First Lottery Of War Tuesday

In the third draft lottery since World War No. 1. and the first since Japan declared war on the United States, the order numbers of those registered Feb. 16 were drawn Tuesday, March 17, Patrick's Day.

Nearly a quarter of the student-body of California Polytechnic is affected by this lottery, since all students fall in the age ranges of 20-50.

Under the set-up for the new draft, registrants will be inducted into the armed forces after having given their physical examination. According to Dr. R. E. Craig, selective service director, all those hit by this lottery will receive their call to the list, May 15, and the first of them to be inducted will be 45 and in the third group 40.

The lottery called up 1,600,000 names which were in the range of 19-45, who are subject to active military duty.

Thirty Cal Poly Boys Attend Navy Confab

Thirty Cal Poly boys interested in work for war industries in aeronautics, electrical engineering, and mechanical engineering will be demonstrated in the open house program at the Tenth Annual Poly Royal.
YOU UNGRATEFUL BUMS!

For the past few weeks, attendance at assemblies has been terribly discouraging. We know that that hour on Thursday is an awfully good time to do that assignment that you forget to do the night before. But don’t you think that if you sit on your big, broad butts, while about a quarter of the student body shows their appreciation by attending the assembly, you are not being wise, or clever, by abstaining from it? It is not an easy matter for those in charge of programs to contact speakers and persuade them to come to school to arrange for you. And what about the effect it has on the speaker for the day? He comes out to Poly, knowing that there are half, not for the benefit of the student body officers you elected. And it is only yourself that you are cheating! Knowing her like I did I can’t see how anybody could possibly misconstrue her actions. She never meant anything bad by them. She was just trying to brighten up the lives of her many friends. I refuse to believe that she had any demoralizing thoughts in her pretty head. She just wanted to bring some laughter into a rather dull day.

Yet with all this some person with a rather perverted or infantile mind will say the person sneaked up on her and did a horrid thing. She must have been recognized now. Why did they do this? By what means? Just that the right student body member was there to take life, nobody else. Why, a man has not an enemy in every cranny. Of particular interest to students this week, as the Poly Arts and Sciences has announced that the Tenth Annual Poly Royal Pageant of Life will be held in the high school J. C. gymnasium this Friday night. That’s tonight. Which reminds me that we have to be EXTRA NICE to the girls this week for the purpose of lending financial aid to the Tenth Annual Poly Royal. This action by the Poly Royal Executive Committee, I believe, is entirely unknown and unreported by the Poly Royal Executive Committee. But above all, that I believe a larger number of readers are as follows:

Winged Warfare

Pageant of Life (Human Interest stories by the famous radio commentator, Lowell Thomas).

Pattern of Conquest (Lovender on the world-wide Nazi’s)

The Treasury of American Heroes.

NO SPRING FORMALS.

Two sororities at the University of Kentucky have announced that they will hold no Spring Formals for the purpose of saving funds, which will be invested, instead, in Defense Bonds and Stamps.

Some of the sororities have decided to go in for informal affairs this spring, but the majority have arranged to present their third annual spring tour through the East and the Midwest, have cancelled their annual spring tour through the East and the Midwest, and have bought Defense Bonds with the money that would have been spent on the trip.

In some respects, it is hoped that the Housekeepers’ Daughter haunts her until she makes her peace with God. But Bob Rossman.

From Your Prexy

So many things going on and so many more coming up yet. Seems to be something doing every single minute of this quarter and we’ve just begun. Anyhow we seem to be off to a good start and with a fair chance of finishing things up with real fun and not raise a fuss about it.

We are all getting along fine.

“Outfitters From Head to Foot”
Naval Plans for College Students

The U. S. Navy today announced its program to enlist 40,000 college students between 17 and 19, on a voluntary basis, in the Naval Reserve and grant them time to complete education qualifying them for training that will lead to commissions.

The men will at first be enlisted as seamen, second class, in class V-7 and then be permitted to continue college at their own expense for the equivalent of two academic years, taking courses recommended by the Navy Department, stressing mathematics, physics and physical training.

Upon completion of one and a half years of college work, 20,000 of the men will be selected for flight training at a rate determined by the service needs. Also at the end of one and a half years of college, 15,000 men will be selected for transfer to class V-7 and be permitted to continue school until they get their degrees. Then they will be given Reserve Midshipman training leading to a commission in the Naval Reserve.

The remaining 4,000 will be permitted to finish their two years and then must remain on active duty for training at Naval Training Stations, and upon completion to duty with the fleet.

College students who are applying following classifications may be interviewed at local Navy recruiting stations or at Camp E. C. Loomis & Sons.

SELECTED STUDENT SAILOR CANDIDATES

A. 0-P.(V) Ordinance: For students majoring in mechanical engineering, chemical engineering, civil engineering, physics, and chemistry.
B. 0-P.(V) Construction: For students majoring in architectural engineering, construction engineering, structural engineering, civil engineering, chemical engineering, electrical engineering, physics, and chemistry.
D. 0-P.(V): For students majoring in business administration or commerce.

The Poly Double Quartet is starting the popular "Tip-Up-Addy-Lay" and "The Oregon Trail." After the swell job they did in assembly last week, you may be sure that these two songs will surely sound swell when worked up.

The glee club is also working on the popular "Every I Love" from the motion picture "Lotte Len Fuss.'

Poly Relay Program Scheduled; Fun Nite to Benefit Poly Royal

Three schools are enrolled to participate in Poly Relays, the athletic attraction of the Tenth Annual Poly Royal, to be held April 24-25, according to Coach Paul Girard.

Santa Barbara State, Whittier, and La Verne come into the Poly Relays as they have won the last two Poly Relays.

Three contests are scheduled for the relay, the medley relay, 100 yard dash, two mile relay, 860 relay, 100 yard high hurdles, pole vault, shot put, high jump, broad jump, and mile relay.

Track Team in Tri-School Meet

Going into action for the first time this season, the Mustang track team will compete in a tri-school meet at Pomona Junior College next Friday afternoon, according to Coach Paul Girard announced. La Verne and Pomona will also be in this event.

The poly track team will accompany the baseball squad to Pomona.

WINNER GETS STEAK DINNER

Agricultural and industrial students will have a chance to seize that grudge as to which is the best department, when each compete in an inter-school meet Tuesday, March 21. Winner of the ag-industrial competition will be treated to a steak dinner while the losers watch them and eat theirs.

CHOOSE STOCK

Hogs, sheep, and beef to be shown for Poly Royal will be selected today, Monday and Tuesday.

Doings of Polyites This Week

Distinguished Visitors
Two distinguished visitors to the campus of California Polytechnic college this week were Dr. Joel Burkman, assistant director of education, and Harry Anderson, of the budget division of the State department of Finance. They toured the industrial departments Monday afternoon, and were shown through the agricultural departments Tuesday morning.

Senior Dinner
The first senior degree class ever to attend California Polytechnic will hold a dinner dance party at Mattie’s next Thursday evening, it was announced by John Bucher, secretary.

The class is also planning on presenting a studentbody dance the second week of May.

Fletcher’s Anniversary
Not only was last Tuesday a great day for the Irish, and the all-important day for the men between the ages of 20-21, and 22-23, but it was also a memorable day for Mr. and Mrs. Leo Fletcher, since it marked their twentieth-fourth wedding anniversary.

Report Cards
Results of students’ efforts during the winter quarter will be learned when report cards are issued on or about April 1. Eugene A. Eggen, registrar, announced.

Pre-Poly Royal Dance
Theme of the Pre-Poly Royal dance to be given by the Cropel Club will be “Spring Fever” with decorations in keeping with the idea. Names of princesses for the court of Queen Joetta Belcher will be announced at this dance.

Fletcher’s Anniversary
The 1600 block on Mill street has fast become a popular haunt for the occupants of the new and the old horse barns! What are you trying to do, get a return on your investment?

More Pleasure for You
There’s satisfaction in knowing that the 6½c revenue tax you pay on every pack of twenty cigarettes is doing its bit for Uncle Sam

And, when you buy Chesterfields, you have the satisfaction of knowing you are getting a superior blend of the world’s best cigarette tobacco. This famous blend gives you a smoke that is definitely milder, far cooler and lots better-tasting. Make your next pack Chesterfields. You can’t buy a better cigarette.

Open Letter to Miss San Luis Obispo
PI Mustang was pleased to receive your correspondence, and we would like very much to publish it. But there is one little catch in the deal.

We have a standing rule that no letter can be published unless the identity of the writer is known to the editor of the paper. So if the Miss will make herself known, her letter will appear in a future edition of the paper.

Apply Now for Publications Jobs
Application blanks for the position of editor of El Mustang, El Rodeo, and The Coal Post (football programs) may be obtained from Mr. Kennedy next week. Application for positions in publications business manager will also be available. Applications for these jobs which will be open next fall close April 1st.

Poultry Assembly Presented Yesterday
(Continued from page 1) have seen the hula dance put on by the chicken herders, they would tear their hair. Led by Charles Solomon, it was really a hit, regardless of ethics and the like.

A beauty parade was offered also, in which about ten “sirens” paraded back and forth on the stage to the howls and hoots of the enthusiastic Polyites.

Altogether, the show was claimed by many to be one of the better assemblies put on this school year.

It looks like “Epper” Resnet is being stood up this weekend. It’s Freddie Interfering, “Epper”?
