Aero Builds Torque Stand

Metz and Mckeller Design
Torque Stand Built By Frosh

Register
On
Mon., March 9

Registration of all students excepting short course boys will take place Monday, March 9, Eugene A. Egan, registrar, announced. Procedures for the registration will be as follows:

1. First report to accounting office to pay fees. Registration fees paid later than March 9 will be considered as late registration and an additional $2 fee will be charged.

2. Report to Room 105 in the ad building, opposite the accounting office to register and secure class, report, directory, and registration cards. At this time a copy of the student's schedule will be given.

3. Report to the A. C. auditorium where faculty members will assist in making out elective schedules and will sign directory cards and collect class cards. At this time a copy of the student's schedule will be given.

4. Report to the A. C. auditorium where faculty members will assist in making out elective schedules and will sign directory cards and collect class cards. At this time a copy of the student's schedule will be given.

5. Report to the A. C. auditorium where faculty members will assist in making out elective schedules and will sign directory cards and collect class cards. At this time a copy of the student's schedule will be given.

This Little Pig Isn't Going To Market, He Likes It As Poly, Tells All About Porkers Life In Pig Pen, What He Thinks Of Students

By Sauffly Smith

It was dark yet, but I heard the loud clumping of hoofs and voices, and I opened the door a little with the biggest handle I ever saw, picked up a lump from the outside of the door, and I was being carried to the stable. It was designed by Roy Metz, a former Poly student, and Mr. Mckeller, former drafting teacher here.

TED OFFMAN, C.A.A. Inspector, was here Wednesday attending the Polytechnic school's visitation of the aerosanatories laboratory. He viewed the latest piece of equipment, the student shop, and stressed the importance of having such equipment available to Polytechnic students. Spark plugs happen to be one of the weak points in the aircraft engines of today.

V O A g Supervisors Hold Meeting Here Tomorrow

Supervisors of Smith-Hughes agricultural courses in high schools throughout the state will attend a special meeting here Tuesday night to discuss plans for visits to high schools by members of different departments of the Polytechnic school.

The meeting will be at the A. C. auditorium for a general discussion and will be attended by representatives of different departments of the school. C. C. McElroy is in charge of arrangements.

The morning period will be spent in conferences regarding the nature of the plans for the visitation program which will be outlined in an assembly program presented, and the reactions of those attending the meetings will be heard. The assembly will be in January at 10 a.m.; the group will tour the industrial departments under the guidance of Dean C. E. Knott, Dean Oscar F. Snodgrass will conduct a tour of the living accommodations following visit to the industrial district.

A special luncheon program will be held in the J. C. room of the auditorium at which time Vernon H. Amsden, in charge of the Vocational training center, will deliver his address.

CONSIDER THE WORKING STUDENT

Before deciding upon the proposed Saturday morning classes for the spring quarter, it is our hope that those in authority will take into serious consideration the effect it will have on the student who is working his way through school and in some cases, wholly earning the money necessary to pay his living expenses, etc., to attend California Polytechnic.

This year here are many students here who are partly, and in some cases, wholly earning the money necessary to pay their living expenses, etc., to attend California Polytechnic. These students depend a great deal on utilizing the whole pay their living expenses, etc., to attend California Polytechnic. These students depend a great deal on utilizing the whole

work their way through classes. Sincerely

Robert Kennedy, publicity director.

...and come on out and awing an<

...and come on out and awing an<

their college education. It would seem unfair that for the con-

venience of some who would desire to be through with school as soon as possible, these students who are working should be

inconvenienced. Especially when the time saved would amount to

only a week.

We wish that there were other phases to be considered, such as the financial saving to the school. But at the same
time, it is our belief that much more efficient use would be made of the time, money spent on education, and the facili-
ties, if the students did not have this added half day a week of school.

Letters to the Editor

Dear Sir:

We, among many, think it absolutely unfair to have school on Saturdays of the spring quarter, starting April 16. On this date the Poly Royal Queen tickets will be on sale at 10 cents each or two for 20 cents. The proceeds will be used to defray expenses for the Poly Royal Queen tickets. It is our hope that the students in authority will take into serious consideration the effect it will have on the student who is working his way through school.

Sincerely,

John Nicholas.

Bob Proscia, 175 pound Col. Center boy, outboxed George Santos, 160 pound slugger from Hughson, to win the main event as the Block P club presented its second Fun Nite for the present school year Wednesday.

The book was a slugger against a boxer, with the boxer getting the nod from the judge. Santos played his usual game of clinching as often as he could.

Two Knockdowns

Nearest thing to a knockout came when Joe Oldham, 140 pound Sutterfield slayer, connected on Del Real, NYA youth, with a right-left cross to put the NYA boy down for the count. Oldham scored a knockdown a second time in this scrap, but Real bounced back on his feet and resumed slugging before a count could be started. The Sutterfield fighter took the decision.

Outstanding from an entertainment standpoint was the wrestling bout between the Mad Russian, John Schnoffke, of the Block P, and Jiro Kai, at 210 pounds, and Kai, at 210 ounces, was the most unevenly matched pair to enter the ring that night. However, the little Kai boy was able to hide under that big coat of Jack's, and twice in the match, Kai came when Joe Oldham, 140 pound NYA slayer, had worked to the count. Protecting the referee's decision, Ed Condon entered the ring rather suddenly, and the whole thing ended when Joe Oldham piled on top of Gordy Woods, the referee, and little Kai climbed nome on the pile of men and claimed to be the winner.

Both of these in the hottest battle of the evening, Gozo Barga, champ of the Dallas Valley, held a slight edge over Milt McCall, a new comer to the city, and traded blow by blow with the rugged Barga. Fight fans felt that this was the top bout of a boxing stand-up.

Winning his second Fun Nite title, Maurice Katscher of Salinas Valley.

Three Dairy Boys Win Battles in Great Fun Nite Show Wednesday

Cal Poly winds up the basketball season tonight and tomorrow in two games with La Verne College. The Poly team will play in Cranndell Gym tonight at 7 p.m. Notice that the second game is a morning game. This has been arranged so that the Los Lecheros club can present their dance tomorrow night.

Chicken Herders Best Test Pullers 18-18

The Dairy boys hit their first defeat of their basketball season as they played a stubborn Poultry club who handed them a close scoring defeat of 16-18.

At the early stage of the game the Milkmen were really going into town. The first seven minutes of the game the Dairymen were all points ahead of the chicken herders. At half time the Poly boys were ahead at 11-12. From the second half the game stood even although the Poultry club managed to tie two points in the lead till the final gun.

The players for the clubs were: Los Lecheros: R. C. and C. DeMatches, and M. C.; NKU: A. M. Taylor, R. J. Buhn. The Poly club are making up teams and other clubs are urged to get teams together for entry in the "Youth Farmers' Softball League for the spring quarter," says Delbos, president of the Young Farmers.

All clubs that wish to submit teams Ould do so as soon as possible so that the schedule can be drawn up in the very near future.

Aero Club Holds Very Interesting Meetings

By Jack Abouds

The last meeting of the Aero Club have proved very interesting; reports from the other Talbots of the local farm bureau gave us as many facts about the canning and the preparation of the various foods that are being canned. The Talbots are making up teams and are preparing at the canning plant at the end of this year.

While Mr. Talbot was talking, slides were shown which indicated the offices from which the boys are no longer living. Many of these slides were shown from regions where these boys are no longer going. The slides showed in the production of milk and cheese, many of which is the product of the milk and cheese. The slides were shown from regions where these boys are no longer going. The slides were shown from regions where these boys are no longer going. Horse Book In Poly Library

The school library has just received one of the most valuable sets of books ever in Cal Poly. It is entitled "Buck Lash," and is a collection of race horse biographies. The books are bound in red buckram and morocco leather. All the thoroughbreds in the library will be given a copy of this set by Mr. Wells. The library is interested in race horses because Buck Lash. To anyone who reads this set of books, the thoroughbreds will be of great interest.

The students are invited to see these books in the Poly library.

Personal

Peakevo Takes Court

From Dan Cupid In Brief One-sided Bout

By Don Wade

For the past several weeks it has been rumored that this mighty bachelors' club will be meeting. Charles August, Hugh Fair, John Carrieaburu, graduate mechanics, were invited by Senator George Biggar, part of Senator George Biggar's committee, to sing at the Kiwanis club banquet. The quartets were invited to sing "Tavern in the Town," and "The Desperado." The members of the quartets were very much interested in the songs because it appeared that the sparkler was not going to drop after the last piece mentioned. The base solo wasilon all the whole planets seemed to keep a kind of a gong going. In appreciation of the quartets' appearance at the installation, the Kiwanis club donated $50 to the Poly music department.

SING AT A R M Y CAMP

Another thing that the quartets got for singing at the club was a chance to appear at Camp San Luis Obispo, Cal. All the members of the quartets were interested in the trip because the sparkler was not going to drop after the last piece mentioned. The quartets, together with the Poly College, will perform at the camp this coming Tuesday evening. They will put on a thirty-minute program.

BOOTS AND BURRS

Two new committees were named for the Poly Royal—Gordon Davis, rodeo; and Bill Gilford, thoroughbred horses.

Dixie Smith is replacing Wiley Day as head of the beef cattle as Day has too much school work to do. He is a Poly Royal and will join forces when both clubs are united in matrimony in our "Polly" dance.
