Excursions Welcomed By Bay City Statesmen

By Bob Blank

The joint Cal Poly-Bay City State rally was what might be called a superb success. The students of Cal Poly showed that the most noisy rally of the year was one that the boys at Bay City State, which was actually in the neighboring Bay City State College, were excited about. The East Bay Boys were in an excellent mood, and they made it very easy for the fellows at Cal Poly to get along with them. The rally was held in the auditorium, and the rooms were filled to the brim.

Cooperative System Used By Poultry Unit

By Walter L. Daugherty

At the annual poultry show, held on Wednesday, November 1, 1940, there were 210 poultry on display, representing 210 different breeds. The students in the cooperative system used by the poultry unit were able to produce, process, and sell various products from the poultry items.

One day's work in the coop brought much profit, and whatever else is necessary by the students. The products of these units are used for various purposes, such as selling eggs, poultry, and other products.

College Day Set For November 16

excursions were given to big folds for the benefit of the Poly students. The tour was one that would make anyone feel welcome.

Homecoming

The Poly students were invited to the Homecoming rally, which was held on November 1, 1940. The rally was held in the auditorium, and the rooms were filled to the brim. The students were given an opportunity to talk to each other and to the Poly students.

Cal Poly Band Entertains At Frisco Game

Members of the band enjoyed a most successful trip to San Francisco, where they were entertained at the Frisco Game. The band played several songs before the game, and then went on to the game itself. The band enjoyed itself thoroughly, and the Poly students were very pleased with their performance.

Graduates To Return For Polytechnic-Aggie Show

**Letters to the Editor**

Ryan School of Aeronautics  
San Diego, Calif.  
October 22, 1938

Dear Sir:

The Polytechnic Californian
California State Polytechnic
San Luis Obispo, Calif.

In memory of Jack Tandy

In remembrance of a boy we never met, John Tandy.

Though most of us here at Poly had never seen nor heard of the boy before, still his death has cast a shadow over the entire campus this last week.

To his parents, relatives, and the students of San Francisco State who were his friends we express our deepest sympathies. Poly shall never let his memory die.—The Editor.

**CALIFORNIA POLYTECHNIC ALUMNI DAY**

Plays are now under way for the annual Polytechnic alumni day to be held Friday, November 16. In our estimation this is one of the best days for the alumni Homecoming possible, not only because it is the day of our "big" game with the Aggies but weather conditions are ideal at this time of year.

Last year the alumni day, held during Poly Royal, was almost washed out due to the heavy rains. In addition there was no way that the Alumni could be distinguished or distinguished by others members from the thousands of visitors that were here at that time.

Welcome alumni! The same old words and with the same warmth of feeling that comes from the hearts and lips of Polymen, young and old. We will be looking forward to seeing you just as much as you will be looking forward to seeing the old familiar grounds and faces.—The Editor.

The staff has spent many hours of thought on the subject, "How to get more reporters for the staff of the paper (we cannot decide whether to offer ice cream cones, all day suckers, or have blanket night) in order that we can get copy turned in on time and in sufficient quantity. Evidently Poly students need more than the offer of the depleted ice cream and the time of working on a paper to induce them to work on their school publication.

Work on the paper can be done at the student's convenience, only if we are wrong we will do our best to correct errors when brought in our attention.

We have made a mistake in referring to Preston Johnson as Sam S. M. E. and Stan plays for Wash­ington. We are sorry this mistake was made because of excessive printing errors when brought in our attention.

We have never officially recorded distance kicked by A1 Braga of the University of San Francisco of 89 yards kick made by A1 Braga of the Uni­versity of San Francisco of 89 yards kick. As far as the distance of this kick was concerned, it sailed 85 yards.

The longest punt mark was made by Len Casanova of Santa Casanova made the longest kick but it was never officially recorded as such because it is outside the boundaries of the distance covered in the field kick was made in the other end of the field. As far as the distance of this kick was concerned, it sailed 85 yards.

The longest punt mark was made by Len Casanova of Santa Casanova made the longest kick but it was never officially recorded as such because it is outside the boundaries of the distance covered in the field kick was made in the other end of the field. As far as the distance of this kick was concerned, it sailed 85 yards.

It is with a feeling of satisfaction that we publish the scores of the football game, "On To Randolph," and wish your enthusiasm, your hospitality, and particularly your your­self to the San Francisco Fog Horn of your student body.

By Roy Brophy

**Dear Sir:**

The sport staff appreciates letters to the editor concerning the activities of the team. The following is a letter from young Johnny Johnson.

Johnny Johnson.

In remembrance of a boy we never met, John Tandy.

When the Naval Reserves were call­

en for active duty, Alpha Gamma Ep­

silon lost one of its members, Jack Tandy. He had the dubious honor of being the first student to leave Cal Poly campus of the preparations im­

pelled by his boyhood ambition. He enrolled in the Naval Reser­

ve during Christmas vacation.

When the Reserves were called out, we, not involved in the reserves, were the first to be called. Both are now serv­

ing in a mine sweeper. Godfrey's serv­

ing is that of third class fire­

man. Last week Alpha Gamma Epsilon, Sigma Phi Kappa, and Gamma Pi Delta elected members to its inter­

national board and one of the mem­

bers is to make plans for the Annual Reunion to be held just before Christmas vacation.

Your enthusiasm, your hospitality, and particularly you your­self to the San Francisco Fog Horn of your student body.

MUSSANT TOLFI PROMISES THRILLS

Mustangs Are Underdogs Tonight Against State

By San Jose Spartans

The San Jose State College football team will meet the San Francisco Polytechnic tonight at the Poly field. The Poly team will be in full power, as Nakunas, Schurman and most of their star players will be there.

The Poly team is considered the underdog in this game, as the San Jose Spartans have won four games this season and lost none. The Poly team, on the other hand, has won three games and lost seven.

However, the Poly team is not without hope. They have a strong defense, led by Nakunas, who is considered one of the best linemen in the state. The Poly team also has a potent offense, led by Schurman, who is one of the best running backs in the state.

The game is expected to be a close one, with both teams fighting hard to come out on top. The Poly team will be looking to make a statement and prove that they are not the underdogs in this game.

The game will be played at 8:00 PM and is expected to draw a large crowd. It is sure to be an exciting game, with both teams giving it their all.

Good News!

**Recent Alumni Wedding**

Abigail Smith is the bride of Mr. W. W. Smith, San Luis Obispo. The wedding took place in the First Presbyterian church, Rev. R. G. S. Hall officiating. Besides the young couple who returned to San Luis Obispo where they are making their home, Mr. Smith is connected with the operation of the 56-A farm at Santa Margarita, and Mrs. Smith is employed in the office of the Modoc Dental Adjustment Bureau.

One of the early fall weddings of interest to Cal Poly Alumni was that of Frank Schwager, '38, and Ida Furtado, '28, of San Luis Obispo. The recent marriage of Simon Lewis, '29, and Miss Alberta Nolan and Reg Hansen, '28, have received news of his marriage to Miss Gladys Hansen of California. The wedding took place in the early fall at "Lady of the Dunes" church in Reno, Nevada. The Leonard G. Brown, '29, and Mrs. Sorenson, '28, of Glendora, are the parents of the couple. Christensen is a graduate from the University of California and is employed in the Ag department of the Harmony Valley Company. Another marriage, that of Fred Al- ley, '38, of Glendora, to Miss Ethel Furtado of Arcadia, was granted by the district court in Los Angeles. The wedding was solemnized in the "Hill O' the Heather" church with Dr. Rchio of Pomona officiating. At a week's honeymoon in southern California, the couple left for Yuma, Arizona.

A surprise to Cal Poly Alumni in the early fall was Mrs. Margot Johnson of Connecticut, who attended Poly and is now teaching in the Philadelphia church at Montclair, New Jersey. Donald Blumstein, student body president of Cal Poly and Mrs. S. Benga, a sister of the bride, attended the couple, and the couple were married in the Baptist church. Shortly after returning from their honeymoon, Mr. Black returned to Pullman, Washington, where in June he will receive his degree as a Doctor of Veterinary Science at Washington State College. Mrs. Black hopes to join her husband in December.

Another wedding was that of Cliff- ord Elsland of the class of '38, in deputy sheriff of California. The ceremony was performed in the United States District Court in Los Angeles by Judge Piltch. The ceremony was performed by the marriage of the couple's best man.

Several bright new eye-catchers are: "Hot Days" by Dean Arnold and John F. Hulten of Radio Writing by Erik Barnwell; and "Tennis as a Hobby" by Henry L. Cummings. "Bull Runs," a story of American cattle breeds with all the hine and main- tenance behind it, will attract serious students of this subject. "How to Light a Candle" is a book that contains the collection of brains and their interesting stories and recipes. "Hand- book of Radio Writing" contains a good amount of information on radio terms and programs. It's author, Erik Barnwell, former script writer for radio writing at Columbia university.

The book of becoming interest to Cal Poly Alumni and friends was "The Harmony Valley Creamery." The bride is employed as a secretary in the Cal Poly library. Mrs. Kirk O' the Heather" was a double-barrelled and the best of marriages.

**Library Receives New Types Of Literature**

By Ralph Bank

Among the new books appearing in the Cal Poly library are a few outstanding popular publications of various sorts. Three bright new eye-catchers are: "Hot Days" by Dean Arnold and John F. Hulten of Radio Writing by Erik Barnwell; and "Tennis as a Hobby" by Henry L. Cummings. "Bull Runs," a story of American cattle breeds with all the hine and main- tenance behind it, will attract serious students of this subject. "How to Light a Candle" is a book that contains the collection of brains and their interesting stories and recipes.
