Himmelman attends Santa Barbara Prexy conference

President Bill Himmelman drove down to Santa Barbara to meet with a number of the Pacific Coast College presidents. The purpose of this meeting was to discuss other than academic matters. The meeting was held on the campus of the Santa Barbara City College.

New dairy instructor joins Polytechnic faculty

The dairy industry staff has been bolstered by the arrival of a new manufacturing instructor who is filling the position vacated last month by Mr. J. E. Armstrong, president of the National Dairy Council of the State of California.

George Giff is a graduate of the University of Wisconsin and the Ohio State University in 1929, where he taught dairy technology.

One of his first comments on how he liked the school and his job is that he is finding the teaching very stimulating, the students very energetic, and the practical training offered in excellent shape.

Recently of Brown's Dairy De-

dority committee in this department has gained much commercial experience and practical knowledge. His bachelor's is in dairy science and animal husbandry.

He lives in the valley of those who have not made the choice, because he has seen everything by his first name.

Dairy club draws up final plans for trip

The Los Lomitas dairy club members discussed the annual dairy trip which will be held at the end of the month. The plans are made to go to all dairy north of San Francisco which are of particular interest to the club members.

The following dairy schools will be visited:

The La Jolla dairy school will be visited by the boys to the San Joaquin and Sac-ramento with Jack Richards, the Santa

Barbara president, acting as host.

PLANNING FOR POLY ROYAL

Two months from this weekend Cal Poly goes on exhibition with its annual Poly Royal. The Poly Royal Executive Council has been in operation since the beginning of the year; drawing up plans, adding and rejecting ideas, and planning the general policies of the '41 Poly Royal. Now it is coming time for the studently at large to begin to put those care-fully formulated plans into activity—it is time for action.

Perhaps some of us may say, oh, just wait—there is still another two months to go. But unless there is action by each and everyone of us in those next sixty days there can be no “Country Fair on a College Campus” that will even compare with the great affairs put on by the students of the past eight years.

Poly Royal is not a one-man show, or even a dozen, or a hundred man exhibition, rather is a college fair that will include and require the assistance and participation of the entire college. Our annual affair draws crowds that number well into the thousands and yearly this number is swelling.

Now is the time to act. Start planning to make the first Poly Royal, since California Polytechnic was made a four year college, truly one befitting of that state college.—The Editor.

WHAT'S IN AN EDITORIAL

I don’t like to do much writing, so write an editorial about it—

I don’t live the beds here, how about an editorial about it?—

Some teacher is giving us a three hour final, why don’t you write an editorial about it!—I wanna squawk—I wanna get my column. After all, if we didn’t all make mistakes, there wouldn’t be any errors or rules on lead-pencils.

Perhaps it’s the life of an editor but whoever gave the general idea that an editorial column was the place that all the “gripes” on the campus were to be condemned and contrived was badly mistaken. A student newspaper is the place for the people's opinion belongs in places other than the editorial column. Does the editorial column fill this need. Petty “gripes” and personal opinion seldom if ever are editorials and then only if signed by the writer. Editorials are the paper’s policies.

So please, oh please, don’t come up running with your complaint about the food here, write an editorial about it.—I wanna editorial about it—give us justice—blah, blah, blah.

A student newspaper is the place for the people's opinion belongs in places other than the editorial column.

When an opinion becomes widespread enough that it can be said to be the opinion of the majority or an idea is brought about rightly or wrongly, then only does the editorial column fill this need. Petty “gripes” and personal opinion seldom if ever are editorials and then only if signed by the writer. Editorials are the paper’s policies.

Poly varsity defeats local J.C. 38 to 34

It is in a game that had the spectators raving from their seats, hanging on to their hats, and in general wholly enthralled; the Mustangs' quartett of 15 minutes is the test of the game is to the tune of 35 to 33.

It was a triumph of the game that was played over on the J. C. after years of struggle, and it was the result of the Mustangs' coaching and training.

The game started slowly, but as the game went on it became more lively, and the score kept rising. The Mustangs led by a point at the end of the first half, and the score stood the same for the second half. The Mustangs scored another point in the second half, and the final score was 35 to 33 in favor of the Mustangs.

Faculty members attend regional public meeting!

George Cooper and Bob Kennedy, Cal Poly faculty members, left for the annual convention of the American Association of State Colleges which Cal Poly is a member. The convention will be held in Berkeley this fall.

Cooper and Kennedy expect to return to Poly with new ideas on methods and policies in teaching colleges publicly. Nationally known newsmen will address the convention and discuss what various publications want and expect from colleges in the way of news releases.

Cooper will return to Poly Monday morning but Kennedy will go to Oregon for the convention. With him will be Bob Gentile, a first-year journalism student at Kennedy's absence.

Inter-collegiate rodeo group leaves for Arizona meet

Five of Poly’s top riders are leaving Thursday to enter the inter-collegiate rodeo meet to be held in Tucson, Arizona.

The riders are: Lloyd Allred, who has been an experienced rider and the escaped bull is reported to be at least 1,500 pounds. In various rodeos, getting their due for the fun and glory of the event.

Among the other colleges that will be represented at the meet are the University of California, Stanford University, the University of Arizona, and the University of Arizona Aggie, New Mexico Agricultural College, and the University of Arizona.

The contestants must be college students and will be judged under the official rules of the American Rodeo Association.

Those that are entered in this show from Poly are: Bill Chalkey, who will enter in the high-styling, bull riding, and wild horse race. Gordon Brown will enter in those same events. Robert Simon, Dirk Sibley, who can get to run enough, will enter in all events and will do enough with cow milking.

Green Kelly is the coach who has made a name on the basketball front. Howard is another veteran ball player here at Poly. He has been in the air for two years on the court and he has been the top distributing halfback in Poly’s right side of the scores.

The tail blonde who gives us that super-service in the student store is a top player for Poly and if you don’t know the name it’s Maloney. Well, may be you know him as "Work," that’s the nickname he is known by. He comes from Antioch, California, and an academic record in Antioch high school, has been wonderful for the period of two years and did an excellent job on the ball line. His high school coach was J. D. Walker, who had something to do with the class he displays in his school. He is one of the top riders at the University of Arizona Aggie, New Mexico Agricultural College, and the University of Arizona.

Opioo Theater STARTS SUNDAY, KITTY FOLLY

Every Monday at the Bakersfield office, has been McPherson for the past week due to work remodeling a former Cleveland-Cliffs building.

Some new members were taken into the University. Those were the first to be taken into the Alpha Gamma Epsilon under its new policy of taking members from the student body at large instead of only from the air conditioning department.

A little later he developed his great love of Shakespeare’s plays but his interest was not "Hamlet." He was more interested in "Romeo and Juliet," in particular. This love of Shakespeare’s is testimony of his favorite. Mr. Wilder, of course, is also a great lover of Philosophy in a thesis in Physics. EINSTEIN MAGAZINE.

Mr. Wilder first came west to manage the utilities at Santa Barbara, Calif. Here he interested himself in various civic enterprises, among his hobbies of mountain climbing and a fine hiker and mountaineer.

Mr. Wilder worked for the Pacific Gas & Electric Co. in San Francisco and then went to Portland, Oregon, as representative of a large number of companies, and before the outbreak of the first World War. War halted the installation of these large engines so Mr. Wilder went back to the teaching profession. He taught electricity to a large number of boys in one of Portland’s technical high schools until being appointed to the Portland Polytechnic High School Board of Trustees.

Mr. Wilder was a member of the B.P.O. Elks and other fraternal orders and transferring to San Luis Obispo the first time he came here, it was as a Mason when he was 21 so that he has been a member of that Masonic order for over 20 years. He was a member of the Chandler Institute of Technology and the Polytechnic Institute of Washington, A.F. & A.M. He was particularly interested in the history of the Masonery.
