Poly Royal One Week Off
Big Dance Starts Activities

FOOD, BOOZE
He's the time Ed Santos gets through milking his dairy herd of Holsteins. It's pretty late at night. If you don't think we count 'em in the above picture and figure how long it would take you to milk them all, you'll be surprised. There is, of course you don't milk the one on the right. In the picture (left to right) Don Crawford, Bob Winderburn, Kent Freeman, Earl Ambrose, Henry Heuser, George Mackintosh, Harman Delmar. Ed Santos.

Pavullo Takes Navy Commission
Nine In Student Body Posts Race

Nineteen candidates will vie for four offices in the student body election, return of nominating petitions on Friday indicated. Two positions, that of yell leader and athletic manager have no candidates.

A hot race is promised in the presidential contest, with Henry House, student body secretary and past president of the Future Farmer group, will act as toastmaster. Dr. Walter Dexter, chairman of the crops department at Poly will speak on repair of farm machinery. Jim Fairbanks, ag mechanics department, will talk on fertility problems and the future of crops, and R. T. Nordin will talk on farm crops.

JOIN IN ASSEMBLY
The Future Farmer organization has been invited to join with students of California Polytechnic school and with visitors for the opening assembly of Poly Royal, April 23. All meetings of the state organization will be held in the A. S. U. auditorium.

Delegates will be housed in the new administration building.

Young Farmers Will Swing Their Partners
Young Farmers' annual barn dance will be held May 8 in the horse barn. Admission will be free and all young farmers of the county are invited. The Collogians will be the host and hostesses with the good old farm tunes.

Any student in the student body, staff or Poly Royal can take part in the dance by purchasing a Young Farmer card for 60 cents. Students wishing to do this should contact Harman Delmar prior to May 9.

Santos' Dairy Herd Readied For Poly Royal

Charles "Chuck" Pavullo, assistant football coach, was the third member of the California Polytechnic physical education teaching staff to leave the school for active duty in the United States armed forces.

Pavullo left this week to report to Antelope where he has been appointed an ensign in the U. S. Navy. He is to take up his duties Monday. His acceptance of the navy commission leaves the Poly coaching staff and physical department in the hands of Coach Howe's band, head football coach for the past nine years.

Pavullo came here last fall to replace Don De Ross, assistant football coach, now in the navy's physical education department.

On February 8, Captain J. C. Dauel, retired army officer and director of athletics at Cal Poly for 20 years, was ordered back to active duty in the chemical warfare service department and is now stationed at Boise, Idaho.

Pavullo, former University of Santa Clara quarterback and grad, attended Whitter college, played with the Arizona Wildcats and California Bears before coming to Cal Poly last September. While here he had become very popular with the students; and since the leaving of Capt. Dauel, had conducted the hygiene lectures.

Defence Program For Poly Royal

Three phases of the home defense program will be demonstrated at 11 a.m. on Saturday, April 24, as part of Poly Royal program. A display of the proper method of handling an incendiary bomb will be conducted by the civilian defense organization for Santa Barbara county. Work of the state defense organization will be shown. From 1 p.m. until 2:30 p.m. there will be a change in prices of sheep and hogs at the sheep, cattle, and poultry sale.

There will be a change in prices of sheep and hogs at the sheep, cattle, and poultry sale.

Home Concert

A at H S Tuesday

The Fifth Annual Home Concert, to be held Tuesday afternoon, April 27, at 3 o'clock, in the California Polytechnic auditorium, is the high point of the annual "country fair on a college campus." The theme of the dance is "Oriental Faire," and the group has been working hard to make it a success. Aside from the pleasure that will be yours if you attend, you will be supporting your Poly Royal group, last day out there and have a wonderful time.

Two Big Days For Poly Royal

One week from today the great two-day open house program, the Tenth Annual Poly Royal, will burst into bloom on the campus of California Polytechnic College. The title, "Country Fair on a College Campus," will present the most extensive program, in its history, with livestock shows, industrial exhibits, a special defense show, real dance, coronation ball, and general open house program on the schedule.

Preliminary judging of livestock at the ring at the sheep unit will commence at 8 a.m. Friday, April 24, with the grand opening Saturday morning at 8 a.m. From the time of this starting assembly until the close of the coronation ball on Saturday night, the Poly Royal will present a three-day circus at the college.

Following the assembly all industrial and defense training shops will be open for inspection. At 1:30 p.m., the heaviest judging of sheep and hogs at the sheep, cattle, and poultry sale will be held. From 1 p.m. until 2:30 p.m. there will be a change in prices of sheep and hogs. The state defense demonstration will be conducted in the print shop building by the Air Conditioning staff.

Starting at 3:30 p.m., Mustang Bob and the Collegians will commence their annual dance program of "Homey Fair on a college campus." High spot in the athletic program will be the horse barn dance by purchasing a Young Farmer card for 60 cents. Students wishing to do this should contact Harman Delmar prior to May 9.
Announcement

To College Freshmen and Sophomores 17 thru 19

You want to serve your country.
Why not serve where your college training will do the most good?

Under the Navy's newest plan, you can enlist now and continue in college. If you make a good record, you may qualify within two years to become a Naval Officer — on the seas or in the air.

Who may qualify
80,000 men per year will be accepted under this new plan. If you are between the ages of 17 and 19 inclusive and can meet Navy physical standards, you can enlist now as an Apprentice Seaman in the Naval Reserve. You will be in the Navy. But until you have finished two calendar years, you will remain in college, taking regular college courses under your own professors. Your studies will emphasize mathematics, physics and physical training.

After you have successfully completed 1½ calendar years of work, you will be given a written recommendation prepared by the Navy. This examination is competitive. It is designed to select the best men for training as Naval Officers.

New how to become an Officer
If you rank sufficiently high in the examination and can meet the physical standards, you will have your choice of two courses — each leading to an officer's commission:

1. You may volunteer for training as an Aviation Officer. In this case you will be permitted to finish at least the second calendar year of your college work, after which you will be ordered to active duty for training to become an officer-pilot. Approximately 25,000 men a year will be accepted for Naval Aviation.

2. Or you will be selected for training as a Deck or Engineering Officer. In this case you will be allowed to continue your college work until you have received your degree.

Practical training in college
After graduation you will be ordered to active duty for training to become a Deck or Engineering Officer. You will be allowed to finish the second calendar year of college, after which you will be ordered to active duty as a Naval Training Station Officer or an Apprentice Seaman. Those who fail to pass their college work at any time may be ordered to active duty as an Apprentice Seaman.

Your pay starts with active duty.
Here's a real opportunity. A chance to enlist in your country's service now without giving up your college training... a chance to prove by that same training that you are qualified to be an officer in the Navy.

DONT WAIT...ACT TODAY.
1. Take this announcement to the Dean of your college.
2. Or to the nearest Navy Recruiting Station.
3. Or mail coupon below for FREE BOOK giving full details.

U.S. Navy Recruiting Bureau, Div. V-1, 58th Street and 3rd Avenue, Brooklyn, N.Y.
Please send me your free book on the Navy Officer Training plan for college students who have the following qualifications.

[Handwritten notes:]
- Mustangs Will Play Twice This Weekend
- Two games with the San Luis Obispo Vikings are scheduled for the Mustangs this weekend. The games on Friday and Saturday afternoons will probably be played on the Poly diamond starting at 3 p.m. on both days.
- Don Crawford, Poly twirler, is scheduled to pitch one of the games. Crawford pitched the Mustangs to victory earlier in the week in a game played Monday afternoon at the high school field in which the Mustangs pounded out a 10 to 2 victory over the Vikings.

- The Associated Students of California Polytechnic College
- San Luis Obispo, California
- Application made for election as Student Body president keeping in touch with the crises, the Student Association voted to appropriate $100 to $500 will buy various
- Heavy cases demolition bombs.
**Glee Club and Orchestra Lauded Throughout Sacramento Valley**

By Walt Dougherty

Friday, April 17, 1942

Actually this is being written Thursday, April 10, in the Tremont Hotel, Red Bluff. Your correspondent was out last night and consequently had to delay this report.

Our first program for the day was opened at Yuba City high school at 9 a.m. We were well received, in spite of the fact that our voices were a trifle rough.

From Yuba City we went to Red Bluff high school for the second program of the day at 11 a.m. We were again well received and our program was better than the first. After the show we had lunch in the school cafeteria and thereafter went to a recorded music. You would be interested to know that Schwagel (or however it is spelled) went for a chote blonde in a big way here.

From Red Bluff we went on to Wheatland for an afternoon program and dance. We were there from 2 until 4 p.m. The audience liked the program very much and at the dance we found that quite a few persons had followed us from previous programs. This performance was a joint affair between the Niclaus high schools. Here we met Mr. Dietrichson, John Schwagel's brother, Jim Den Minden, Bob Dallmer, and several others.

Next we went to Oroville and obtained our rooms at the Union Hotel. After dinner we headed our small caravan for Biggs and our first evening program and dance of the tour. Again, as had happened last year, we opened our show to a small audience which grew as the evening continued. We put on our best performance so far and were enthusiastically applauded. The dance was over at midnight and we went back to the Union hotel, all very tired and glad to hit the hay.

We were awakened early and began our day with a program at Gridley at 9 a.m. The strain and conditions had begun to tell and this morning we were again a bit rough. One thing in particular that I noticed was that for the first time on our tour we used our Chinese songs, which we used over well. I might also mention that during the course of all the shows we visit had been visited last year.

After the morning show, we went to Anderson for lunch. Our program was bettor than the first and we were well received and our program was at its best.

We were called at 9 this morning as we had no early program, which gave us a much needed chance to sleep in at least one morning. Our show began at the Red Bluff high school at 11 a.m. and was very good, although it did not excel the previous evening's program.

It might be well to record here that our group has been putting across our programs with professional efficiency and quality since Thursday, in spite of odds and strain.

This afternoon we put on a broadcast from station KRLI in Red Bluff. After the program the orchestra played for the evening dance in the small gym which was really packed. After the dance almost everyone of our outfit took some girls home. That's all for today.

(Continued on page four)
Assembly Program

Highlighting yesterday's assembly was the radio contest. While everybody was scanning their cards and holding their breath, Mrs. Herb Fisher reached into the can and pulled out the card with number 811. The lucky person was George Crenshaw, a meat animals student. George was called on to make a speech but all he could say was that he never won anything else in his life and that he felt "Juliet." George Crenshaw, a meat animals student. George was called on to make a speech but all he could say was that he never won anything else in his life and that he felt "Juliet."

Country Fair On College Campus Next Friday and Saturday

(Continued from Page 1)

with the plant identification contest will take place at the propagaton house. This will be held at the athletic field at 11 a.m. Saturday.

The wind-up of the program will be served at Poly Grove at 12 noon while the ag boys take care of the outside work.

CLOSING DAY

The closing day for Poly Royal will be next Wednesday, with the members of the industrial departments to right things in all buildings while the ag boys take care of the outside work.

Fun Nite to Jimmy McDonald, Poly Royal general chairman. This money is to help finance the Poly Royal garden's expenses.

Barry and Joe Myers were nominated for the position of athletic manager, and Jack Mitchell, Roy Bakken, and Peter Tilluna on the yell leader team.

STATE COLLEGE COLLEGE Day

Saturday, April 11, 1942

We have no programs at all today. Almost everyone slept until 10 a.m. We left for Chico at approximately 11 a.m. Chico at 1:45 p.m. We went to the rodeo at 4:45 and rehearsed until time for the program. We did well enough, although not used to studio conditions, and enjoyed the experience. Miss. Davidson caused us a few minutes embarrassment and anxiety at the end of the program by cutting us in the middle of a number, bringing us in again, cutting again, and causing considerable confusion. He knew we were off the air just a moment before and didn't let it on us.

Immediately after the show we took all the orchestra equipment across to the gym and set it up. The gym was very large and we used half of it for the dance. You could still hold a rodeo in the place. The floor was a bit rough for dancing but nevertheless the crowd enjoyed it. The Chico State college was having a dance across the street, which, we understand, didn't do so well because of our dance at the high school.

Sunday, April 12, 1942.

We were up and out early this morning and began the long trek back to Chico at 5:46 a.m. We were all quite jubilant and left Chico singing our "Hallelujah" song which almost everyone learned on this trip. We were all both sorry and glad to be heading home. Sorry indeed to leave these lovely small communities which have all treated us so very well.

Fun? You don't know the meaning of the word until you've been on one of these tours. We not only advertised Poly, work our heads off, and see the country, but we also have the time of our lives. It is well worth the efforts of learning the many songs, practicing them night after night for weeks months, in order that we can be a bang-up good job for our local home and Tour Committee.

As several of us remarked, "You can be a movie star, a famous guy, a great statesman, or be rich and have three million dollars, but I'd rather be in a glee club." Your correspondent can't describe the activities of the trip back to San Luis Obispo because he left the caravan at Sacramento and went over to his home at Davis. Incidentally he left his wallet on the bus and was quite worried for a while. It has been a most successful tour for our entire group is willing to testify. That's 30 for today and for this week of our tour.

Your proxy,

Wait Dougherty.

Come to the Home Concert Tuesday night. You'll get two hours of entertainment for only 35 cents, Polyites.

$10.00 will buy you a TIMM gun.
