Student Volunteers Sought for Admissions Promotional Videos

The Office of Admissions, Recruitment and Financial Aid is asking faculty and staff for help in its search for outgoing, excited student volunteers who are interested in performing on camera in videos promoting Cal Poly. Students who are cast will be featured in videos promoting the university in variety of aspects: hosts for different video segments, voiceover talent, or other on-camera projects. Commitment is on a project-by-project basis and availability. Interested students should send email to admissions@calpoly.edu with a photo of themselves, a phone number and a brief description of any relevant experience they may have in: interviewing, acting, voiceover work or public speaking. Put "video talent" in the subject header. This is a great opportunity to represent Cal Poly to thousands of people around the world and add video experience to a resume.

Applications Available For Faculty-Led Programs

International Education and Programs (IEP) invites faculty from all colleges to apply to teach on the Cal Poly Faculty-Led Study Abroad 2013 Programs. Faculty can apply to teach in Australia for winter quarter, London for summer quarter, Peru for summer quarter, Spain for summer or fall quarter, or Thailand for summer quarter. For application and information regarding qualifications and deadlines, go to the [IEP Faculty website](#).

CSU International Programs Has New, Earlier Application Deadline

Cal Poly's International Education & Programs Office announces that the CSU International Programs has established a Dec. 15 deadline for applications. This deadline, which applies to all countries except Australia and South Africa, is much earlier than the winter quarter deadline of prior years. CSU IP participants earn resident academic credit at their CSU campuses while they pursue full-time study at a host university or special study center abroad. CSU IP serves the needs of students in more than 100 designated academic majors. Affiliated with more than 70 recognized universities and institutions of higher education in 18 countries, CSU IP offers a wide selection of study locales and learning environments. Universities around the world are establishing earlier application deadlines, and the visa regulations for U.S. students wanting to go abroad continue to become more stringent. In response, CSU IP has implemented an earlier application deadline. Learn more on [CSU IP website](#). Students are encouraged to contact the IP Coordinator Monica Schechter at mschecht@calpoly.edu regarding the application and selection process.
