and should be treated as such.

Mustang Quinter Breaks Even In Heavy Weekend Schedule

By Frank Fitlin

Two wins and two losses were chalked up in the books for the Poly boys this past weekend as a result of the four games played in San Luis Obispo by them.

Saturday night witnessed thePoly boys come away with a 50-40 victory over the Santa Maria J. C. boys by a score of 40-60. Saturday night saw them take the court against the University of California, Davis, win- they also trimmed, 61-44.

On Monday and Tuesday nights, however, they fell before the powerful opposition from Chico State, Chico. 64 and Poly 47 was the result of Mon- day night's game, which ended in the top of the follow- ing evening's battle.

Football Game Set Against Gauchos

Football Mentor Howie O'Diasle announced this week that he had ac- cepted the invitation of the Santa Maria Gauchos to take on the Poly boys at Santa Maria next Friday, Oct. 19, the date of the Pacific Rugby's game.

O'Diasle expressed the hope that the special treat might be clarified if it was for the Cal-Ag game this year. Most of Poly's games this season are scheduled in the early part of the year in order to eliminate the yearning for home games.

Ski Club Enthusiasts

Travel 600 Miles for Downey Show

A total of 600 miles was covered by members of the Cal Poly Ski club when they arrived Thursday night after a week-end in nature during the last week-end of last month. Of the 600 miles covered, 140 were put down by Poly and 180 were put down by Poly, 210 miles were covered by Poly, and 15 miles were put to bed by Poly.

Lessing school last Sunday morn- ing and from Tuesday night onward for Poly, the Poly boys seemed to solve a problem that had bedeviled them for days. In the first hair. In­

Tellerk Leads Maristos Attack

Saturday night saw the Poly boys administer a sound beating to a team that defeated them badly in the year before, the Chico State Maristos.

The Poly boys scored a decisive 100-50 victory over the Chico State Maristos, and with the win, the Poly boys took over first place in the conference.

Tellerk, the star of the Poly boys, led the way by scoring 25 points, all of which came from the free throw line. Tellerk's performance was so good that he was able to set a new school record for points scored in a single game.

O'Diasle stated, "The game was a natural and could easily develop into an annual event."
