Alumni to Celebrate Homecoming During Poly Royal
Old Grads to Flock Here for Annual Event

On Saturday, April 7, the Alumni association of the California Polytechnic will host its annual Homecoming and will be in full swing. The registration will commence at 9 a.m. at the Student Union Hall. At 10 a.m. there will be an open house at the Gold Dragon for those wishing to see the latest attractions. At 2 p.m. there will be a grand opening of the Poly Royal program at the Student Union Hall. At 5 p.m. there will be a special dinner at the Student Union Hall. At 8 p.m. there will be a special concert at the Student Union Hall. At 10 p.m. there will be a special dance at the Student Union Hall. All alumni and friends are invited to attend.

Welcome Extended By Poly President

Julian A. McPhee
President of California Polytechnic
Progress has been rapid at California State Polytechnic. During the past year there has been a great deal of progress made. This factor gives the college a unique position in its departments, both agricultural and industrial.

The Poly Royal program are to be broad- inged throughout southern California.

A special assembly will be held in Central gym at 10 a.m. today, for the purpose of explaining the various activities each department will have during Poly Royal.

According to Carl G. Beck, faculty advisor for Poly Royal, the program has been planned to incorporate the activities each department will have during Poly Royal.

Musical entertainment will be furnished somewhat, although most of the departmental organizations will take part in Poly Royal.

Officers of the 1940 Poly Royal are shown in the picture. From left to right, J. L. Carricaburu, president of the student body; and L. F. Beck, vice-president of the student body; and D. E. Martin, secretary. Beck said.

This attendance and participation to demonstrate to the general public how we students have acquired technical talent in various departments.

Today's Assembly to Bring Together All Poly Royal Efforts

Hery Brownlee
General Superintendemt, 1939 Poly Royal

All of the people of the state are particularly invited to visit the California State Polytechnic campus on April 7 and 8. These two days, we are having an open house, as it is exciting to know a "country fair" in a city.

This will mark the eighth year of Poly Royal, and you who attend the show will realize the rapid and pro­ grammed audience the school has made in its departments, both agricultural and industrial.

We feel, therefore, that we have a responsibility both on behalf of the Poly Royal program committee and myself for you to come and see how we students have prepared our meals of "starting by dis­ tribution," Herbert W. Brownlee.

Who is the Poly Royal Queen?

Tom Hilton, freshman, mainstays student at California State Polytechnic, during the winter quarter, was fa­ vored with the contact, which is to l)e by far the greatest ever held. Hilton knocked him to the ground at the Wil­ liams ranch near Yucaipa, Calif.

Musical entertainment will be furnished somewhat, although most of the departmental organizations will take part in Poly Royal.
When Poly Students Show Off Their Work

Poly Borderlines a new means of bringing a Polytechnic school life to the others. Poly Royal is more than just an open house as conducted in other schools.

Here Polytechnicians bring their families and friends to their school and show them just what life at Cal Poly is like. Demonstrations of each department's work will enlighten persons interested in boys of the various departments as to what they are accomplishing.

No other college in America offers a program as large and entertaining as Poly Royal. Months of preparation have made the campus and students "Poly Royal conscious" and hopes for even a bigger and better show this year are certain to be fulfilled.

Think of how few colleges there are than can offer a RODEO, AN ELECTRICAL SHOW, AIR CONDITIONING DISPLAYS, A STOCK SHOW, AN AERONAUTICS EXHIBITION, MILKING demonstrate good for American farmers, AIRPLANE RADIO BROADCASTING, A COLLEGE BASEBALL GAME, A BARBECUE, A NIGHT TRACK MEET, AND A CORONATION BALL. Did you know of another college that can offer all of these things on the same program?

Cal Poly is proud to be able to offer so much to the citizens of the state of California and is indeed happy to be able to do it on this occasion. All of them on April 26 and 27 to their EIGHTH ANNUAL POLY ROYAL.—D. C.

Efficient Cooperation With Farmers

Things are looking up! New fields are opening for the farmer of today and the future. Schools of this nature are training agricultural men to keep in tune with the times in general and farming in particular. The farmers already in the field are finding situations are every day placing the farmer in new positions, making his knowledge in business which he sometimes does not feel is in agreement with.

Government "Interference." in agriculture walks ever onward due to the values the farmer is attaining. Modern situations are every day placing the farmer in new positions, making his knowledge in business which he sometimes does not feel is in agreement with.

Growth of Polytechnic Horticulture Branch at San Dimas Is Steady

Within the last year, a landscaping major has been added, and crop work expanded. A recent student body includes its own on campus, with a pool for fishing. Students are enrolled at the Voorhis unit at the beginning of the winter quarter, and under supervision of, and continuing to use library and laboratory facilities. This is of material assistance to these students, as many of them are partly for the operation of the part of the campus. At this time the work is done by students under his supervision, and many of them have the opportunity to participate in the production of the commodities in which they are interested.

Fruit Projects of Students

Of the difficulties of operation, the Voorhis unit consisting of 18 acres of citrus, 3 acres of deciduous fruit, and 5 acres of grapes, is being used as a production group.
When Four Become Five

Seven weeks ago a large white broiler hatched from the hen, Maxine. He was to be named after the late great-grandfather of the family, Dr. Charlie. However, the name Maxine was chosen because it is the favorite name of the little girl who loves him. Maxine was named after his father, Dr. Charlie. He is now a beautiful white rooster with red comb and wattle. He is the talk of the neighborhood and everyone loves him.

Students To Take Part in Contest of Fitting, Showing

By Dave Curtis

Students enrolled in dairy production and students of the department are raising an estimated 900 birds. So far this year the students of the department are raising 900 birds and 550 turkeys.

Students To Exhibit Poultry Selected From Own Flocks

By Joel Cohen

Chileans and turkey selectors and showmen by appointment from their own poultry flocks will present their flocks at the 12th Annual Poultry Show at 4 p.m., April 20, on the campus of the California Polytechnic State College. The flocks will be on display from the following breeds: Barred Plymouth Rock, Connecticut, Brown Legbar, Black and White Legbar, Hatchery Turkeys, Buff, and White, Blue Legbar Hens. One 5,000 Hatchery Eggs

Under this arrangement, the poultry protrctor of the state university college for poultry production is in charge of the exhibit. There will be representatives of poultry clubs and exhibitors present to give information on the various breeds of poultry.

Record of 327 Pounds

Along with this year's show will be exhibited five foundation cows, all of which have been born of foundation sires. All of the cows are of the Holstein breed. The average weight of these foundation sires is 287 pounds. These cows will be exhibited in the dairy exhibit.

Students enrolled in dairy production at the university will also take part in a dairy cattle fitting and showmanship competition. This year's fitting contest will be held on April 27.

A prominent manager of a commercial dairy will be present at the contest to judge the contest. The work which starts 10 weeks before the contest will be judged upon the basis of cleanliness and showmanship.

**Prize-Winning Livestock Fitting Explained**

**Essential Qualities of Showman Given As Patience, Quiet**

- Vincent Truslow, head of the livestock fitting and showmanship judging in the state of California, states that the essential qualities of a showman given as patience, quiet, and poise. These are necessary when dealing with animals, especially during fitting procedures. It is important to handle animals gently and calmly to avoid stress, which can affect their performance.

**Poly Royal Enlisted in Five Years; 50 Counties Represented**

- The Poly Royal has enlisted students from 50 counties across California, showcasing the institutional's reach and the diversity of its student body. This highlights the importance of such organizations in providing educational and competitive opportunities for students in agricultural fields.

**Performance on the Stockyards**

- At the Los Angeles Stockyards, students from San Luis Obispo state Polytechnic Institute exhibited their animals and achieved recognition. The stockyards are an essential location for livestock exhibitors to showcase their animals and compete in various categories.

**Towering Café**

- The Tower Café offers a variety of dishes, including Chicken in the Rush 50¢, Sizzling Steaks, Dinners and Sandwiches, and more. It is located at 735 Monterey, offering a place for students and visitors to enjoy a meal.

**Hotel Andrews**

- Hotel Andrews provides lodging options in San Luis Obispo, including Rooms Without Private Bath, Rooms With Private Bath, and Dining Room Adjoining. The hotel also offers a convenient location for students and visitors.

**Music Enthusiasts Ask New Series of San Luis Concerts**

- The San Luis Concerts offer a variety of musical performances, including international diplomats, war profiteers, and more. These concerts provide an opportunity for audience members to experience a range of musical styles and artists.

**Meet Animal Students Win $2105 in Prizes**

- Students at San Luis Obispo State Polytechnic Institute have achieved significant success in livestock shows, winning $2105 in prizes. This highlights the importance of competitive opportunities in fostering growth and skill development in students.

**LIVESTOCK PRICES**

- LIVESTOCK PRICES are established under competitive conditions in local and national livestock markets. The Stockyards in Los Angeles, San Francisco, and in other large urban centers are key locations for livestock transactions. The prices noted at the stockyards reflect the demand and supply dynamics in the market.

**Aero Engines Cut Away To Show Action**

By Bruce Broemer

A radial aircraft engine on which all parts will be revealed even though all primary parts are not in place will be displayed at California Polytechnic school in Los Angeles during the annual Poly Royal on April 23 and 27.

The engine, which is to be a feature of the school’s expository exhibit, is separated into five main sections connected to move when the crankcase is turned.

**New Building Will B Ready This Month**

Possibility that the new Aeronautics building will be ready for the new company by the aeronautics conditioning department before Poly Royal was expressed at the Poly Royal on April 20 and 27.

**80 Per Cent Of Students Earn Expenses**

Student Income Amounts

To $1400 From Poultry

Students’ product-labor income and gains from the poultry depart-

ment amounted to $4,000 during 1929. It was reported by F. H. Adams, vice-president of the California Polytechnic school, that some of the highest and most interesting poultry raised in the state is being raised on the Poly campus.

**Aeroplane Chat**

The name of the student paper is "Aeroplane Chat," the main purpose of the paper being to give news of special interest to the aeronautics department.

**Student Agriculture Earns Expenses**

Reports sent in by Davidson and Lowell Lambert, press representatives for California Poly.

Powerful Gauchos Baseball Nine Meets Mustangs Saturday on Local Diamond

**Poly Breaks Even In Two Weekend Games in South**

With a record of 12 wins and one loss, the powerful Santa Barbara State college baseball team frustrated the Cal Poly nine Saturday afternoon to give the Mustangs a chance to gain series among themselves. Heading the list of prospects are one of the aforementioned 10 contests. These boys will form the nucleus for one of Poly's strongest baseball clubs in many years.

In the season opener the Mustangs scored 14 hits, led by Les Vanoncini, Jim Twerrell and Todd Baerfeld, hit a homer.

**Track, Field Team Begins Season Today**

California State Polytechnic's 1940 track and field squad opened its season Friday afternoon at Pomona junior college in a three-way meet against Santa Barbara Junior college and San Francisco State Fresh.

Approximately 14 Poly men will take part in the first, according to Coach Dick Deuel, captain of the Mustangs.

**Lettnermen Turn Out for 1940 Spring Practice**

By Frank Fittis

Chabich Howie O'Donain and Don De Rosa were this week greeted by the largest turnout of material for spring practice in the history of Poly baseball. Probably the most pleasing part of the turnout was the fact that 10 returning lettermen are among those present.

Heading the list of prospects are one of the aforementioned 10 contests. These boys will form the nucleus for one of Poly's strongest baseball clubs in many years.

The most popular part of the turnout was the fact that 10 returning lettermen are among those present.

On April 5 the Mustangs traveled to Los Angeles to meet with Pomona junior college. On the following week they came back to the Santa Barbara campus, where they played two games against Ponoma junior college in a three-way meet against Cal Poly and San Francisco State.

In the top of their conference.

Deuel is confident that his men can stretch their lead to jeopardize the first stringers' spots.

However, the new boys coming out into pitching are Jake Estrada, Joe Santos, Joe Foroka or John Sohrakoff. These are returning are first class. Among them are Jake Estrada, Joe Santos, and Jim Nolan.

Newcomers Show Ability

It would seem with a host of returning winners the loss of those who left last season was almost negligible.

At last the Poly nine will start on its swing to the home-stand that Poly scored 14 hits, led by Lee Vanoncini, Jim Twerrell and Todd Baerfeld, hit a homer.

It would seem with a host of returning winners the loss of those who left last season was almost negligible.

At last the Poly nine will start on its swing to the home-stand that Poly scored 14 hits, led by Lee Vanoncini, Jim Twerrell and Todd Baerfeld, hit a homer.

However, the new boys coming out into pitching are Jake Estrada, Joe Santos, Joe Foroka or John Sohrakoff. These are returning are first class. Among them are Jake Estrada, Joe Santos, and Jim Nolan.

Newcomers Show Ability

Cal Poly on Parade
April 26 and 27
Eighth Annual Poly Royal & Homecoming

OUR CHIEF

Julian A. McPhee
Addressing the crowd at last year's Poly Royal
Seated behind Mr. McPhee (from left to right): Betty Lou Alexio, Miss Poly Royal 1959; John Carriazo, President Associated Students 1959-60; Lou Fitzgerald, General Superintendent 1959 Poly Royal; Harry Win- rath, President Associated Students 1958-59.

The Eighth Annual Poly Royal Honors

W. W. Vernon
Cal Poly's venerable employee who has served the school in a faithful and efficient manner since September 9, 1958. Besides his many duties he has always found time to be a friend to the students.

Mr. Vernon! Poly Royal Salutes You!

Right Center: The crowd gathers early to watch farmer's judge livestock.

Left Center: Cal Poly's Flying Wing will be nearing completion on April 26 and 27.

Right Bottom: California Polytechnic shines in a panorama of natural beauty which will be at its best at the Eighth Annual Poly Royal and Homecoming.

Left Bottom: San Luis Obispo's beauty is not confined to its landscape. Betty Lou Alexio, Miss Poly Royal, presided over the Seventh Annual Poly Royal Coronation Ball with her maids of honor (from left to right): Jeanne Atkinson, Pat O'Conor, France Arline, La Verne Allersman, Elizabeth Perry.

Plan to "FOLLOW POLY'S PROGRESS" April 26 and 27 at San Luis Obispo.
Poly Royal's Attractions

Top: Each year Poly Royal's guests are entertained at a barbecue on Saturday in Poly Grove. The school's musical organizations present a program at this time.

Second row left: Jim Blake, a nephew of Will Rogers, is a moving spirit in Poly Royal's Rodeo. Students compete on their own horses in a variety of Rodeo and horsemanship events.

Second row right: Student owned projects are exhibited on a competitive basis. Shown in this picture is the champion pen of lambs, exhibited by Howard Hubbard, Bill Caldwell, and Arthur MacLean.

Third row: The influence of Cal Poly's Landscaping Department is manifest in the harmony of the design of the campus.

Bottom left: Judge W. K. Lloyd is shown presenting Minor Nitta the 1929 award for the best bird in the show with Richard L. Leech, head of the Poultry Department, as an interested observer.

Bottom right: Electrical Industries students thrill Poly Royal's guests with the antics of their electrical gadgets.
Poly Royal's Contests

Top left: San Luis Obispo's contestants vie for the honor of being the fastest goat milkers.

Top right: 22½ nails in one minute was the record attained by Mrs. A. G. Hunsheul of Atascadero in the Ladies Nail Driving Contest in 1939.

Second row right: The Templeton Farm Center Team composed of Ted Abramson, Bob Rendling and M. T. Abramson (from left to right) won the Telegram-Tribune Trophy, the Swift Trophy and Rotary Club plaque in the same contest.

Third row: A large crowd watched Frank Giorgi of Gaviota display his skill as a tractor driver and capture the first prize in the 1939 contest.

Fourth row: Nelson H. Crew (right), Editor of the Western Livestock Journal and George D. Madison, President of the San Luis Obispo Chamber of Commerce, successfully arbitrated the 1939 Ladies Nail Driving Contest.

Bottom right: Much interest was displayed by the guests in the Can Rolling Contest sponsored by the Dairy Department.

Bottom left: Cal Poly’s Block “P,” athletic organization sponsored the First “Poly Royal Relays,” or night track meet, in 1939.
Poly Royal's Attractions

Top left: The Cal Poly Collegiates furnished the music for the Seventh Annual Poly Royal Coronation Ball. They will again hold sway on April 27.

Top right: Herbert F. Brownlee, General Superintendent, of the Eighth Annual Poly Royal (front row, second from left), and the Poly Royal Executive Committee.

Front row, left to right: Carl G. Back, Herbert F. Brownlee, Lester McNeal, James McLaughlin, Jack Stiles, Wayne McCrae, Harry Robinson, George Cross, John Canfield, Robert Davis.

Second row left: The new Air Conditioning Building will be open for inspection on April 27.

Third row left: Leopold G. Wragge (in center), donor of Wragge Loan Fund at Cal Poly, talking over the efficiency of work with Harry Fagg, Poly Instructor, at the 1939 Agricultural Mechanics Exhibit.

Second row right: The Hungry Five, not including the horses, furnished musical entertainment last year.

Poly Vue—Voorhis Unit—April 13, 1940

The Voorhis Unit of Cal Poly located at San Dimas will hold its annual Poly Vue April 13, 1940.

Bottom right: The Chapel, an imposing structure on the Voorhis Campus.

Third row left: A pseudo quarantine station stopped last year's visitors.
