“Ok take it off!”

Average student in the Cal Poly CAA program gets the thumbs-up signal after his first flight. Bob Sullivan, flying a Cessna 150 in order that the program could start on January 26. He will receive a scholarship in the form of a tuition bill for the Civilian Pilot Training Program. According to present plans, such scholarships will be awarded to a citizen of each of the following countries: Argentina, Bolivia, Brazil, Chile, Colombia, Costa Rica, Cuba, Dominican Republic, Ecuador, Guatemala, Haiti, Honduras, Mexico, Nicaragua, Panama, Paraguay, Peru, Puerto Rico, Salvador, and Venezuela.

The qualifications for the training program must be met in that the applicant must be a resident of the United States, who has lived in the United States for a period of at least two years, and must be over 20 years of age. In addition, the applicant must have a valid driver's license, and must be able to speak English fluently.

Frat house plans passed by faculty

Occasional rumors of plans to establish social fraternities with headquarters on the Cal Poly campus have prompted the issuance of several notices in the administration regarding such activity.

The college is at present open, according to the president's orders, and there is a continued growth of the interest in the institution, largely due to the lack of housing facilities on the campus, which may result in social fraternities being formed, according to the administration. The administration is in favor of the student body meeting last week, the regular meeting of the board of the Cal Poly CAA program, which was attended by the faculty, administration, and student body representatives. The meeting was held on Tuesday, January 21, at 1:00 p.m., in the Rose Ballroom.

Wearing calls Holenbogen to aid defense program

At a meeting of the Monarchic Club on Wednesday, January 22, at 8:00 p.m. in the Ballroom, the club voted to use its resources to aid the defense program.

E. F. Waring, formerly of the California Polytechnic College, was appointed to the faculty of the CAA program. He will take charge of the showing of the pictures and be responsible for the educational work in the program.

Final Waring is coming to the California Polytechnic campus on Wednesday, January 21, when he will present more than a hundred Pen-and-in-Pencil pictures in the form of a lecture. Waring will show pictures taken by the Pen-and-in-Pencil program which they present one night a week. This program is designed to entice the student body to the theater.

The second feature "Bolivarian U. S. A." will show the process of manufacturing cigarettes from the United States to the finished product. "Bolivarian U. S. A." is probably the most complete picture of the tobacco farming and cigarette manufacturing in the world. The program will show how the farmer produces his product and the modern methods of processing. The tobacco farming is one of the largest forms of farming in the world today.

The operator in the showing of the pictures, on Jan. 21, 1941, at 8:00 p.m., in the hangar, will be the air dining, and the admission is free.

Instructors in the CAA program as the San Luis Obispo Airport, left to right: Gerry Wal­Terr, Earl Thompson, Mark Cranke and Russ Job­bitts, will be in charge of the advanced training as well as the primary.
OUT OF POLY ON A RAIL

The Editor.

I am sure that all of you have been watching for the latest developments in the Polytechnic College news. I have been following the situation very closely, and I think that we are now at the point where we can say that the students of Polytechnic College have been very wise in their decision to go on strike.

It is true that there has been a lot of controversy on this subject, and that some people have been very critical of the students for their action. However, I believe that the students were right in this case. The present administration of the college has been very unfair to the students, and it has been clear for some time that serious changes were necessary.

I am very glad to see that the students have had the courage to stand up for their rights and to demand a better college. I believe that this will be a turning point in the history of the college, and that it will lead to a more democratic and fairer administration.

I hope that all of you will support the students in their efforts to improve the college. It is only by working together that we can achieve the changes that are needed.

Sincerely,

[Signature]

The California Polytechnic's basketball team scheduled a game against the Ohio State Buckeyes for the 1940-41 season, but they had to cancel the game because Ohio State dropped out of the schedule. As a result, the basketball team is scheduled to play against a team from a neighboring school instead.

The basketball team's practice schedule is set to begin in a few weeks, and the players are looking forward to the upcoming season. The team is planning to spend a lot of time in the gym working on their skills and preparing for the upcoming season.

Minor sports occupy the interest and time of a large number of our student body. Sports such as swimming, bowling, fencing, and tennis are important in building up school spirit and uniting the students on our campus as the major sports and should be given their just place in our school life.

NYA SPORTS...

The NYA basketball team has two of its regulars on the sideline forced out with injuries. The Hornets in the First City League game on Thursday evening to remain in a tie for first place with Paraclete High School after winning their second straight game against the Polytechnic.

At half time the Polytechnic had a 31-23 lead and were on the way to their victory. The NYA leaguemen were penalized for their lack of discipline and were forced to play without their regulars. The Polytechnic basketball team has more than enough talent to carry the team to victory.

Japanese basketball team

The Japanese basketball team, Aromayu's squad, is scheduled to play a game against the Polytechnic basketball team on the same day as the NYA game. The Japanese team is a strong contender for the championship and is expected to put up a good fight.

Against the Polytechnic team, the Japanese team is expected to take the lead in the early stages of the game, but the Polytechnic team is expected to catch up in the later stages of the game. The game is expected to be close and exciting, with both teams putting in a good performance.

Boost for A.A. Stagg

"Pep" Warner of San Jose State College, who was with the Polytechnic College football team, spoke at a recent game between the two teams. He praised the Polytechnic team for their efforts and stated that he was pleased with their performance.

"I believe that California Polytechnic College's football team shows the best preparation of any football team in the state," Warner said. "I've seen this season... If Stagg had as much material to work with as the Polytechnic team, he would do a much better job of coaching his backfield and end coaches."

"Pep" Warner also said that the material in the Polytechnic team was better than any team he had seen this season. He praised the Polytechnic team for their efforts and stated that he was pleased with their performance.

The Polytechnic team is expected to perform well this season, and their fans are looking forward to their upcoming games.
BETTER CLOTHES

Chesterfield's MILDER, BETTER TASTE

To the keen interest of the thousands of men and women who visit our Chesterfields, we owe the idea of publishing the book, "TOBACCOLAND, U. S. A." It is a comprehensive picture story about the growing, curing and marketing of tobacco, telling you why Chesterfields are MILDER, COOLER-SMOKING and BETTER-TASTING.

We are proud of the hundreds of letters from smokers like yourself who have seen "TOBACCOLAND, U. S. A." Many have asked us to send copies of the book to their friends. We are now offering the opportunity to send a copy in one easy way.

This book TOBACCOLAND, U. S. A. gives thousands of smokers like yourself the facts about tobacco and...
